Senator Bacon, of Georgia, spoke in support of his resolution declaring that the United States government should not assume sovereignty over the Philippine islands. — War has broken out in the Samoan islands, provoked by this action of the German consul; a battle followed: Apia was looted and destroyed; the foreign residents were placed under the protection of a British ship; in Washington the situation is regarded as very grave. — Resolution introduced in the N. C. General Assembly looking to the impeachment of W. L. Norwood, of the Superior Court, for drunkenness, was reported to committee to investigate. — An infantry regiment left Savannah yesterday for Cuba; the Second artillery will sail to-day for Havana. — The anti-dispensary forces from Fayetteville were defeated in the hearing before the House committee. — The anti-Quay Republicans and Democrats in the Pennsylvania Legislature called together for conference; the feeling between the candidates for Senator and their followers is intense. — New York markets: Money on loan steady at 2 1/2 per cent., the last loan being at 2 per cent.; cotton steady, middling uplands 6 1/2; flour very quiet, with winter straight a shade lower to sell; wheat—spot firm, No. 2 red 80 1/2@80 3/4; corn—spot firm, No. 2 43 1/2@43 3/4; rosin dull, strained common to good \$1.37 1/2; spirits turpentine dull at 44@44 1/2.

The coal trusts and the thermometer are always pulling against each other. Whenever the mercury goes down the coal trusts go up in their prices.

About 400,000 public officials are gnawing the life out of France, for they have to be fed and they expect to get their living out of France. It takes about \$125,000,000 a year to do it.

Allegheny county, Pa., is terribly afflicted. According to the local health-agents, they have up there in addition to lesser ailments "new-monia," "inflammation of the brain," and "febrile infantum."

A Georgia paper says the Third Georgia regiment is at last at sea, on the way to Cuba. The administration is also somewhat at sea and would like to have somebody pilot it out of this business.

A number of prominent colored men in Tennessee are working up a scheme to colonize Southern negroes in the West. Schemes like that have been tried before, but they generally fizzled out before they got well under way.

Whatever action be taken in Alabama in reference to the suffrage question the papers insist that payment of poll-tax must be a sine qua non, and that while it might somewhat reduce the number of ballots cast it would largely increase the State's revenue.

A German major who has been in the Philippines, thinks the U. S. Government has assumed a large sized contract in undertaking to govern them. But the contract hasn't been closed yet. The people of this country will have something to say about that.

Rev. Thomas Dixon has concluded to abandon the role of independent preacher and return to the Baptist pulpit. He says his experience while going alone didn't pan out according to expectations. He made the mistake of mixing too much politics with his preaching.

Theories are all right until some fellow comes along and knocks them out. A New York man who had the grip for four years in succession escaped it this year because he says he kept his feet dry, and now feels sure that the disease is contracted through the feet. And right on top of this another fellow comes along and says he has had the grip for five years in succession, and wears two wooden legs. This seems to knock the legs from under the foot theory. But as a rule it is a good thing to keep the feet dry and warm and the head cool.

They have some gormandizing crocodiles in the South Philippine islands. One was recently killed which had shortly before that made a meal of a fisherman who fell in his way, and the fisherman happened to be the father of one of the young men who slew the gormandizer. The identification was made by a ring and belt buckle, while the crocodile didn't think worth while to chew up. This was the first information the young man had of what had become of his sire who left home that morning without any expectation of furnishing a lunch for a crocodile.

A rule has been adopted by the public school management of Chicago which prohibits the employment of married women as teachers in the schools. The president of the school board considers such employment as "encouraging male parasites," the presumption from this being that the husbands of such teachers are loafers who depend on their wives for support. If this be a good reason, wouldn't it apply with equal force against employing married women in any vocation.

Albert W. Beveridge, of Indiana, who will succeed Senator Turpie, is another self-made man. As a youth he worked as a plow-boy, afterwards in a lumber-camp and grading railroads, and thus, with afterwards selling books, earned money enough to pay his way through school and college.

An American steel rail concern has just received an order for 35,000 tons of rails for Australia, in competition with the world, and yet our rail-makers cannot get along without "protection."

Some of Admiral Dewey's relatives still insist that he is a Republican. Well let it go at that. Even the sun has his spots. In view of his distinguished services he may be forgiven for this.

The burglar industry in St. Louis has its solemn features too. One of them the other night robbed a coffin shop, and he wasn't hankering for a coffin either.

Relics Spanish-American War.
Mr. C. D. Foard has on exhibition in the show window of his hardware store on Front street, two interesting relics of the late war with Spain. One is a genuine Mauser rifle and was picked up on the field after the battle of El Caney. The other is a scabbard used by Spanish cavalrymen and was also picked up after the battle of El Caney. They were sent Mr. Foard by a friend in New York.

GENERAL ASSEMBLY.

Large Delegation from Fayetteville Interested in the Dispensary Law.

NEW BILLS AND RESOLUTIONS.
Bills Passed to Increase Number of Commissioners in Hertford and to Allow Bank of Fayetteville to Reduce Its Capital Stock.

[Special Star Telegram.]

RALEIGH, N. C., January 18.—The House met at 10 o'clock. Prayer was offered by Rev. Dr. J. D. Huffman, of Henderson. The following bills having been enrolled and signed by the President of the Senate, were also signed by the Speaker, and thereby became laws: Act to authorize issue of bonds by Reidsville; act relating to protection of fish in Alleghany county; act incorporating St. Luke's Circle of King's Daughters, Raleigh; act in regard to working roads of Washington county; act providing for investigation of Penitentiary management; act amending charter of Bingham School; resolution in regard to the Worth Bagley monument.

Six petitions were presented, as follows: Against Morganton graded school; in favor of Fayetteville dispensary; in favor of extending the limits of Hickory; against stock law in Northampton; in favor of the First National Bank of Gastonia; against repeal of law prohibiting fishing with nets in Albemarle sound.

Of the twenty-six new bills and resolutions introduced, the following are of general interest and importance: By Curtis of Buncombe: To appoint a committee to investigate and report whether articles of impeachment should be prepared against Judge Norwood.

By Gilliam of Edgecombe: To pay solicitors a salary of \$2,000 annually, instead of paying fees.
By Boggs of Catawba: To require the elementary principles of agriculture to be taught in public schools.
By Johnson of Sampson: To prevent removal of certain cases from State to Federal Courts.
By Rountree of New Hanover: To amend the law in regard to official bonds of county officers.
By Gettys of Orange: To amend the law in regard to giving security in criminal actions.
By Overman of Rowan: To amend the law touching payment of mortgage in case of mortgagee's death.

By Boushall of Wake: To amend charter of the city of Raleigh. The two resolutions adopted were as follows: By Overman of Rowan, to investigate the number of assistants employed by the engraving clerk; by Craig of Buncombe, to appoint a committee to recommend trustees for the University.

In the Senate.
Among the bills introduced in the Senate are the following: Senator Bryan: To incorporate the city of Newbern. Senator Williams: To declare Lower Little River, in Cumberland county, a lawful fence. Senator Goodwin: To prevent removal of cases from State to Federal courts. Senator Smith: To provide for primary elections and conventions by political parties. Senator Robinson: To increase the number of commissioners in Sampson county. Senator Glenn: To incorporate the State Veterinary Association. Only two bills of importance were passed. To increase the number of commissioners in Hertford county; to allow the bank of Fayetteville to reduce its capital stock from \$300,000 to \$100,000.

A large delegation of people from Fayetteville have been here all day before the House committee on propositions and grievances, in regard to the dispensary law. The hearing lasted from 2 to 7 o'clock and then from 8 to 11 o'clock. At its conclusion the committee decided to report favorably all amendments asked for, except that of submitting the bill to a vote of the people. This is a defeat of the anti-dispensary forces.

WORK WILL COMMENCE TO-DAY.

The Old First National Bank Building to Be Torn Away.

The STAR is reliably informed that the work of tearing away the old First National Bank building on Front street, between Princess and Market, preparatory for the erection of the proposed splendid new Masonic Temple, will be commenced to-day and pushed as rapidly as possible until the lot is cleared and ready for the Temple foundation excavations. The work will be done under the supervision of the architect, Mr. McMillan, and not given out to contractors as was recently advertised. All bids for tearing away the old building were rejected. A prominent Mason said last night that bids for the erection of the new Temple will be advertised for within the next two weeks.

The Daughters of the Confederacy.

The annual meeting of the Cape Fear Chapter Daughters of the Confederacy will be held this afternoon, at 4 o'clock, in the assembly room of the W. L. I. armory. It will be an especially important meeting, inasmuch as officers for the ensuing year are to be elected.

COMMITTEE APPOINTED.

BY MR. W. E. SPRINGER.
In Compliance With Resolutions Adopted at Meeting Tuesday Night—They May Meet To-day.

Mr. W. E. Springer announced his appointment yesterday afternoon of the committee provided for by the resolutions adopted in the meeting held at the Court House Tuesday night. It will be remembered that the last clause of the resolutions provided for the appointment, by the chairman, of a committee of two citizens from each ward, whose duty it should be to present the resolutions adopted, to the New Hanover Representatives in the General Assembly and the Board of Aldermen at once, and take such other action in furthering the purposes of the meeting as they may see proper to do.

The following is the committee, to-wit: First Ward—Capt. John Barry and Mr. Frank Maunder. Second Ward—Mr. Jos. D. Smith and Dr. W. C. Galloway. Third Ward—Mr. Jas. A. Fore and Mr. R. B. Bellamy. Fourth Ward—Fredell Meares, Esq., and Capt. Jno. L. Boatwright. Fifth Ward—Mr. B. F. King and Mr. Duncan McEachern.

It is probable that the committee will be called together to-day or to-morrow. Mr. Springer is ex officio chairman.

The STAR is requested to announce that citizens who endorse the resolutions adopted by the meeting held at the Court House Tuesday night and desire to sign them, will find copies for signatures at W. E. Springer & Co.'s hardware store, on Front street; W. C. Munds' drug store, corner Fourth and Campbell streets, and at W. H. Green's drug store, corner Sixth and Castle streets.

DEATH OF A CHRISTIAN LADY.

Mrs. Etta McKinnon Passed Quietly Away at Her Home in This City Yesterday Afternoon.

The STAR announces with profound sorrow the death of Mrs. Etta McKinnon, the beloved wife of our esteemed townsman, Mr. Neill McKinnon, which occurred at the family residence, No. 510 North Fourth street, yesterday afternoon about half past one o'clock.

Mrs. McKinnon was about 40 years of age and for a long time had been a consistent and valued member of St. Andrew's Presbyterian church. A little more than a week ago, she was taken ill with the grippe, which later developed into typhoid pneumonia. It was, however, only during the past few days that her condition was considered serious, but despite the best of medical skill and the most careful attention she gradually grew worse until the final summons came yesterday afternoon.

A husband and two small children, aged one and five years, respectively, survive her, and together with her brother, Mr. W. J. Smith, who arrived from Charleston, S. C., yesterday afternoon, have the sympathy of a wide circle of friends.

In her death the husband and little children have lost a kind and affectionate wife and mother, and her church and the community a beautiful Christian character.

The funeral will be conducted this afternoon at 3 o'clock from St. Andrew's Church by the pastor, Rev. A. D. McClure. The interment will be made immediately afterwards in Oakdale cemetery.

COMPLIMENTARY TO MR. HOGAN.

Stag Party Given by Friends Last Night. Leaves To-day for Porto Rico.

Mr. Dan. Hogan has resigned as manager of the Singer Sewing Machine office in this city and will leave to-day for New York. He will sail on the 27th inst. for Porto Rico, where he will locate.

Last night at the residence of Mrs. W. T. Daggett, 407 South Front street, an enjoyable stag party was given in his honor by Messrs. B. O. Stone, Fred. M. Fulford, W. A. Caldwell and Charles Ferguson. Aside from the usual round of pastimes, a delicious supper was served. Mr. Stone was toast-master and a number of appropriate toasts elicited hearty responses.

A host of friends in Wilmington regret exceedingly to lose Mr. Hogan from their midst. They, however, wish for him that degree of success which his enterprise and efficiency abundantly merits.

BROOKLYN BAPTIST CHURCH.

Call to Pastorate Extended to Rev. W. H. Rich, of Thomasville, N. C.

At a meeting of the members of the Brooklyn Baptist church, held Tuesday night, a call to the pastorate of that congregation was tendered to Rev. W. H. Rich, of Thomasville, N. C. It is not yet certain that Mr. Rich will accept the call, though the congregation is exceedingly anxious to secure him for pastor of the church.

He is at present the pastor at Thomasville Orphanage and of course would have to abandon his work there to accept the call of the Brooklyn Baptist church. The congregation had the pleasure of hearing Rev. Rich on the second Sunday in this month and were very favorably impressed.

SALE OF SEATS OPENS TO-DAY.

"Side Tracked" the Attraction at the Opera House Friday Night.

"Side Tracked," the comedy which appears at the Opera House Friday night, has been considerably improved and strengthened this season, so that it is said to be one of the strongest attractions of its class now on the road. The ludicrous climaxes which follow each other in rapid succession are entered into with such zest by the cast that the audience is kept in a merry mood from start to finish.

E. H. O'Connor, as the Tramp, and Gertrude Barnes, as the Lunch-room Girl, are a whole show within themselves, and create no end of fun. The cake walk of Miss Barnes and Mr. W. H. Healy, the Irish Policeman, is one of the most killing things imaginable. The specialties are of the highest order and crop out at every opening.

The sale of seats opens this morning at Gerken's, and indications are that there will be a large reservation of seats.

TOBACCO RAISING IN COLUMBUS.

Steps Being Taken for More Extensive Cultivation—Tracking Interests.

VINELAND, N. C., January 18.—The citizens of Vineland and surrounding country held a meeting here yesterday, the 17th inst., for the purpose of discussing the question of raising tobacco. Several experienced tobacco growers were present and spoke very favorably of lands in this section for this purpose, stating that there were no better in the State. They also gave some instructions with regard to planting, cultivating and curing. From present indications there will not be less than 400 acres planted the coming year in this vicinity. A tobacco warehouse will in all probability be built here for the sale of the leaf. Those who planted last year gave very encouraging reports, and nearly all will double their acreage this year. Another meeting will be held Saturday, January 21st, for the purpose of completing the permanent organization of a "Tobacco Growers' Association." Preparations are also being made for engaging in the trucking interests more extensively.

THE FUNERAL OF MR. FRED. RHEINSTEIN.

Conducted at 3.30 o'clock Yesterday Afternoon from the Residence—A Long Funeral Train.

The funeral of the lamented Frederick Rheinstein was conducted in accordance with the impressive Hebrew obsequies yesterday afternoon at 3.30 o'clock from his late residence, 514 Market street. The services were conducted by Rev. Samuel Mendelsohn, D. D., rabbi of the Temple of Israel, and there was in attendance a large concourse of people, including many of the foremost business men of the city. Indeed, it was one of the most largely attended funerals which has occurred in Wilmington for a long while.

Dr. Mendelsohn held a short and appropriate service in the home, after which the remains, attended by an unusually long funeral train, were carried to Oakdale cemetery for interment.

The honorary pall bearers were Mr. A. Weill, Mr. N. Jacobi and Dr. Geo. G. Thomas. The active pall bearers were Mr. A. Shrier, Mr. Wm. Goodman, Mr. I. Greenwald, Mr. A. David, Mr. Samuel Bear, Jr., and Mr. D. J. Aaron. The floral tributes were numerous and beautiful.

After the interment the friends of the family returned to the Rheinstein residence where, in accordance with Jewish custom, prayers were held with the bereaved family for the repose of the dead. This service will be repeated to-day and to-morrow at about 8.30 A. M.

IMPROVEMENTS CONTEMPLATED.

Club House and Athletic Grounds of O. A. N. Club—Meeting Last Night.

There was an important special meeting of the O. A. N. club last night at the St. James Parish house. There was a good attendance. Dr. Strang presided and Mr. W. C. Crow served as secretary.

The club provided for the accumulation of a sinking fund and decided to make extensive improvements at their athletic grounds, corner of Ninth and Orange streets. The work of grading and leveling up the grounds is now in progress and a base ball diamond and a tennis court are to be made.

A committee was appointed last night to investigate and make a report at the next meeting as to what improvements are needed in the club house. Decided improvements are contemplated in the near future.

The regular, bona fide circulation of THE MORNING STAR is much larger than that of any other daily newspaper published in Wilmington.

HIGHWAY MONOPOLY.

We have worked the Cigar business as we have done the Cured Hog Product, and have succeeded because the goods were notoriously superior to anything ever offered the retail trade before in quality, style, and equal to what was sold for 50 cents—hence our success—but as but the goods were meritorious, so we are called "Monopoly." We do however, with pride, say we will sell a half million of these Cigars this year and lose the consumer's trade.
