The boats will not be entered until to-day, nor can the names of the ladies who will sail the various yachts be ascertained until then.

Reference was made yesterday to the handsome prizes, first and second, which have been purchased.

They have been procured from Mr. George Honnett, the up-to-date Front street jeweler, in whose show window they are now on exhibition. Both Carolina and Atlantic Clubs cord. have made ample arrangements for delightful frolics. As usual the music for the Atlantic club dance will be by the Baltimore Italian Band. ### Chinaman in Trouble.

Sam Lee, a Market street Chinese laundryman, was arrested by Health Officer Kirschbaum yesterday morning for cruelty to animals. Some one informed Mr. Kirschbaum that if he would go to the lot in the rear of the laundry he would find something that would probably interest him as an officer of the law. Acting under these instructions he went in the rear of Lee's place and discovered two kittens in a barrel of hot ashes, one of them being dead and the second almost burned to death. After rescuing the half dead feline Officer Kirschbaum carried Lee before Mayor Waddell. who recognized him in the sum of \$50 for his appearance at the municipal court this morning at 9.30 o'clock

to answer the charge preferred against him. The Chinaman claims that one of the kittens was dead when placed in the barrel, and that the other kitten rolled into the barrel of its own ac-

## Charged With Larceny.

Deputy Sheriffs Hill Terry and Pat Flynn yesterday arrested a young negro named Eugene Nixon, near the market house, on a warrant charging him with the theft of a gold watch from Mr. T. G. Landin, foreman for Mr. Vollers, the contractor. The STAR mentioned several days ago the stealing of the watch from the vest of Mr. Landin at an incompleted dwelling house being erected on Fifth between Market and Dock streets and that it was supposed at the time to have been stolen by a negro seen loitering around the building for some time. The negro arrested yesterday is charged with the theft and has been dentified by one of the workmen as the negro who was seen about the house on the day the watch was stolen. He was committed to jail to await an investigation of his case before Justice McGowan this morning at 10 o'clock. The negro stoutly contends that he is innocent of the charge and knows nothing of the watch. The fact that he is a fisherman and that a lot of fishing tackle was found on the scene of the theft is urged as circumstantial evidence against Nixon.

## Rev. E. S. Alderman.

The STAR takes pleasure in copying from the Baptist Argus of Louisville, Ky., the following in regard to the commencement exercises of Bethel College, Russellville, Ky., of which Rev. E. S.'Alderman, a native of this city and son of our esteemed townsman and aged citizen, Alfred Alderman, Esq., is President:

The trustees endorsed with great neartiness the work of the past year and accepted all of his plans for the future, and enlarged the scope of his work. They passed a resolution giv-ing to him the president's home and an increased salary if he can see his way to give up his care of the church and devote all of his time to the college. The presidents of our Southern Baptist colleges are a body of uncom-monly able, well equipped, enlight-ened scholars and administrators, but in my opinion Dr. E. S. Alderman, of Bethel College, Russellville, easily stands among the foremost.

## Was Only Smoking Musquitoes.

Smoking musquitoes out of the house was the cause of the fire alarm turned in from hox 26 at 10:24 o'clock last night. A negro woman by the name of Mary Loftin occupies a little cottage on Red Cross street, between Second and Third, owned by Mrs. C. P. Mebane. She reported to the Fire Department that musquitoes were unusually vicious last night and while she was burning a quantity of rags, etc., to drive them out, some one in passing saw the smoke, presumed the house was on fire and turned in the alarm.
