To His Honor Dossey Battle, Judge Presiding:

We have had 46 cases before us, and have found 41 true bills and 5 not true bills, and we return herewith 2 bills because we have been unable to get the witnesses before us. We found t necessary to issue two capias in order to expedite the work given for us to do. We present 14 delinquent, chedule B, tax payers.

Condition of Jail. We visited the jail and found it is very good repair. We find that the inmates of the jail are obliged to use river water for drinking purposes, and we respectfully recommend that this be discontinued at once and water from the Court House cistern be given them instead. We would recommend that a diet of more vege-

tables be furnished the prisoners. We find that the yard on the east side of the jail known as the "city pound" where stock is kept for various purposes, is far from being in good condition. Foul water from this yard flows into the jail yard. This should

We also recommend that a pipe by connected with the spring between the court house and jail and extended to Jacob's run sewer.

The Court Honse. We have inspected the court house and fine it in good repair except that the clerk's vault in the basement is dirty as is the Register of deed's vault in the basement. We found the books and papers mouldy; we find in the furnace room a quantity of loose papers and other inflammable matter which should be removed. In one room we found water standing on the floor. Plunder of various kinds placed in the custody of the janitor is stored away in a state of confusion in the basement hall way.

Chain Gang Recommended. We recommend that all imale pris

oners be put to work on our public roads, keeping in repair those roads already built and building new ones and thereby make New Hanover county more progressive. We also recommend that the female prisoners be employed in washing the

clothes of the male prisoners and scouring and keeping clean the court house and jail. As to the condition of the County Home we respectfully refer you to the

further states that: Their sick do not get proper atten-tion. We were told that the superintendent notified the inmates that a committee would be out to inspect the place during the week, and they were all put to work cleaning up the place. They were also cautioned about answering any questions we might ask them. In fact we found that every one with whom we talked had been intimidated, and it was very hard for us to get them to give us any information. Wilmington Delegates Returned Yesterday-Will Meet Here in 1900-Notes of the Sessions.

Grand Scribe B. J. Jacobs, Grand Marshal L. L. Boon and Grand Representative Richard J. Jones returned on the noon train yesterday via the Seaboard Air Line from Charlotte, where they have been in attendance upon the Grand Encampment of Independent Order of Odd Fellows.

The meeting came to a close with the afternoon session Thursday and the visitors left Charlotte with memories of a very pleasant and profitable

Grand Scribe Jacobs was re elected to his office and Grand Inside Sentinel Boon was named as Grand Marshal at the annual election of officers Thursday morning.

A number of places were put in nomination for the grand encampment to be held on the third Wednesday in August 1900, but Wilmington received a majority of the votes cast on the second ballot and it goes without saying that the enthusiastic Odd Fellows of Wilmington will royally entertain the visiting bretheren at that time.

After the afternoon session Thursday the grand encampment repaired to the banquet hall of the Odd Fellow building, where refreshments were served by members of Charlotte Lodge Daughters of Rebekah No. 19. I. O. O. F. Several after dinner speeches were made by the patriarchs, expressing their grateful appreciation of the entertainment and hospitality extended by the sister lodge.

DEATH OF P. RICHARD HAWES.

Occurred at the Home of His Brother Nebraska Yesterday Mouring.

Many friends in Wilmington heard vesterday through a telegram to President James W. Monroe of the Second Regiment Band, of the death of Mr. F. Richard Hawes, which occurred at the home of his brother, Mr. J. B. Hawes, in Omaha, Neb., yesterda morning at 10.25 o'clock.

Mr. Hawes had been yery low with consumption for several months and while his death was not wholly unexpected the news came with sadness to many, who had known him in Wilmington when he was in the enjoyment of more perfect health. For a number of years he was cashier of the First National Bank in this city and was an honorary member of the Second Regiment Band. He was also an active and useful member of Jefferson Lodge No. 61., K. of P., Cape Fear Lodge No. 2., I. O. O. F., and of the reserve corps of the Wilmington Light Infantry.

The funeral with Odd Fellow and Pythian honors will be held at Omaha to day from the residence of Mr. J. B: Hawes and the Seventh Ward Military Band, of that city, in courtesy to the Second Regiment Band of Wilmington will act as funeral escort.

Among the floral tributes will be one—a harp design—by Capt. Monroe, he having telegrapned an order to a well known florist of that city yester-

Friends of the unfortunate man reported his case to the sheriff yesterday and Messrs. Millis and Terry, who went to Masonboro, found him on the beach gathering drift-wood for a fire at his camp a short way off on the sands.

For the past several months he has lived principally on the sea in a small shad skiff. A few months ago he successfully made a trip to Charleston and returned in his frail craft, and yesterday told the deputies who went for him that he had "seen the whole world and that the people were after him.' In his boat yesterday he had a gun heavily loaded with duck shot, which had to be secured from him by strategy.

He offered but little if any resistance to the officers and appeared perfectly happy at the jail last night. The gun he said was for self protection. ___

The executive committee of the A and M. College is in session here. The committee met yesterday afternoon and for two hours at the college discussed principally the establishment of the textile school and selecting a site for the building. Last night they met at the Yarborough and were in session till after midnight. The most important action taken was to authorize the President of the board, Mr. Primrose, to borrow \$10,000, to be used in the erection of the Textile School building and to pledge such revenues of the college as may be necessary to secure payment of interest on the same. The president of the college is also authorized to secure such funds for this purpose as he may be able.

The Farmers Alliance.

The State Farmers' Alliance, which has been in session this week at Hillsboro, adjourned yesterday. One of its most important acts was the appointment of a committee consisting of the most energetic alliancemen in each of the three political parties, to draft an address to the farmers of the State urging them to join together to build up a great fraternal organization, such as the alliance was ten years ago. As an experiment, State Superintendent Mebane, has this year spent \$300 of the Peabody school fund, that goes to colored Normal schools in holding institutes for colored teachers. There were seven passenger cars and one baggage car with five hundred people aboard, The STAR is relibly informed that fully four hundred people were left at varrious stations because of the inability of the management to secure extra cars, a telegram ordering other cars, it is said, having failed in some way to reach the railroad in time for provision to be made for the unexpectedly large

Mr. S. A. Burns, of Fayetteville is manager of the excursion.

On arrival in the city the train was met by the steamer Wilmington at the A. C. L. wharf and a large number went aboard for a trip to Carolina Beach. Many of the excursionists also visited Wrightsville beach during the afternoon, and the train left the city with the excursionists homeward bound about 11 o'clock.

t Comes High.

The work of repairing and opening the culvert, which is designed to drain the depression in the earth near the Second Advent Church was finished yesterday at noon and the force of one hundred extra hands discharged. The premises are now said to be in good comparatively sanitary condition. The hands have been employed since Monday and Assistant Clerk and Treasurer White will pay them off today. The pay roll for this extra labor signed the pastorate of a church in amounts to \$413 in the aggregate. The hands were paid at the rate of ten cents per hour and the brick masons, of whom there were five at prices prevailing in the city.

A young white man, who came with Mr. Barber on the excursion, was at first arrested, but having proved his innocence, he was released. The officers next secured a clue implicating a negro, who was soon located in Mr. W. V. As the officers appeared at the door of the store, the negro made a dash and ran down Orange to Water street and down Water to Nun, where he was taken in charge by Superintendent of Streets Perry who happened to be passing in that vicinity, The watch was, however, not found on his person and the presumption is that he threw it away during the chase, which was an

nessed by a rather small crowd, who are not very enthusiastic in commenting upon the game. The score stood 12 to 1 in favor of the Wilmington team. The runs for Wilmington were made by Person, Brenig, Brunson, run for Fort Caswell was by Wise, in the fifth inning. Only six innings were played. There was one run in each of the first, second and sixth in-
