The impending famine in India recalls the fact that there have been in that country since 1860 sixteen famines in which 12,000,000 of persons perished. With the exception of China, whose dense population it is very difficult to feed, India suffers more from this cause than any other country. When fed at their best, the masses of poor people are not very far from starvation, and eat much that better fed people would sicken on.

The shipments of corn from this country for the past ten months aggregate 100,990,115 bushels, against 43,100,115 bushels for the corresponding period last year, which indicates that foreigners are catching on to the true inwardness of our corn. New Orleans leads as a shipper with 16,229,830 bushels, Baltimore coming next, with 13,882,057.

The question has been asked, is the coming year to be baldheaded? A more pertinent one would be, is the coming American to be blind? Out of 59,900 pupils in the schools of Baltimore whose eyes were examined 9,000 were disqualified from attending school and several thousand more were advised to have prompt medical attention.

The English claim the invention of the steel pen, which was the result of an accident in 1837, but an old German manuscript has been found, which describes a process of making pens from copper and brass plates and from iron and brass tubes as far back as 1544, so that the Germans seem to have lost what the Englishmen found by accident.

Some of the English papers and people are apprehensive that the defeat of free silver at the last election will result in the "secession of several States." It is a cold day when the humping English newspaper doesn't discover something in this country.

Mr. Sherman may be willing to "tax the shirts on the backs of the people" but when it comes to putting more tax on that "wholesome beverage" beer, he and his associate Republican statesmen will be found dodging.

Niagara has been harnessed to Buffalo, to which electric power is now transmitted, a distance of 27 miles, to run factories, street cars, &c. This is but a beginning. The time will come when electric power will be transmitted hundreds of miles.

Mr. Cleveland is not going to get tangled up any more than he can help with Spain. He wants to give Mr. McKinley a chance for some of the fun and some of the glory. He has achieved glory enough in helping Mr. McKinley in.

Funeral of Minister Ransom's Son.
United States Minister Ransom arrived at Weldon Monday from Mexico and proceeded straight to his home, in Northampton county. He was in time for the funeral of his son, Mr. Thomas Ransom. Rev. Mr. Pihard, of Jacksonville, conducted the funeral service at the residence Monday afternoon at 8 o'clock. A large crowd of people was present, estimated at five hundred. The floral offerings were profuse and beautiful. The interment was at the old homestead, and the remains were reverently laid to rest by the side of a loving sister, who died some years ago.

Last Night's Fire Alarm.
An alarm was turned in last night at nine o'clock for a fire in the stable lot on North Second between Princess and Caswell streets, owned by Mr. H. L. Fennell. The fire was discovered by a colored employe at Mr. A. P. Levy's cafe, on Princess street. Little damage resulted, as the Fire Department responded promptly to the alarm and soon extinguished the flames. The fire is supposed to have been the work of an incendiary, as a strong odor of kerosene oil was noticeable in the vicinity of the stables.

Cold Wave Prediction.
The Weather Bureau report issued yesterday from the Wilmington station said: "Temperature will commence to fall over this locality Friday, the cold increasing in intensity until Sunday, probably reaching below freezing point Sunday morning. Showers will fall in its advance but generally fair weather will prevail. The bulk of the cold wave will pass well to the north and southwest of this locality from present indications."

BUTLER AND PRITCHARD

THE POPULIST SENATOR WILL HAVE STRONG SUPPORT IN THE LEGISLATURE.

Yet Some of His Followers Have Declared in Favor of Pritchard-Milkman Have Formed a Trust—Supreme Court Decision in a Case from Pender County.

RALEIGH, N. C., Nov. 19. Senator Butler has not lost his grip on the Populist organization during his absence of nearly a year from the State. When the Senator wrote his letter in opposition to Pritchard's candidacy for re-election, doubt was expressed as to whether Butler would be able to control his wild team after so long an absence; but from present indications it seems that Butler to-day is the same Butler of a year, two or three years ago. Letters have been received at his office here from twenty-five members of the Legislature, in which they put themselves on record as unalterably opposed to Senator Pritchard.

Nearly all the representatives have requested that their letters be published in the *Caucasian*. The letters will appear next week. Many of them contain stabs at Holton. But Butler has not unadvisedly made trouble in controlling some few of his Populist members of the Legislature. There are two or three instances where Populist representatives have declared themselves in favor of Pritchard on the stump.

The milkmen of Raleigh have formed a trust and hereafter milk will be sold at seven cents per quart, instead of five as heretofore.

In the case of the State vs. Brown, which the Supreme Court has recently decided, it is held by Faircloth, C. J., that a private citizen, impersonating an ordained minister, who presumes to solemnize a marriage between a man and a woman, is guilty of no crime, either at common or statute law.

The case comes from Pender. The parties thus married, Joseph W. Smith and Mary E. Newkirk, are satisfied and living together as man and wife. The defendant, B. J. Brown, impersonated a minister of the Missionary Baptist denomination.

The jury found Brown guilty but he was discharged, judgment having been arrested, before judge. The solicitor, M. C. Richards, appealed, but, as seen, was not sustained by the Supreme Court.

Special Star Telegram.

The Legislature will probably fix the date for Governor-elect Russell's inauguration. The Legislature of 1893 changed the time, so that the inauguration would have occurred January 29th. T. R. Parrell states that the new election law repeats this, and that the Legislature will have to set the date.

OPERA HOUSE.

Miss Rosabel Morrison in "Orpheus"—Pleased to a Large and Delightful Audience.

A large audience, embracing the elite of Wilmington, was at the Opera House last night to see Miss Rosabel Morrison and her fine support in "Orpheus." The scene is in Spain. The plot tells the story of a young Spanish officer who gives up mother, home, country and honor for the love of a young Gypsy girl—Carmen. Carmen afterwards proves false to her lover, and with her perfidy and the walls of a prison staring him in the face he kills her and then ends his own miserable existence.

The character of Carmen was eminently fitted for Miss Morrison and gave her ample opportunity to display her ability as an actress—one might say hereditary ability. As leading man, Miss Morrison had Mr. Edward Eisner, who played the role of Don Jose, the disgraced Spanish officer, and Carmen's comrade in shame. Mr. Eisner has all the characteristics of an actor—a clear and distinct voice which rises in pathos or comedy as the scene may require; graceful gestures, and above all a good stage presence. The other characters in the play were all filled by capable artists. Miss Morrison and Messrs. Eisner and Roberts received a curtain call at the close of the third act.

The scenery and mechanical effects are magnificent. At the beginning of the fourth act the wonderful Eidoloscope illustrated on canvas a bull fight in Spain. This is certainly a great invention; it has to be seen to be appreciated.

Emmett Corrigan Company.
The Emmett Corrigan Company will play a week's engagement at the Opera House next week, with a repertoire of high class plays. The company is headed by Emmett Corrigan, who was for a long time leading man in Mr. Chas. Frohman's stock company, Monday evening, Nov. 23, the company will open with the well known comedy drama, "The Mountain Home," to be followed by other well known pieces. The different plays presented will be interspersed with pleasing specialties.

Ladies will be admitted free on Monday night if accompanied by a person holding a paid thirty cent ticket. The sale of seats will begin to-morrow at Gerken's.

One Cent a Word.
Hereafter advertisements to go in our "Business Locals" department will be charged one cent per word for each insertion; but no advertisement, however short, will be taken for less than 50 cents. This is a reduction from former rates and it is also a convenience to advertisers who can calculate the exact cost of their advertisements, which must be paid for always in advance.

MACEO IN FINE SHAPE.

HIS TROOPS IN FINE CONDITION AND POSITION IMPREGNABLE.

Cubans Fighting for Life, Liberty and All They Possess—Their Sun Being and New Orleans, La., November 18.—Capt. Toronado Andrade, one of the youngest and bravest of General Maceo's staff, and Mr. Manuel M. Coronado, of Havana, arrived here Saturday from Cuba. Mr. Coronado says he left Havana to save himself, he having been summoned for trial on the charge of being in close communication with the insurgents and as acting as their agent.

"These charges were not true, though my sympathies are with the people," said he. "The Cubans are fighting for life, for liberty, for all they possess, and you know when a man fights for that he fights hard. The outcome, I have no doubt, will mean victory for the Cubans and farther than that I do not care to speak."

In answer to questions Capt. Andrade said: "General Maceo counts in the province of Pinar del Rio about 23,000 men of all arms, which are divided in groups of 500 and over, or less, as the case may be, and which operate each in one district, and are protected by mines and traps, which are unknown to any but the guides of the Cuban army. Scarcely the Spaniards succeed in getting to the large Cañoncillos, both attempts end in signal defeats for the Spaniards."

"In this range of hills there are spots of ground from five to six acres where General Maceo has established his headquarters, which are cultivated, and also where are our manufacturing of cartridges, powder, dynamite and other explosives, also our own salt works, and these places are impenetrable for the Spaniards to reach without first destroying the Cuban army."

In conclusion Captain Andrade said: "The sun is rising and every day it grows brighter. I can plainly see in the distant future a new Republic on the American continent—advanced, civilized, and close ties of friendship with this country."

Two Propositions for Lease of the A. & N. C. Railroad.

Regarding the lease of the Atlantic & North Carolina railroad, the Newbern Journal says that two propositions have virtually been submitted to the stockholders, as follows:

Proposition 1: By what is termed the "Gwynne and Morchee City Company" (the parties named in the proposition being well known parties living along the line). This company agrees to pay the interest on the bonds of the road, amounting to about \$80,000, and a graduated interest on the stock of the road of 3/4 of 3 per cent, running from 100 to 1000 shares of the road, say 10,000, 3 per cent, ten years; 2 1/2 per cent, ten years; 2 per cent, ten years. It is thought that the persons named are acting for other parties.

Proposition 2: Proposing to be the Wilmington, Newbern & Norfolk Company. Proposes to pay the interest on the bonds of the road, say \$170,000, \$1,300 for organizing purposes, with 3 1/2 per cent interest on the capital stock of the road.

A temporary order has been granted, restraining the directors from making the lease, and the injunction will be argued at Halifax the 24th inst.

THE MORNING STAR.

The elections are over, but there will be many events of great interest during the coming twelve months.

Congress meets the first Monday in December. The North Carolina Legislature assembles early in January. It will elect a United States Senator, and there will be a great struggle between the friends of silver and the friends of gold.

Governor-elect Russell will be inaugurated, and everybody will be anxious to know what will be his policy. There are many other questions of great public interest to be discussed and settled, and those who wish to keep abreast of the times must have a daily newspaper.

From all over the State THE MORNING STAR has received praise and congratulations for the consistent and determined fight it made for Bimetallism and true Democracy in the recent campaign. More than this, the increase in its circulation during the past few months has never, we feel sure, been equalled in the history of North Carolina daily newspapers.

Are you a subscriber to THE MORNING STAR? If not, why not? Do you want a first-class daily paper at \$5.00 per year, or \$1.25 for three months? If so, subscribe to THE MORNING STAR.

Do you want a paper that prints the latest telegraphic news, the best local news, reliable market reports, excellent short stories, and the choicest miscellaneous matter? If so, subscribe to THE MORNING STAR.

Do not forget that THE MORNING STAR is the cheapest daily of its class in North Carolina. Its price is \$5.00, while the published price of others ranges from \$7.00 to \$8.00.
