"SIDE TRACKED" FRIDAY

A discussion of the above resolution esulted in the adoption of the following, to wit. before the Board in the interest of Mr. J. F. Garrell and protested against the awarding of the contract for supplying fresh meats to the Hospital to Mr. I. B. Rhodes, contending that Mr. Garrell had submitted a lover bid in ample time for consideration. It seemed that the chairman had previously, by consent of a majority of the members of the Board, given the contract to Mr. Rhodes on recommendation of Dr. Fife, who was of the opinion that the bid of Mr. Rhodes was lowthan that of Mr. Garrell on articles used at the Hospital. Col. Moore also contended that Mr. Garrell's bid was submitted too late for consideration at the time the contract was awarded. After an ani-

notice that he, both as a taxpayer and as counsel for Mr. Garrell, protested against their course on the ground that bids had not been advertised for and that his client's bid was really the lowest. He asked that a record to this effect be placed on the minutes of the meeting and intimated that he contemplated entering suit to break the

Contracts for furnishing various hospital supplies were awarded as follows: Messrs. Sternberger Bros., groceries; Mr. Mike Carroll, milk; Mr. R. R. Bellamy, drugs; Warren's Vienna bakery, bread; Messrs. J. A. Springer Co., coal; Mr. R. H. Savage, wood; Standard Oil Company, oil; Carolina Ice Company, ice.

The resignation of Dr. Fife as perintendent of the City Hospital was read by Col. Moore. Members of the Board manifested a strong desire to induce Dr. Fife to withdraw his resignation, but the doctor, who was present, insisted that he could not continue in the service longer than a successor could be secured and initiated. The resignation was therefore accepted. It

read as follows, to wit: To Col. Roger Moore, President Board of Managers, City Hospital: SIR.—The time has come when must tender my resignation as superintendent of the Hospital. It will be impossible for me to continue the work as it should be done without more competenthelp and appliances; also it offers no prospects for advancement as I had hoped it would, and self advancement in my professsion is my desire at pre-sent. Moore stated that when he re ceived Dr. Fife's resignation several days since, he addressed a letter to the Board of Regents advising them of the situation and asking them to recommend a suitable man to succeed Dr. Fife. He read a letter from Dr. Love, as Secretary of the Board of Regents, in which Dr. R. S. Turlington, a native of Wilmington, now a practicing physician in Bennettsville, was recommended. Several letters of endorsement accompanied the recommendation. The Board of Regents also recommended that Miss Bunting Frederick be promoted to the position of head nurse at the hospital.

After discussion, the Board of Managers decided to postpone the election of both the superintendent and head nurse until next Monday. Dr. Fife was asked in regard to the need for a head nurse and gave it as his opinion that it would be best to have none.

Mr. James M. Hall, son of Dr Wright Hall, of this city, appeared before the Board as a candidate for the position of druggist and interne at the hospital. Letters from Dr. Werten baker, Dr. Fife and the Board of Regents recommending both the creation of such an office at the hospital and Mr. Hall as the incumbent were read. Mr. Hall was given every assurance that his prospects are bright, and the matter postponed until the meeting next
