It is said that Germany has made a dicker with Spain for the Caroline islands, and that the trade has been closed.

Schlatter, "the divine healer," who has been lost and dead several times, is now performing in New York.

The Governor of Montana has vetoed the bill legalizing prize fighting. — He gave it the solar plexus dab, so to speak.

Admiral Dewey may be looking pale as reported, but he is making the other fellows who run up against him feel blue.

The Czar's peace congress will meet at the Hague, on the 18th of May, to palaver over the disarmament hoax and drink some wine.

A New York paper has a long editorial on the art of horse-breaking. The fellows who are now furnishing New York with horses in sausage form have it down fine.

The Cuban army must have been composed of a pretty rough set of fellows, or the officers must have been a no account set, when it took one officer to command two privates.

There are eighteen provinces in China, embracing an area of 1,312,328 miles, with a population of 383,253,029 people, waiting for the land-grabbers.

It is said that many of the Filipinos are sorry they entered the shooting match with the United States. There isn't as much fun in playing target as they thought there was.

Some men do not have to be knocked down and beaten with a club to take a hint. The Boston preacher who found himself locked out of his church and resigned was one of that kind.

It is said that the Filipinos get their supplies of arms and war munitions from a company in Hong Kong. The company is composed of men belonging to half a dozen different nations, the dodge being if complaint is made to shift the responsibility from one to another.

A flyologist informs us that a fly lays four times each summer, thirty eggs each time, and that the third product of the season's work for this fly and her progeny are 2,080,320 flies. When the flies are not laying eggs they are laying for the bald-headed man and other attractions.

It doesn't make much difference about the age of a horse when he is converted into sausage. With pounding, mashing and the condiments they put in, you couldn't tell the difference between a twelve-year old steamer and a spring colt. It is said that scores of horses reach New York by the sausage route.

LOCAL DOTS.

—The steamer *George W. Clyde* came in from New York on her regular trip yesterday morning.

—The official vote of the city primary held Monday may be found in the advertising columns of to-day's STAR.

—The river steamers *Hawes* and *Hurt* were down yesterday morning and went up on their regular schedules in the afternoon.

—The Piano Club of the Wilmington Musical Association will meet at 11 A. M. to-day at the residence of Col. A. M. Waddell.

—License for marriage was issued yesterday to two colored couples, Jos. Bryant to Elyvia Long and Edward Green to Bertha Livingston.

—The tug *Imperial*, with a flat in tow, will be down from Fayetteville to-day in place of the *Driver*, which, after completing repairs will resume her regular run to-morrow.

—Cape Fear Lodge No. 2, I. O. O. F., conferred the second degree on a candidate last night at the regular meeting. Wilmington Lodge will confer the third degree next Thursday night.

—Monroe Cogdell, colored, was arrested by the police late yesterday afternoon for the larceny of a quantity of meat from one of the stalls at the New Market. He will be tried by Mayor Waddell to-day at noon.

—A typographical error in the report of the city primary published in yesterday's STAR made the vote of Mr. W. E. Springer for alderman in Second ward appear 211, when it should have been 311. Mr. Springer having led the aldermanic ticket by nearly 100 votes.

—The Laborers' Union met last night at its headquarters in Hibernian hall, but no business beyond that of urging members to work for the nomination of the Union's candidates for aldermen in the Fifth ward at to-day's primaries was transacted. An adjournment was taken, subject to the call of the President.

GOING FOR THE MANILA.
Captain Harper Will Leave for New York Friday to Bring Down His New Boat.

On Friday Capt. J. W. Harper, accompanied by Engineer Philip Platt and others, expects to go to New York for the purpose of bringing Capt. Harper's new boat, the *Manila*, to this port, to be run in connection with the steamer *Wilmington* in plying between this port and Southport.

He expects to reach this city on the return trip some time next week and will personally pilot the boat down the coast from New York.

Yesterday Capt. Harper received a telegram from Capt. Leta D. Potter, formerly of Southport, but now of New York, saying that he had just tested the *Manila*, according to Capt. Harper's request, by a run up the Hudson river and pronounced her thoroughly "O. K.," staunch in every detail and fast as could be desired.

The *Manila* is a brand new boat 70 feet long with a 15 foot beam and compound engines. She is admirably designed for passenger and freight service, and is expected to render acceptable aid to Capt. Harper in handling the increasingly large crowds of excursionists who patronize this resort during the seaside season.

The March meeting of the Board of Directors of the Merchants Association will be held at 3:30 o'clock this afternoon in their office in the Seaboard Air Line building.

EASTERN DISTRICT CRIMINAL COURT.

Only Petit Cases Called for Trial Yesterday—Nine Negroes and Two White Men Arraigned.

The second day's session of the New Hanover term of the Eastern District Criminal Court was characterized by no trials or incidents of especial interest. There was the usual routine of cases in which petit offences were charged and in most instances proven.

The court was convened at 9:30 o'clock and the following cases were disposed of, to-wit:

Bill Oldham, colored, larceny, guilty; no sentence.
Pat Murphy, colored, larceny; guilty; three years in the penitentiary.
Jno. Williams, colored, larceny; not guilty.

Elese Williams, colored, injury to personal property; guilty; judgment not pronounced.
Chas. Cronly, colored, assault and battery with a deadly weapon; submitted and the defendant discharged.
Annie Lewis, colored, affray; guilty; six months in county house of correction.

Lewis Clinton, colored, perjury; not guilty.
J. E. Lewis, assault and battery with deadly weapon; submitted; judgment suspended on the payment of costs.

Alex. Mazingo, carrying concealed weapons; guilty; judgment reserved.
Nathan Hawkins, colored, larceny; twelve months in the penitentiary.

The court took a recess yesterday afternoon until 9:30 A. M. to-day. No cases of interest are docketed for trial until to-morrow, when Ed. Haywood, colored, will be tried for his life on the charge of burglary.

HEAVY DOCKET YESTERDAY.

Three Cases Sent Over by Mayor Waddell to the Criminal Court—Other Cases Tried.

Ten cases were tried by Mayor Waddell at yesterday's session of the municipal court and three of the number were sent over to the present session of the Circuit Criminal Court for trial.

The charge in each of the three cases was larceny, and the defendants were Henry Hill, col., for stealing a lot of clothing from L. T. James, a boarder at Mrs. Hankins' house on Market Street; John Henry alias "Fair," the negro youth arrested by Policeman Wells Saturday night for stealing fruit, from Mr. A. S. Winstead's confectionery store on Second street, and Nathan Hankins, colored, for stealing a chicken from a coop in front of Mr. S. W. Sanders's store. Each was committed in default of \$50 bond for appearance at court.

Henderson Hayes, a negro who is before the court frequently, was put to work on the streets for thirty days for being drunk and disorderly. G. Nelson, for a similar offence, was committed for ten days.

Ben Wilkins, a "Brooklyn" negro, was let off with the costs in a case for raising a disturbance with his wife yesterday morning.

Nicholas Drellepin, a sailor on one of the Norwegian barques now loading here, was committed for ten days at the suggestion of the captain, who informed the Mayor that he was unable to control him while in port, but would pay the costs and take him aboard.

Three other cases of minor importance were either dismissed or continued.

THE PRIMARIES TO-DAY.

Will be Held for Nomination of Aldermen in Fifth and Members of Executive Committee in Second Ward.

As was stated in the STAR of yesterday, a second primary will be held to-day in the Fifth Ward for the nomination of two Aldermen and also in the Second Ward for the selection of two members of the City Democratic Executive Committee, the voters in these wards having failed to make nominations for these offices in the primaries held on Monday.

In the Fifth Ward, at the first primary, there were six candidates for alderman and under the ruling of the Executive Committee the four for whom the highest ballot was cast, viz: Messrs. F. A. Montgomery, Jno. J. Bell, J. C. Walton and C. C. Parker, will have to run over again, the other two candidates, Messrs. J. M. McGowan and M. G. Tienken, being declared ineligible to enter the second contest. The same officers as on Monday, will preside at the polls to-day, and the returns will be made regularly to the executive committee, which will meet to-night at the City Hall for the purpose of declaring the vote.

In the Second Ward only candidates for members of the city Democratic Executive Committee will be voted for and these returns will also be duly made to-night.

The registration books were open yesterday all day at the polling places in the different wards, but the registration was very light and in some of the wards not a registration was made during the entire day. So far, not a Republican vote has been registered. The books will close the day prior to the election, on next Thursday, 23rd.

The March meeting of the Board of Directors of the Merchants Association will be held at 3:30 o'clock this afternoon in their office in the Seaboard Air Line building.

A POISONING CASE.

Inquest Begun Yesterday Over Body of a Colored Woman Found Dead in Her Room in "Brooklyn."

Coroner Richard J. Price was summoned yesterday morning to hold an inquest over the body of Maria Chavers, a middle-aged colored woman of dissolute habits, who died suddenly and under rather peculiar circumstances the night previous in her house in "Blood Block" alley, leading from Fourth between Brunswick and Bladen streets.

A jury composed of Justice J. M. McGowan, foreman and Messrs. Geo. Harris, Jr., A. E. Peschan, Charles E. Lewis, J. M. Chesnut and Dr. T. B. Carroll, was empanelled to inquire into the circumstances of the death, and after a session lasting almost during the entire day, an adjournment had to be taken until 9 o'clock this morning to hear further testimony and allow time for an autopsy, which was ordered by the jury to be held this morning by Dr. McMillan and Coroner Price.

The evidence thus far submitted shows that on Sunday last, the deceased went over to the Powers & Gibbs Co.'s factory across the river, and while there had a quarrel with another colored woman named Sallie Bedencourt, and that the Bedencourt woman made threats that she would poison the deceased.

Further testimony developed the fact that on Sunday night the deceased was very drunk and had to be assisted home by two colored men, the identity of whom the jury so far has been unable to determine.

Her mother testified that Monday night she became violently ill and that early yesterday morning she became delirious and died very soon thereafter and so far as she was able to say, before her death the deceased displayed every symptom of being poisoned. Her testimony was corroborated by Dr. Price, who stated, after an examination of the body, that there was evidence of poisoning.

The ante-mortem statement of the deceased, to the effect that she believed she had been poisoned, was also introduced as evidence.

As soon as these facts had been developed, Coroner Price at once issued a warrant for the Bedencourt woman and she was arrested by Deputy Sheriff Flynn yesterday afternoon and brought over from Powers & Gibbs factory and held in the sum of \$100 until a verdict is rendered. She has retained Herbert McMillan, Esq., as counsel and he will appear for her at the investigation to-day.

1899 BASE BALL SEASON.

Plans on Foot to Have Some Great Games in Wilmington—A. C. L. Team Organized Last Night.

Already plans are being laid for an interesting base ball season in this city. The old A. C. L. team will be reorganized for the season's sport and the O. A. N.'s will more vigorously than ever contend with them for the laurels of local championship. So that lovers of this popular game may well anticipate some fine games.

Last night the A. C. L. team met and elected Mr. James Sinclair, manager; Mr. W. S. Bernard, secretary and treasurer, and Mr. H. L. Sanders, captain. Mr. Sanders is an experienced base ballist, and being quite a favorite among the boys, will doubtless prove a good leader. While the personnel of the team is not yet made up it is safe to say that Page and Sellers will officiate behind the bat; Sweeney, Bagg and Persall will do the twirling; Sinclair or Rose will cover the first base; E. Jones, the second base; Onslow, the third base; Bigdod, short stop; B. Jones, left field; Gensaut, center field, and Sanders, right field.

Several other boys who play good ball or are of the "stuff" which develops into good players, have applied for membership. The boys say they will certainly have a "crack-a-jack" team. Practices will begin at Hilton Park very soon and by May 1st the A. C. L.'s and O. A. N.'s will be fighting hard and fast for supremacy.

OLD HOMESTEAD QUARTETTE.

Concert Last Night Afforded Delightful Entertainment to a Large and Cultured Audience—Next Attraction.

A large audience shared a rare musical treat last night in the Y. M. C. A. auditorium, the occasion being the appearance of the famous Old Homestead Quartette, under the joint auspices of the Wilmington Lyceum and Y. M. C. A. Star Course. The programme consisted of a delightful rendering of classic and comic up-to-date songs, some rendered by the full quartette and others by individual vocalists. Every number was encored, the singers in several instances being obliged to respond three or four times in succession. Members of the Quartette are Mr. Albert C. Orsini, first tenor; Mr. Stephen Baker, second tenor; Mr. Albert Barnes Myers, baritone, and Mr. Gus Kammerle, bass.

The next number in the course of entertainments will be a lecture on March 22nd by Mr. Frank H. Roberson, who has just returned from Manila and will have with him more than two hundred excellent views, which will be shown by stereopticon.

The regular, bona fide circulation of THE MORNING STAR is much larger than that of any other daily newspaper published in Wilmington.

ATTEMPT AT SUICIDE.

Policeman Jones Tried to End His Life by Drinking Laudanum Last Night. No Reason Assigned.

Policeman R. J. Jones attempted to commit suicide last night about half-past ten o'clock at the City Hall by taking an ounce of laudanum.

A few minutes before he committed the rash act, which came near ending his life, he walked into the City Court room and took a seat outside the outer railing and asked Janitor McClammy for a glass. Having secured this he drew from his pocket an ounce bottle of laudanum, deliberately poured it into the glass and drank it a single draught.

Janitor McClammy was surprised at his taking the entire contents of what he thought was a bottle of medicine and taking the bottle from Jones' hand, he was astonished to find that it was labelled "Laudanum." He immediately started back to the unfortunates man, but before reaching his side, Jones tumbled to the floor in a stupor.

Police Sergeants Davis and Williams and Captain of Police Furlong were in the room at the time and grasping the situation, they at once telephoned for medical aid and set about to exercise the almost dying man, to arouse him from the stupor.

Dr. McMillan and Russell responded to the alarm and arrived on the scene a few minutes later. An emetic was given at first and other restoratives administered afterwards, but despite their most faithful work for almost three hours it seemed that his case was hopeless. At 1:30, however, he began to revive and was recovering at an early hour this morning, having been carried to the city hospital.

It is surmised that he was in great trouble over the prolonged and serious illness of his wife, who is now at the point of death at his home, near corner of Second and Ann streets.

He was generally regarded as a good officer, but yesterday he went to drinking and early in the afternoon delivered his badge to Captain Furlong, thereby resigning his position on the force. He is about thirty years old, and besides a wife has several young children.

SOROSIS ELECTED DELEGATES

To Attend a Proposed Convention at Raleigh to Form a State Federation of Women's Societies.

At the last business meeting of the North Carolina Sorosis six delegates and alternates were elected to attend a meeting soon to be held in Raleigh for the purpose of organizing a State Federation, composed of all the organizations of women in North Carolina. This action on the part of the Wilmington ladies composing the North Carolina Sorosis is taken in compliance with the request of Mrs. Robert E. Cotton, of Raleigh, who is anxious that all ladies and officers of societies interested in forming such a federations shall correspond with her.

The following is an interesting extract from Mrs. Cotton's letter: "To the Women of North Carolina: "I am making an effort to form a State Federation, composed of all the organizations of women in North Carolina. This will bring the women of this State in touch with each other and with the women of other States, thereby securing the increased benefits which come from enlarged acquaintance, exchange of thought, and unity of action with definite aim. All organizations of women, and all Women's Departments of mixed organizations (such as Daughters of Rebekah, Rathbone Sisters, etc.) are invited to join in this movement, which is non-sectarian, non-political, and only designed for mutual benefit. "This body of women, representing the organization in the State, will decide whether this State Federation shall affiliate with the National Federation of Women's Clubs, and all other action proposed to the convention. Each delegate representing an organization will be entitled to vote on all questions discussed by the convention."

INTERNATIONAL C. E. CONVENTION.

Arrangements are already being made for the great International Christian Endeavor Convention to be held in Detroit, Mich., July 5-10. The press committee has just issued a letter setting forth some of the principal attractions of the Convention, declaring that the programme promises a five-day feast that will educate, edify and enthuse the thousands that will participate. In conclusion the letter says that Detroit will be arrayed in crimson and white to greet and entertain the endeavorers, and homes of the city will be opened wide. A one fare rate has been granted by all railroads for the occasion.

WILL BE MATINEE AND EVENING CONCERTS.

To-morrow by British Guards Band. Crowds of Out-of-Town People Expected—Finnigan's Ball Friday.

The Opera House management has decided to have a matinee as well as an evening concert Thursday by the world-renowned British Guards Band. The matinee is to be especially for the benefit of out-of-town people who cannot stay over to the night performance. The prices at the matinee are to be 50 cents for children and 75 cents for adults. The doors are to open at 2 o'clock and the performance will begin at 2:30.

A competent corps of ushers will be on duty so as to avoid confusion, which has characterized some of the matinees this season. There will be an entire change of programme for both concerts.

It will be of interest to note that in Atlanta the band was tendered a perfect ovation. A delegation of citizens met them at the depot, and every attention was showered upon them. The *Constitution* and the *Journal* accord the highest praise to the excellence of the band. The people of Wilmington may confidently expect a musical treat of the highest merit.

Besides the large numbers of people from neighboring towns who are expected to take advantage of the special rates and attend the concert, quite a party is to come up from Southport on the *Wilmington*, arriving here at 5 P. M. A special trip will be made by the steamer after the performance to carry them back to Southport.

A gay time is promised at Opera House on Friday night when the celebrated Irish comedians Murray & Mack—a couple of funny fellows—present the latest edition of the laughing skit "Finnigan's Ball." They have a performance filled to completion with bright material, a large supporting company, pretty girls, gay costumes, picturesque scenery. Among the members of the company are Mr. Fred Wilson, Len. Denmore, John Dougherty, Harry Hopping, Frank Waters, Charlie McCarthy, Fred DeNoe, H. H. Frank Misses Fannie & Mae Trumbull, Kittie Beck, Mona Carrington, Kittie Hawthorne, Grace Wolfe, Kittie Cummings, Maude Leckley, Constance Windom, Effie Fay, Queenie Tenie, and Geraldine McClain "Finnigan's Ball" with Murray and Mack, it is claimed, will undoubtedly prove one of the most desirable of the season's farce comedies.

HOUSE FOR SMALLPOX CASES.

Dr. McMillan and Alderman Hanby Looking About for a Location.

Dr. W. D. McMillan, Superintendent of Health, and Alderman Hanby, of the Sanitary Committee, in company with Mr. E. P. Bailey, went out to "Hart's Vineyard" yesterday afternoon, to look over Mr. Bailey's tract of land there with a view of locating a site for the pest house and house of detention, for the building of which an appropriation was recently made by the Board of Aldermen.

It is the purpose of the committee to secure a site on the county lands near the County Home, if the commissioners will donate the same for this purpose, but in view of the fact that there is some doubt of securing a lot to look over the ground well in case an emergency should arise and circumstances would not allow delay. The Board of Audit and Finance has referred the question of appropriation to a committee of their number, and as soon as matters arrange themselves more definitely, the contract will be let and the house built.

Nothing definite, however, as to location and building has yet been decided upon.

County Board of Education.

Nothing more than the usual routine of business was disposed of by the County Board of Education at its regular monthly session, which was held yesterday afternoon. The chairman, Mr. B. G. Worth presided and those present were Capt. T. D. Meares, Mr. G. W. Westbrook and Capt. Ed. Wilson Manning, County Superintendent. The monthly statement of receipts and disbursements of Treasurer H. McL. Green was examined and approved. The Board adjourned subject to call of the chairman.

May Lecture in Wilmington.

It is possible that Mrs. Florence Perkins Stetson, the talented author of "Women and Economics" and also of "Wolf at the Door" published in the January number of *Current Literature* will lecture here under the auspices of the North Carolina Sorosis within the next week or two. She is now in Goldsboro and a correspondence is pending between Mrs. M. L. Stover of the Sorosis and a friend of Mrs. Stetson, relative to a visit by Mrs. Stetson to Wilmington.
