Time at last sets all things even. Dreyfus and Zola are both being vindicated.

If the white men of North Carolina win the next legislature, Governor Russell will be like a bump on a log, big enough to attract attention but not to do any harm.

When Captain Dreyfus was degraded and banished in 1895 he said his "innocence would be shown within three years." And that's the way it looks now, with a throatoutting confession of forged testimony against him.

In reply to the statement that Secretary Alger says "there is nothing to investigate," the Baltimore Herald remarks that "the rank and file of the army beg leave to differ from him." They differ from him without "begging leave."

The Populists who have nominated Hobson for President in 1900, should have waited until they see how he succeeds in raising the C. Colon. Then they would know whether they could count on his wind.

The territory seizing papers talk about the "greater America." Adding territory may make America larger, but not greater. A better proof of the greatness might be in declining to seize, when the temptapany, accompanied her home. tion may be great.

If the negroes had an absolute and irresistible majority in North Carolina, how many white men would be in office? This is a conundrum we would like some of the white skins who are working to put the negro over the white man to take a pass at.

If Secretary Alger had any Presidential aspirations he has probably tucked them away for a while. When his picture was exhibited during a performance in the opera house in | tice J. M. McGowan yesterday, charged Wilmington, Del., a few nights ago, with three offences-assault and batthe audience hissed and raised such a pandemonium that it had to be re-

The New York Sun remarks that whatever the criticisms on the management of the war may be they cannot "dim the lustre of our victory over Spain." On the contrary they add to the lustre when it is remembered that the victory was won, not only over Spain but over the grossest mismanagement by the War Department.

THE MORNING STAR.

WILMINGTON, N. C., SUNDAY, SEPTEMBER 4, 1898.

Week Bringing Crowds of People to the Seashore.

ENTERTAINMENTS THIS WEEK.

Rehearsals in Progress for a Benefit Concert at the Opera House-Dances at Club Houses on the Beach. Theatrical Season Begins.

By odds the most uneventful week of Wilmington's seaside season is that just closed. There has not been single club or private social function of any kind. The people are apparentit may seem a Chinaman without ly resting on their cars in the midst of a calm before the Fall and Winter social and theatrical season which gives abundant promise of unusual gaiety. However, the week has not been without an abundance of pleasure for visitors and home people. There have been a number of big excursions to the city which have brought hosts of people to the city and both beaches. Then, too, there are a large number of regular guest, on Wrightsville beach. So many that the Seashore Hotel management, instead of closing September 1st as they had intended, now announces that they will be open for guests indefinitely. Capt. Jenkin's hotel on Carolina Beach was closed however last Thursday and he and his family

Hanover Seaside Club, on Carolina Beach, was the only club which gave a hop during the week. The coming week, however, several of the clubs will arrange for hops. Atlantic Club has decided to give one of the biggest dances of the season Friday night.

Within a few weeks many Wilmingtonians prominent in social circles will have returned to the city from Summer outings, and the Wilmington Musical Association, the Theatrical Association, Daughters of the Confederacy, Colonial Dames, Sorosis, the three popular german clubs and other organi zations which have been so active in the games: past seasons will again resume active operations and augment the round of social pleasures which are likely to distinguish the Fall and Winter

A notable incident connected with the rehearsals now in progress for the Miss Norma Foster Benefit Concert was that at the armory last Wednesday night. A male quartette, composed of Mr. C. H. Cooper, Mr. R. F. Fowler and Messrs. A. S. and H. K. Holden met there with Mr. Ed. Munson as accompanist, to practice music for the concert. After the rehearsal Capt. J. C. Smith, of the Compton, came up with his improved graphophone and the quartette sang two popular selec tions into the receiving tube, so that Capt. Smith is now able to reproduce them with wonderful accuracy. The selections were "Kerry Dance", by Malloy, and "Annie Laurie."

is a sufficient guarantee that it will be a splendid success.

Lessee Schloss and Manager James H. Cowan of the Wilmington Opera House have announced the following assistants in the various departments of work: Head usher, Mr. C. H. Cooper stage manager, Mr. Henry Newman; doorkeepers, Messrs. Julius Taylor, Harry Farrow, W. B. Savage and Lonnie Smith; ushers, Messrs. Frank Bagg, W. D. Huhn, W. L. Bissinger. W. E. Mann, Hardy LeGwyn; programme boys, Marks Nathan and Clarence Motte, Neill Hayes, colored, will be mechanic and Luther M. Mc-Nair will, as in past seasons, serve as property man.

Wilmington theatre-goers are anticipating a delightful evening at the the theatre is opened for the season. Charles Blaney's "A Boy Wanted" will doubtless prove a hig success. It is claimed by the author to be the best work he has ever written. It is a comedy in three acts, interpreted by an exceptionally strong company. The first act represents the interior of a country newspaper office, showing the press in full operation; the second the exterior of the Starview Hotel, and during this act a number of specialties are introduced. Incidental to the comedy more than forty musical mem-

Nantucket Boys in a Game of Base Ball With a Team from the O. A. N. and A. C. L. Clubs.

There was a great time at Hilton Park yesterday afternoon. By odds the most interesting game of base ball played here this season was "pulled off" between a crack team from the Nantucket crew and a team made up of the best players from the O. A. N. and A. C. L. teams. When the game was closed at the end of the sixth inning the score stood five to nothing in favor of the O. A. N. and A. C. L. team. Despite the apparent odds in the score there was a lot of "smooth" playing, and the game was chock full of interest. Mr. W. F. Robertson made an excellent umpire and Capt. W. P. Monroe, of the Fire Department, kept the score so that there was never a

There was a big crowd out to witness the contest and the boys were in excellent condition for playing good ball. There were no end of rooters not only among the small boys but grown up people as well. There was one especially notable company of rooters thoroughly organized for "raising sand." They wore the red, white and blue Nantucket team colors and carried big cow bells which they rang with a vim whenever their favorits made a good play or prevented their competitors from doing so.

The people knew it would be a noisy game before they went to the park for the cow bell crew boarded a street car at Princess street and made the circuit of the belt and out to the diamond, keeping up a perfect uproar during the entire trip. At the park the game was called for

the first inning with the A. C. L.-O. A. N. combination team at the bat. The game stood one to nothing up to the fifth inning, when the O. A. N .-A. C. L. team scored five. Another score was made in the sixth inning. The pitching on both sides was very good. Sweeney and Sellers were the battery for the A. C. L.-O. A. N. team and Zellers for the Nantucket team. The gate receipts amounted to \$50, and there seems to be some misunderstanding about the division of the money. The A. C. L.-O. A. N. boys contend that an agreement was made before the game that the whole gate receipts should go to the winning team. However, after the game, it seems that the Nantucket boys went to the man who held the cash box and quietly took charge of what they claimed was their half of the money.

PROF. M. C. S. NOBLE.

Will Leave To-night on His Way to Chapel Hill to Take the Chair of Pedagogy.

Prof. M. C. S. Noble, ex-superintendent of the public schools, will leave to-night for Selma to visit his parents. From Selma he will go to Chapel Hill to-morrow, where he will take the chair of pedagogy in the State University made vacant by Dr. E. A. Alderman's election to the Presidency. Prof. Noble's duties will be to instruct those who wish to become teachers in the history and philosophy of education. He expects to perfect arrangements by which students will have instruction in the practice as well as the theory of teaching. That he has been elected to so im-

portant a place is a decided compliment to his management of the city schools, and in speaking of his departure it is not out of place to refer o his work in the public schools of Wilmington. He came here sixteen years ago. At that time there were twelve hundred pupils -now there are over three thousand. His teachers are progressive and have attended excellent Summer schools during their vacation. Not long after his arrival he arranged for teachers' meetings weekly which have been found very helpful.

He is proud of his teachers, his pupils and their parents, all of whom have stood by him in his management of the schools. He is, of course, also yery grateful to the school committee which has elected him to his position for sixteen successive years.

Prof. Noble says that he leaves Wilmington with sorrow. He has lived here so long that he is almost like a native-born Wilmingtonian. Although his work in the future will be away from here, he states that he will always feel the greatest interest in the education of the boys and girls

of this city.

Mrs. Noble will remain in the city until about the middle of November when she will go to Chapel Hill to join her husband.
