Best Jim Crow Car.

The editor of the Winston *Sentinel*
says the best Jim Crow car arrange-
ment he has seen is in use on the At-
lantic Coast Line. "The rear car is
first class white, the next car is second
class for the colored race, one end
being first class and the other second
class. This is a separation of the races
that separates."

RECEPTION --- DANCE.

Miss Mabel Powers Entertains
Complimentary to Misses
Clark, of Tarboro.

150 GUESTS WERE ASSEMBLED
Reception at the Powers Cottage—Dance
in Atlantic Yacht Club House—Taste-
ful Decorations—Delicious Re-
freshments—The Guests.

The most elaborate and thoroughly
brilliant complimentary reception and
dance, possibly two or three club
functions excepted, which has dis-
tinguished the 1899 season on Wright-
sville Beach was that last night tend-
ered more than one hundred and
fifty friends complimentary to Miss
Nannie Clark and Miss Sue Clark of
Tarboro, by Miss Mabel Powers, the
talented daughter of Mr. E. J. Powers
of this city.

The invitations were issued about a
week ago and Wilmington society and
many visitors both in the city and on
the beach had been since the issuance
of the invitations most pleasantly
anticipating the event.

Attached to the regular 7.15 train
yesterday evening were two special
coaches especially for Miss
Powers' guests from Wilmington and
they were filled with a merry company
of the foremost young people of the
city.

The reception was held in the com-
modious and well appointed Powers
cottage, and was in progress for
two hours after the arrival of the
train. The cottage apartments were
brilliantly lighted and tastefully de-
corated, notable features being Japanese
lanterns and bunting.

Miss Powers was gracefully assisted
in the duties of receiving and enter-
taining her numerous guests by the
guests of honor, Misses Nannie and
Sue Clark and also by Miss Kate Har-
low and Messrs Geo. L. Peschan, H. B.
Peschan, J. Latham and Henry J.
McMillan. Immediately after the
ceremonies the merry company
repaired to the spacious club
house of the Atlantic Yacht Club
only a few doors above the Pow-
ers cottage where a delightful dance
was held. The club house was de-
corated very similar to the cottage and
a good band of music was on hand
and discoursed excellent music.

About midnight there was an inter-
mission, during which the guests re-
turned to the Powers cottage and
partook of delicious refreshments,
served in thorough keeping with other
elegant features of the occasion.

It was three o'clock this morning
when the company of delighted guests
deep to sleep. Mr. Andrew Smith

PARSON ROBISON IN TROUBLE.

The Lumberton *Robesonian* has the
following to say of "Parson" Rob-
Robinson, a well known negro char-
acter about the city who created a
scene in the police court by dropping
on his knees and praying in open
court before which he was arraigned,
a day or two before his departure from
Wilmington:

"A warrant was issued by Col. T.
F. Toon Monday for the arrest of Rob
Robinson, upon the charge of an
assault on the property of the Seaboard
Air Line, said to be committed before
upon Hattie Pope, both parties col-
ored. Robinson is a preacher, being
from Wilmington, it is said, and had
been here several weeks working on
the railroad. Deputy Sheriff Wishart
went out to the place to arrest him
Monday afternoon but failed. Rob-
Robinson fled to his home and before
the officer could put eyes on him made
off through the woods and got away."

COTTON MILL CONSTRUCTION.

Satisfactory Progress On Delgado Mill
Buildings—Excellent Drainage Sys-
tem Throughout the Locality.

Work on the Delgado cotton mill,
Wilmington's new \$250,000 enter-
prise, is progressing very satisfac-
torily, so say Messrs. Zachary &
Zachary, the contractors. The walls
of the main building will soon be up
ready for the roof and the construction
of the cottages for mill operatives is
being pushed with considerably alac-
rity. The erection of the smaller
mill buildings, such as engine and
boiler rooms, the dye house, the ware-
house, etc., will be commenced very
soon. The buildings will no doubt
be ready for placing the machinery by
the early Fall and the thousands of
spindles will be running on full time
not later than the new year.

President E. C. Holt has had a large
force of laborers at work the past
several weeks digging a system of
drainage throughout the district occu-
pied by the mills and the mill oper-
atives' cottages, so that there will be
thorough drainage, the healthfulness
of the locality being thereby greatly
enhanced.

PREPARING FOR THE "RED SHIRTS."

Wilmington Ball Players Putting in Faith-
ful Practice for Saturday's Game.

The Wilmington boys are practicing
hard for the coming game with Mar-
ton to be played here Saturday. Man-
ager Sinclair received a letter from
Manager McKinnon yesterday stating
that he would be on hand, and that he
was rallying his forces. Maxton has
a first-class team and with the new ad-
ditions it will no doubt be a strong one.
The Wilmington team will be chosen
from the following players: Brunson,
28 casks spirits turpentine, 135 barrels
rosin, 50 barrels tar.

Total—Cotton, 1 bale; spirits turpen-
tine, 36 casks; rosin, 323 barrels; tar,
129 barrels; crude turpentine, 44 bar-
rels.

RAILROAD COMMISSIONERS.

Judge Brown Decides in Favor of Bed-
dingfield and Taxes Abbott With the
Costs—S. A. L. Petition.

[Special Star Correspondence.]
RALEIGH, N. C., July 26.
Judge Brown this morning sent to
the clerk of court of this county his
decision in the Abbott-Beddingfield
case for the office of Railroad Commis-
sioner. He renders judgment in favor
of Beddingfield, and taxes Abbott with
the costs. Abbott appeals to the Su-
preme Court.

After statement of the case, the
court orders and adjuges as follows:
"First. That the office of Railroad
Commissioner formerly held by the
plaintiff's relator, D. H. Abbott, was
abolished by chapter 506 of the Public
Laws of 1899, and that the said D. H.
Abbott lost his interest therein."
"Second. That the office of Corpora-
tion Commissioner is an office sepa-
rate and distinct from the office of
Railroad Commissioner; that it was
created by an Act of the General As-
sembly of 1899 and filled by the elec-
tion of the defendant, Beddingfield, is
entitled to said office."
Dr. Geo. T. Winston, the new presi-
dent of the A. & M. College, arrived
here this morning.

Judge Brown will hear the peti-
tion of the Seaboard Air Line for a re-
instatement of its appeal in the "Hy-
gienic" damage suit Saturday at Ox-
ford.

S. A. L. may discontinue excursions.
The week end rates from Raleigh to
Old Point and from Charlotte to Wil-
mington may be withdrawn. It was
stated to-day by an officer con-
nected with the Seaboard Air Line
that what is known as the "Week
end Excursions" from and to inter-
mediate points to Old Point, Ocean
View and Virginia Beach may, for
certain reasons, be discontinued. The
low rate offered by the Seaboard
Air Line is said to be one considera-
tion, but the seaside resorts hereabout
have been the gainers by these low
rates, which have brought the people
in crowds from the hot interior points.
If the Raleigh excursions be taken off,
those from Charlotte to Wilmington,
also, will be cut off. It may be de-
cided that the Seaboard Air Line
will not be in putting in their appear-
ance from people in the territory af-
fected. The matter will be decided,
however, in the early future one way
or the other. It is hoped it will be
"the other."—*Norfolk Virginian*-

THE PUBLIC SCHOOLS

The District Commiteemen Pre-
paring for Opening of the
1899-1900 Term.

Faculties for Next Year.

All Teachers in White Schools Re-elected.
Four or Five Changes in Teachers for
Negro Schools—Some Build-
ing Improvements.

The committeemen charged with the
management of the Wilmington Public
Schools are devoting much time
and careful consideration to the mat-
ter of preparation for opening the 1899-
1900 term on October 31st, at a recent
joint meeting of the committeemen of
Districts Nos. 1 and 2, Mr. Jas. F. Post,
Jr., chairman of the former and Mr. Jas.
H. Chadborn, of the latter, all the
teachers who did service in the schools
for white children last year were re-
elected.

The election of negro teachers was
also held and possibly five changes
made. There is one vacancy in the
negro schools still to be filled. Notices
of re-election have been forwarded to
all the teachers at the various places
throughout the country where they
are spending their vacation. Accep-
tances have already been received
from a large majority of them.

The only changes made in the fac-
ulty of the several schools for white
children are in the changing of a very
few teachers from one grade to an-
other. In some instances, not many,
though, teachers have been advanced
within their classes taught last year.

The STAR announced, it will be re-
membered, some days ago the re-
election of Superintendent Jno. J. Blair.
So that there will be practically no
changes in the management of the
schools, which has been, thanks to the
black committee, Superintendent
Blair, and the capable faculty, emi-
nently satisfactory.

The school commiteemen are planning
considerable improvement in several
of the school buildings. Action will
be taken in the near future looking
to the immediate inauguration of these
improvements. It is probable, in fact
practically settled, that considerable
changes and a slight enlargement will
be made in the Hemeway building.
A new heating apparatus will be placed
in the Union school to take the place
of the one which was ruined by the
severe freeze during the early
spring of this year.

The Peabody school building for
negroes is also to be considerably im-
proved.

Altogether upwards of \$1,000 is most
probably to be expended in school
building improvements.

As previously intimated, all these
matters are to be definitely acted upon
at a joint meeting of the commiteemen
soon to be held. The re-production of
the names of the commiteemen will
not be amiss in this connection. They
are as follows:

District No. 1.—Mr. Jas. F. Post,
Jr., (chairman), Mr. R. J. Jones and
M. Borden.

District No. 2.—Mr. Jas. H. Chad-
born, Sr., (chairman), Capt. W. R.
Kenan and Mr. Samuel Northrop.
