would have been better as far as Spain and he are concerned that he had remained at Havana and pursued his ordinary tactics.

When Weyler took the field in person Maceo as well as others realized that the crisis had come, and that all he had to do was not to accept the gauge of battle and risk all on the

result, but to avoid battle and let veyler go back empty handed as he came, for he can't make a prolonged

stay in the hill country and feed his of Agriculture, devotes a portion of army, for provisions are too scarce for that. Maceo's troops could live and grow fat on the food that would kill Weyler's unacclimated soldiers, who are fed mainly on imported food. Time is the friend of the made the most racket about "free Cubans in this contest, and Maceo is silver," "more money," etc., compared with whom, according to Mr. fighting for time.

Morton, the farmers of the East are Murat Haistead, who spent some sitting on the ragged edge. The time in Cuba as the correspondent of the New York Journal, writing for esteemed Secretary seems to think that paper a few days ago on the that the farmer who hasn't a mortsituation as it now presents itself, gage to dream about or to keep him. says Weyler's success will but proawake of nights is pretty well off. long the agony, while his failure will and when this isn't the case he be the ruin of the Spanish cause. ought to be pretty well satisfied, As Spain recognizes that there is whether his wheat brings 50 cents a crisis upon her, so is it regarded in (more or less) a bushel, and other this country, and while Gen. Lee truck in proportion; but even then others who have been in Cuba and he ought to feel content, if his mortare familiar with the situation now | gage isn't as big as the | mortgage of and in the past do not anticipate a some other plow steerer. Mr. Morrupture between this Government | ton fixes the business up to his own and Spain as inevitable they consatisfaction, whether he does to the sider it quite possible, and that conviction of the farmers or not, many of whom will still continue in Spain may provoke the interference that perverse state of mind to beof this Government, preferring to lieve that they are not as prospersurrender Cuba to it than to the ous as they might be. A little fact Cubans, which would give her an opportunity to say that it was the will sometimes knock a large amount

superior power of the United States of elaborate writing out of gear. The press dispatches yesterday anand not the Cubans which had won, which the Spaniards would think nounced the failure of the Norwegian saved the National honor, which Plow Company, at Dubuque, Iowa, would be humiliated if Spain had to capital \$195,000, nominal assets lower her colors, abandon the strug-\$275,000, liabilities \$140,000. Alleged cause "slow collections." This comgle and leave her prized possession in the hands of the hated but victopany did business exclusively with rious "rebels." farmers, made implements which

They might call it "war with the were bought by farmers only, and United States," but it would be no yet, doing business in one of the best war at all, unless some other nation farming regions of this country, nottook a hand in it, of which there is withstanding the fact that the prices no likelihood now, for it would sim- of their products have so materially ply be a blockading of the Cuban advanced since harvest time, it has ports and the starving out of the not been able to collect money Spanish army, which is fed mainly enough to pay its debts and keep out upon imported provisions. With a of the hands of creditors. Is this an United States fleet patrolling the evidence of the prosperity that Mr. coast on the look out for vessels Morton has discovered? Prosperous bound to Cuban ports, with these farmers should certainly be able to ports effectively blockaded and the pay for the implements they buy.

Cubans supplied with the munitions of war as they would be in that event, There are few diseases that the hu man family is subject to which are there would be no necessity for landing a man on the Island and it would not preventable when proper methbe only a question of a few months ods are employed. known. CIPHERGRAMS BY TELEPHONE.

Disadvantages of Stattering While Delivering a Long Distance Message. Hobson stutters. Hobson is a first class business man, and his vocal infirmity has never interfered until recently with the profits of the well known firm of Hobson & Dobson.

Hobson is a progressive man, ever on the alert to adopt modern methods. He was one of the first local subscribers to the news came to Glasgow, where he was studying at the time, and how telephone and has kept right up with the march of inventions in all its ramificagreat was the excitement in the profession. Ether, the second anæstions. As a wide awake man Hobson wa not slow to grasp the possibilities of the thetic in priority, is still the second long distance telephone. And that is how Hobson and Dobson came to have the first also in point of safety and in the favor of the anæsthetists at the presdispute which marred years of profitable ent time.-Boston Herald.

Dobson went to New York last week. He made his hendquarters at a well known Gotham hoter and telegraphed Hobson of "It is not generally known," obhis arrival in the eastern town. It seems that an eastern customer had failed to served a prominent blacksmith. 'that nearly all of the anvils used keep a certain agreement the details c by blacksmiths in this country are which were familiar to Hobson, but not to Dobson. It would take a long telegram to explain the details fully, and Hobson demade by one firm in Brooklyn. All kinds of substitutes have been incided to call Dobson up on the long disvented and put on the market, but tance telephone. The rate for conversation between Chicago and New York is \$8 for five minutes, after the proper connections are made and communication established. after using them the blacksmith generally goes back to the wrought iron anvil, which is handmade. The usual negotiations passed between the There are plenty of cast iron and operators, and Dobson recognized the voice steel anvils for sale, but they find of his partner. "Hello, Hobson!" but little favor from blacksmiths. "H-h-hello, D-d-d-dobson! Is that who prefer an anvil that sings. The "Yes, it's me. Talk fast, Hobson. This castiron anvil has no music about it and does not give any more response sts money "I know it does. You know H-h-h-han to the hammer than if one was hamers-s-stein & P-p-p-pollosky?" mering on a stump. It is music, or Whof singing, as the smithy calls it, that "H-h-h-h-h-hammers s-s-stein & P-p
