WILMINGTON PRODUCE EXCHANGE.

Secretary and Treasurer's Annual Report Posted on 'Change Yesterday.

Only routine matters of little interest to the public were considered at the regular meeting of the Board of Managers of the Produce Exchange yesterday morning at 11 o'clock. President H. G. Smallbones presided and Col. Cantwell, the efficient and obliging secretary, was at his post. After the transaction of routine matters, it was ordered that the secretary and treasurer post on 'Change his annual statement for the inspection of members, which instruction was promptly complied with.

The annual meeting of the Board of Managers will be held next Monday, and it has been suggested that as this is the only association that keeps a complete record of the business of the city, and that as every business man is directly or indirectly interested in the work accomplished by it, that this, the beginning of a new fiscal year, would be an appropriate occasion for business men who are not members to associate themselves with the enterprise. The Exchange has now about forty members.

These committees held a joint session last night and many matters pertaining to the celebration were discussed but nothing definite was arrived at, which the committees care at present to make public. It is understood, however, that the feature of the programme will be an address by some distinguished member of the order of Odd Fellows in the State, and the event is pleasantly anticipated by the large membership of that organization in Wilming-

GENTLEMEN:—This Board has for several years labored under very great disadvantage and on account of past existing conditions-I do not say system for there has been none-much money has been wasted in the various departments that could have been avoided by systematic business methods. We have the best of reasons to believe that the present Board of Aldermen appreciate fully the necessity of re organizing the business of the city and I am sure this board will concur in any

such measures requiring our sanction. I wish to state also that it occurred to me last Fall that a part of the bonded debt of the city could probably be refunded at a lower rate of interest and I had a bill for the purpose prepared and passed by the last General Assembly by which it is hoped that a

SERIOUS ACCIDENT THIS MORNING.

Hose Reel No. 1 Wrecked-The Horse and Driver Injured.

An accident occurred while responding to the alarm of fire this morning about 2:30 o'clock, which resulted in the complete wreck of hose reel No. 1, the serious injury of the hose reel horse "Dick Jones," and also in a right severe injury to the driver, Ed Haar, The driver was injured in jumping from the reel, when at 7th and Market streets, one of the side springs broke causing the seat to careen to one side. His knees were badly sprained. A few minutes later in attempting to take the hose from the reel at the corner of Tenth and Market, the horse was left alone for a moment and started off in a run. He was stopped at the corner of Market and Twelfth streets, but not until he ran the reel into a deep gutter and in some way seriously cut the fetlock of his right leg and sustained other serious injuries.

The fire alarm was from box 51, corner of Seventh and Nun, and 54, corner Twelfth and Market, the department going first to 51, and thereby

Three cottages on South Twelfth street, owned and occupied by negroes were burned. They were owned and occupied respectively by Huntley Mitchell, Stephen Williams and Tom Fair. The loss is about \$500.

ATLANTIC YACHT CLUB.

Annual Meeting of Stockholders-Officers Were Elected-Reports and Recommendations.

The annual meeting of the stockholders of the Atlantic Yacht Club was held last night in the Mayor's office, municipal building. There was a large attendance and much enthusiasm was manifested so that indications are that a season of unusual gaiety and success may well be anticipated at their clubhouse on Wrightsville Beach.

Mr. A. H. Brenner was made temporary chairman and Mr. C. W. Yarborough temporary secretary. Mr. James F. Post, Jr., the retiring president, read an interesting report reviewing the work of the past year and making recommendations for the great success of future seasons.

The report showed that on May 5th of last year the name of the club was changed from "Clarendon Yacht Club" to "Atlantic Yacht Club"; that the club house was opened for the season May 14th, with a formal opening on June 3d, continuing open until October 1st; that 3,750 visits were paid the club house by members and 757 visitors registered; that the membership in 1898 was 136, and 17 new members were elected, making the present membership 180; about \$100 was raised by the Entertainment Committee and judiciously expended, as evidenced by numerous delightful musicals; the club's indebtedness was reduced from

\$625 to \$400. The following recommendations were made:

That connection be made with the water works and that water be put in the ladies' dressing room and both rooms; that if the necessary funds can be raised that repairs be made on the gangways and a floor be laid between the gentlemen's and ladies' dressing rooms and that a nursery be built

The report concluded with the following:

"I desire to thank the executive committee, officers and members, for the generous support which they have given me in managing the affairs of he club, and personally I shall do al I can to aid the management in making the club a success whether from an official or individual standpoint.' THE DAMAGE TO TRUCK.

The Cold Wave Will Delay Early Shipments and Probably Destroy Some Crops -- Weather Conditions.

It is the general opinion among truckers that very serious damagesis being done to early truck and berries by the recent cold, the season of the year considered, which prevails throughout this section. However, it is impossible to form any sort of an accurate estimate of the damage at present. It is probable that only the truck and berries not protected by covering will be seriously damaged. News from neighboring towns indicate, that this immediate vicinity is escaping very much more lightly than some other trucking localities.

R. G. Grady, Esq., came down from Burgaw and says there is snow and ice at that place. Captain S. A. Johnson, of Warsaw, was also a visitor here yesterday and says snow was falling and there was a slight sleet when he left home, increasing further north, good falls of snow having been reported

from Goldsboro and Fremont. Capt. W. E. Kyle, Capt. J. W. Fry and Mr. H. L. Fry of the A. and Y. road come down from Greensboro yesterday. They say there were several inches of snow in Wieston and Greensboro yesterday morning and it was still falling. They travelled in snow within about four miles of Fayetteville. There was a slight fall of snow in that town but it did not stick.

Intoxicated Man Shot and Killed. Last night, about midnight, the family of G. W. Heffner was awakened by the rattling of the blinds on the front of the house. Mr. Heffner was hastily summoned from another room, and pistol in hand, went to the front door, on which some one was beating, as if trying to enter. Mr. Heffner asked who was there, but re ceiving no answer opened the door. The hall was dark and some one attempted seemingly to push by him.
