Foster, one of the required to have tires three inches most prominent and influential of the wide and two-horse ones four inches Republican business men of Eastern North Carolina, and lately chairman of the Board of County Commissioners of New Hanover county, was interviewed last night, for the purpose on the 4th of November. He got of ascertaining his views upon the hold of the wrong Almanac and present conditions of affairs in Wilthought the election came off on the mington.

Col. Foster said he fully recognized 5th. But as he is going to vote to the fact that the situation here was exendorse McKinley he can easily get tremely grave, with imminent danger of trouble between the races, which, as a business man and a citizen he Mrs. Nancy Carine, of Dillsboro, earnestly deprecated, as he believed Ind., who has recently died at the that the city would not recover from age of 67 years, was a contented the ill effects of such a conflict in years soul. She lived for forty-seven years to come. He recognized the unrest within a mile of a railroad and never that prevails in the community, and saw the road, or a car or an engine, continuing said:

"Taking into consideration the determined will and set purpose of the citizens who represent the class of our citizens who pay 95 per cent. of the taxes to take control of affairs, I have remarked to quite a number of people, and am still of the opinion, that it would be best at this time for the Republicans not to put a county ticket in the field. While I say this, I want to emphasize the fact that I firmly believe in the principles of the Republican party.

In speaking further of the terrible condition of affairs here, Colonel Foster said he recognized the fact that the present movement was one by the business men and tax-payers of the community to administer and control their affairs. "I think," he said, "that the representatives of 95 per cent. of the taxes paid ought to control. They ought not to be deprived of the privilege of controlling the administration of their affairs. I want no citizen deprived of any of his rights or privileges to which he is entitled by reason licked by the Britishers. He is a of his intelligence and moral worth, yet I am heartily in favor of the control of affairs by the intelligence, character and property interests of any

community." Being asked with regard to the number of colored officeholders in New Hanover county, Colonel Foster said that before reading Postmaster W. H. Chadbourn's letter stating that there are thirty-six colored magistrates in the county, he had no idea that there were over a half dozen.

The Colonel added that in giving the advice about not putting a Republots of petrified fusionists in this lican county ticket in the field and expressing the views above, he fully believes that he is acting in the best Tom Watson's Pop. paper in interests of the colored man.

#### SLOW BICYCLE THIEF.

#### Stole a Wheel From Yopp's Bicycle Store But Caught Soon After.

Late yesterday afternoon a strange negro came into Mr. A. P. Yopp's bicycle establishment on Second street and asked to be shown a wheel. A clerk in the store showed him one, but ascertaining that the negro had no money, soon left him and paid him no further attention. Later, it was discovered that the wheel the negro was looking at was gone. There was no clue to the thief until last night a strange negro came into Paul's confectionary store on Princess street and offered to sell the wheel to Mr. Greensboro, arrived in the city last David Paul. The negro seemed very anxious to sell the wheel at once, and from his conversation Mr. Paul was Olive, was registered at The Orton led to believe the wheel was stolen, and Sergeant Hewlett, of the police force, was notified. He came down to Mr. Paul's store and home yesterday to register. He will

after some questioning decided to hold the negro on suspicion. Mr. C. Sergeant Hewlett, upon this identification immediately locked up the thief, who gave several aliases. It later developed that the negro was from Magnolia, N. C., and came here with Mr. Pickett, a cattle dealer. #### DAMAGE WAS VERY SLIGHT.

#### Little Blaze in Wm. Tienken's Barber Shop Yesterday Forenoon.

There was a small fire in Mr. Wm. Tienken's white man's barber shop, on Princess street, yesterday forenoon. No alarm was sent in to the fire department, Mr. William Halfner, one of the expert barbers, having served effectively as fireman. A match seems to have fallen into a waste basket sitting under the wall mirrored cases and ignited the contents. When discovered by Mr. Halfner the flames were well out of the basket and were rapidly charring the oak finish case. The basket was thrown into the street and the fire on the case smothered out. Mr. Jno. Haar, who is with Messrs. Stedman and Chadbourn, insurance agents, with whom the barber shop fixtures are insured, called at the store and estimated the damage at \$2.50, which was paid to Mr. Tienken before 3 o'clock in the afternoon.

#### WERE AFTER PROVISIONS.

#### Mr. W. H. Badon's Pantry Entered and a Number of Things Stolen.

Yesterday brought to light another of the many petty burglaries that have been going on in the city for several months. This time it seems that the thief was after something for "the inner man," and made a raid on the pantry of Mr. W. H. Badon, who lives on Chesnut street, between Seventh and Eighth. The pantry had two locks on it and both were locked it was discovered that both locks had been unlocked in some way, presumably by duplicate keys, and that a quantity of provisions, including a large ham, had been stolen. Mr. Badon had only moved into the house the day before and no doubt the superstitions would say that this is an evil omen. There is no clue to the thief.

Withal a creditable sum of money was realized. The ladies of the Circle arranged a

years since its organization. A mandolin club, composed of five gentlemen, rendered two selections, which were well received. The members of the club are Mr. Charles Motte, Mr. Dick Platt, Mr. Ed. Warren, Mr. Ed. Heinsberger and Mr. F. W. Ortmann.

### WILL CARRY THE STATE.

County That Gave a Large Fusion Majorlty Will Go Democratic This Year.

[Charlotte Observer.] We believe the Democrats are to carry the State next month, The majority against them is formidable, but there are cases in which obstacles count for nothing. Talking recently with a Democratic citizen of a county which in the last election gave an enormous fusion majority, he declared the writer, with the utmost confidence, that it would go Democratic this year. "But how are you going to carry it?" he was asked. "I don't know," was the reply, "but we are going to carry it." That is the spirit which wins victories, removes mountains or does almost anything. When the Anglo-Saxon wills to do a thing he finds a way. That is the history of the race, and the Anglo-Saxon people of North Carolina are aroused now as we have never known before. Their dearest interests are at stake and they propose to safeguard them.

#### Horrible Death of Mr. Samuel R. Carmon. Formerly of Fayetteville, N. C., in

The Richmond, Va., papers of yesterday contain full accounts of a fatal accident to Mr. Samuel R. Carmon, of that city, formerly of Fayetteville, and a nephew of Capt. Sam'l Carmon. the well known A. C. L. conductor of this city. The Richmond Dispatch

Savs: Mr. Samuel R. Carmon, yard con-ductor of the Chesapeake and Ohio at Orleans street, met a horrible death on the yards this (Thursday) morning, at minutes past 12 o'clock.

He was at the time engaged in super intending the making up of trains on the yards, and attempted to cross the track ahead of a train, which was being shoved toward a car for coupling purposes. He was not quick enough, owever, to avoid the cars, and was caught between the couplers. His body was ground almost to a pulp, and he fell a lifeless mass between the

tracks.

The body was lifted up from the ground and borne to the platform near by, where later in the night the coroner viewed it. The remains were then turned over to Undertaker Christian to be prepared for burial.

Mr. Carmon had not been here great while. He came here from Fayetteville, N. C., and boarded at 712 Lquisiana street. He was about 30 years of age, and unmarried, and was exceedingly popular with his asso-

#### THE SITUATION HERE.

The Charlotte Observer, after referring to an extract from an exchange in which the condition of affairs here was compared to a magazine, says:

The editor of the Observer had a private letter last week from a friend n Wilmington who stated the case in almost the foregoing language his language was that the striking f a parlor match would start the blaze. Another letter from this same friend, received Tuesday night, said that there is no guessing what will happen there be tween this time and election day, or then, but that he proposed to send his family out of the city before the 8th of November. Wilmington ladies, summering in Western North Caro ina, have been heard to express dread at the thought of going home before the election. As much as a month ago we heard, upon high authority - what has never been printed before—that the white men of Wilmington are organ ized and prepared for whatever may come, and that a certain section of the city, described by a triangle, has been laid off, and within this well understood boundary the women and chil-

dren are to be massed for protection when the anticipated trouble begins. It is not too much to say that life under such circumstances as those here described is not worth living. This constant expectation of some thing dreadful to happen is worse than the event. We do not see how men can work or women sleep with such a cloud hanging over them We not the only Republicans who will suffer. The white scoundrels who are the mainspring of their conduct should be attended to first.

#### MAJ. CHARLES M. STEDMAN.

The Charleston News and Courier Pays Him a Compliment.

The Charleston News and Courier, referring to the announcement that Major Stedman would take the stump,

North Carolina has no more loyal son than Charles M. Stedman. Always true to his State and to himself, he possesses the confidence of the people in a marked degree, and it is well that in the present crisis he should be called into service. Since the death of Zel Vance he is the most eloquent and powerful speaker in the State, and we are sure that he will arouse the white people of the Old North State to a full conception of their danger and duty. In the present contest there is no mid dle-ground-the civilization of the white man is in peril, and Stedman is in the front line of battle. If the people will follow where he leads, the victory will be won.

### FREESIAS.

These are among the most popular Bulbs for Winter, blooming in the conservatory or window garden. The Bulbs seem small in comparison with the foliage and flower spikes; the flowers are delightfully fragrant and after being cut and placed in water remain in good condition a long time. Four torix Buibs may be planted in a four such pot. Growth commences at once so they need hot be set away to form roots like the Hyacinths. By planting early and at intervals a succession of bloom can be had.
