## The Morning Star.

There were serious disturbances in Paris Sunday; 380 persons were injured; riots were started by anarchists and socialists. All of the witnesses at the court martial trial in Rennes, yesterday, were hostile to Dreyfus; but none of the evidence was fresh, the trial is expected to continue until about the 7th of September. The Virginia sailed from Leghorn yesterday. The yellow fever situation at the Hampton Soldiers' Home continues to improve. A decision in the Carter court-martial case is expected shortly. Secretary Root is negotiating for more transports for the Philippine service. At Lake Butler, Fla., a town constable Richardson shot and killed N. E. Roberts. Fourteen fishermen drowned near the mouth of New River during the storm. ### LOCAL DOGS.

The Second Regiment Band will give another of its delightful concerts at the Ocean View Hotel tomorrow night, beginning promptly at 8:45 P. M.

The "Spring Chickens" and "Little Potato" base ball teams played a game of ball yesterday afternoon in which the "Little Potatoes" won, the score standing 7 to 0.

Mr. W. B. Cooper has moved into the handsome residence, 207 North Fifth street, recently purchased by him from Mrs. M. J. Dingelhoff. It has been thoroughly repaired by Mr. Cooper and is one of the most desirable houses in the city.

John Kernan was committed to jail yesterday in default of bond for his appearance at Criminal Court to answer the charge of assault with a deadly weapon upon John Sikes. A case against John Sikes was dismissed upon payment of costs.

The body of an unknown white man was found in Brunswick river near the bridge, yesterday. It was so badly decomposed that there was no possibility of identification. An inquest was held and the body was buried.

David Jackson, colored, was committed to jail yesterday in default of bond for his appearance at Criminal Court to answer the charge of an assault with a razor upon Sarah Ann Moore, also colored. The woman lives at corner Second and Brunswick streets.

The Sheriff yesterday received payment of \$600, the amount of bond defaulted by the three pickpockets—Cornell, Moseley and Hubert, who were captured in their operations here and on the train from Goldsboro, while they were en route to the Confederate re-union in Charleston last May.

There was nothing doing in spirits turpentine on the local market yesterday. There were offerings at 49 1/2 cents per gallon but there were no purchasers at these figures. Tar was quoted by the Produce Exchange at only \$1.60, which is a decline of 20 cents per barrel over previous quotations.

At Lamb's hall last night about 11:30 o'clock, Duncau Little, a negro porter on the W. & W. railroad, was shot by another negro by the name of Owen Madison. The ball took effect in the negro's right shoulder but the wound is not considered serious. Dr. Russell gave the wounded negro the necessary medical attention.

Bruce Williams, Esq., of Burgaw, who was in the city yesterday, told a STAR reporter that Mr. Gabe Croome, of the firm of Croome Bros., had the misfortune to fall from his bicycle Saturday night and break his left arm above the elbow. He narrowly missed riding against a negro woman and in the attempt to avoid it the wheel overturned, causing the accident.

### THE STATE PRISON.

#### Investigating Committee Examined a Number of Witnesses Here Yesterday.

#### THE COMMITTEE'S WORK.

Strict Examination of Castle Haynes and Rice Farm Officials Brings Some Interesting Disclosures—Citizens About Farm Testify.

The first session of the Penitentiary Investigating Committee was convened in the grand jury room of the county court house yesterday morning at 10 o'clock. Senator Brown, of Columbus, who is chairman of the committee, presided, and Representative Gattis, of Orange, and Stenographer W. A. Freeman, of Chadbourne, were present. Representative G. B. Patterson, of Robeson, the third member of the committee, was not present at the opening of the investigation, but came down from his home at Maxton on the noon train and joined the court in the afternoon.

Several witnesses were examined in the forenoon and others were heard in the afternoon at 3 o'clock.

Mr. W. H. Shearin, manager of the Hanover Land Improvement Company at Castle Haynes, testified that he had been at the farm for eight years. During the administration of Superintendent A. Leazer, he was in the service of the North Carolina Phosphate Company. The State had a contract with the company for mining phosphate at 61 cents per cubic yard for removing overburden, and 11 cents per cubic yard for mining phosphate for the first 1,000 feet, and one-half cent per cubic yard for every 100 feet additional. Mr. Leazer told him that the contract was profitable to the State, and there was profit made during the administration; in fact, he thought Mr. Leazer told him that the State made \$11,000 during the administration he was in charge. He testified as to the excellency of the administration of Superintendent Leazer and of the efficiency of his subordinate officials. Under the management of Jno. R. Smith it was exactly vice versa, and under G. H. Cannon, the present superintendent, during the fall and winter of 1898, it was very little if any better than under the Smith regime. The convicts were covered with vermin, and the sanitary condition of the camp was horrible; the odor from the sewerage could be detected at times 100 yards away from the camp, and as a result many of the fifty-five or sixty persons were unable to work on account of sickness, partly due to the condition of the camp. The well from which drinking water was used was distant only about 75 feet from where sewerage was allowed to overflow on the ground. The reason the farm and mines were not profitable last year was on account of lateness in beginning the crop and on account of its incompetency of those in charge of them. Forage pea vines were allowed to go to waste when there was a market for them. To the best of his knowledge the contract between the Improvement Company and the State is \$1 per ton for phosphate and 35 cents per ton for crushed rock, other products named in the contract to be agreed upon by contractor and contractor. They find ready sale for all products mined, and witness thinks the contract profitable to the State. The physician at the farm is now a sober man. Jno. R. Smith used to spend very little of his time there. The Castle Haynes farm in witness' opinion is worth about \$12,000. Corn and peanuts are the principal crops. Mine and mining machinery in witness' opinion is worth about \$14,000. Mr. Cannon repeatedly made requisition for clothing for convicts but was unable to secure it.

Mr. Samuel Blossom, a citizen at Castle Haynes, corroborated Mr. Shearin in every important point in the testimony and spoke of the ineptitude of Jno. R. Smith and Vic Dockery. The discipline was good during the administration of Membourne and Leazer; but under that of Smith, Jno. R. Smith was familiar with convicts and employees. Witness did not think there was anything to sell from the farms since Leazer left. Mr. Hogsom was removed by Smith and was incompetent man, for political reasons, was substituted. The Castle Haynes farm, witness thought was worth \$16,000, exclusive of the mine. There are about 800 acres in the tract. P. H. Rasberry was addicted to the whiskey habit and was discharged or he resigned about a week ago.

H. H. Rasberry, steward at Lyria's camp, testified that he had been in the employ of the penitentiary service since April, 1898. His books and records, which were considered very incomplete and unsatisfactory by the committee, were submitted and examined. There was nothing satisfactory gathered from his evidence and his answers for the most part were unintelligible to the investigators. He said he was from Halifax county and had no politics.

Dr. T. F. Nixon, physician at the farm, testified in the afternoon that his salary was \$90 per month and that he was appointed by Governor Russell. Never knew of convicts having vermin on them, though he heard that a squad from Goldsboro had brought the infection into camp. The sanitary condition of the camp was not as good as it should have been. Witness said that he would take a drink and had drank too much in his boyhood. Was never drunk around the camp.

Mr. W. H. Chadbourne testified that he was a director of the State peni-

### TRAIN OF HANDSOME VESTIBULED CARS.

#### In Course of Construction in A. C. L. Car Shops Here—Two Hundred and Fifty Other Cars to be Built.

The Atlantic Coast Line car shops in this city are especially crowded with work just now, with every indication that the volume of work will continue to increase for some time to come. A notable job which is now engaging the car builders is an especially handsome vestibuled train consisting of three cars, first class, combination and a double car for mail and baggage.

In addition to this work, which requires many skilled mechanics, it is of interest to note that Master Car Builder Jno. H. Davis is pushing the work in the shops to the full capacity, filling orders now booked for 100 thirty-ton standard flat cars, also 80 cars of the same class, 36 feet long, and for 100 standard Atlantic Coast Line dispatch cars.

Referring to the vestibuled train of cars now in course of construction, Mr. Davis, the master car builder, told a member of the STAR staff yesterday that they will have all modern improvements, including hot water, steam heat, and electric and gas fixtures for lighting. They will be a departure from the standard Coast Line pattern, in that they will be modeled somewhat after the Pullman style of construction, with narrow standard vestibules. The interior of the cars will be finished in solid quarter grained oak, with light green head linings, forming a beautiful contrast.

The seats will be of the Hall and Kiburn "walk over" pattern, upholstered with olive green plush.

The work is so far advanced upon these cars that Mr. Davis expects to have them ready for service within thirty days.

### COUNTY COMMISSIONERS.

#### In Executive Session Yesterday—Bank Stock Assessments Considered.

The County Commissioners were in session for a short time yesterday afternoon but nothing was given out for publication beyond that the board had under consideration the matter of the bank stock assessments, and that no figures had yet been arrived at which were alike satisfactory to the board and to the stockholders affected by such a tax. The matter was again deferred; this time until this afternoon, when a final disposition of the problem will be made.

The fence committee now has its work well in hand and Col. Roger Moore, chairman of the board, advertised this morning for bids for erecting this morning for bids for erecting the fence in accordance with plans and specifications exhibited at the office of the Commissioners in the Court House. All bids are required to be in the hands of the committee before noon, September 12th and may be made for furnishing material and building; for furnishing material alone or for building alone.

**Broke Camp Yesterday Morning.**  
The first Battalion Boys Brigade of America, Col. Walker Taylor commanding, broke camp at Carroll's Beach at 4 o'clock yesterday morning and came up to the city on the 7 o'clock boat, after breakfasting at Mrs. Kure's to whom the boys are especially grateful for the kind treatment received during their stay at Camp Kenan. Barring the weather, which was very disagreeable for several days, the encampment was a great success and the boys had a good time. Upon arriving at Wilmington, the boys were marched to their armory and after a brief speech by Col. Taylor, they were disbanded.

The STAR is indebted to its friend in camp, Mr. C. E. Bender, for the excellent reports and incidents of camp life furnished daily.

**Drowning at Sneed's Ferry.**  
The STAR's correspondent at Sneed's Ferry, Onslow county, writing yesterday, tells of the drowning of Mrs. John A. Everett, which occurred at Everett's mill, near Sneed's Ferry, Saturday afternoon at 5 o'clock. Mrs. Everett was being ferried across the mill pond in a flat which was being used temporarily while repairs were being made to the mill dam. A mule attached to the cart in which Mrs. Everett was riding became frightened and backed the vehicle off the flat into the pond.

The East Carolina Real Estate Agency is prepared to give prompt and efficient service to all persons wishing to sell farms or town property. Address R. G. Grady & Co., Burgaw, N. C.

### REV. W. S. CREAMY.

#### Former Pastor of Grace M. E. Church Died Yesterday in Baltimore.

#### HIS DEATH WAS UNEXPECTED.

Was a Brilliant and Consecrated Minister and a Prominent Mason—Remains are to be Taken to Mount Airy for Interment.

The news of the death of Rev. W. S. Creamy, D. D., at a hospital in Baltimore, was received with especial sorrow yesterday by a wide circle of his voted friends and admirers in this city. He was particularly hoking because, while it was known that he was in quite a serious condition, it was not thought that he was in any immediate danger of death. In fact his sons who reside here, were advised only a few days ago by the attending physicians that in their opinion there would be no fatal turn in the malady at least for some time to come. However, death came suddenly yesterday morning, and members of the bereaved family are called upon to mourn the loss of a fond husband and a tender and devoted father, and the North Carolina Methodist Episcopal Conference loses one of its most brilliant and consecrated members.

Walter Scott Creamy was born in Floyd county, Va., May 14th, 1847. He joined the North Carolina M. E. Conference at Greensboro, in November, 1876. He advanced steadily in the work of the ministry and as an evidence of his ability he was assigned to a number of the most important stations in the State.

The first station to which he was assigned was Concord. The second was Durham, having been transferred from that town to Wilmington in 1888 as pastor of Grace Church. He was here until 1892 having done a splendid work which quickened the Christian work not only among the Grace congregation but throughout the city as well.

From Wilmington, Dr. Creamy went to Charlotte where he remained until 1896, having been transferred to Winston where he was pastor of Centenary Methodist Church up to the time of his death. He preached his last sermon on the third Sunday in March. He had been in failing health for several weeks prior to that time. Subsequently he spent six weeks in Wilmington trying to recuperate, and left on June 15th in company with his son, Mr. W. M. Creamy, for Baltimore where he remained under treatment.

Dr. Creamy was quite a prominent and enthusiastic Mason, having filled the offices of Master of St. John's Lodge in this city, High Priest of Charlotte Chapter Royal Arch Masons and Grand Prelate of the Grand Comandery Knights Templar.

The three sons of the deceased, Messrs W. M., A. H. and J. W. Creamy reside in Wilmington, Mrs. Creamy and two daughters, Misses Lizzie and Isabelle reside at the parsonage in Winston. Another daughter is Mrs. B. J. Overcash, of Charlotte.

The deceased's mother, Mrs. Sarah Creamy survives him and reside near Mt. Airy.

Mr. W. M. Creamy left last night for Baltimore to accompany the remains of his father to Winston and from thence to Mt. Airy, where the interment will be made on Thursday morning.

Mr. A. H. Creamy will go to Winston to-day and Mr. J. W. Creamy will leave for Mt. Airy direct to-morrow.

The STAR regrets exceedingly to report the very critical illness of Col. Thos. W. Strange. He was thought to be dying several times yesterday and at a late hour this morning was very low and sinking gradually. He has been in failing health for some time and sustained a stroke of paralysis last Saturday evening, which affected his whole right side. There is no hope for his recovery and death is almost momentarily expected.

Compliment to Miss Jones.

Miss Nan Huggins delightfully entertained a few friends at the residence of her parents, Mr. and Mrs. James B. Huggins, on Dock street, last night, complimentary to her guest, Miss Jones, of Kenansville. Miss Huggins and her assistants proved themselves charming entertainers and provided a merry round of pleasure for every guest. Delicious refreshments elegantly served were a feature of the evening.
