BOARD OF HEALTH MEETING.

Contractors and Builders to Be Required to Remove Their Own Waste from Buildings.

In future all contractors and builders will have to remove their own waste material and debris instead of this work being done by the city carts, as has been the case heretofore. This ruling was made yesterday by the City Board of Health, during their regular weekly meeting. The following is the resolution adopted:

Resolved That on and after this date all builders and contractors be required to move their own trash and other waste material from buildings and factories and must dispose of it at their own expense."

Mayor Wright, Dr. Thomas, Dr. Russell and Dr. McMillan were the members of the Board present. As foreshadowed in Sunday's STAR the egular schedule to be observed by the street cleaning wagons, recently re-enforced by the addition of several additional vehicles was adopted to take immediate effect. They will make three rounds of the city each week. The only other business transacted by the Board was the approval of the weekly report of Dr. McMillan as Superintendent of Health.

THE INSURANCE LAWS.

Sheriff Instructed to Make Special Efforts to Arrest Violators of These Laws.

The Secretary of State has sent to the sheriffs of the different counties an abstract of the insurance laws together with a classified list of all the nsurance companies licensed to do usiness in North Carolina. In a communication addressed to the sheriff it is stated that "complaint is repeatedly made to this office that unlicensed Insurance Companies are doing business in this State, and so depriving the State of Revenue which it ought to receive, and obtaining the profits of business which should go to the companies that comply with the insurance laws. There is ample provision in the laws for the punishment of unlicensed agents of unlicensed companies, if they can be detected. But the law makes no special provision for the detection of those who

violate it." The officers are instructed to make efforts to arrest all persons who violate the Insurance Laws.
