There were during the past week number of successful entertainments and other events which contributed much to the pleasurableness of life in Wilmington. Many of them have been reported from day to day in the STAR. Among those not previously mentioned was a delightful luncheon by Miss Mary Jennings Bellamy on Wednesday night after the presentation of "Rosemary" at the Opera House by Otis Skinner. Those who shared Miss Bellamy's delightful hospitality were: Miss Dalla Clark, Miss Loise Wright, of Norfolk, Miss Lola Martin, Miss Hattie Bellamy, Miss Lilla Bellamy, Mr. Fred Dick, Mr. Clayton Giles, Jr., Mr. Warren Johnson, Mr. Nash DeRosset, Mr. Mike Schanck and Mr. Jno. AN INTERESTING GAVEL.

Made of Part of Record Office Imposing Table-Presented to the White Laborers' Union.

> An artistically designed gavel, made from a leg of the imposing table in the late negro Daily Record office, wrecked on the morning of the riot, will be presented to the White Laborer's Union at their next meeting by the employes of the Wilmington Iron

Works. The presentation is made through Mr. N. J. Shepard. A prominent member of the Laborer's Union told a member of the STAR staff yesterday afternoon that the union has recently procured permanent positions for sixty-six white men with various enterprises in the city, not including numerous odd jobs of a temporary character provided for many others. They now have an order to fill fifteen permanent positions with a leading manufactory during the present week and anticipated no trouble in finding good men for these positions.

FIRST, SNOW OF THE SEASON.

Pell in Wilmington Yesterday—Heavy Snow in Every Direction.

The first snow Wilmington has experienced this season was on yesterday. It melted almost as fast as it fell' so that small boys and others who may have so desired had but little opportunity to wage war with snow balls. The first snow was about 3 A. M. and then again about 2 P. M. there was another fall, so that probably altogether the depth would have been more than an inch had it not melted so rapidly.

The incoming trains both from the north and the south yesterday morning were covered with several inches of snow.

Mr. Cliff. Cohen told a member of the STAR staff last night that when he left Washington, N. C, yesterday morning at 5 o'clock there was four inches of snow and it was still snowing. He found six inches of snow at Plymouth. nine inches at Tarboro and twelve inches at Rocky Mount, and it was still snowing at all those points.

Here's a Solar Plexus Blow.

After careful inquiry it has been ascertained that if every registered vote (Democrats, Populists and Republicans) not cast in the recent election in the Sixth Congressional District were added to the vote received by Colonel Office Hunter Dockery, Hon. Bellamy would still have a majority In Dockery's notice of contest he enumerates the imaginary cutrages committed by the Democrats and says they "thus deprived me of th usands of votes and prevented my election." We'l, what will the Office Hunter say now when he discovers that if he had actually received the "thousands of votes" of which he was "deprived"every registered vote not polled-he would still have been defeated?

Street Gar and Road Cart Collided.

A horse belonging to Mr. B. F. King, of the King Grocery Company, which was attached to a road cart and left carelessly by a driver on Second street, between Chemut and Grace streets, wandered down to the intersection of Grace and Front streets yes terday morning and was struck by one of the cars of the Street Railway Company. The cart was completely demolished and the horse was slightly crippled by being thrown to the street from the force of the collision.
