OUTLINES.

American gunboats bombarded the town of San Fernando Tuesday. The average condition of cotton August 1st is given by the Department of Agriculture as 84, as compared with July 1st. The West Indies hurricane did enormous damage in Porto Rico, Guadalupe and other islands; many lives were lost; the centre of the disturbance is apparently progressing toward the American coast. The daughter of a farmer living near Turner, Kansas, assaulted by a negro, possible in pursuit; a lynching is probable. The yellow fever epidemic in the Soldiers' Home is practically at an end; Newport News has raised its quarantine against Hampton. The examination of the secret dossier at the Dreyfus court martial will be completed to-day; a public session of the court will be held tomorrow. Norfolk will raise quarantine against Newport News and Hampton to-morrow evening. The Japanese government has concluded arrangements for the purchase of tobacco in the United States. It is noted that strikes are becoming more frequent in England as well as in this country. This is proof that the "wave of prosperity" has struck the strikers.

It is said that in Spain 1,000,000 women work in the fields as laborers, and their husbands probably (if they have any) are principally engaged in loafing around and killing time.

If, as some persons versed in mosquito lore assert, the mosquito does not bite people to get a living, it must do it out of pure casuistry and that makes its performances all the more reprehensible.

Siberia, which three centuries ago was made a penal colony, has ceased to be that and has now a population of over 6,000,000. There is a large immigration to it, encouraged by the Government, from the more densely populated sections of Russia.

According to Consul-General Govey there are resident in Japan 10,915 foreigners—including missionaries and traders—2,297 Chinese, 1,763 Britons, 1,140 Americans, 41 Germans and 420 French. The Chinese have decreased in number since 1891 and other nationalities increased.

It is said that John R. McLean, owner of the Cincinnati Enquirer, who is the prospective candidate of the Democrats for Governor, is worth \$15,000,000. With a \$15,000,000 candidate on one side and Mark Hanna running the hat for the opposition there ought to be a flush in Ohio next Fall.

The increasing lunacy in England among the wage earners of different kinds, is attributed to the low wages which do not enable them to buy a sufficient quantity of good, nourishing food. Yet England is one of the countries pointed to as our financial exemplar and a model of prosperous management.

Allen Griffin, colored, was arraigned in Justice McGowan's court yesterday, charged with the larceny of a pistol from Mr. F. D. Rogers, of Bennettsville, S. C., who is spending some time at Wrightsville beach. The negro proved that he found the weapon and he was discharged.

City Clerk and Treasurer B. F. King yesterday mailed a large number of circular letters to delinquent privilege tax payers, warning them of the evil results likely to follow their further procrastination in the matter of paying such dues to the city. The arrests were by patrolmen Wiener and Martin and the arrests were merely made for an example to the public, judgment was suspended in each case. William Blaney, Henry Holly and P. J. Three other cases for trivial offences were also tried at yesterday's session of the police court.

GRAND JURY'S WORK.

Almost Finished and the Report Ready for Presentation to Judge Battle.

MAY BE DISCHARGED TO-DAY.

Numerous Cases of Minor Importance Disposed of During Yesterday's Session of Court—Carolina Beach Offenders Called and Failed.

In the Circuit Criminal Court yesterday there were few cases of public interest disposed of. Those of most importance possibly were against John and Lina Mackey and Hurley Peterson, all colored, for stealing brass fixtures from the Clarendon Water Company's office. They were all three convicted and each sentenced to two years hard labor on the public roads.

Counsel for W. H. Boyette, colored, who was convicted of receiving stolen goods Wednesday, made a motion for mistrial, which Judge Battle overruled. He was then sentenced to one year in the penitentiary.

Jno. Cartrett and Amos Matthews, colored, were arraigned for assault and battery. Matthews pleaded guilty; a verdict of not guilty was rendered in the case against Cartrett.

Andrew Hill, for larceny, was sentenced to twelve months in jail.

Thomas Brown, colored, for assault and battery with deadly weapon, was dismissed on payment of costs.

The cases against several parties charged with an affray and assault and battery with deadly weapon, on the occasion of the excursion of the Oriental Pleasure Club to Carolina Beach were called and not a single one of the defendants answered. None of them had bondsmen, each of them having been dismissed from the magistrates' court on personal recognizance for appearance at the Criminal Court.

A judgment nisi, *si* *fa* and capias was entered by order of Judge Battle. The defendants are Manuel Fulcher, Robert Smith, H. L. Peterson, Joseph Day, Thos. Day, Mrs. Thos. Day and E. D. Capps. Walter McKay, colored, assault and battery with a deadly weapon, was convicted and sentenced to two months in jail. And Nelson Luder, colored, was also given two months in jail on conviction for affray.

Peter Evans, charged with keeping a bawdy house, was given a verdict of not guilty.

S. Seiger was acquitted of the charge of resisting an officer.

A verdict of not guilty was rendered in the case of William Best and Samuel MacRae charged with an affray.

Edgar Nixon, colored, was sentenced to 12 months in the county jail on the charge of larceny.

Curtis Croom and Estelle Smith were arraigned for unlawful co-habitation. Croom was sentenced to three months imprisonment and Estelle Smith was recognized for her appearance at the next term of the court.

The Grand Jury's Work.

It is expected that the Grand Jury will complete their work some time this forenoon, present their report to the court and receive their dismissal for the term. They have already visited the Jail, the County Home, the City Hospital and inspected the Court House. Their report is ready to be presented to Judge Battle this morning. The work of the court will hardly be completed before to-morrow afternoon.

MAY PLAY TARBORO AGAIN.

Athletic Association Trying to Arrange Games With Tarboro Next Week. Fort Caswell Team To-day.

A movement is on foot to arrange a series of three more games between the Tarboro team and the Wilmington Athletic Association team, to be played on Thursday, Friday and Saturday of next week. The management of the Athletic Association team telegraphed the manager of the Tarboro team and an answer will probably be received to-day. President Robertson and others of the Athletic Association have strong hopes of securing the Tarboro team for this second series of games.

Arrangements have been perfected for the game with Fort Caswell this afternoon. Henry Person will pitch against Motion catch for Wilmington. Huser will pitch for Fort Caswell. The management promises a good clean game of ball. It will be played on the Hilton Park diamond at the usual hour.

Excursion To-day.

There will be no 9.15 o'clock boat to Carolina Beach this morning, but instead Capt. Harper will make a trip at 11 o'clock to accommodate a large party of excursionists, who are expected from Selma, Dunn, Fayetteville and intervening points this morning at 10 o'clock. There will be dancing in the pavilion at the beach all day. Music will be furnished by a well equipped band aboard the boat and at the beach. The Wilmington will return at 8.30, and the excursion train will depart later in the night. Mr. J. A. Burns, of Fayetteville, is manager of the excursion. Other trips of the steamer Wilmington will be made as usual during the day.

The East Carolina Real Estate Agency has excellent facilities for selling farms and timbered lands. It advertises all property and makes only a nominal charge unless a sale is made. For terms, etc., address R. G. Grady & Co., Burgaw, N. C.

COUNTY COMMISSIONERS HELD SPECIAL MEETING.

Stock Law Line Fence Further Considered. Bank Stock Assessments—Complaint Against Spert. Chadwick.

A special meeting of the Board of County Commissioners was held yesterday afternoon for the purpose of considering the question of the line stock fence between New Hanover and Pender counties in view of the inauguration of the stock law on January 1st, and other matters which were left over from Monday's session.

The meeting was called to order at 2.30 o'clock and all members were present.

Hon. Jno. D. Bellamy addressed the board in favor of a reduction of the assessment on the stock of the Atlantic National Bank, which it appears has been made considerably above par. The contention was for a par valuation. The matter of assessment of all bank stock property was deferred until a subsequent meeting.

The fence building question, which was discussed at some length Monday, was again taken up and further considered yesterday. Nothing definite was, however, arrived at and a committee, composed of Messrs. McEachern, Alexander and Capt. Jno. Barry, was appointed to take the matter in charge; to recommend the style; to have plans and specifications drawn; to ascertain the cost of building by advertising for bids and to report the result of their investigations to the Board at the earliest possible meeting.

The profile and survey of the fence as presented to the Board Monday was adopted and the committee in charge of the work instructed to make their plans in accordance with same.

Besides the auditing of August bills by the auditing board, the only matter other than those mentioned, which received consideration was a semi-official report from the grand jury which visited the County Home yesterday, to the effect that inmates of the Home and the House of Correction were not receiving sufficient clothing from the Superintendent, whose contract with the county is supposed to bid him to this extent. The following reinforcement to the agreement between the Superintendent and the county was determined to be placed on record, and to be attached to the bond of the Superintendent:

WHEREAS, To make the contract between M. G. Chadwick, Superintendent of the County Home, as to keeping the inmates of the Home and what he has to furnish them more clearly, Mr. Chadwick was summoned before the Board and stated that he understands that he is to furnish food, medicine, clothing, bedding, fuel and any other supplies that have been furnished by other superintendents to each inmate under their contracts.

The matter of making the general road law operative with regard to the working of convicts on the public roads, so urgently requested by Judge Battle during the opening day of court now in session here, was deferred until Saturday, when it is probable that steps will be taken to put the law into effect in New Hanover county and to elect a superintendent for the management of hired laborers and for convicts that may be sentenced to such work.

River Shipping.

The steamer Driver arrived yesterday from Fayetteville several hours late on account of heavy freight. She cleared on the return trip at 10 o'clock last night.

The steamer Seabright arrived yesterday morning at 10 o'clock from Shallotte and Little River, S. C., and will return this afternoon.

The steamer A. P. Hurt is expected down from Fayetteville this afternoon or to-morrow. The Fayetteville Observer of yesterday says:

"When the steamer Hurt reached Oldry, a boiler explosion occurred yesterday afternoon on her trip to Wilmington, a slight crack was discovered in her boiler, and Capt. James Sprague, in temporary command, deemed it advisable to tie up until the repairs could be made. Consequently the twenty odd passengers were returned to Fayetteville through the courtesy of the state conveyances, reaching this city shortly before sundown. Captain Smith, who is himself an expert machanic, is supervising the work of putting the boiler in order, which is being done speedily, so as to enable the Hurt to leave here Thursday on her regular schedule."

GO T TO DO IT.

Mr. Walter Kelly, of Alabama, favors the standard square bale 24x54.

"I favor the 24x54 standard bale of cotton. There is no question whatever of the importance of having ginners' associations in Alabama and Georgia. Long before there was any American cotton company I was anxious to get all parties owning gins united, and I took up the matter with some of them without success. The day is coming very soon that they will find these associations to be to their interest. I want to see two or three of our best men who own gins to talk the matter over and consult with them to see if they can't get together to get all parties in a ready and anxious to do all in my power to bring it about."

"If all knew the evil to them of the American Cotton Company as well as I do, and just one-half as willing to do something to resist same, they (the American Cotton Company) would be completely right away. We have got to do it."

On account of the National Encampment, G. A. R., Philadelphia, Pa., September 4th-9th, the Seaboard Air Line offers round trip tickets to Philadelphia at one fare for the round trip. Tickets to be sold September 1st, 2nd and 3rd, with final limit September 13th, 1899.

[Special Star Telegram.] CONCORD, N. C., August 10.—Tarboro was the winner in the game with the home team here to-day, though it took ten innings to decide the contest. FUNERAL OF MRS. FLANAGAN.

Barry, Messrs. Thomas Torpy, M. Griffin, Thos. Quinlan, M. Carroll and M. O'Brien.
