The fellows who have organized that \$20,000,000 coffin trust are counting on the last pull, and a dead sure thing on the people who use their goods.  
In some portions of Germany there is a meat famine and people are said to be eating cats and dogs. That's what comes of turning up their noses and outlawing the American hog.  
Captain James G. Blaine, who started for Manila with General Otis' army, never got further than Honolulu. He was entirely too festive, so General Otis closed the engagement there.  
The Carnegie Steel Works have the contract to supply the rails for 900 miles of the railway to be built in China by the Brierley syndicate, competing with the world. But our railmakers insist on protection.  
The Chattanooga Times thinks we should have invited Senator Butler to lend himself to Hobson for an air bag. We didn't forget it, but there isn't enough of him to amount to anything even when inflated.  
American capitalists are working into China. A syndicate headed by ex-Senator Brice has secured concessions to build a railroad from Hankow to Canton and the sea opposite Hong Kong, through one of the richest districts in the empire. The capital represented is \$40,000,000.  
Richard Smith, who was recently discovered in the Adirondack Mountains in New York doesn't claim that he knows more than other people but he has more nose than any other human on record. It is eight inches long and built in proportion. The doctors have taken him to Bellevue Hospital where they propose to chisel it down to the regular ion size.

VOL. LXIII.—NO. 15.

WILMINGTON, N. C., SUNDAY, OCTOBER 9, 1898.

WHOLE NO. 9,718

ALMOST AS BAD  
AS NEGRO MANLY.

Negro Bishop Hood Writes an Infamous Article for a Negro Church Organ.

NEGRO DANCY INDORSES IT.

"Why," Says the Negro Bishop, "Should It Be Any Lack of Self-Respect in a Negro to Marry a Person of the White Race if That Person is His Equal?"

The A. M. E. Zion Church Quarterly is a periodical published in the interest of the African Methodist Episcopal Church. John C. Dancy, the negro collector of the port of Wilmington, is sole editor of the Quarterly, and it is editorially stated that publications of that kind print only such communications as the editor (Dancy) chooses. These facts were obtained from Greensboro by telegraph for the STAR, in order that the negro Dancy's position might be thoroughly understood in connection with the infamous article which we reproduce below from the Greensboro Record. It consists of extracts from a communication written for the Quarterly by the sole editor, the negro Dancy. Let every white man read:

"Senator Fritchard says John C. Dancy is not in favor of intermarriage. There are some extracts from an article in the A. M. E. Zion Church Quarterly. Read them and see: 'Hundreds of white men said they would die before they would walk up to the polls and vote with negroes, but they do and live. Scores of white congregations have listened with satisfaction to negro preachers who a few years ago would have scarcely been tolerated in the gallery. It is no strange thing for a colored gentleman to dine and be entertained in the best white families. Colored students go to Yale and Harvard, Princeton and the University of Pennsylvania, and if they stand well in their studies, or athletic sports or both, become the favorites of their fellow students, and at all the alumni dinners and class suppers take their places as anyone else, and these are social relations. Now if these wonderful changes have and are taking place on both sides, and the two races are daily drawn into closer contact under favorable circumstances, why should it be any lack of self-respect in a negro to marry a person of the white race, if that person is his equal or any repugnance on the part of the other, if the negro is worthy; and if there are found white ladies sufficiently true to their own hearts to brave the social ostracism of their own people and some negro gentlemen and some do mankind to do as they please and get married, what may we naturally expect when the condition of the one and attitude of the other will have so changed as to bring them upon the same financial, educational and social level? Is not our friend's conclusion too sweeping when he says that freedom will produce an admixture of race? 'Let the negro become rich and cultured and the charms of the brown daughters of the sun will be as great for the Caucasian as those of his own race. True men and true women of sense under proper conditions find each other's real worth in the affections, the heart, the soul, and not in the color of the skin. 'Desdemona will love Othello, though he be a dusky Moor, and her father object, and Romeo will cling to Juliet, notwithstanding the hatred between the families. Shakespeare knew human nature, and these creations of his brain find their realities in practical life every day. If all the things that have occurred in the personal histories of individuals could be printed, the sentiments that have lived in the breasts of hundreds of men and women of the two races, which have been stifled down by prejudice, could be known, and the emotions that have been awakened in their hearts, and that have been crushed out because of popular feeling, could have taken their natural course, we would find that the races are even now much nearer each other than many suppose.

NEGROES ARMING.

Chairman of New Hanover Republican Executive Committee Believed to Have Ordered Winchester.

The STAR has known for several days of an effort on the part of certain negroes in this city to procure Winchester 16-shot rifles from the Winchester Arms Company, of New Jersey, and of a correspondence which ensued between the Odell Hardware Company, of Greensboro, and the negroes, and the latter, having their suspicions aroused by the answer received from the negroes, wrote to Messrs. W. E. Worth and M. W. Jacobi, prominent citizens of this city, who advised the Odell Co. to not fill the order as it was evident that the guns were wanted to arm negroes in case they should desire to create trouble with the white people on or before election day.

The regular quarterly meeting of the Board of Directors of the Associated Charities will be held at the office of the Association on tomorrow at 12 o'clock.

Judge Blythe, of Hendersonville, arrived in the city yesterday and will convene the Circuit Criminal Court here to-morrow at 10 A. M. He is stopping at the Bonitz House.

There were two submissions in the City Court yesterday for disorderly conduct, and each was required to pay the costs in their case. The disorderlies were James Telford and Jim Leson.

A card is published elsewhere in the STAR this morning, urging white men of the First and Second divisions of the Third ward to meet in the S. A. L. building to-morrow night at 8.15 o'clock.

The rector, Rev. Milton A. Barber, being absent, there will be no evening service at St. Paul's Episcopal Church to-day. There will, however, be services in the morning, and Sunday School at the usual hour.

Mr. Porter Brown, who lives with his brother-in-law, Mr. William Moore, on Fifth and Castle streets, died yesterday morning of consumption in the 30th year of his age. The remains will be sent to Burgaw for interment.

Rev. R. H. Gilbert, of Harrell's Store, N. C., will preach at Brooklyn Baptist Church at both the morning and evening services. Mr. Gilbert is reported to be an able preacher, a fine speaker and will doubtless have large congregations.

Members of the Merchants' Association of Wilmington are reminded that the first annual meeting of this organization will be held at 5 P. M. to-morrow at their office apartments in the S. A. L. building. The directors will meet at 5.30 o'clock.

The protracted services at Grace M. E. Church will begin on Tuesday, as heretofore announced in the STAR. The pastor will be assisted by Rev. Mr. Watson, of the Summerville M. E. Church. The choir has already begun preparations for the meeting.

The L. A. W. racing teams have decided to have their race, which was to have been run Thursday afternoon of last week, on Tuesday of this week at 5.00 P. M., instead of Friday afternoon, as they at first thought. The racers are practicing faithfully and a close contest is assured.

A young man who reaches the age of twenty-one after the close of registration, and on or before the 8th of November, can register and vote on the day of election. Or, if any elector has been a resident of the State twelve months and of his county ninety days immediately preceding the day of election, he can register and vote on that day.

White Government Union.

The First and Second Divisions of the Fifth Ward, White Government Union, met last night at headquarters, President A. J. Biggs presiding, and Mr. Geo. W. Cameron acting as secretary. The meeting was addressed by Iredell Meares, Esq., Messrs. S. H. Fishplate and W. F. Dowling. Their speeches were heartily applauded and listened to very attentively. Strong resolutions regarding the labor question, which has recently sprung up, were read, discussed and adopted. Mr. M. G. Silva, of the Third and Fourth divisions of the ward, tendered an invitation to the Union to meet with them at headquarters Wednesday night and march in the procession to the Dr. Culbreth speaking. The invitation was gladly accepted. The meeting was full of enthusiasm and zeal for the success of the white man's ticket.

White Men of New Hanover.

None in your history has unity of action become more necessary than in the present political issue between the white men of North Carolina, and the threatened negro supremacy. Grave is the situation. Which side are you on? On November 8th you are in duty bound to respond to your country's call and redeem North Carolina. As a safe and reliable stimulus for faltering nerves in this crisis I respectfully commend you to my latest popular cigar—the white man's smoke—the White Government Union cigar. A good Democratic smoke. Try it. W. J. POGUE.

LOCAL NOTES.

The Wilmington cotton market closed firm at an eighth higher yesterday. Receipts 4,210 bales. — The Clyde steamer Croatan cleared this morning at 6.30 with cargo and several passengers for New York. — For the week ending yesterday five marriage licenses were issued by the Register of Deeds, two white and three colored. — Justice Bothenmann had three cases for trial yesterday. Judgment was suspended in each upon payment of the costs. — The schooner Warren V. Potter, which put in at Southport for repairs several days ago, sailed yesterday for Boston. — Justice McGowan had five submissions for disorderly conduct; all the parties being colored. Judgment was suspended on payment of costs. — 'O! that mine enemy would write a book.' See the campaign document of Postmaster Chadbourn, and the antidote, on page second of the STAR.

The annual meeting of the L'Arroso German Club, held in the parlors of The Orton last night, was largely attended, and the club is determined to eclipse all previous seasons in the number and elegance of their functions. The following officers were elected for the ensuing season: President—Mr. George D. Crow. Vice President—Mr. E. Keith Calder. Secretary—Mr. Warren S. Johnson. Treasurer—Mr. J. V. B. Metts. Governing Board—Sergeant Major Thomas W. Davis, Mr. John C. James, Mr. A. B. Shelting and Mr. H. M. Chase.

The Governing Board of L'Arroso German Club, which re-organized last Monday night, will meet to-morrow night to perfect their plans for the season. Members of the board are Mr. T. H. Wright, Mr. Richard Bradley, Mr. T. Nash DeRosset, Mr. E. J. Woodward and Mr. James Cowan. As STAR readers know, L'Arroso Cottoil Club was organized almost two weeks ago. And at least one dance will be given every month by each of the three clubs. L'Arroso and L'Arigio will give their October. L'Arroso Club will give dances during October.

Yesterday afternoon at 4.30 o'clock there assembled in "Shubert Hall," Miss Cannie Chasen's cozy studio at her home on Red Cross street, quite a company of Wilmington's best musicians and music enthusiasts. They were invited there by Miss Chasen to hear quite a creditable piano-forte recital by a number of her brightest pupils. The programme participants and the selections they rendered were as follows: Miss Marcella Shirer, "Slumber Song," by Orsten Kuiken; Miss Alice Craft, "Valse Aerienne," by Spindler; Miss Bessie Hart, "Romance," in B sharp minor, by Schumann; Miss Ida Brown, "The Brook," by Pope; Miss Fannie Corbett, "Kameneoi Ostrow," by Rubinstein; and Miss Carrie May Von Glahn, "Lost Idea," by Weber.

The recital proved splendid testimonial both to Miss Chasen's ability as an instructor and the talent of her pupils. A number of whom already rank among Wilmington's best performers. During the fall and winter Miss Chasen will give recitals similar to that of yesterday every Saturday afternoon. From time to time different members of Miss Chasen's wide circle of friends will be invited to share the pleasures of these occasions.

As the STAR has previously announced, the Wilmington Musical Association will hold their first general meeting for rehearsal since June to-morrow night. The place of meeting will be the Y. M. C. A. parlors, and as STAR readers are aware the famous oratorio, "Joan of Arc," by Gaul, the composer of "The Holy City." Association members are very enthusiastic over the work before them for the coming season and music-loving people of Wilmington may confidently expect a rare treat on the occasion of their first public recital which will be given probably during the first week in January. The officers of the association are as follows: President—Col. A. M. Waddell. Vice President—Miss Anna Hart. Musical Director—Mr. Ed. H. Munson. Accompanist—Prof. A. H. Yopp. Secretary and Treasurer—Miss Annie Adrian.

Executive Committee—Mr. A. S. Holden, Mr. J. B. Metts, Mr. J. W. Riley and Col. A. M. Waddell.

Only one attraction is billed for the Opera House during this week. It is the Cleveland-Wilson minstrel show which is reputed to abound in dash and sparkle. It is probable that a large audience will assemble at the Opera House Wednesday night when this aggregation of minstrel talent is before the foot lights. The box sheet opens at Gerken's to-morrow morning.

Miss Norma Foster, for whose benefit the delightful concert was given in the Y. M. C. A. auditorium about two weeks ago, leaves this morning for Boston, where she will enter the New England Conservatory of Music, the foremost conservatory on this continent and the peer of any in Europe. Miss Foster will, thanks to the patronage of her many friends in Wilmington, complete the violin music course prescribed by this institution, besides taking other specialties. She will be sadly missed in musical circles here during her absence, but her home-coming will be all the more pleasant, for she will have perfected herself in that branch of musical studies for which she shows so much talent, and in which she has contributed so much to the success of innumerable musical recitals and other functions.

The largest line of mattings in the city at The C. W. Polvogt Cos. is being put up. Visit The C. W. Polvogt Cos. during this week. Goods are right and prices right.

Hon. R. A. Doughton and Rodolph Duffy, will speak at Wilmington, Thursday night, October 20th.

WERE FLAT FAILURES.

Butler and Thompson's Speeches in Raleigh—Butler Completely Hacked. One of His Lies Shown Up.

[Special Star Correspondence.] RALEIGH, N. C., October 7. Butler and Thompson's speeches yesterday were flat failures. Butler made a number of outrageous assertions. Capt. Page completely did him up in one of his lies. Butler claimed that Page had a negro deputy to arrest a white woman and Capt. Page replied in this morning's papers, showing that Butler simply lied. The Chamber of Commerce last night appointed a committee of business men to go to Washington to secure the location of a winter camp here. The Board of Aldermen last night decided to allow the saloons to remain open until 12 o'clock, instead of 11, the present hour of closing. Butler is completely hacked, and his friends now acknowledge it. Butler is just flying about the State like something shot.

A Genealogical Work.

The STAR's attention has been called to a new genealogical work, soon to be published, now being compiled by Mrs. Sue L. Clotworthy, of Hillman, Taliaferro county, Ga. It traces the Gaines family, including the collateral families, Pendleton, Taylor, Dabney, Strother, Broadus and Dalton. Interested descendants of these families, interested in perfecting their records for this valuable genealogical work, will do well to communicate with the compiler, without delay.

The regular, bona fide circulation of THE MORNING STAR is much larger than that of any other daily newspaper published in Wilmington.
