All Witnesses and Jurors to Report at They Assault and Rob a Venerable and Highly Esteemed Citizen On a Principal Street.

Mr. John McLaurin, in speaking of the robbery committed upon him late Saturday night, said that the robbers were two negro youths apparently about 18 of 20 years old. He was just passing up Orange street by the rear of St. Paul's Episcopal church when some one rushed up behind him, seized him by the shoulders and bore down upon him. Almost instantly the negro changed his grip by throwing his arms about his waist pinning his arms to his sides.

His assailant's accomplice then quickly went through several of his pockets, Mr. McLaurin, the while callng as loud as he could for help. The negroes turned him loose and ran away before they found the pocket in which the most of his money was placed. However the robbers secured a cloth sack containing about \$10 in

Mr. McLaurin's calls for help awakened Mr. Charles Green, who resides near the scene of the robbery. He came to the rescue; but too late to apprehend the robbers or get a look at them that would enable him to identify them in case arrests should be made.

Mr. McLaurin says that the robbery was so cleverly managed that he could not get a view of the negroes' faces that would enable him to identify them. They pinned his arms to his sides and pushed his hat over his eyes. He is of the opinion that they are negroes who are about the market house a good deal, knew that he passed that way on that night with money going home and waited in ambush in one of the angles at the rear of the church. He is sure that they could not have followed him any distance because he could have plainly seen and heard

their approach. Very soon after the robbery Bill Johnson, a negro who works at the market, came up to where Mr. Mc Laurin and Mr. Green were standing discussing the affair, and said he passed the negroes around the corner runing as fast as they could bare-headed. A search was made for their hats, but hey could not be found, and Mr. Mc-Laurin is sure their hats must have been in their pockets as a precaution against recognition, as they were bareeaded when the assault and robbery was committed. The outrage was committed about 11.30 o'clock. Mr. Mc-Laurin is a member of the firm of Hayes & McLaurin, meat dealers, at the market.

County Ticket.

Rumors That the Negroes Are Considering the Matter of Running a

Nowithstanding the more peaceful outlink that has prevailed for the past two lays, the feeling of unrest began to show itself again last night. The caus, of this change was a rumor that the regroes are seriously considering the question of running a county ticket regardless of the wishes of Governor Russell and the three or four white lieutenants he has left here.

Gevernor Russell arrived here yes terd y on the 5.15 P. M. train from Raleigh, and it is the hope, among conservative people, that he has heard of the movement of the negroes to place a county ticket in the field and is here to suppress it if possible.

The following editorial in yesterday afternoon's issue of the negro paper, the Record, is considered a positive indication that the negroes do not consider the question of a county tick t settled. The Record says:

Salurday at 12 M. was the time appoirted for the holding of the county congention and nomination of county officers. At 10 o'clock the delegates went into caucus and after much speech making and resolving it was decided not to nominate a ticket at this time; consequently, there was no need for calling the convention together. It was rumored around the city that the Convention or some one had decided not to put up a ticket for county officersat all, but concede everything to the Democrats. We tried to ascertain the fruth of this statement but could

The morning papers, however, came out yesterday with the announcement that there would be no Republican ticket in the field and that everything had been arranged by the Governor. So we presume the County Convention must have met late Saturday afterripon as nothing of this nature had been decided upon at the close of the

HARMONY PREVAILED.

Meeting of Fifth Ward Last Night to Con-

A meeting of the White Government Unions of the precincts of the Fifth Ward was held last night at the half, corner Eighth and Castle streets, for he purpose of discussing the local aspect of the campaign. The meeting, by invitation, was ad-

dressed by Mr. James Sprunt, who explaned the motive of the Democratic Execueive Committee in making the change on the local ticket. He en lightened them as to other matters pertaining to the local issues in the caspaign. The meeting was very quiet and perfect order prevailed.

On motion of Jno. G. Marshall a committee was appointed to draw up resolutions setting forth the sentiments of the ward in regard to the new legislative ticket recently put up. The committee offered the following reso lution, which was adopted as the sense of the meeting:

Resolved. That we, the members of he Fifth Ward White Government Union, in mass meeting assembled, do endorse the action taken by the Demo eratic Executive Committee in placing Assrs. Rountree and Willard on our egislative ticket, and hope that every rie white man and Democrat in New Mover county will support the same. tespectfully, J. D. H. Klander, F. A. Montgomery, Geo. W. Cameron, Ho. Redd, Jno. G. Marshall, M. F. Ho. Dowling, Jno. W. Presson, Committee.

In addition to the resolution a vote endorsing the new ticket was unanimously passed with much enthusiasm. Besides Mr. Sprunt's address, speeches were made by Messrs. Jno. G. Marshill, M. F. Dowling, the chairman of in meeting and Iredell Meares, Esq.

CITY PRISONERS ESCAPE.

Cur of Mayor Wright's Usual Monday Visitors Escaped Sunday Night.

It has been kept pretty quiet, but one of the officers inadvertently told a SHAR reporter of the escape of some of the city prisoners from the station house Sunday night. The officers ngade a number of arrests Saturday night, and as is usually the case there were a large number in the tombs for a Monday trial by Mayor Wright. Sunday night they found in some way a defective place in the brick wall and inmediately set to work making the aperture larger. This, they easily accomplished and were soon at liberty.

The escaped birds and their offences ate: Charles Fisher, colored, drunk and disorderly; Tom Roberson, cologed, drunk and disorderly; Emma Tiompson, disorderly conduct; and Jão. Sullivan, a sailor, for being drunk and disorderly.

All these filed out and up to last accounts have not been re-captured, but be police entertain but little doubt that they can be easily caught and emanded to the lock-up.
