He said this was the first time he had ever been convicted of any offence and promised to do anything that a man could do if the judge would suspend imprisonment. Later in the day Mrs. Howard went before the court and in response to enquiries said that she desired her husband to receive the full meas ure of punishment provided by law. However, Judge Battle deferred passing sentence until to day.

A course of action which seems to be under favorable consideration is to put Howard under a good bond for good behavior and requiring him to deposit stipulated amount with the clerk of the court each month to be used in the support of the children. However, the statement by Mrs. Howard - that she wants her husband to receive the full penalty of the law tends to prevent this action.

for the day. The reason for this is

that the Judge and many of the other

officers of the Court are spending the afternoons and nights on Wrightsville Beach, going down to Seashore Hotel on the 2.30 train. It is not thought that the trial of Nick Politz and others charged with

counterfeiting, will occur before tomorrow or next day. In a large number of the cases for retailing liquor without license, disposed of yesterday, the defendants came into court and plead guilty before the grand jury returned true bills.

Capt Robertson is going around personally to see the members and there is every reason to believe that there will be a good turn out. It is greatly to be hoped that this branch of Pythianism will be fully represented at the meeting, as the presence of the uniformed knights will add a great deal to the success of the occasion.
