Gen. MacArthur and Col. Funston are the small men but they are making big reputations over there in the Philippines.

An Ohio Judge has discovered a cheap way of abating the tramp nuisance. He sentences all those brought before him to a wash.

The New York Board of Health has found 936 defects in the elevated railroad structure, and it isn't right sure that they are done counting yet.

A London cable says "English theatre-goers are losing their heads over Robespierre." Mr. Robespierre had a knack of making people lose their heads when he was doing around.

A German scientist is authority for the statement that out of every 1,000 girls who play the piano 600 are afflicted with nervous troubles. And each one of these afflicted lots of people with the same complaint.

One of St. Louis' wealthy men recently distinguished himself as a tramp and won the hand of a Blue-grass belle, not a Blue-grass widow. Now he is in doubt whether it was himself or the disguise that captured her.

## Work of Counterfeiters.

Complaints are made in different sections of the city that counterfeit half dollars are being passed on unsuspecting victims in more than the usual quantity. The coins, strange to say, are made of aluminum and are a clever imitation, the only perceptible difference being in weight. That the counterfeiters or their agents are systematically plying their nefarious trade in the city is evidenced by the fact that on counting up their money on Monday night each of the street railway conductors found a spurious coin among the receipts for the day. They were unable, however, on account of the volume of the day's business, to locate the swindler.

Stranger and a Baby.  
Goldboro Argus, Monday: A well-dressed stranger, who got on the train at Wilmington Saturday night, arrived in this city on the "shoody" the same night with a baby about five or six weeks old and took lodging at the "Bridgers' House." In a short while after his arrival the baby raised such a racket that Mrs. George Bizzell, who has rooms at the same hotel, offered to take the baby and get it quiet. Her services were readily accepted. He allowed Mrs. Bizzell to keep the baby in her room during the night, and yesterday morning he arose early and went out, but never came back.

An A. C. L. caboose car was partially wrecked by a shifting engine on the yards below the Champion Compress yesterday morning and but for the piling, the caboose and several freight cars would have plunged into the river.

At the regular meeting of Stonewall Lodge No. 1, K. of P., Monday night, Mr. J. J. Hopkins was elected representative and Mr. J. R. Turrentine, Jr., alternate, to the Grand Lodge which meets at Fayetteville, May 18th.

A typographical error in the report of the session of the Board of Aldermen made the STAR say yesterday that the contract for lighting the city was awarded to the Street Railway Co., at \$3.05 per lamp. It should have been \$3.95.

The dancing class of Miss Cammie Lord will meet at Germania Hall to-night (Wednesday the 3rd) instead of Thursday night as previously announced. The change is made on account of the reception for the officers of the Raleigh.

It will be of interest to note in this connection that the work of the Young Men's Christian Association for the last quarter, closing April 30th, shows a marked increase along all lines. The gymnasium class has been enjoyed by about twenty-five members. Basketball was played with a great deal of interest. There were several match games. The religious work has been very encouraging. The increased attendance has been about 25 per cent. Twenty-five new members have been added to the boys' department.

## Let the Tax Be Reasonable.

The result of the election yesterday shows not only that the taxpayers are opposed to a bond issue, but that they are also opposed to an unreasonable road tax. There are intimations that the County Commissioners will levy sections of the city that counterfeit half dollars are being passed on unsuspecting victims in more than the usual quantity. The coins, strange to say, are made of aluminum and are a clever imitation, the only perceptible difference being in weight. That the counterfeiters or their agents are systematically plying their nefarious trade in the city is evidenced by the fact that on counting up their money on Monday night each of the street railway conductors found a spurious coin among the receipts for the day. They were unable, however, on account of the volume of the day's business, to locate the swindler.

## Will Sail Saturday.

Dr. Robert Strange will sail for Europe on Saturday of this week via the North German Lloyd steamer *Europa*. He has decided to take the Mediterranean tour, landing first at Gibraltar, thence to Naples and across the continent. The STAR is glad to note that Dr. Strange's health is constantly improving and he has every prospect for a delightful trip.

## EXCELLENT PROSPECTS.

Reception and Entertainment Committees Feel Assured of a Successful Reception for the Raleigh's Officers.

Arrangements for the intertainment of the officers of the cruiser Raleigh are developing quite satisfactorily. There were several conferences of Reception and Entertainment Committees yesterday. Telegrams received from Captain Coghlan reiterate that the cruiser will arrive off the bar at 3 P. M. to-morrow.

As previously announced, the committees will go over the bar to meet, leaving here to-morrow forenoon on board the converted cruiser *Hornet* and the *Marion*. Captain Harper announces that the *Wilmington* will leave her wharf at 12 o'clock, going down the river and over the bar to meet and assist in escorting the famous visitor up to this port. He will charge fifty cents for the round trip. They expect to reach the city on the return trip about 6 o'clock.

It is not positively settled but it is probable that a public reception will be held at the Opera House at night. There is every assurance that the ladies' reception and dance at The Orion will be a brilliant affair. Invitations will be issued to-day. They will announce the reception to begin at 10 P. M., dancing at 10:30.

There will be an important committee meeting in the Merchants' Association rooms to-day. Dr. J. D. Nutt, Lieut. H. H. McIlhenny and Ensign H. L. Miller have been added to the committee.

The S. A. L. will run a special train from Raleigh to Wilmington Thursday. Tickets good to return and including the 6th. Train will leave Raleigh at 7 A. M. Tickets good to return on regular train. The fare will be \$3.50 for the round trip.

There will also be special rates from Charlotte.

The A. C. L. will also make reduced rates for the occasion.

## CAPT. D. R. MURCHISON.

His Portrait Presented to the Produce Exchange—Meeting Board of Managers.

At the regular monthly meeting of the Board of Managers of the Produce Exchange held yesterday morning the special committee consisting of Capt. W. R. Kenan and Mr. C. H. Robinson, appointed to solicit a portrait of the first president of the organization, the late Capt. David R. Murchison, reported that through the courtesy of Mrs. Lucy W. Giles, the Exchange had received a handsome oil portrait of the lamented ex-president, which is now among the collection of portraits of other distinguished members who have passed away. The committee was discharged with a vote of thanks and the secretary was instructed to acknowledge receipt of the portrait and to express to Mrs. Giles the thanks and grateful appreciation of the board of managers and that of the Exchange for the appropriate and handsome gift.

The secretary read the action of the special meeting of the Exchange approving and endorsing the order of the board of managers fixing the annual assessment at one uniform rate of \$50, and limiting admission to the rooms of the Exchange to the member or members of a firm and one clerk to be designated by name.

The secretary was instructed to prepare a list of the officers and members of the Exchange to be deposited in the corner stone of the Masonic Temple now in process of construction.

The meeting was well attended; President Smallbones in the chair and Col. Cantwell at his post as secretary. Other business transacted was of a routine character.

Strouse, the evangelist, will deliver his first lecture Thursday night at 7.45 o'clock.

It will be of interest to note in this connection that the work of the Young Men's Christian Association for the last quarter, closing April 30th, shows a marked increase along all lines. The gymnasium class has been enjoyed by about twenty-five members. Basketball was played with a great deal of interest. There were several match games. The religious work has been very encouraging. ## THE ELECTION YESTERDAY.

No Interest Manifested in the Question of Bond Issue for Road Improvement. Incomplete Returns Received.

The election on the bond issue, yesterday was probably the most uninteresting in the history of the county. ## THE TAX ORDINANCE.

Following is a list of the changes in the general tax ordinance recommended by the finance committee and adopted by the Board of Aldermen at its regular meeting Monday night:

This ordinance was also changed to read that applications for the retail of liquor, properly presented according to law, may be granted by the Board of Aldermen instead of shall be granted, as heretofore.

## THE BOND ELECTION.

A Very Small Vote Cast and an Overwhelming Defeat.

The election yesterday resulted in the overwhelming defeat of the proposition to issue \$50,000 in bonds for the improvement of road in this county outside the city of Wilmington. No other result could have reasonably been expected. Without the negro vote the proposition never had a leg to stand on, and the negroes took no part in the voting yesterday. But few of the whites who were opposed to the bond issue went to the polls, the STAR having fully explained that a vote not cast was equivalent to a vote against the bonds.

## RALEIGH'S OFFICERS TO BE THERE.

Reception Will be After Recital by Wilmington Musical Association.

There is every assurance that a splendid audience will greet the Wilmington Musical Association at the Opera House Friday night when this splendid aggregation of musical talent will make their second annual appearance, rendering Alfred R. Gaul's celebrated master-piece of musical composition "Joan of Arc."

The hours for the concert and the ladies' reception at The Orion have been so arranged that there will be no conflict between them. The recital programme will be concluded by 10 o'clock, when the reception to the officers of the Raleigh begins at The Orion.

The officers of the Raleigh have been tendered theatre boxes at the concert, which have been accepted by the Entertainment Committee. And the boxes will positively be occupied during the concert by the Raleigh's officers. The audience is requested to be in their seats by 8.30 o'clock sharp, when the performance will begin.

The box-seat opens Thursday at 7 A. M., at Gerken's. Admission, including reserved seats, will be 50 cents.

## MRS. MARGARET DARBY.

Died at Her Home in This City Yesterday Morning.

Friends in this city will receive with regret the announcement of the death of Mrs. Margaret Darby, relict of the late James Darby, which occurred at the family residence, No. 6 Church street, yesterday morning at 10:45 o'clock.

Mrs. Darby was born in Belfast, Ireland, in the year 1823 and was therefore, 76 years of age. She has been a resident of Wilmington for sixty years and is the oldest member of St. Thomas' pro-cathedral, to which she was devoted, attending regularly upon the services when possible.

Three daughters, Miss Mary, Miss Maggie, of Wilmington, and Mrs. Moran, of Cronly, and one son, Hon. Thos. Darby, formerly a resident of Florida, but now engaged in the mining business in Canada, survive her and will be present at the funeral to-morrow morning at 10 o'clock.

The services will be from the residence, thence to St. Thomas' Church and to Oakdale cemetery, where the interment will be made.

## MAGISTRATE'S COURT.

Justice Fowler yesterday rendered his decision in the case of the negro Chris McCulloch for disposing of mortgaged property. He was bound over to the June term of the Criminal Court in the sum of \$100. The only case of importance tried by Justice Fowler yesterday was that of Ben Matthews, colored, for assault and battery with a deadly weapon upon Eliza Spiver, a washerwoman living in "Brooklyn." Matthews had some laundry done by the Spiver woman and upon her refusal to deliver the work to him without payment he threw a lamp at her and was only hindered from attacking her with an axe by the interference of neighbors. Justice Fowler sent him to jail in default of \$100 bond for his appearance at June term of the Criminal Court.

## ASSAULT OF POLICEMAN GEORGE.

Burt Green, the negro who so violently resisted arrest and assaulted Policeman George near corner Fourth and Swann streets, late Monday afternoon was tried for three offences at yesterday's session of the municipal court—drunkenness and disorderly conduct, resisting an officer and assault and battery with a deadly weapon. He was given thirty days on the streets in each of the two first cases named and committed to jail in default of \$200 bond for appearance at the June term of Criminal Court for the third offence. Several other cases for fast driving were disposed of at the police court yesterday by taxing the defendants with the costs.

## KINSTON'S ELECTION.

Democratic Ticket Elected Without Opposition—Graded Schools Carried. [Special Star Telegram.]

KINSTON, May 2.—In yesterday's election the entire Democratic ticket for Mayor and Board of Aldermen was elected without opposition. The proposition for graded schools was carried by an overwhelming vote; only six votes being cast against it.

—The regular, *bona fide* circulation of THE MORNING STAR is much larger than that of any other daily newspaper published in Wilmington.

## ANOTHER CONCERT TO-NIGHT.

Audience Delighted With the Programme by the First Regiment Band at the Opera House Last Night.

It is the general verdict of the audience which assembled at the Opera House last night that the concert rendered by the First Regiment Band, of the N. C. Volunteer Infantry, was equal to Lieut. Dan Godfrey's famous British band, and just as enjoyable as Sousa's.

It is much to be regretted that the attendance was not much larger. They deserved a packed house. However, the small audience is attributable to the fact that there were several counter attractions, besides rehearsals, lodge meetings, military drills and important conferences of extensive committees, and not attributable in the least to any lack of interest in and enthusiasm for the boys of the First Regiment Band.

The announcement is made with pleasure that the delightful programme rendered in such a masterly manner last night will be repeated to-night so that the people will have another opportunity to hear the band and judge for themselves as to the merits of the organization.

The STAR would be glad to publish in full last night's programme with complimentary reference to each feature, but lack of space prevents.

Last night after the concert Mr. James Monroe, the clever President of the Second Regiment Band, of this city, royally entertained the visiting musicians in the ice cream parlor of Mr. J. W. Plummer, Jr., on Princess street. During the festivities, Chief Musician Chas. Coe declared, in response to a call for a speech, that no where during their tour of the State had the band been so royally entertained as here. He proposed three cheers for Wilmington and they were given heartily as was a similar compliment to President Monroe.

Don't forget that the band will give a second concert to-night. Admission to any part of the house will be 50 cents.

## BOARD OF AUDIT AND FINANCE.

Only Routine Business Transacted at the Semi-Monthly Meeting Last Night.

The principal business transacted at the regular semi-monthly meeting of the City Board of Audit and Finance last night, was the approval of the budget for the city's expenses as passed by the Board of Aldermen Monday night and the approval of the action of the aldermen in awarding the contract for lighting the streets by the Wilmington Street Railway Co., and for lighting public buildings to the Wilmington Gas Light Company.

Chairman H. C. McQueen presided and Messrs. W. A. Riach and C. W. Yates were present.

The bond of T. H. Johnson, Clerk of Front Street Market, in the sum of \$200 with B. F. Penny and Joseph H. Hanby as sureties, was approved.

Bills for current expenses were audited and approved amounting to \$5,183.44.

## A DELIGHTFUL EVENING.

Benefit Sociable at the Residence of Mr. and Mrs. J. F. Garrell.

The sociable at the residence of Mr. and Mrs. J. F. Garrell, on Third street, last night under the auspices of the Organ Fund Society of Grace M. E. Church was a thorough success and netted a creditable sum toward the fund which is being accumulated for the purpose of purchasing a handsome new pipe organ for the church. Dainty refreshments were elegantly served by a committee of ladies, and there was an enjoyable impromptu programme of vocal and instrumental music.

Every guest was enthusiastic in praise of Mr. J. F. Garrell and his charming wife, who, as host and hostess, were tireless and especially successful in tendering to every one a cordial welcome and delightful entertainment.

## NORTHERN TRUCK MARKETS.

Quotations by Telegraph Yesterday From New York and Boston.

NEW YORK, May 2.—Owing to light receipts by freight and a better quality of stock, there was a good demand for strawberries on this market to-day at from 14 to 16 cents per quart. A few fancy berries, however, exceeded these quotations. The asparagus market is demoralized by heavy receipts of home growth. Other produce quotations are unchanged.

J. & G. LIPPMAN, Wholesale Commission Merchants, 184 Reade Street.

BOSTON, May 2.—Strawberries are arriving in bad condition, with sale for them at 10 to 12 cents per quart. Fancy berries higher. The prospects are good.
