With 7,000,000 cats in this country there is no reason why we should be short on mew-sic.

Notwithstanding the disturbance in Cuba, it is said that the tobacco crop made this year will be nearly a normal average, about 31,000 tons.

The War Department has ordered the recruiting of a colored regiment for service in the Philippines. This is, we suppose, to give color to the proceedings.

There is a full crop of rattlesnakes this year in the mountain sections of the State, and the harvesting is active, judging from the number reported out down.

In the Sulus girls sell for five bushels of rice. In this country they sometimes sell for less than that, for a worthless title of a frazzled count, or something of that sort.

That negro preacher in the South who is telling his race that they should learn how to make gun-powder, is putting them in a fair way of being blown up if they listen to him.

The number of suicides in this country last year was 5,920, most of them the victims of nervous prostration. As a people we are living entirely too much on the rush plan, and wear the machinery out too soon.

While the rainy season is on over in the Philippines our soldiers in Luzon have sometimes to do sentinal duty with the water up to their waists, and the brown-skinned natives hanging around near-by, popping at them.

Datto Mundi, somewhere down in the Sulus, has consented to accept an American flag and kill some of his own people. Datto probably got a bag of that money which General Bates took with him "as an evidence of friendly interest."

If Sul is pronounced Jo-lo and Jo-lo is pronounced Ho-lo, as a contemporary who has been running these names down informs us, why in the mischief didn't the idiots call it Holo at first? The Spaniards never did know what letters were made for anyway.

Maine has added another to her list of industries—the breeding and shipping of cats, Angora cats. About 6,500 were shipped last year, for which the shippers received about \$50,000. They have about 15,000 still left in the State, and will endeavor to meet the demand.

AGAIN VICTORIOUS.

Portsmouth All Americans Met Defeat a Second Time Yesterday.

THE SCORE WAS 13 TO 6.

Errors in the First Inning Cost Visitors Heavily and They Were Not Able to Rally Before the End—The Game To-day.

The Wilmington Athletic Association team easily won from the All Americans, of Portsmouth, again yesterday afternoon in the second of the series of three games being played on the Hilton Park diamond by the two nines.
The score was 13 to 6, and while the game was lacking in that snap and enthusiasm so essential to all round ball playing, it was decidedly better than the game on the afternoon previous. Portsmouth by a succession of errors and on account of Wilmington's heavy batting in the first half of the first inning allowed the opposition to pile up seven runs to its credit and having failed to score in her half of the same and the following inning, Portsmouth became discouraged and was unable to rally before the end of the game. It is safe to say, however, that visitors to the park this afternoon will witness the most exciting of the three games, as the visitors hope to make a much more favorable lead and sustain it with good ball playing throughout.
Wilmington in the initial inning scored through Gwaltney, Kenna, LeGrande, Person, Lambeth, Brunson and Johnson. Oldham and Schutte were struck out and at the second turn to the bat, Gwaltney knocked to Brake to Hampton on first and out, retiring the side. Langhorne for the visitors was easy prey for Person and Hunt, followed with a pretty fly centre which was caught by Kenna. Watts got his base on balls and Armstrong batted to Lambeth at third base, the ball having been caught and the visitors sent to the field with a zero.
The other innings resulted almost as disastrously to the visitors as indicated by the score given below.
Brake pitched fair ball for the Americans, but the Association team experienced no difficulty in finding him from the very start. Person surpassed all his previous work on the Wilmington diamond and pitched a splendid game. Armstrong and Gwaltney did their usual good work behind the bat. Langhorne distinguished himself for excellent base running, and "Reddy" Armstrong was always a well received "number" when he came to the bat.
It is probable that Kaufman will pitch for Portsmouth in the game this afternoon. He is the crack pitcher for the visitors, and they are counting heavily on his work to save the last game of the series. Kenna will probably be in the box for the home team.

Following is the score by innings:
Portsmouth..... 1 2 3 4 5 6 7 8 9
Wilmington..... 0 0 2 0 0 2 2 x-6
The line up was as follows:
Wilmington..... Portsmouth.
Person..... P..... Brake
Gwaltney..... C..... Armstrong
Oldham..... 1b..... Hampton
LeGrande..... 2b..... Langhorne
Lambeth..... 3b..... Hunt
Johnson..... ss..... Watts
Brunson..... lf..... Tatum
Kenna..... cf..... Kaufman
Schutte..... rf..... Etheridge
Summary—Errors, Wilmington 3; Portsmouth 6. Struck out by Person, 10; by Brake, 5. Bases on balls, off Person, 4; off Person, 6. First base hits—Portsmouth, 10; Wilmington, 10. Two base hits—LeGrande, Hunt. Home runs—Hampton.
Umpires—Davis, J. R., and Judkins. Score—Benj. Bell, Jr.

Brwnick Tobacco Growers.
A correspondent of the STAR writing from Phoenix, N. C., says that the "Brunswick County Tobacco Growers' Association" will be organized at that place on Tuesday, September 19th. Several prominent tobaccoists from the State are expected to deliver addresses and a large crowd is expected. The committee of arrangements are contemplating giving a big barbecue and picnic in honor of the occasion and the co-operation of the people is asked in support of the movement. Tobacco growing is rapidly increasing in the coast counties and the yield will be larger this year than ever before. Mr. Wm. J. Pogue is the moving spirit in the organization of growers and information regarding same may be had by addressing him.

It Was a Mistake.
The STAR's informant as to the marriage of Mr. R. C. Platt to a young lady of Willard, N. C., referred to in a recent issue, was grossly and unparadoxically incorrect. Mr. Platt in company with Messrs. C. F. W. Rehder and Mr. R. C. Banks attended a banquet at Willard on Thursday and to this extent only was the information correct. In justice to Mr. Platt, the STAR is very glad to make this correction and to take occasion to enter a merited rebuke to its informant.

Wilmington Commercial College.
The Wilmington Academy and Commercial College opened yesterday with the enrollment of several pupils, who will take special studies. Its regular classes will not be organized until September 18th, and the principals advise the STAR that they expect a large patronage. The Academy has nice quarters, and will doubtless meet some very valuable farms.

SHELTER OF SILVER CROSS.

Closed Yesterday for the Season—95 Children and 209 Adults Given Much Needed Rest.

The Shelter of the Silver Cross, the excellent retreat for poor children maintained on Wrightsville Beach by the Ministering Circle of the King's Daughters of this city, was closed for the season yesterday. The officers of the Circle under whose direction the Shelter is conducted are very much gratified over the success which has attended their efforts this Summer. The people of Wilmington have contributed very liberally to the maintenance of this most worthy charity, which provides a pleasant Summer outing for many poor children and invalids who would otherwise not be able to get out of the city for rest or fresh sea breezes and surf bathing at all.

The Shelter opened on June 15th, and since that time during the whole of the eleven weeks which have elapsed the capacity of the Shelter has been taxed to its utmost capacity, the children having been carefully cared for by Mrs. Mary Parsley, who, as matron, has during this season been untiring and especially successful in the management of the Shelter. During the season just closed 95 children and 210 adults who could not otherwise have spent any time at all on the beach were privileged to spend a week, and in many instances where the circumstances, by reason of delicate health or otherwise, warranted allowing them a longer stay, even a fortnight or more.

The damage to buildings was \$807.10; contents \$6,185.43. The most destructive fire was that of August 1st, which destroyed a warehouse at the plant of the Hilton Lumber Company with contents aggregating in value \$5,505.17.

Spofford's cyclopaedia.
Mr. LeGrand W. Furnier, press representative of Mr. Ainsworth R. Spofford, of the Congressional Library, is in the city. He is introducing "Spofford's Cabinet Cyclopaedia and Treasury of Knowledge." It consists of eight volumes, and is claimed to be the "only really newly-written Cyclopaedia published for the present bi-decade (beginning 1895) and up to date on all subjects."

Persons, or families, interested in up-to-date fowls will do well to examine the specimens of "Barred Plymouth Rocks" being exhibited by Phoenix Poultry Yard, Phoenix, N. C., at S. W. Sargent's, cor. 2nd and Market streets, and King Grocery Co., 4th street bridge. These up-to-date grocers will furnish all information required and have latest catalogue price list. Any further inquiries can be made at office of Wm. J. Pogue, No. 8 Smith Building, or by addressing Phoenix Poultry Yard, Phoenix, N. C.

Obituary.
On Monday, August 7th, 1899, at her home in LaGrange, N. C., aged 25, Mrs. Anne N. Jordan, widow of the late Dr. J. M. Kirkpatrick, peacefully departed this life. She was the daughter of Dr. J. M. Kirkpatrick, a native of heaven's joy and rest. Next day, beneath the shadow of the old oak tree, her dear husband, a motherless little daughter, a grief-stricken mother and a dear brother-in-law, were gathered around her, and she was laid to rest beneath the sod and flowers in the quiet village cemetery.

When the "shadow feared of man" wrapped the form of their loved one in his black and formless robe, the lives of those who loved her were in jeopardy. Her dear husband, in a moment of grief, was seized with a stroke, and she was laid to rest beneath the sod and flowers in the quiet village cemetery.

AL. G. FIELDS' GREATER MINSTRELS LAST NIGHT.

A Brilliant Inaugural for 1899-1900 Theatrical Season—"A Lady of Quality" the Next Attraction.

When the curtain went up last night on the stage of the Wilmington Opera House one of the most brilliant scenes ever presented in a Wilmington theatre was revealed to an audience the size of which was only limited by the capacity of the house. The scene was "A Night in the Park," a masterpiece of ensemble created by Al. G. Field for the first part of the programme for his "greater minstrel" aggregation, and the occasion was the formal opening of the Wilmington Opera House for this 1899-1900 theatrical season, which, by the way, will beyond doubt be distinguished by a series of attractions, the average standard of which will be much superior to that of any season in many years.

The garden scene was really remarkable artistic in the scenic effects. There were beautiful playing fountains, amid luxuriant palms and myriads of rare plants and vines, in the midst of which were seats with graduated elevation for the richly costumed minstrel troupe. Special features of the garden scene performance worthy of special note were fancy songs by Tommy Donnelly, Reese Crosser, Geo. W. Norton, Henry Shank and others. The excellent "Sparks from the Opera," was especially prettily rendered.

In the second part Everhart, the German juggler, performed a number of wonderful and in several instances new feats.
The Faust Family, seven in number, elicited enthusiastic applause and exclamations of wonder in their presentation of heroic athletics.
"A Mysterious Hotel" was a closing absurdity, cleverly presented; notable features of which were remarkable kicking feats by Welby, Pearl and Keys.

The street parade by Field's minstrel company at noon was much complimented and served as a pleasing foretaste of the big success which was scored last night.
The next attraction at the Opera House will be Miss Eugenia Blair in a grand production of "A Lady of Quality."

Sabbath Afternoon Service.
The 5.15 o'clock service at the Y. M. C. A., Sunday afternoon, will be in the nature of a Quarterly Missionary meeting and Rev. A. D. McClure will be the special speaker. He will address the association on the life and work of Mr. Brockman, the secretary of the Y. M. C. A. Mission Work, who is now laboring in China with headquarters at Nanking. A special musical programme is being arranged with Mr. E. R. Roby, as pianist and Mr. E. C. Craft as cornetist. All men are invited.

Transferred to Wilmington.
Mr. Cobart Brand, of Sumter, S. C., has been transferred from the service of the Atlantic Coast Line at Ashley Junction to the general office in this city. He has been assigned to duty in the train dispatcher's office. He is a brother of Mr. J. N. Brand, the clever and efficient chief clerk in the office of Superintendent of Transportation.
