CHAMBER COMMERCE.

The Annual Meeting Was Held
at 3:30 O'clock Yesterday
Afternoon.

THE ELECTION OF OFFICERS.

Mr. W. E. Worth Chosen President—Ef-
fort to Secure Branch Hydrographic
Office—Craiser Raleigh Matter.
Annual Reports.

The annual meeting of the Wil-
mington Chamber of Commerce was
held yesterday in MacRae Hall. The
election of officers for the ensuing
year was probably the most important
business transacted and resulted as
follows:

President—Mr. W. E. Worth, vice
Mr. Jas. H. Chadbourn, Jr., who
especially urged that an entire change
of officers be made with the exception
of secretary and treasurer, the position
so long and so ably filled by Col.
Cantwell.

First Vice President—Mr. M. W.
Jacobi.

Second Vice President—Mr. Geo. R.
French.

Secretary and Treasurer—Col. Jno.
L. Cantwell.

Executive Council—Mr. Geo. Har-
riss, Col. F. W. Kerchner, Mr. D. L.
Gore and Mr. T. D. Meares.

Members in attendance upon the
meeting yesterday were: President
James H. Chadbourn, Jr., Secretary
Jno. L. Cantwell, Messrs. F. L. Hug-
gins, M. W. Jacobi, T. W. Clawson,
R. M. Wescott, W. J. Martin, Capt.
Geo. L. Morton, Col. F. W. Kerchner,
Mr. R. W. Hicks and Mr. W. R.
French.

The reading of the minutes of the
last annual meeting was dispensed
with.

On motion of Mr. R. W. Hicks, the
secretary was instructed to express to
Capt. W. E. Craighill, late engineer in
charge of the Wilmington District U.
S. Engineering Corps, the apprecia-
tion of this body for the valuable ser-
vice rendered to this port during his
administration, Capt. Craighill having
resigned as an associate member of the
chamber on account of his removal
from this city to Washington, D. C.

Major E. W. Van Court Lucas,
Capt. Craighill's successor, was unani-
mously elected an associate member of
Chamber.

The committee appointed to invite
the New England Newspaper League
to visit Wilmington reported that in-
as much as the League expected pat-
ronage to the extent of about \$950,
from cities visited they deemed it ad-
visable not to extend the invitation and
asked to be discharged. President
Chadbourn supplemented the report
with a statement that an invitation
was extended to the League with the
understanding that the Chamber
would not assure any patronage in the
meantime, however the New England-
ers left North Carolina entirely.

Mr. W. E. Worth, Mr. Wm. Gil-
christ and Mr. M. W. Jacobi, as a com-
mittee on effecting the election of
Franklin McNeill, Esq., as railroad
commissioner, reported that by assis-
tance of various other organizations
and agencies Mr. McNeill's election
had been secured. The committee was
discharged with the thanks of the
Chamber.

Capt. Geo. L. Morton reported for
the committee on securing a visit to
this port by the cruiser Raleigh that
he and Mr. Meares had every assur-
ance that the cruiser would be ordered
here, and he believes the cruiser will
certainly come. The letter recently
published from the Secretary of the
Navy to the Mayor of Southport, he
believes to have been written by the
Washington authorities under misap-
prehension as to the location of South-
port. Pertinent remarks were made
in the premises by Col. Cantwell and
Capt. Morton was told in Washington
that if the Chamber of Commerce and
other organizations will make an ef-
fort in that direction an office could
be secured for Wilmington. On mo-
tion, Capt. Morton, Mr. W. H. Sprunt
and Mr. H. G. Smallbones were ap-
pointed to petition the United States
authorities for a branch Hydro-
graphic office.

The Annual Reports.

President Chadbourn did not submit
a written annual report, but made a
verbal report in which he declared the
chamber in a very gratifying condi-
tion. The meetings, he said, with a
few exceptions, have been well at-
tended, and the people are taking
more interest than ever before in the
promotion of the city's prosperity,
working with gratifying unity of pur-
pose.

Secretary and Treasurer John L.
Cantwell submitted a report which
showed the membership to be 121.
The financial feature of the report was
very satisfactory, showing a good bal-
ance to the chamber's credit at the end
of the fiscal year.

OPINIONS OF TRUCKERS AS TO CROP INJURY.

Estimates Differ Some As to Per Cent
of Damage by the Freeze—The Crops
Will Be Late.

Competent authorities say it is yet
too early to definitely estimate the loss
to trucking interests by the recent
blizzard. Others say, however, that
strawberries are damaged very little
and truck of other varieties is injured
from five to fifty per cent.

A correspondent, writing the STAR
from Mount Olive yesterday after-
noon, says:

"We can now begin to form some
idea of the damage to the strawberry
crop by the recent cold snap. Berries
that were covered the night of the frost
are but very little damaged; those
covered with the wet straw on the
following night are damaged
about ten per cent, while those
that were not covered at all were
nearly a total loss, eight-tenths of the
blossoms on the plants being killed. The
average loss to the whole berry crop in
this section will be about twenty-five
per cent."

Another correspondent writing un-
der same date from Chadbourn, N.
C., gives the following estimate of
injuries to crops around that town:

"There has been considerable damage
to strawberries around this point from
recent cold snaps. Conservative esti-
mates put the damage at twenty-five
per cent of the whole crop, although
a good many farmers covered their
crops and sustained practically no loss.
Many failed to cover and suffered
heavily. The crop was looking extra
fine before the freeze."

The Mount Olive Advertiser, pub-
lished yesterday, gives the following
opinion by a number of the most
prominent growers written Wednes-
day, April 5th.

The Advertiser says of the loss
around Mt. Olive:

"Of the uncovered berries the loss
will probably reach 75 per cent of the
berries and blossoms now formed; the
damage to the covered berries will not
be over 20 per cent, and some growers
think even less. The average loss will
be in the neighborhood of 33 1/2 per cent.
but may vary several points either
way. It is estimated that only 50 per
cent were covered."

Dr. Jno. M. Faison, of Faison, N. C.,
—Snow killed three-fourths of the un-
covered berries and one-fourth of
those covered. One half of our crop
was covered. Beans and potatoes that
were up were killed.

Mr. W. L. Hill, of Warsaw, Presi-
dent of the R. C. Fruit and Truck
Grower's Association. —In reply to
your query we say that it is difficult to ap-
proximate with any degree of cer-
tainty the damage done by storm. It
looks as though thirty-three and one-
third per cent of berries are killed.

Mr. C. M. Steinmetz, of Rose Hill—
Judging from the condition of berries
in my own field, and berries of other
growers, I do not consider much, if
any damage, was done by the storm. Of
course such weather by no means
hastens our berries; on the contrary, I
regard the crop delayed, in fact believe
we are fully two weeks behind last
season. The frost last night did more
damage, especially to those fields
which had been covered heretofore, as
the plants are much more liable to
damage than when not covered at all,
being considerably more tender. I
hear reports from some growers, who
had covered every berry except last
night, that their berries are frozen,
but do not believe the damage on the
whole will exceed 5 to 10 per cent.

The Fayetteville Observer of Wed-
nesday says: The berry crop is con-
siderably damaged, but to what ex-
tent, it is not yet easy to arrive at.

mencement exercises at the State Nor-
mal College, Greensboro, by the Cor-
nelian Literary Society of that institu-
tion, and Miss Bessie Hankins has

Their election is a compliment to
their high scholastic standing during

mathematics alone is the highest ever
made in the Normal school.

Elliott, president of the W. & P.
R. R. Co. The ceremony is to be per-
formed in St. John's Church, Fayette-
ville, on Wednesday afternoon, April
the nineteenth.

You Are Right, Old Man.

The following refers to a short pa-
graph which recently appeared in an
obscure position in the STAR:

EDITOR MORNING STAR—Your paper
must have a large list of subscribers,
as I have received a large number of
self-addressed stamped envelopes from
people from all over the State for two
of my large good seed, saying that
they saw mention of the gourd in the
WILMINGTON STAR. A great many
people will try to see who will raise
the largest one for the State Fair this
fall. Respectfully,
J. T. WYATT, Faith, N. C.

THE MAYOR'S SALARY.

It has been erroneously reported in
some sections of the city that the
Board of Audit and Finance at its re-
cent meeting increased the salary of
the mayor. The STAR has been fur-
nished with authoritative figures show-
ing that not only is this not the case,
but the Board has actually de-
creased the salary by several hundred
dollars. The mayor formerly received
\$1,000 per year and fees from his court
amounting to \$1,200 or more, in the
aggregate making his compensation
about \$2,200. He now gets no
fees, but a salary of \$1,500, in lieu
of all other compensation. The fees
of the municipal court are now paid
daily into the city treasury.

Schooners Cleared Yesterday.

The schooner William T. Parker,
Capt. Lynch, will be towed to sea this
morning and will sail with a cargo
of lumber for New York. Since her
recent fire she has been tied up here,
pending the settlement of a disagree-
ment with regard to payment of
charges for assistance rendered
her by the Pilot's Association, while
in distress on account of the fire. The
owner of the vessel, Mr. Wm. T.
Parker, of Maryland, was here on a
second trip yesterday and made final
arrangements for her to sail this morn-
ing.

The schooner Chas. H. Sprague.

Capt. McRitchie, has been cleared in
ballast by Messrs. George Harris,
Soll and Co., for Georgetown, S. C.

The regular, bona fide circula-
tion of THE MORNING STAR is much
larger than that of any other daily
newspaper published in Wilmington.

New England Newspaper League.

A special dispatch to the STAR from
General Manager C. F. King, of the
New England Newspaper League, at
Birmingham, Ala., says:

"Col. Julian S. Carr, of Durham, came
aboard our car here to-day and ar-
ranged on his own account for publica-
tion in the special Southern edition of
the newspapers composing the New
England Newspaper League, one full
page showing the advantages and re-
sources of North Carolina for the
possible investment of capital.
He also arranged for the ade-
quate presentation of Durham in
this edition, and at his request
our party will return to North Caro-
lina within fifteen or twenty days and
finish the work commenced in that
State two weeks ago. On our return
it is my purpose to visit five or six im-
portant points in the programme and
many others of Wilmington's most
charming girls will serve refresh-
ments. They will be attired in cos-
tumes of O. A. N. or A. C. L. colors.
The Board of Managers is composed of
Messrs. Bernard, Sanders and Sinclair
Crow and Orrell for the O. A. N.
The proceeds will benefit the two
teams. The boys deserve and will no
doubt receive a deservedly large pat-
ronage and they promise in return
some great games of ball during the
coming season."

Cash for Naval Reserves.

This year there will be available for
the naval militia organizations of the
United States \$60,000. It will be dis-
tributed among the organizations on
the basis of the number of petty offi-
cers and enlisted men actually in ser-
vice. The Navy Department will be-
gin the distribution as soon as Florida
and South Carolina send in their re-
ports. North Carolina will receive
several thousand dollars of this fund.
