To The Democratic Voters

OF WILMINGTON.

The Vote For Governor Will Be Close, and Every Democrat

tion to be held to-day, I take the liberty of appealing to every Democrat who wishes to see Daniel L. Russell defeated to do his full duty. At this late day I can hope to reach but few of our friends beyond the limits of

In this city there is some little division among Democrats on National issues and candidates; but they are practically united in favor of Cyrus B. Watson for Governor of this great Commonwealth. It is too late now to change any votes in this city, and I do not address you with any object in view except to impress on you the importance of polling every registered

All claims of a large plurality for either candidate for Governor may be set down as unworthy of serious consideration; and it may be accepted as an indisputable fact that the claim of Daniel L. Russell that he will be elected by an enormous plurality is born of a well-founded apprehension that he will not be elected at all. In all seriousness, let me say to you, the man who is elected Governor of North Carolina to-day will succeed by

and of that number we should poll nearly 150,000 to-day. But it will not be necessary to poll so large a percentage as that in order to elect Cyrus B. Watson Governor. And this I shall attempt to prove by two estimates printed below:

ESTIMATE NO. 2. ESTIMATE NO. 1. Guthrie.... 15,000 Guthrie..... 20,000 Watson......142,000 Watson.....143,000 Watson's Plurality...... 4,000 Watson's Plurality..... 6,000

Those who know me are aware of the fact that in making political forecasts I always endeavor to be conservative. I base my conclusions on my judgment-not on my prejudices; and I present the foregoing figures as

would have every Democrat feel that his individual vote may determine whether the next Governor of North Carolina shall be Cyrus B. Watson or Daniel L. Russell. With hard work and a full Democratic vote Watson will be elected, if the ballots are honestly counted to-night; and the State Executive Committee have made arrangements that ought to insure this, if they are properly carried out.

ion that Cyrus B. Watson will be elected by at least 4,000 plurality, if the Democrats of North Carolina do their whole duty. In accomplishing this result they will be aided by thousands of Populists who, rather than throw away their votes by supporting Wm. A. Guthrie, will join the Democrats in their great fight for Honest Government and White Supremacy.

The enormous sums of money sent into North Carolina by Mark Hanna to debauch the ballot may defeat us; but I have strong hope that

RUSSELL ON LIQUOR DEALERS.

WHAT HE SAID ABOUT THEM IN 1888-CALLED THEIR PLACES GROG SHOPS.

Republicans have just issued a circular intended to prejudice liquor dealers against Cyrus B. Watson, the Democratic candidate for Governor.

This circular has been scattered all over the State. But how does Daniel L.'Russell stand on the liquor question?

In a letter written in 1888, Daniel L. Russell said this :

"Permit me to say that I think it would be wise for our State ticket to thdraw in favor of the Prohibition party. In 1881 our vote was thrown TO SAVE THE GROG SHOPS. We saved them; but just what the party gained by it has been so difficult to discover that the best thinkers among our people who joined in that coalition now admit their mistake and regret that the party vote was not given to the TEMPERANCE PEOPLE. SUPPOSE WE TRY IT NOW and go in to strike at DRUNKENNESS AND DEMOCRACY."

WATCH THE COUNT.

A Matter of Vital Importance to the Democratic Party.

It is of the utmost importance that intelligent and wide-awake Democrats shall watch the counting of the ballots on the night of the 3d of November. We give an extract from

"That when the election shall be finished, the registrars and judges of election, in the presence of such candidates, or their duly authorized repreresentatives, as may choose to attend, shall open the boxes and count the ballots, reading aloud the names of ticket * * * * and the said counting of votes shall be continued without adjournment until completed and

the result thereof declared." It will be seen that, under the law, candidates, if they prefer to do so, may choose their own representatives to watch the count, and in this way the most intelligent and capable Democrats in every county can see that every ballot is honestly

There never was a time in the history of this republic when there was so much fraud being practiced upon the voters as now; all that can't be bought they are trying to fool. The cowards, who would destroy our money and liberties, are flooding this country with bogus tickets. Nearly every voter who is expected to vote for Bryan has received one or more of these bogus tickets, and we ask every silver man not to be fooled by the work of these cowardly assassins of our liberty, for they well know the demonetization of silver was by fraud and to keep it de netized it will take just such frauds as those cowards are now practicing in send-ing out these false tickets. There will be plenty of tickets at the polls of each voting place. Look sharp, that no man is fooled on one of these dastardly fraudi B. F. KEITH. lent tickets.

BRYAN'S ELECTION.

WHOLE NO. 9.027

Escouraging Reports from New York Brought by Col. Walker Taylor. Col. Walker Taylor returned yesterday from New York city, where he has been for the last two weeks with his lather, Col. John D. Taylor, who has had a cataract removed from one of his eyes at the Ear and Eye Hospital of

New York.

Col. Walker Taylor brings favorable reports as to the election. He says he comes home more convinced than ever that it is necessary that Bryan should be our next President. Mr. Sheehan, of Tammany, says that Bryan will carry New York city by 80,000 majority, which will be met by the majority above Harlem river; but both parties agree that the election of Bryan hinges on Illinois. Col. Taylor says that the gold men are desperate and if Broan is elected will do everything in their power to unseat him. Sheehan says if Bryan is elected Tammany will see that he is seated if they have to escort him to Washington. There is many a laboring man, he says, in New York, who is wearing a McKinley badge for form's sake, but is going to vote

for Bryan. The STAR is glad to know that the operation on Col. Ino. D. Taylor's eyes was successful, and that he will be at bome again in about three weeks.

OPERA HOUSE.

Miss Emily Bancker in "Our Flat" Wednesday Night.

The engagement of Miss Emily Bancker, America's distinguished commedienne, at the Opera House to-morrow evening is destined to be the theatrical comedy event of the season "Our Flat," the screaming farce which this comique exquisite and her fine company of supporting players will present, is one of the most laughable comedies ever built by a playwright. The songs and travesties introduced are newant original, the dialogue is crisp, breez, and mirth-provoking, while many of the situations are revelations in ludiercusness. The second act has been pronounced by eminent critics one of the funniest ever conceived.

REPUBLICAN RASCALITY.

Plot to S:eal Illinois Discovered in That State - The Pian Will Probably Be Attempted in North Carolina -Democrata? Warned by Chairman' Manly.

[Special Star Telegram.] RALEIGH, N. C., Nov. 2.-This afternoon National Chairman Jones telegraphed Chairman Manly that a plot to steal the election in Illinois had been discovered, in Illinois, and that a number of arrests had been made, and asking Manly to advise every county committeeman in North Carolina of this scheme, so they can notify township committeemen and urge most extreme vigilance to prevent perpetration of such rascality in this State. A telegram from Chairman Jones to Chairman Manly tonight, says:

"J. T. Richie, Deputy United States Marshal, wires me from Lawrenceville, Iil., as follows: 'The plan of the Repubvoter presents his ballot to be deposited in the ballot box, the judge is to put in a straight Republican ticket in its stead, We have captured a man here with a hundred tickets and four hundred dollars in cash. He has weakened and given the whole thing away."

"This plan will probably be attempted throughout your State. It is absolutely necessary that honest men organize vigilance committees in all of your counties and townships, if possible, for the purpose of preventing consummation of this villainy.
