LOCAL DOTS.

The monthly report of cotton and naval stores appears on the second page this morning. — Maj. W. A. Johnson, lately chosen lieutenant colonel of the Second regiment, N. C. State Guard, has received his commission. — The Greensboro Daily Record names among the graduates in music from the Greensboro Female College Miss Lucy Bowden, of this city. — The maximum temperature here during the twenty-four hours ending at 8 A. M. yesterday was 82. At Charlotte, 92; Goldsboro, 94; Cheraw, 96. — The Consumers' Brewing Company, of Richmond, Va., is to have a branch establishment here. One of its representatives is already here, looking around for a suitable site. — The schooner John R. Fell, Captain Loveland, was cleared for New York yesterday by Geo. Harris, Son & Co., with lumber from the Cape Fear Lumber Company. — The North Carolina Bankers' Association meets in Raleigh next week. Mr. J. W. Norwood, president of the Atlantic National Bank, is a member of the executive committee. — The body of Asiel Howard, the white man who dropped dead near the corner of Ninth and Orange streets night before last, was taken to Greenville Sound yesterday afternoon for interment. — The Atlantic National Bank, Murchison National Bank and National Bank of Wilmington, announce in the advertising columns that they will observe the weekly half holiday, closing every Saturday at 12 o'clock until September 1st. — Mr. William Tienken will open a barber shop at Seashore Hotel, on Wrightsville Beach, for the season. It will be open three days of each week—Tuesdays, Thursdays and Sundays. This will interfere in no way with his excellently conducted shop on Princess street. — Yesterday, the first day of June, measured quite up to prevailing expectations. Weather prophets have been saying all along that June was going to be a hot 'un, and if the rest of the month is like yesterday the prophecy will not have been a false one. The thunder storm in the afternoon cooled off the atmosphere somewhat.

BRUNSWICK FERRY.

The Chamber of Commerce Favors Its Purchase by the City.

A VERY IMPORTANT REPORT.

By a Special Committee—Boards of Aldermen and Audit and Finance Will be Asked to Take Action—Other Routine Business.

The June meeting of the Chamber of Commerce was held yesterday afternoon in the MacRae building. Members present were Mr. M. B. Jacobi (vice president), Col. Jno. L. Cantwell (secretary and treasurer), Mr. J. B. Mercer, Mr. D. L. Gore, Mr. B. F. Keith, Mr. Gabriel Holmes, Mr. R. M. Wescott, Mr. W. J. Martin, Mr. F. L. Woodruff, Mr. S. H. Flahblate, Mr. Geo. R. French and Mr. Jas. H. Cowan.

The Brunswick Ferry.

The most important business considered was probably the report of the special committee appointed to investigate the matter of bringing about the purchase of the Brunswick Ferry. The committee made the following report:

To the Chamber of Commerce, Wilmington, N. C.:

Gentlemen—We, your committee appointed to draw up a bill to be presented to the Legislature, empowering the City of Wilmington to issue bonds, not to exceed the sum of twelve thousand five hundred dollars, for the purchase of the Brunswick and Brunswick Ferry, beg leave to report that such a bill was presented to the Legislature by Representative Dr. McNeill, of Brunswick county, and became a law at the last session.

Your committee further represent, that they have given the matter careful and diligent consideration, and now report, that in their judgment, no money can be so well invested, and which gives greater promise for the future growth and material progress of our city as this.

The country comprising the upper end of Brunswick and the lower end of Columbus counties, which includes as a free ferry with other, would make that territory tributary to Wilmington and would be incentive to rapid and substantial growth.

Your committee believe, in a few years, the increased trade from this territory, so capable of raising any and all kinds of fruit and truck, would many times repay the amount so expended. A free ferry, contributed by the city, would be a strong inducement to the citizens of Brunswick, to improve the roads connecting with the ferry, which it is believed they would do, with the greatest unanimity, in their own interest, and take sole charge of the road and ferry lying in Brunswick county.

In this way both city and country would be benefited. Your committee regard the purchase as a step in the right direction, which ought to have been taken years ago, and earnestly recommend that the Chamber of Commerce take such active and efficient steps as they may deem proper to procure necessary action on the part of the officials of our city to so use the money authorized by the last Legislature, which they now have the power to appropriate.

W. F. KEITH, Chairman,
MARBUS W. JACOBI,
J. B. MERCER.

Want City Authorities to Act.

The report was read by the secretary, and Mr. B. M. Wescott made a motion that the report be received. A general discussion ensued, during which remarks were made by Messrs. B. F. Keith, D. L. Gore, J. B. Mercer, R. M. Wescott and others.

The question was raised as to whether or not the Ferry Company would take \$12,500 for their property. Mr. Keith was confident that they would willingly sell for that price, despite the fact that they have at different times asked for \$18,000 to \$20,000 for this property.

The discussion led to the amendment of Mr. Wescott's motion to accept the report so that provision was made in the motion adopted for the acceptance of the report and the appointment of a special committee of five members of the chamber to go before the Board of Aldermen and Board of Audit and Finance and lay the matter together with the report, before those bodies and urge that steps be taken without delay looking to the purchase and the establishment of a free ferry. The following committee was appointed by Vice President Jacobi who presided during the meeting yesterday in the absence of President Worth: Messrs. Geo. R. French, J. B. Mercer, D. L. Gore, Gabriel Holmes and B. F. Keith.

New Members Elected.

Five new members were elected yesterday by the Chamber, four of them being residents of this city and one a Southport firm. The non-resident member were Messrs. M. C. Guthrie and Son, of Southport. The others were Messrs. S. A. Schloss & Co., Messrs. I. M. Bear & Co., Mr. W. H. Yopp and Mr. D. W. Bulluck.

President Worth Resigns.

A feature of the meeting of the Chamber which was anything but gratifying to the members was the presentation of the resignation of Mr. W. E. Worth as president of the Chamber. In stating the reason for his resignation, Mr. Worth, who is out of the city, wrote the Chamber that he accepted the office of President against his better judgment fearing that he would not have the time aside from his regular business routine to properly care for the best interests of the chamber. He also gave expression to great appreciation for the honor conferred upon him by his recent election to the presidency.

On motion of Mr. D. L. Gore, seconded by Mr. Keith, action upon the resignation was deferred until the next meeting, and the chairman appointed Messrs. Geo. R. French, B. F. Keith and D. L. Gore a committee to

IN EFFECT YESTERDAY.

Jim-Crow Car Law Was Enforced On All Railroads Except the Wilmington Seacoast.

The divided car law was strictly observed on all the roads leading into Wilmington yesterday. On the Carolina Central trains the colored passengers all rode in one car, which is divided into first class and second class compartments of equal size. Over the entrance to the front end of the car appears in aluminum letters the words "Second Class Car for Colored People." In the same way above the entrance to the rear end are the words "First Class Car for Colored People." The first class compartment is handsomely fitted up with marble basin and other conveniences. The second class part has the usual accommodations. Two other cars, one first class car for whites, and one second class car for whites, make up the train except on extraordinary occasions. The color line was drawn rigidly, and in compliance with the law, Capt. W. L. Beery said he had no difficulty in enforcing the regulations.

A description of the divided cars on the Coast Line has previously appeared in the STAR. The law was observed without difficulty or misunderstanding. The Wilmington Seacoast Railroad is exempted.

COL. FLEMMING GARDNER.

Funeral at Christiansburg, Virginia, Last Monday Afternoon.

A dispatch to the Richmond, Va., Times, May 30th, from Christiansburg, says:

"The funeral of Colonel Fleming Gardner, who died in South Carolina last Saturday, took place at the Presbyterian Church here at 2 o'clock this afternoon, after which his remains were interred in the cemetery south of town."

Rev. T. W. Hooper conducted the funeral services.

"Colonel Gardner, who was born in this town eighty-four years ago, was the most distinguished and well known civil engineer in the South. He has been one of the most generous and benevolent men ever known, giving away almost his entire earnings year after year until his death. No one will be missed more than he by his host of relatives and friends."

"He lived a bachelor all his life."

Important Meeting of Cape Fear Camp.

Cape Fear Camp No. 254 United Confederate Veterans will meet at 8:30 o'clock to night at the armory of the Wilmington Light Infantry. A committee appointed at a previous meeting will report on an amendment to the constitution of the camp providing for an increase of the yearly dues to establish a fund for the burial of needy soldiers. The members of the committee are Mr. E. S. Martin, Col. A. M. Waddell, Col. F. W. Kercher, Col. W. J. Woodward, and Capt. T. D. Meares. As the matter is a very important one it is hoped that a full attendance may be had.

Mail for the Beaches.

Residents on Carolina and Wrightsville Beaches will have the same mail facilities this season. Beginning July 1st, a letter carrier will go to Wrightsville Beach on the early morning train and make a delivery and collection, returning to the city at 11:30 A. M. The same carrier or another will go to Carolina Beach on the 2:30 boat and return on the 5 o'clock boat after delivering and collecting mail.

The mail clerks of the postoffice were examined yesterday, with results creditable to themselves and satisfactory to the post master.

Syrian's Bad Luck with Horses.

Elias Bufarro, one of the Syrian colony, was so unfortunate as to lose a horse yesterday. The animal was driven to the sound and back, and before the harness was taken from him he fell, dying almost immediately. Some of the Syrian neighbors said that he claimed his horse was too strong and insisted on weakening him down by not feeding him for a day or so. The hard drive under these conditions not unreasonably produced fatal results. Bufarro lost another horse earlier in the week.

First Day of Tax Listing.

The tax listers reported a good day's work yesterday. Indeed, Mr. Geo. D. Parsley, city tax lister, said that more persons came up than he expected for the first day. He is being assisted by Messrs. Henry R. Savage and T. B. Oldham. Mr. William Blanks is assisting Mr. T. O. Bunting, the county tax lister, and was in charge yesterday. The State and county taxes are listed in the commissioners' room in the county court house, instead of the city hall, as formerly.

Ass Love Makes Highest Average.

Out of nearly 100 successful applicants for license before the State Board of Examiners at Asheville, Dr. L. H. Love, of this city, headed the list with 96 per cent. This is a splendid record, and Wilmington is glad to claim a young physician who can make such a phenomenal average. Dr. Love is a son of Dr. W. J. Love, who is one of the most distinguished physicians of the State.

Shipping in May.

The report of Harbor Master E. D. Williams for the month of May shows arrivals of vessels of over ninety tons at the port of Wilmington as follows: American—5 steamships, 4,724 tons; 1 barge, 438 tons; 6 schooners, 1,559 tons. Total, 9,147 tons. Foreign—1 bark, 615 tons. Total American and foreign—13 vessels, 9,762 tons.

OFFICERS ELECTED.

At the Caucus of the Board of Agriculture held in Raleigh.

THERI SALARIES ADJUSTED.

State Guard Encampment to be Held This Year at Morehead City—The Public Printers—Abbott's Case Against Beddingfield—Craig Bill.

[Special Star Correspondence.]

RALEIGH, N. C., June 1. The Adjutant General announces this morning that the State Guard encampment this year will be held at Morehead City. They will go into camp in July by regiments. The Second regiment will go first, followed ten days later by the Third. The First will, next fall, go on a practice march in the western part of the State. The time and place will be designated by Col. Armfield.

Tax-listers in this county began listing taxes this morning. The ninety days allowed the public printers in which to deliver the bound copies of the laws and documents to the Secretary of State expire on June 6th. After this date a forfeiture of \$50 a day shall be made by the public printers until the delivery of the laws and documents is completed. The documents, Senate Journal and part of the public laws have already been delivered. The balance of the Public Laws, all the Private Laws and the House Journal are still to be delivered.

Abbott's Case Against Beddingfield.

In the case of D. H. Abbott against E. C. Beddingfield, for the office of Corporation Commissioner, Judge Robinson yesterday ordered that the defendant Beddingfield give an additional undertaking in the sum of \$1,500, pursuant to the statute, but this order shall be of no force or effect until the defendant is permitted to draw the salary attached to the office of Corporation Commissioner.

The American Telephone and Telegraph Company to-day complied with the provisions of the Craig bill and became a North Carolina corporation. Yesterday twenty-one insurance companies were "domesticated," and a large number of others sent in their papers to-day.

All the railroads in the State to which the Jim Crow car law applies, to-day put on separate cars for the races.

There is very great pressure for offices in the Agricultural Department. The number of candidates is larger than has ever before been known. There are more than a hundred applications for the position of fertilizer inspector.

[Special Star Telegram.]

At a caucus of the Board of Agriculture to-night officers were elected and salaries fixed. The commissioner's salary was reduced from \$1,800 to \$1,650; the secretary's salary was left at \$1,500.

John W. Thompson, of Raleigh, was elected Assistant Commissioner of Agriculture, at a salary of \$1,250.

B. W. Kilgore, formerly assistant chemist here, now State chemist of Alabama, was elected State chemist; salary \$2,500.

Five assistants to the State chemist were chosen.

It was decided to abolish the two regular fertilizer inspectors and employ fifteen special inspectors at a salary of \$75 per month, to be employed only when needed.

J. P. Arrington, Nashville, was elected clerk in the chemical department; salary \$600.

W. A. Graham, Jr., MacPellah, registering clerk; salary \$900.

Miss Annie Lewis, Rocky Mount, usher in museum; \$40 per month.

Miss Lucy Reeves, Rocky Mount, stenographer; \$50 per month.

Thomas C. Cherry, Edgecombe, watchman, \$50 per month.

H. H. Brimley was re-elected curator of the museum; salary, \$1,200.

Assistant chemists: Wm. Allen, Wadesboro; C. B. Williams, Elizabeth City; S. E. Asbury, Gastonia; Grimes Haywood, Raleigh; Fred C. Lamb, Elizabeth City.

Fertilizer inspectors, by districts: First district, J. C. Davis, of Martin, and H. T. King, of Pitt; Second, H. P. Dortch, Wayne, H. J. Reed, Perquimans, Wiley Barnes, Wilson; Third, W. L. Williams, Cumberland; Fourth, F. J. Brown, Johnston, E. W. Morris, Franklin; Fifth, R. G. Russell, Durham; J. C. Kenneth, Guilford; Sixth, J. F. McKay, Seventh, S. Morris; Eighth, Hugh W. Lindsay; Ninth, J. S. Bell and M. L. Reed.

Janitors, Gaston Broughton, Wake, and J. E. Kennedy, Wayne; Engineer, C. C. Lee, Wake.

The caucus wash session until 11:30. The Board meets at 10 o'clock tomorrow to confirm these selections.

Monthly Police Report.

The report of Lieutenant Fred Skipper shows arrests by policemen during month of May as follows: For larceny, 3; assault and battery, 5; assault with deadly weapon, 3; resisting officer, 1; drunk and disorderly, 21; drunk and down, 13; disorderly conduct, 29; gambling, 3; racing bicycles, 3; affray, 2; riding bicycles on sidewalk, 1; dogs running at large, 1; abandonment, 1; fornication and adultery, 1. This is a large number of arrests and it shows that Wilmington's police force is keeping a sharp look-out for offenders.

Charged With Stealing Shoes.

James Creech, colored, was before the Mayor yesterday morning charged with the larceny of a pair of shoes. He was arrested on night before last by Police Officer C. A. Stead on information of a negro who claimed Creech had stolen his shoes from Eliza Finch's boarding house on Water street between Market and Dock. The case was postponed until this morning's session of the court in the hope of getting more evidence.

At Rest in Oakland.

The remains of Miss May McCartney, who died at Port Royal, S. C., on last Tuesday, were brought here yesterday by the W. O. and A. Railroad. They were taken directly to Oakdale Cemetery and interred, the services being conducted by Rev. J. H. Hall, pastor of the Fifth Street M. E. Church. Mr. James McCartney, the father of the deceased young lady, who accompanied the remains to Wilmington, will return to Port Royal this afternoon.

MARRIAGE AT SOUTHPORT.

Miss Piver Becomes the Bride of Mr. Ernest Burriss.

[Southport Standard.]

The Methodist church here was the scene of a pretty church wedding last evening, when Mr. Ernest L. Burriss, of Wilmington, formerly of this town, led Miss Rosa L. Piver, of Southport, to the altar, where Rev. E. W. Bailey performed the sacred rite in the presence of a great number of friends.

On the arrival of the bridal party promptly at 8:30 o'clock, Mrs. E. H. Crammer, who presided at the instrument, played the popular Mendelssohn's march. The ushers—Messrs. Cleve Bell, Hoyle Dasher, Ike Davis, Jr., and Cecil Thomas—led the way up the central aisle, followed by Mr. Ike Finner and Miss Nellie Newton; and Mr. Robert Thompson and Miss Hattie Fulcher, who preceded the bride and groom-elect. The short ceremony was then performed in an impressive manner by the pastor.

The decoration of the edifice was arranged very nicely with evergreens, plants, and a profusion of flowers of the season.

After the ceremony a reception was tendered the happy twain at the home of Mr. Alfred Burriss, the father of the groom.

The couple leave on to-day's boat for Wilmington, where their future home will be made.

The German Monday Night.

The closing german for Miss Cammie Lord's dancing school will, as previously announced, be given next Monday night, and the last regular lesson of the final session, was given last night in Germania Hall.

The school during the past season has afforded a merry round of pleasure for a host of young people, the lessons having been given two nights of each week, followed, with very few exceptions, by very pleasant after-germans of about an hour's duration.

All gentlemen who have taken lessons during not less than a session of the past school year have been invited to participate in the german Monday night. It will doubtless be the most largely attended german of the season.

Under Schedule B.

Register of Deeds W. H. Biddle had only a few applicants for license yesterday under the schedule B tax. This is a sort of thing people don't like to hurry about. As usual the rush will most likely be in the closing days.
