TESTIMONY BEFORE THE INDUSTRIAL COMMISSION.

The Agricultural Interests of the South Colored Labor Unreliable - Depreciation of Values.

By Telegraph to the Morning Star. WASHINGTON, June 22.-Joseph B. Ager, president of the Maryland State Grange, was before the industrial commission to-day. He said that a trust among the farmers such as was suggested by Mr. Havemeyer, was im-practicable, owing to the difficulty of getting the farmers to hold up prices. Speaking of colored labor, he said it was unreliable because of the natural indolence and indifference of individuals of the colored race. Liquor, he regards as the great bane of that people and responsible for nine tenths of

the crimes committed by them. Mr. Ager considered the condition of the average farmer as worse than it was twenty years ago, but he believed money invested in farming safer than in other lines of business.

L. W. Youmans, of South Carolina, occupied the witness stand during the afternoon session. He said the agri-cultural interest of the South was greatly depressed, and he attributed the depression to the fact that silver was not recognized as a money metal. He said there had not been an increase of the volume of money to correspond with the increase of population. As a consequence there had been a general depreciation of values. He was proceeding to develop his views upon this point when Major Farquhar made a point of order against the character of the testimony, and this point was sustained by the chair (Hop. A. L. Harris) after a somewhat spirited encounter between Representative Livingston and the Republican members.

Mr. Youmans then proceeded to other considerations. He thought the tariff also an obstacle to progress, saying that while the cotton-grower of the United States was compelled to compete with the cheap labor of the world in sales abroad, he was not allowed to buy the product of that labor in other articles abroad without paying a duty of 40 per cent. upon it. As remedies he suggested the free coinage of silver, a lower tariff and local banks of issue. He had tried the diversification of crops and had not been successful.

Mr. Youmans said he had no fault to find with colored labor and that he preferred it infinitely to imported labor. "I employ 300 or 400 negroes," he said, "and I find them docile and willing to work. I go away and leave my family among them, feeling confident of their safety and protection."

He thought, however, that the negro was, as a rule, irresponsive to the efforts to educate him, and while he willingly paid his share for such efforts at education, he considered the money so spent as thrown away.

FRANCE'S NEW CABINET.

Formation of Senator Waldeck-Rosseau President of Council-Gen. Gallifet Minister of War.

By Cable to the Morning Star.

Paris, June 22 .- Senator Waldeck-Rosseau was recalled to the Elysee palace this morning where President Loubet proposed that he form a cabinet immediately.

Late this afternoon the announcement was made that Senator Waldeck-Rousseau had completed the formation of a cabinet.

The Senator accompanied by the new cabinet ministers, proceeded to the Elysee palace, at 6:10 P. M., to present his colleagues to President The new cabinet, as organized, is as

follows: Senator Waldeck-Rousseau, President of the Council of Ministers and Minister of the Interior; Del Casse, Minister of Foreign Affairs; General The Marquis de Gallifet, Minister of War; De Lanessand, Minister of Marine Monis, Minister of Justice; Caillaux, Minister of Finance; Millerand, Minister of Commerce; Leygues, Minister of Public Instruction; de Crais, Minister of the Colonies; Jean Dupuy, Minister of Agriculture; Pierre Baudin, Minister of Public Works.

The appointment of General, th Marquis de Callifet, as Minister of War, is an extraordinary example of the way in which the Dreyfus case has revolutionized politic conditions. For years past the General has been the bugaboo of the extremists, not only because of his monarchical sympathies, but on account of the rigormanner in which he took part in repressing the commune. His entry into the cabinet is undoubtedly due to his attitude towards the Dreyfus case, which has been throughout favorable to Dreyfus, although he holds that the proclamation of the prisoner's innocence should not include placing the responsibility for the apparent judicial blunders upon the

RENNES, FRANCE, June 22.-There is absolute ignorance here as to the arrival of Captain Alfred Dreyfus. The town is quiet. The workmen have completed placing additional bars across the window of the cell intended for the prisoner. The local newspapers are protesting against this in-dignity, asserting that Dreyfus ought to be treated merely as an accused officer and not as a criminal.

Such was the verdict of the coroner's jury in the case of Daniel Patrick, colored, who was lynched here yesterday for an assault upon Miss Bessie Ireland. SILVER CASKET PRESENTED.

With An Address As a Memento of the

Visit-Admiral Dewey's Reply Reciprocating the Sentiments Expressed-His Stay in Ceylon. By Cable to the Morning Star. Colombo, Chylon, June 22.-The United States cruiser Olympia, with

Admiral Dewey on board, arrived here

at 6 o'clock A. M. from Singapore, June 15th, saluted the forts ashore and was saluted by the latter in return. An aide de camp representing the Governor of Ceylon, Right Honorable Sir Joseph West Ridgeway, boarded the Olympia at 7 o'clock this morning, in order to welcome the Admiral, and Colonel Savage, commanding the troops, called at 10 o'clock. The visits

were returned by Admiral Dewey at 11 He was received at the jetty by a guard of honor, and amidst cheering, drove in the Governor's carriage to breakfast with Colonel Savage. The admiral afterward booked rooms at the Galloface Hotel and returned on board the Olympia at 1 o'clock. There he received a deputation representing the Planters' Association and the Chamber of Commerce, and was pre-sented with a silver casket and an address as a memento of his visit.

The admiral will remain in Ceylon about a week. He says that he had a good voyage from Singapore and that his health is fairly good.

7:50 P. M.—The presentation of the casket to Admiral Dewey was made on board the Olympia, instead of in the council chamber, because his doctor had forbidden him to participate in any official function. The delegates also presented a thousand pounds of tea to the crew of the Olympia.

The admiral, replying to the address of welcome, said he wished he could reply in adequate terms, reciprocating the sentiments expressed, but, he ad-ded, he spoke from his heart when he said he deeply appreciated the wel-

Admiral Dewey added that he would have the very acceptable present of tea distributed as desired, incidentally mentioning that he was a life-long tea-drinker himself, and assuring the delegation that the address would be read at "Muster" and afterwards framed and preserved. The casket, he remarked, he would always keep on his table, and he told the delegates that he would report the matter to his government and describe the cordiality of his reception. Continuing, Admiral Dewey remarked "that cheer raised on the jetty when I landed went to the hearts of all of us. We are 14,000 miles from home, but that cheer will be heard in America, although the way in which it has touched me I shall never be able to fully express.

"The two nations were never so closely allied by mutual sympathy and appreciation as now. The American people realized this during the late war, and you can imagine how all those who were at Manila and met Sir Edward Chichester (commander of the British first class cruiser Immortalite,) and his gallant comrades, hold that feeling very deeply."

A general conversation followed and, after toasting the "Anglo Saxon," and the prosperity of the two countries, the delegation departed.

ADVICES FROM MANILA.

Rebels Encouraged-Insurgent General's Brass Band of Eighty-two Pieces Captured-Arguelles' Trial.

By Cable to the Morning Star. MANILA, June 22.—Details of the sentencing of Colonel Arguelles, Filipino commissioner, to twelve years' imprisonment, have just been obtained here. It was at first reported that his condemnation by the Filipinos was due to the friendship he displayed towards Americans, but the information just obtained shows the accusation against him was not based on his peace conference at Manila, as supposed. They confirm President Schurman's belief in his sincerity, and show that his advocacy of autonomy among the insurgents was treated as treason. The charge against the Colonel was that in conversation with Filipino officers he predicted that disorders within the insurgent terrritory would lead to civil war and, therefore, he said he considered autonomy under the Americans more preferable than independence. The Filipino Con-gress tried him on the charge of treason and a heated debate over autonomy followed. Finally, the colonel was sentenced to death but this was commuted to twelve years imprison-ment, on account of his previous services to the cause, after an eloquent plea upon the part of his counsel. Colonel Arguelles is one of the most conservative and respected men identi-

fied with the insurrection. Rebels Encouraged.

The rebels have learned that the American volunteers are returning to the United States and the Filipino newspapers show that they construe this to mean that the Americans are abandoning the war and are encour-

aged thereby. The outposts of the Washington regiment yesterday captured General Pio Del Pilar's brass band, of eighty-two pieces, the members of which some how became separated from the rebel army and came near the American lines without having the means of resistance. Some Chinamen of Manila have filed a claim against the instruments, which, it appears, were leased by the musicians of General Pio del Pilar.

"The Chicago platform will be reaffirmed," said Senator Bate, "and the clause against trusts will be strengthened at the convention of 1900. The united South will stand being Mr. Bryan and free silver and in opposi-

Mr. Bate said a very small part of
the Populists will refrain from cooperating with the Democracy, and especially if Mr. Bryan is the leader.

Mrs. Jane Graves Lodged in Jail at Valdosta, Georgia - A Sensational Affair.

By Telegraph to the Morning Star. VALDOSTA, GA., June 22.-Mrs. Jane Fraves of Alexanderville, was brought here this morning and lodged in jail, on the charge of murdering her hus-

The tragedy occurred Sunday and was reported as a case of suicide. The citizens in that community were not satisfied with this theory and the coroner's jury investigated the case for two days. Enough circumstantial evidence was gotten to justify the arrest of the woman. It was feared for a while a hearing would develop into a lynching bee, so strong was the feeling. The most startling testimony was that of George Register, who worked with Graves and who stated that he saw Mrs. Graves shoot her husband, after which she threw the empty cartridges out of the weapon and hastily placed the pistol in his hand as he lay upon the floor in the throes of death. It is also stated that Graves and his wife had quarrelled because she had been out riding with a young man. She intended going out again in the afternoon, but he forbade her and the quarrel was renewed. According to the statement of Register, she was in the kitchen when her husband started to the lot to stop a boy from hitching up a horse with which she was going driving. As he crossed the porch two shots rang out and he dropped to the floor, dead in a mo-

The State Convention -The Stone-Goebe Combination Blocking Progress Planks in the Platform.

By Telegraph to the Morning Star. LOUISVILLE, Ky., June 22.-The second day of the Democratic Convention was a blank so far as proceedings of record go. Under the surface, however, it was a busy day of electioneering and wire-pulling. Two shorts sesions were held, one in the morning and one in the evening. At the former, committees were appointed and a recess was taken until evening to allow them to work. This evening, the credentialst committee, having scarcely begun its work, the convention adjourned until 9 o'clock to morrow morning.

f some three hundred seats. Its deberations will govern the length of the convention, and if radical action be taken in any one direction, it may effectively influence nominations. The Stone-Goebel combination is still master of the situation, having control of the machinery of the convention. This was demonstrated twice to-day in the forcing of an adjournment.

Chairman Redwine and the other temporary officers, it is believed, will be retained in the permanent organiza-

To night the Hardin people are busy working on the Stone delegation, for it is in this direction their only hope ies. They are using the argument that the Goebel followers are using the Stone-Goebel combination for purely selfish purposes and that they will attempt to nominate the Kenton county leader for Governor, regardless of the tacit understanding that Stone should receive this prize. Meanwhile there is no sign of weakness in the combination. Stone or Goebel may be nominated for Governor and the report of the committee on credentials may decide the race. The make-up of the remainder of the ticket will depend upon the selection for Governor. The platform will declare for Bryan and silver and is likely to contain an anti-trust plank

BOSTON BANK ROBBED.

Ten Thousand Dollars Stolen by a Sneak Thief-Arrested in New York and Money Recovered.

By Telegraph to the Merning Star. Boston, Mass., June 22.-A sneak thief entered the Metropolitan National Bank here to-day and stole \$10,000 while the paying teller's attention was drawn away for a moment. The man entered the bank at about 11 o'clock and the teller was asked for some directions about sending a money order. The teller gave the information desired and the stranger stood at the counter apparently making notes. Just then the teller was called to another part of the office and the visitor quickly thrust his arm through the grating of the window and took fifty \$100 notes and five \$1,000 notes. A young lady stenographer in the bank saw the man's action but he escaped. He was apparently about 28 years of age and well dressed.

NEW YORK, June 22.—Detectives rom the central office arrested the Boston bank robber as he alighted from a train at the Grand Central station to-night at 6 o'clock. election of the king; that Malietoa Tanu has resigned; the kingship was to be abolished and a provisional gov ernment established. Admiral Kautz reported his arrival at San Francisco last evening by telegraph to the Navy Department, but made no report upon Samoan affairs. This will probably be committed to the mails. His official superiors are fully satisfied with his conduct while at Apia. The admiral retains his asat Apia. He says: "Dignity should come before the calls of the stomach. HORSE-WHIPPING AFFAIR.

F. Woodward Roughly Handled at Washington, N. C. By Telegraph to the Morning Star.

RALEIGH, N. C., June 22.—A special to the News and Observer from Wash ington, N. C., says:

This morning, just before the morning train left for Parmele, a consider-able commotion occurred in the neigh-borhood of the depot, caused by the horse whipping of J. F. Woodward, who has been in this city buying and soliciting shipments of potatoes to G. M. Snyder & Co., of New York city. The facts in the case that culminated in the whipping are about as follows: On yesterday a young lady of this city was passing down the street, when she was overtaken by Woodward, who made repeated improper proposals to her. On the young lady arriving at home she reported the facts to her family. This morning, on its being learned that Woodward would leave on the train a part of a residence. on the train, a party of gentlemen re-paired to the depot, armed with a couple of whips, and proceeded to ad-minister the horse-whipping, after which he was ordered to board the

train and never return. The British steamship Lombard arrived at Mobile from Ship Island quarantine with a case of well developed leprosy on board in the person of a Chinaman, a member of the crew.

TYPHOID FEVER IN CAMPS.

Army Board's Report-The Water Supply Had Little to Do With the Spread of the Disease.

By Telegraph to the Morning Star. Washington, June 22 .- The board appointed by the War Department at the instance of the Surgeon General to study the distribution of typhoid fever in army camps, is engaged in arranging the data collected, prepara-tory to making its final report. The collection of statistics is about completed and the members of the board hope to have their information chartd and tabulated by the end of July. This board is the first that has ever

been appointed to study the propaga-tion of disease in army camps by the history of individual regiments. The board has gone further, however, taking the company as the unit and tracing the history of all intestinal disorders and all cases of malaria and fever of every sort that appears on the sick report. Owing to the fact that some of the regiments were alleged to be infected with typhoid fever germs before coming to the large camps it has been necessary to trace their history back to their State camps and even to trace the history of individuals before they entered the service.

The report will indicate that the water supply had practically little to do with the spread of typhoid. This is contrary to all previous medical theory in typhoid propagation. The appearance and spread of the disease, the report will say, indicates that it was transmitted through the atmosphere, by wind carrying about dust containing the dried gems of typhoid and by the agency of flies.

CLEVELAND, OHIO, June 22.-The hope of a settlement of the street railway strike was shattered to night, when the strikers at a meeting rejected by a unanimous vote the proposition submitted by the company to the special committee of the city council, to which the strikers agreed this afternoon. The proposition of the company states that it is ready and willing to take back into its employment, as it has ever been, such of its employes as its business demands, aggregating at the present time eighty ger cent, of such employes, and as vacancies occur will give preference to such former employes, except always those that have committed ununlawful acts against the company, its property or employes during the present strike.
