The Texas storm has moved northeast and centrals to-hight over Missis sippi and Tennessee. It has caused generally heavy rains throughout the Southwest and thence northeast over the Mississippi and Ohio valleys and lower Lake sections. Rain continues in the latter sections, and snow is falling in the Missouri and upper Mississippi valleys. The pressure has fallen sharply, in advance of the storm, throughout the Atlantic coast States, while the temperature has risen in the same sections. An extensive but moderate co'd wave is following closely behind the storm, and covers the country from Texas northeast to

Yesterday morning the STAR told the story of the stoning of a car Tuesday night, in which Mr. Gafford, a passenger, was hit with a brick, and this is followed up by the attack made by a squad of four or five negroes last night near the corner of Ninth and Orange streets. The car was No. 4, in charge of Conductor Shaw, who was on the same car which was attacked several nights ago over in "Brooklyn." Messrs. E. V. Richards and Hardy Le-Gwin were passengers on the car last night, and incidentally noticed four or five negroes standing on the corner above named. On their approach the negroes fired five shots at the car, all the balls, fortunately, taking effect in the trucks and lower gearing. These gentlemen, with conductor and motorman, immediately jumped to the round and returned the fire on the negroes, who, after committing the

dastardly act, fled. They are not known and of course

CITIZENS AROUSED.

Large Mass Meeting of Business Men Held in the Court House.

EMPHATIC DEMAND

That the Editor of the Infamous Daily Record Leave the City and Remove His Plant-An Ultimatum Sent by Committee.

The negro daily, the Record, and its contemptible editor, and the press on which the vile sheet has been printed cannot continue in Wilmington longer. And never again shall negro rule dominate this city! That was the unanimous decision of representative white men of the city, assembled in a mass meeting nearly a thousand strong, yesterday. And every man of them stands ready to execute in detail the provisions of the resolutions which the meeting adopted, cost what

it may. At 7 o'clock this morning certain negroes will report to a committee representing the white citizens as to whether or not the provisions of the resolution will be peaceably complied with. If they are not hundreds of armed men will be called into service to force compliance.

The Mass Meeting.

That was indeed a great meeting at the court house yesterday. The spacious court room was literally packed with white men, representing the bone and sinew of this city. Then, too, there was, another great throng, almost as many again, just as true and just as good representatives of Wilmington's manhood, out in the wide lobby and on the stairway and landings, who could not get into the court room at all.

The meeting was called to order at a few minutes past 11 o'clock by unanimious call upon Col. A. M. Waddell to take the chair. Col. Waddell went forward to the Judge's desk and gracefully and in chosen sentences accepted the honor conferred upon him. He said it afforded him great pleasure to be called to preside over a mass meeting of white citizens of Wilmington after the remarkable campaign, the result of which was an assertion of the right of white men to have the supremacy. Representatives of the press were called upon to serve as secre-

Those who served were Mr. E. P. Bell, of the Chicago Record; Mr. N. O. Messenger, of the Washington Star; Mr. Augustus Kohn, of the Charleston News and Courier; Mr. T. W. Clawson, of the Wilmington Messenger, and Mr. William J. Martin, of the MORNING STAR.

Col. Waddell, as chairman, read the following resolutions which have no uncertain ring and were received with demonstrations of universal enthusiasm, to wit:

The Resolutions.

Believing that the Constitution of the United States contemplated a government to be carried on by an enlightened people; believing that its framers did not anticipate the enfranhisement of an ignorant population of African origin, and believing that those men of the State of North Carolina, who joined in forming the Union, did not contemplate for their decendants a subjection to an inferior

We, the undersigned citizens of the city of Wilmington and county of New Hanover, do hereby declare that we will no longer be ruled, and will never again be ruled, by men of African origin. This condition we have in part endured because we felthat the consequences of the war of secession were such as to deprive us of the fair consideration of many of our countrymen. We believe that, after more than thirty years, this is no longer the case.

The stand we now pledge ourselves to is forced upon us suddenly by a crisis, and our eyes are open to the fact that we must act now or leave our descendants to a fate too gloomy

While we recognize the authority of he United States and will yield to it f exerted, we would not for a moment believe that it is the purpose of more than 60,000,000 of our own race to which no Anglo-Saxon has ever been orced to submit

We, therefore, believing that we represent unequivocally the sentiment of the white people of this county and city, hereby for ourselves and as representing them proclaim: 1. That the time has passed for the intelligent citizens of this community, owning 95 per cent. of the property and paying taxes in like proportion,

to be ruled by negroes. 2. That we will not tolerate the action of unscrupulous white men in affiliating with the negroes, so that by means of their votes they can dominate the intelligent and thrifty element in the community, thus causing business to stagnate and progress to be

out of the question. 3. That the negro has demonstrated by antagonizing our interests in every way, and especially by his ballot, that he is incapable of realizing that his interests are and should be identical with those of the community.

4. That the progressive element in community is the white population and that the giving of nearly all of the employment to negro laborers has been against the best interests of this county and city and is a sufficient reason why the city of Wilmington, with its natural advantages, has not become a city of at least fifty thousand inhabitants. 5. That we propose in future to give

to white men a large part of the em-

loyment heretofore given to negroes,

ecause we realize that white families

cannot thrive here unless there are

more opportunities for employment for the different members of said 6. That the white men expect to live in this community peaceably; to have and provide absolute protection for their families, who shall be safe from insult or injury from all persons, whomsoever. We are prepared to treat the negroes with justice and consideration in all matters which do not involve sacrifice of the interests of the | mons and the State executive com- | for young men very soon.

intelligent and progressive portion of the community. But are equally prepared now and immediately to enforce meeting was also expressed to Col what we know to be our rights.

That we have been, in our desire for harmony and peace, blinded both to our best interests and our rights. A climax was reached when the negro paper of this city published an article so vile and slanderous that it would in most communities have resulted in most communities have resulted in the lynching of the editor. We dep-recate lynching and yet there is no punishment, provided by the courts, adequate for this offence. We, there-fore, owe it to the people of this com-munity and of this city, as a protec-tion against such license in future tion against such license in future, that the paper known as the "Record" cease to be published and that its editor be banished from this community.

We demand that he leave this city within twenty-four hours after the issuance of this proclamation. Second that the printing press from which the 'Record" has been issued be packed and shipped from the city without delay, and that we be notified within twelve hours of the acceptance or re ection of this demand. If the demand is agreed to, within

twelve hours we counsel forbearance on the part of all white man. If the demand is refused or if no answer is given within the time mentioned, then the editor, Manly, will be expelled by When the reading of the resolution

was concluded and the cheers had somewhat subsided Mr. S. H. Fishblate moved the following amendment: "That Mayor S. P. Wright, the Chief of Police and the entire Board of Aldermen be required to vacate This motion did not meet the ap-

proval of the meeting and was vigorously opposed by Mr. Geo. Rountree, Mr. Junius Davis and others, who counselled moderation and expressed confidence that the people would not let their enthusiasm run away with their reason in the commission of acts which would not meet with the approval of the outside world.

A motion by Mr. Geo. Rountree, providing that a committee of five be appointed to examine the resolutions and suggest such changes or amendments as they deemed best prevailed. And the following gentlemen were named by the chair: Geo. Rountree, Esq., Iredell Meares. Esq., Hugh Mc Rae, Col. Walker Taylor and Mr.

While the committee was out considering the resolutions Col. Waddell, in response to calls for a speech, said that the occasion was no time for speech making. The pot, he said, needs no more boiling, all that is needful now is for each citizen to quietly discharge his duty and not violate law and order unless forced to it. He said he was sure that when a person was notified that the people were sure it would be very much best for him to leave the city, he would

hasten to obey. There were calls for Hon. Jno D. Bellamy, whom Col, Waddell introduced as the Congressman from the Sixth district. He was received with great enthusiasm and made a brief but ringing speech. He thanked the people for their support, which assured to him the great honor of being elected to Congress-the first native-born Wilmingtonian to fill that high office. He advised moderation in every act. "The eyes of the world," he said, "are upon us. Any rash" act will reflect upon our conservatism.

P. B. Manning Esq., in a very excellent speech urged moderation and declared that the reason why the people of Wilmington had not avenged the Record's vile slander long before now was that in the presence of the great work of the campaign they had not had the time. "We could no more have stopped in the arduous work of the campaign to administer deserts to the negro Manly," declared Mr. Manning, "than could the Light Brigade have paused in their glorious charge on the battlefield of Balaclava to chastise a vile cur which chanced to cross their path." In speaking of Mr. Fishblate's resolution he declared that to adopt such a measure would be anarchy. The Legislature, said he, will soon meet and make a clean sweep of

the City Hall, from top to bottom. The committee to examine and report back the resolutions had returned to the court room when Mr. Manning concluded his speech. Mr. Rountree, as spokesman, reported the resolutions as read by Col. Waddell, with one subject us permanently to a fate to amendment. The whole was re-read and unanimously adopted amidst the greatest enthusiasm. The amendment

"It is the sense of this meeting that Mayor S P. Wright and Chief of Police Jno. R. Melton, having demonstrated their utter incapacity to give the city a decent government and keep order therein, their continuauce in office being a constant menace to the peace and welfare of this community, they ought forthwith to resign.

Executive Committee.

The mass meeting next authorized Col. Waddell to appoint a committee of twenty-five citizens to direct the execution of the provisions of the resolutions. The following committee was selected very soon after the meeting closed:

First Ward-S. J. Davis, Rev. J. W. Kramer, Frank Maunder, Fred Second Ward-Dr. Galloway, J. O.

Smith, Jno. E. Crow. Fourth Ward-Junius Davis, Esq. Iredell Meares, P. L. Bridgers, W. F. Robertson and C. W. Worth.
Fifth Ward—A. B. Skelding, F. A. Montgomery, J. R. Davis, B. F. King and D. W. S. Harvey.

Closing Features of the Meeting.

After the real purpose of the meeting had been fulfilled a number of resolutions of thanks were voted. The Democratic newspapers of the city were thanked for "the able and effective work done during the great campaign for the overthrow of Republican negro rule." Thanks were also voted the executive and campaign committees, to State Chairman Sim-

meeting was also expressed to Col. Waddell for service he rendered. It was past 1 o'clock when the meeting Good News Continues From All adjourned.

The Committee at Work. The commiftee representing the white citizens to confer with the negro leaders with regard to the provisions of the resolutions with reference to the removal of the negro paper and its editor, met at 6 o'clock in the S. A. L. building. A notice by Chairman Waddell had

been previously served on a number of negroes, requesting them to meet the committee a that hour, and about twenty-five reconded. .The text of the summons was: The following named colored citi-

zens of Wilmington are requested to meet a committee of citizens, appointed by authority of the meeting of business men and tax-payers held this morning, at 6 o clock this evening at the Merchants Association's room in the Seaboard Air Line building, to consider a matter of grave consequence to the negroes of Wilmington:
Dan Howard, Jno., Holloway, W.

E. Henderson, Lawyer Scott, Jno. H. Howe, J. T. Howe, Tom Rivera, Elijah Green, & C. Miller, Rev. Lee, David Jacobs, Parter Peaman, Wm. H. Moore, H. C. Green, Dr. T. R. Mask, Henry Green, John Gains, R B Pickens, J. H. Brown, J. Carrol, J. W. Lee, Brown & Pearson. Robert Reardon, John Quick, James Green, Alex. Kallett, Rev. J. W. Tel-fair, Richard Ashe, Joseph Green, David Jones, Fred Sadgwar, Dr. J. H. Alston.

By order of the committee A. M. WADDELL Col. Waddell, as chairman, in a very graphic and determined way, explained to the negroes the purport

of the resolutions and demanded their reply at the time specified by the mass meeting yesterday morning. He stated briefly that there would be no discussion of the master, and that the reply must be brief and conclusive. The negroes received the demands without comment and retired to consider the answer they should make to the propo-

The extent of the time given by the committee is 7 o'clock this morning and an answer is expected at that time. Some anticipated an earlier answer, but up to a late hour last night, however, no reply had been received. It was learned last night that the negro Manly is out of the city and

doubtless will never come back. And only the plant remains to be disposed of; and the STAR understands there is a judgment against that.

RALEIGH, N. C., Nov. 9.

Your correspondent visited the dif ferent political headquarters early this morning. All were found jubilant in Democratic quarters Secretary Thompson said: "We have heard nothing further this morning, but the news grew better all last night. It is glorious. We have swept the entire State. Small has beaten Harry Skinner, Thomas has downed Fowler. There is no doubt that Atwater has won by a big majority; Kitchin is re-elected by nearly two thousand; Bellamy and Kluttz have won easily and Crawford has certainly defeated Pearson. If the Democrats only received Fountain tickets in time then he has beaten the negro White." Sec. retary Thompson thinks Lovell has defeated Linney in the Eighth. It certainly looks that way now, but th Eighth is close. The majority for the judges cannot fall below 25,000 Apparently the only solicitor the Fus onists have any hope of saving from the wreck is Marsh Mott. His is a Republican district and he may have

A GREAT SPEECH.

Maj. Chas. M. Stedman Entranced Crowd at Greensboro. A Great Demonstration at Its Close.

Greensboro Record. There have been good speeches and good speeches delivered in Greensboro his campaign and it is even hard now to say which was the best, taken all around, but that delivered by Maj. Stedman on Saturday night in the Court House was a hummer and no

Maj Stedman is different from al most all those who have spoken. He has a distinct individuality, a magni-ficent voice, though Saturday night he had very bad cold, and his way of

putting the issues of the fight was new and most interesting. He first took up the state of affairs immediately after the war when he came home from Appomattox and found everything in ruins. After turning things over in his mind and trying to see what was best, in his opinion, for the country, he cast his lot with the Democratic party and from that day to this has never scratched a ticket.

Then in order to more forcibly con

trast the two great parties he went hurriedly over the days of reconstruc ion, recounting the deeds of the legislature of '68. Not a scrap of paper' did he have, but these things were so indelibly impressed upon his memory that he rattled off the figures without a break, while his way of doing it was entirely new making it interesting to even those who have heard the ground covered often this campaign His arranignment of the Republican party and the history of the formation of the Populist party and final outcome of the fusion deal was handled in a most charming manner. And through it all there was not one word of Shuse for any one, rather was it

pity and sympathy for those who have been decieved and led away by the demagogue and pie hunter He was cheered and cheered throughout his speech of just an hour-Nearing the close of his argument the speaker rose to heights of eloquence, olding his hearers spell bound for sinutes at a time, and then would come the most deafening cheers and t lits close almost the entire crowd pressed around him and shook his

and. But this was not all—there was a perfect demonstration after he had quif speaking, the vast crowd rising in heir seats and yelling themselves hoarse, keeping it up during the hand
