The guns are tremendous in size. At the muzzle they are twenty inches in diameter, the bore being twelve inches in diameter. At the breech the diameter is forty-two inches. | The guns are thirty-six feet long and at their greatest circumference measure 132 feet. They were shipped here from Farmingdale, N. J. The work of removing them from the cars on board the lighters upon which they will be carried down the river is very difficult and it will be a day or so before the monster guns will be taken to the fort. The Bogus Board of Republican Commissioners Surrendered

DEMOCRATS NOW IN CONTROL Proceedings of the Meeting of the Regular Board-Committees Appointed. Disclosures of Illegal Acts of the Bogus Board.

The long fight for supremacy be ween the Republican and Democratic Boards of County Commissioners was brought to an abrupt close yesterday by the unconditional surrender of the Republican Board. The following entry made on the commissioner's record book by order of ex-Chairman F. W. Foster of the Republican Board and read before the Democratic Board yesterday tells the story of the surrender in a most concise manner. The entry is as follows:

"Judge W. S. O'B. Robinson hav-ing declined to continue to the hearing the restraining order issued by him on will ne longer act as the Board of Commissioners of New Hanover

The above entry was read before a called meeting of the Democratic Board held at 2:30 o'clock yesterday afternoon. There were present Chairman Roger Moore and Commissioners Jno. L. Boatwright, James Cowan, W. F. Alexander, John Barry. W. B. McKoy as County Attorney and Capt. W. P. Oldham, as clerk to the Board of Audit and Finance and temporary clerk to the Board of Commis-

sioners were also present. As soon as Col. Moore called the meeting to order Capt. Oldham was instructed to summons Register of Deeds C. W. Norwood to attend with the records of the County Commissioners and serve as clerk to the Board, an order that had been sent him at several previous meetings and each time declined; this time, however, Capt. Oldham brought back news that the Register of Deeds would do the bidding of the Board. This was not altogether a surprise to the Board inasmuch as the surrender of the old commissioners on advice from Governor Russell had been foreshadowed in the STAR's Raleigh correspondence yesterday morning and confirmed by subsequent developments prior to the

meeting of the Democratic Board. When Register of Deeds Norwood came in with the records he advanced to where Chairman Moore was sitting and addressing him said that he wished to present to the Board the key to the commissioner's room and keys to the desk therein. This he did, he said, by order of Col. F. W. Foster. chairman of the late county commissioners. He also stated to the Board that Col. Foster had written Capt. John W. Galloway, late clerk to the Board of Audit and Finance, instructing him to go the Court House and give to Col. Moore the combination used on the iron safe in the commis-

sioner's office. The Board then proceded at once with routine business by calling upon Norwood to read the records of all meetings held by Col. Foster, F. J. Dempsey and Jordan Nixon (Repub. lican commissioners) since April 30th, when the fight which ended yesterday so ingloriously for the Republicans was inaugurated. The object was to see what had been done, in order that they might form some idea as to what acts of the Republican Board they would endorse; as all their acts were illegal and if they stand at all it must be by the endorsement of the legal

Democratic Board The reading proceeded without an incident of especial note until the minutes of a meeting held July 12th was reached. At this meeting a resolution was passed authorizing the sheriff to pay all warrants drawn by the chairman of the Board (Col. Foster) "for necessary running expenses of the county," out of any moneys which might come into his hands for the several funds, and providing that these cancelled warrants should be lawful vouchers for settlement between the county treasurer and the sheriff. This was a surprise to Col. Moore and his Board, as no report of the meeting was given to the press and the proceedings kept a profound secret until read yesterday. The purpose of the resolution was to avoid the recent decree of Judge Allen requiring Treasurer Chadbourn to honor only warrants drawn by Chairman Mo re of the Democratic Board. It was known that Sheriff French was paying Col. Foster's warrants, but his authority was not known before. Action in regard to all the acts of the "bogus" board was deferred until the regular August meeting. It was immediately after the read

ing of the minutes of the July 12th meeting that the entry regarding the final surrender of the Col. Foster Board, quoted in the introduction to this article was read and the Democratic Board learned beyond the peradventure of a doubt that they were to be no longer molested in the discharge of their duties in directing the affairs of the county. The proceed ings of the last meeting of the Democratic Board were then read by Capt.

Oldham and were duly approved. Col. Moore reported that he had ssued the subpoenas for the appearpeace, etc., (23 in number) to appear other Wilmington Deilies combined. I with the fees, by county attorneys Jno. I evening, about sixty blackfish.

D. Bellamy and W. B. McKoy, and Mr. French declined to serve them or accept the fees.

Col. Moore also reported that he had a communication from Superintendent Skelding, of the Wilmington Street Car and Electric Company, saying that he was ready to put the fans in the vault of the Register of Deeds and in the office of Sheriff French, provided the Democratic Board would endorse the contract with Col. Foster.

Commissioners Boatwright Barry were appointed a committee to investigate as to the necessity of such an expenditure \$29 for the two fans and \$1.50 month for the current. Jailor King was called before the

Board and asked in regard to the num-

ber of prisoners awaiting trial at the next term of the Criminal Court. He reported twenty of that class of prisoners. Commissioner Boatwright stated that Clerk of the Court W. R. French, the solicitor and the judge of the district thought an extra term advisable. Commissioner Barry was, on motion of Commissioner Boatwright, appointed a committee of one to investigate the needs in the premises and

ascertain the will of the Wilmington Col. Moore charged the Board that they were assuming the reins of government under adverse circumstances and it behoved them to get to work immediately, and that with a depleted treasury a strictly economical admin-

stration was necessary. The following are the various committees:

Public Buildings-Moore, Barry and Cowan. A resolution introduced by Commissioner Boatwright providing that the proceedings of the Democratic Board as kept by temporary Clerk W. P. Oldham be entered by the Register of Deeds upon the regular record of the County Commissioners was adopted, and also that an entry be made that the reason why the records had not been previously recorded was that the Board had not been able to get posses-

sion of the records to so record them. Jailor King came before the Board and asked that he be allowed to complete certain sewerage and other improvements in progress at the jail And also for a supply of new jail keys, the old ones being badly broken up. The committee on public buildings was instructed to inspect the work at the jail and take any needed

An order was passed calling upon the sheriff to furnish a detailed report of all moneys received and paid out by him since April 26th.

A summary report is to be presented to the Finance Committee Thursday night and the detailed report is to be presented to the Board at their August meeting. The treasurer was also ordered to report moneys received and disbursed since his last report and show the condition of the county treasury. This report is to be made to the Finance Committee Thursday night.

A communication from Jordan Branch was read, stating that he held himself in readiness to serve the Board as court-house janitor as soon as he should be called upon. He was elected to that position May second. An application for the janitorship from W. S. Hewlett was also read. Action in the matter was deferred until a regular meeting. There being no further business the Board adjourned.

DIED MONDAY AFTERNOON.

Typhoid Fever. Mr. M. R. Jackson, a well known railway postal clerk, died at his home in Faison Monday afternoon from typhoid fever. He had been sick since July 17th, and his death was hastened, as the STAR was informed, by an attempt to lower his temperature by surrounding his body with ice. A conrestive chill resulted and death soon followed. The deceased is survived by his wife and two children. He was between 25 and 30 years of age.

Mr. Jackson was one of the most popular of the railway postal clerks who run into Wilmington. His bright, cheerful and obliging disposition made him many friends, all of whom hear with great sorrow of his death.

There were eight coaches and over 500 excursionists. Mr. W. H. Fussell, one of the managers, and by the way, an esteemed subscriber to the MORNING STAR, was a welcome caller at this office vesterday. He reports his venture quite successful. The train started from Goldsboro with a very small crewd, the Fireman's Tournament having interfered with the patronage there, but at other points, especially Rose Hill (Mr. Fussell's home) and Magnolia large crowds were talen on board. The excursionists ofme up from the beach early vesterday afternoon and spent the evening night-seeing about the city The trait pulled out from the A. C. L. depot homeward bound, at 8 P. M. Brunswick and Port Royal are to be given coast defence monitors to be manned by the Naval Reserves. The old time monitors Canonicus and Mahopac, which have been undergoing repairs, are to be sent South, one to each of the above named ports. There seems some prospect, therefore, of the Naval Reserves getting some thing to do, though it will hardly be in the line of fighting. Since the de-struction of all of Spain's ships on this side of the Atlantic, the authorities have determined to put this coast defence fleet out of commission. This will be done soon, but in such a way as will enable them to call it into service in twenty-four hours, should it
