TUESDAY MORNING, DEC. 15, 189 LOST AT SEA.

Schooner Amelia P. Schmidt, from Wilmington for Jacmel, Hayti-The Crew Reserved.

By Telegraph to the Morning Star. NEW YORK, December 14.-The Clyde Line steamer Saginaw, Capt. Johnson which arrived this morning from San Domingo and Turk's Island, brought from the latter port Capt. Records, Mate Thompson and five of the crew of the schooner Amelia P. Schmidt, ot Bridgeton N. J., which sailed from Wil-mington, N. C., November 11th, for Jacmel, Hayti, lumber-laden. Capt. Records reports that on November 80th, at 6 p. m., his ship was run into by an unknown two-masted schooner. Previous to the collision the Schmidt had been leaking slightly. The force of the collision was such that all her masts were carried away and the vessel so badly strained that the leak increased. On December 1st three feet of water were found in the hold, although the pumps were kept constantly going. It was then decided to jettison the deck load of lumber, with the result that the leak decreased slightly. The wind which had been blowing from the northeast for upwards of fourteen days, now gradually ocreased in force until it blew a gale. The vessel labored heavily, causing the leak to gain rapidly in spite of the efforts of the cow, and in a few hours the schooner became waterlogged. Capt. Records and his crew stood by the vessel until the 5th, when the brig Ga-briel, Capt. Mundy, which had been blown from her anchorage at Salt Bay, Turk's Island seventeen days previously during the gale, hove in sight and bore launched and with difficulty, owing to the high sea, they were rescued by the crew of the Gabriel, which then bore up for Turk's Island. On December 8, fifteen miles northwest of Grand Turk,

The Amelia P. Schmidt registered 266 tons, and was built in 1888 at Bridgeton, N. J.

Indications of an increased movement to the ports led to general selling and prices broke sharply here and in Liverpool. Numerous stop orders were caught on the way, contributing to the weakness. The suspension of John Collins & Sons, and later on of W. D. Rountree & Co., were depressing factors, and the large estimates for New Orleans and Houston to-morrow also combined to weaken the tone. There was a slight rally before the close on buying for Southern and Liverpool account and covering of shorts, but the last prices showed a sharp net loss for the day. The receipts at the ports proved to be even larger than the early estimate, and the total for two days is 9000 bales larger than in the same

TO AID THE CUBANS.

VOLUNTEERS MOBILIZING AT ST. LOUIS AND OTHER PLACES.

Women Offering to Go As Murses -The Cuben Junta Overwhelmed With Offers of Voluntaers - A Petition Circulated Among Business Men in New York Urging Congrees to Take Action.

By Telegraph to the Morning Star. ST. LOUIS, Dec. 14.-Volunteers for the relief of the Cuban insurgents are being mobilized in this city, and next Friday, if all plans are carried out successfully, 1,000 men will leave New Orleans for Cuba. Two hundred of these are St. Louisians, the remainder coming from East St. Louis and points south of here on the lines of the Illinois Central and Iron Mountain Railroads. Julian VanGerst, of New Orleans, will be in charge of the expedition, with W. C. Carter, J. L. Goodner and Cornelius Knott, of this city, as aides. The quartette met here to-day and completed arrangements. VanGerst and Knott will eave this evening on the Illinois Central, picking up the men on that road as far south as Cairo, and perhaps Memphis, and will then proceed via steam-boat to New Orleans.

CLEVELAND, OHIO, December 14 .-All the morning a stream of men poured nto the rooms of A. DeArango, the ocal Cuban leader, and volunteered to join the Cubau army. It is estimated that there were one hundred and fifty of them, a large number of them welldressed young men of good education and apparently good circumstances. They were told that no more men were needed. Eleven women individually offered to go as nurses. The majority bore marks of refinement and some had evidences of wealth. They were advised to write to the Junta, in New York.

COLUMBUS, OHIO, December 14 .- The Evening Press, in a guarded editorial, urges soldiers in the United States army here who may be discharged, and others of military training, to join the Cuban insurgent movement. It also suggests that a fund in aid of the Cubans be raised here, and says that one sub-scription of \$100 has already been offered the shipwrecked mariners were transfor their cause.

DALLAS, TEXAS, December 14.-The Cuban situation is the main subject of consideration in this section of Texas. There is almost uanimous feeling, and public sentiment is in favor of the patriots. Dallas is the centre of activity. Two secret meetings were held to-day. It is known that enlistments are secretly being made. To-night the first de-parture of men from North Texas under recent recruiting was made. Twenty-three recruits, divided in three parts, took rail transportation by different routes for the Gulf coast, eight for Galveston, nine for New Orleans and six for Florida. From these points they will be furnished means for reaching the island and supplied with the best quality of equipment and abundant ammunition. The feeling is intense here against Spain, as the belief is general that Maceo's death was the work of hired

Government Officials Watching Filibustering Developments Closely-Determined to Preserve Neutrality in the Cuben Struggle,

By Telegraph to the Morning Star, WASHINGTON, December 14.-The eeling that has been aroused throughout the country by the reported assassination of Maceo, the Cuban insurgent, is causing the Government officials here no little anxiety and they are watching developments closely. The daily pub-lished dispatches giving accounts of meetings throughout this coun-try, in which not only resolutions sympathizing with Cuba are adopted but measures taken to send armed men and munitions of war to Cuba, are receiving strict attention in Government circles here. Even if Government officials did not so closely advise themselves they

would not be allowed to remain in ignorance of passing events, as Senor DeLome, the Spanish Minister, has agents at all the principals ports along the Atlantic seaboard and in the larger cities who report to him almost daily. and these reports and their contents are daily laid before the State Department. One thing that can be positively asserted is that the United States will exhaust all their efforts to preserve its neutrality engagements, and thus stop any claim for damages by Spain on account of violation of nentrality laws. It is with this object in view that the ves-sels Newark and Raleigh left Key West to-day. They have gone to sea to intercept if possible the Three Friends, which is reported to have left Fernandina, Fia., bound, it is alleged, on a fillbustering ex-

Secretary Herbert was asked to-night about the reports that the Newark and Raleigh had left for Havana to prevent the execution of the crew of the Competitor, which had recently been cap-tured by the Spaniards. He said that the vessels had gone to sea so suddenly for the purpose of preventing the neutrality laws of the United States from being violated. He was quite emphatic about the Competitor rumor and said: "In the first place, I know nothing about the expected execution of the crew of the Competitor, therefore have not ordered vessels to Havana to stay

In other naval quarters it was intimated if such was the intention of the Government, it would amount virtually to a declaration of war to back up such a demand by the presence of war vessels, for if the demands were refused the only alternative left to preserve the dignity of this Government would be to endeavor to enforce the demand at the warfare and had become murderers and warfare and had become murderers and warfare and had become murderers and

REPORTED ASSASSINATION OF THE CUBAN GENERAL MACEO

The Text of a Resolution Offered in the Senate-Pension Bills Passed-Holiday Recess-Army Appropriation Hill Reported in the House-Joint Reso-Intion|Concerning Cuba Offered by Howard, of Alabama. By Telegraph to the Morning Star.

SENATE. WASHINGTON, December 14 .-- The reported assassination of the Cuban General Antonio Maceo, while under a flag of truce, was the text of a resolution offered to-day in the Senate by Mr. Call of Florida, Democrat, and referred to the Committee on Foreign Relations. The resolution characterizes the affair as a violation of the rules of civilized warfare and as a cowardly act of treachery. It delares the Government which authorized and permitted it, or failed to punish the assassins, "an outcast from the family of nations and from the pale of civilization and public law." The Committee on Foreign Relations is instructed to inquire into the facts and to report to the Senate at an

carly day. Another resolution of Mr. Call's, which was similarly referred, requested the President of the United States to demand the release of all United States citizens held by the Spanish Government as prisoners at Ceuta.

Mr. Morgan offered a Cuban resolu-

tion, upon which he gave notice he would to-morrow address the Senate. The Senate then took up the pension calendar and passed fifty-five private pension bills, nearly all of them for in-creases of pension. Then, after a short executive session the Senate at 8 80 adourned until to-morrow. HOUSE OF REPRESENTATIVES.

By a vote of yeas 98 and nays 85 the House refused to pass over the President's veto a bill granting a pension to the divorced wife of Lowell Talt, of the Eighteenth Regiment, Connecticut volunteers, inlantry, who died of alcoolism in a soldiers' home. A joint resolution was passed provid-

ng for a holiday recess from December 221 to January 5th. Mr. Hull of Iowa, Republican, chairman of the Committee on Military Affairs, reported the Army Appropriation bill. He stated that it carries an appropriation of \$23,126,844; which is bout \$766,000 less than the estimates of

the Secretary of War and \$158,000 below the appropriation for the present year. A joint resolution recognizing the independence of Cuba was introduced by Mr. Howard, Populist, of Alabama. It recites the profound regret of the American people at the reported "brutal assassination of the Cuban leader Maceo." It declares that Spain is conducting a brutal and guerilla-like warfare against a patriotic people who are struggling for their independence, even as did the founders of this republic. It resolves, there-fore, that the United States shall recognize Cuba as a free and independent overnment, and shall accord to her all such rights in the ports and within the jurisdiction of the United States. A CUBAN LEAGUE

organised in New York City For the Independence of the Island - Many Prominent Men Connected With the Movement.

By Telegraph to the Morning Star, NEW YORK, Dec. 14.-The Cuban League of the United States was formally organized in this city this evening. The men behind this movement are so well known and carry so much weight that it is beyond a doubt that this is the beginning of a movement that will take no small part in the history of both countries—having, as it does, the com-plete independence of Cuba from Spain for its principal object. A League under the same name existed during the ten years' war. Many of the original members of the League were among those who met in Parlor D. R. of the Fifth Avenue Hotel to inaugurate the movement which has for its aim the independence of Cuba. The meeting organized with Col Ethan Allen as president and the following as vice presidents: Charles A. Dana, former Governor Roswell P. Flower, former Postmaster General Thomas M. James, Chauncey M. Depew, John R. Dos Passos, Theodore Roosevelt, former Mayor Thomas Gilroy, ex-Governor of Ohio George Hoadley; J. Edward Simmons and C. H. Dennison. Francis Wayland Glen was elected secretary; Darwin R. Jones treasurer, and the executive com mittee was made up as follows: John Jacob Astor, Paul Dana, Gen. Daniel Butterfield, Col. Fred D. Grant, Walter Logan, Edwin Wardman, John C. Mc-Gaire, R. C. Alexander, Constant A. Andrews, Frank B. Carpenter, John D.

Keiley and Thomas E. Stewart. In opening the meeting Col. Allen "We, the undersigned citizens of this Republic, anxious for the success of all people in obtaining the civil and political liberty which this nation secured more than a century ago and still enjoys, unite in organizing the Cuban League of the United States of America. "The object of this League is to secure

for Cuba by all lawful, peaceful and hon-orable means, the political independence which her patriots are now endeavoring by tremendous sacrifice of treasure and life to gain, to encourage them with our sympathy and moral support and to arouse the whole nation to demand an end of the campaign of murder and de-struction in that island. "Mindful of the belp which our fathers

eccived in a similar struggle, we are constrained by a sense of gratitude to return to Cuba the kindness which was so effectively given to us. "It is apparent to all thoughtful ob-servers that Spain has not the power to

crush the Cuban patriots, and therefore the continuance of the cruel struggle in Cuba can only prolong a sense of abasement and humiliation in the minds of all men who are confident that this Repubic has the power to end it, and is in est good of all parties directly con-

This call was signed by all of the men above named. Other prominent signa-tures attached to it were Generals Howell Clayton, A. B. Hepburn, Silas B. Dutcher, Gen. C. T. Christensen, Col. H. L. Swords, Collins P. Huntington, Louis Windmuller, General Stewart L. Woodford, Col. William L. Brown, General Martin T. McMahon, Hon. Noah Davis, Warner Miller, General Howard Carroll, Dr. A. M. Fernandez de Ybara,

Alonzo B. Cornell and about fifty others
In assuming the Presidency Col. Allen called particular attention to the
heroic struggle that the Cubans had made against their mother country, and

Col. Allen predicted that the move-ment thus started would become his-toric. "We want to inflame the patriotism and honor of our people," said Col. Allen, "into a torch that will kindle the honest effort of every liberty-lowing American, so that this horrible butchery shall cease and the independence of the island of Cuba be an established fact." DALLAS, TEXAS, December 18 .- As arge a mass meeting as was ever held in Texas on a like occasion was that which met in Dallas at 8 p. m. to-day to express sympathy for the Cuban patriots and for the organization of a permanent "Cuban Aid Association." The meeting was called by the local Cuban committee of safety of twelve. The Auditorium Hall was packed and contained nearly, if not quite, two thousand persons. Andrew Jackson Houston, a son of Sam Houston, the Texas liberator, was chosen president of the meeting and Jas. C. McNealus secretary. Two strong letters were read from Luis Peneo, of Galveston, head of the Cuban anta in Texas. O. Gilbert, of Corsi-Cana, who served in Company G. Twelfth Iowa Volunteers, from 1861 to 1866, wrote from Corsicana, Texas, that he was ready to raise a regiment to go to Cuba. Wilmner, of Centralia, Illinois, an old Texas boy, who served as a deputy to United States Marshal Nix in the Indian Territory, wrote that he wished to enlist as a soldier for Cuba from Dailas. Tomas Estrada Palma's telegram conceding Maceo's death was read. A communication from U. S. Senator Roger Q Mills, standing by his resolution in the National Congress, and declaring that it meant war with Spain if necessary, was read and created the wildest enthusiasm.
