

TAX INJUNCTION CASES TO BE HEARD TO-MORROW.

Dead-lock in the Penitentiary Management. A. and M. College Grounded.

[Special Star Correspondence.] RALEIGH, N. C., September 11. A dead infant was found here yesterday afternoon in an old unused well, just outside the corporate limits of the city.

The Corporation Commission is notified by the Comptroller of the Currency that he has called for a report of the condition of banks at the close of business on September 11.

The attorneys on both sides in the railroad and telegraph tax injunction cases to be heard before Judge Simon on Wednesday left this afternoon for Asheville. So far a case has been made out by the Corporation Commission that there seems to be little doubt that the injunction will be dismissed.

Penitentiary Mis-Management. There is a dead-lock in the penitentiary management on the question of Summer's dismissal for cruelty. Travis and Newland, of the board, favor dismissal. Sept. Day opposes it and in his opposition is supported by Osborne, of the executive board.

A. and M. College Grounded. President Winston states through the papers here that the dormitories of the A. and M. College are now crowded and no more students can be received unless they secure rooms elsewhere.

The crowded condition of the college will be at once called to the attention of the trustees and they will be urged to erect two new dormitory buildings to accommodate the increased attendance.

The executive committee of the board of directors of the penitentiary is called to meet here next Monday.

On account of delay in the repair of the buildings, the opening of the public schools here has been postponed until September 25th.

THE CONDITION OF COTTON.

September Report of the Department of Agriculture—Average Lowest in Twenty-five Years.

By Telegram to the Morning Star. WASHINGTON, September 11.—The monthly report of the statistician of the department of agriculture shows the average condition of cotton on September 1 to have been 65.5, as compared with 84.0 last month, 79.8 on September 1, 1898; 78.3 at the corresponding date in 1897, and 73.4, the mean of the September averages for the last ten years.

The condition on the first of the present month was, with the exception of the year 1896, the lowest September condition in 25 years.

There was a general impairment of condition during August, amounting to six points in Alabama, eight in Mississippi and Tennessee, ten in North Carolina and Georgia, twelve in South Carolina and Louisiana, and fifteen in Florida, twenty in Oklahoma, twenty-four in Arkansas, twenty six in Texas and forty in the Indian Territory.

The averages of the different States on September 1st were as follows: Virginia, 57; North Carolina, 78; South Carolina, 68; Georgia, 77; Florida, 77; Alabama, 76; Mississippi, 78; Louisiana, 74; Texas, 61; Arkansas, 82; Tennessee, 85; Missouri, 85; Oklahoma, 60; Indian Territory, 53.

SUB-TREASURY PLAN.

Scheme Devised for Marketing Cotton and Other Staple Products.

By Telegram to the Morning Star. NEW YORK, Sept. 11.—More than mild interest is being manifested in this city by cotton brokers and commission merchants in the revival of what has been called the "sub-treasury plan" for marketing cotton and other staple products.

The plan contemplates the establishment of bonded warehouses to store cotton, and at low rates of storage and insurance, and to use the receipts for such goods as collateral in any part of the United States as security for a loan equal to eighty per cent. of the market value of the merchandise.

The scheme is said to have been inaugurated in Georgia, and the promoters hope to extend it to other Southern States.

PROTEST AGAINST DREYFUS' VERDICT

A General Movement Against Participation in the Paris Exposition.

CONGRESS MAY TAKE ACTION.

Movement Among the Jews in California.

Agitation in Berlin—Boston's Sympathy to Mme. Dréyfus.

By Telegram to the Morning Star.

WASHINGTON, September 11.—It is believed that when Congress assembles there will be considerable agitation of a proposition for the government to abandon its participation in the Paris Exposition.

It is known that expressions hostile to the exposition, quoted by Senator Stewart, are widely sympathized in, and it is thought if the conviction of Dreyfus is permitted to stand there will be little friendly feeling for France among members of either the House or Senate.

There is a more, however, would be a grave one. It is pointed out that to withdraw from participation in the exposition would be regarded as an official insult to France.

No further action on the part of Congress is needed to carry out plans of this nature for the exposition. About \$1,200,000 has been appropriated for the commission and the government exhibit, the commission has been appointed, and the space desired for exhibits from this country has been secured.

Congress Only Can Interfere.

There are now but two ways in which Congress could interfere; one would be to revoke such part of the appropriation as has not already been expended in the expenses of the commission, and the other would be to pass a resolution declaring that on account of the unsettled condition of France the valuable government exhibits should not be sent to Paris.

Neither of these things would be sufficient, it is believed, since the matter has gone so far, to break off all friendly relations between the United States and Congress and the State Department may look at the matter from different points of view.

The President and the State Department, having the responsibility for maintaining our relations with foreign governments, cannot be expected to find in this affair a reason for involving this country in an international complication, and it is likely that the executive branch of the government will use what influence it can to prevent hasty action.

Unless Congress expressly forbids it, this government will proceed with the preparations for the exhibition and will send to Paris such government exhibits as are decided upon, and this will be done with a realization of the probability that much of the space secured with such difficulty for private American exhibits will be vacant.

Little doubt is felt that the latitude allowed a private citizen will be extensively availed of to withdraw from participation in the exposition.

Another Difficulty.

Another difficulty in the way of an effort to prevent participation in the exposition, however, will be found in the fact that before Congress has assembled, much of the government exhibit will probably be packed and on its way to Paris, if not actually there.

The exposition opens in April and the work of transporting and preparing the exhibit will have to begin some months before that time. Up to this time, it is said, the preparation of the government exhibit has not begun, but the work will proceed as soon as the government officials are ready.

Representative Hepburn, of Iowa, said he had cause to marvel at the methods of French army justice, after observing how the trial of Dreyfus was being conducted.

Such a trial in the United States, he did not think it would in the least, said he. "We have no diplomatic relations between this country and France, nor did he think it would interfere with United States exhibitors at the coming exposition."

The Dreyfus verdict is attracting much attention throughout official quarters, but naturally those in responsible position, whose opinion would be valuable, are reluctant to express adverse comment because of the national aspect of the case.

The feeling is general, however, in favor of Dreyfus, and a strong sentiment has developed against the injustice, which, according to the prevailing belief, he has been subjected to. Some of the officials are serious in their sentiment.

There will be serious consideration of a Franco-American treaty when it comes before the Senate, as that instrument is being very popular, and the present feeling may turn the tide against it.

Movement in San Francisco.

SAN FRANCISCO, September 11.—A quiet movement is progressing among the Jewish element in this State, looking to legislation for the cancellation of an act passed at the last session of the State Legislature, appropriating \$130,000 for a California exhibit at the Paris Exposition.

The success of the movement hangs on the possible action of Governor Gage, who has been urged in certain quarters to call an extra session of the Legislature for the purpose of amending the act.

There is also being considered the election of a U. S. Senator to succeed Stephen M. White.

Chicagoans Will Protest.

CHICAGO, Sept. 11.—A monster mass meeting to protest against the sentencing of Captain Dreyfus is being planned in Chicago. Prominent Chicagoans are said to be concerned in the movement, which was started yesterday at a mass meeting held in the Jewish section of the city.

The proposed meeting is to be held on Saturday, and among those who are expected to take part are Judges Dunne, Gibbons and Stein; State's Attorney Demoss, and Harry Olson, assistant State's attorney; Rabbi Hirsch, Jno. J. Finnerty and Naber Gottlieb. It is the intention of the organizers of the movement to send a letter representing the voice of Chicago to the President of France, requesting that the famous military prisoner be given his freedom.

The Methodist Ministers' Association, of Chicago, at the regular meeting to-day, put itself on record as protesting against the injustice of the verdict in the Dreyfus case. A committee was appointed to consider the appropriateness of contributing money for a La Fayette monument as a gift to France.

Robert A. Thompson, secretary of the La Fayette Memorial Commission, says he is little concerned over any action growing out of the Dreyfus decision. "The work is at a stage when criticism cannot affect it in the least," he said. "We have collected more than \$106,000 and have no need of assistance from religious organizations and have received no contributions since the last meeting."

Congressman Jefferson M. Levy announced to-day that as soon as Congress meets he will introduce resolutions in the House withdrawing the support of

AGITATION IN BERLIN.

BERLIN, September 11.—The private agitation against the exhibition is beginning to get vigorous expression. The Vossische Zeitung says this evening that a number of the largest German firms have pledged themselves to withdraw.

The Berliner Tageblatt says the Berlin council at its next session will consider in a special motion the withdrawal of the Berlin municipality.

On the other hand, the correspondent of the Associated Press letters from the highest authority that the German government considers the Dreyfus case now, under all the conditions, done with, and does not intend to relinquish official representation at the exposition. The official representative for this assurance adds that it should be borne in mind that despite the Dreyfus case, the official relations between the two governments have steadily improved during recent years.

Sympathy in Boston.

BOSTON, September 11.—Resolutions of condolence and sympathy with Mme. Dréyfus were adopted to-day and carried to her by the Evangelical Alliance. They are as follows: "The Evangelical Alliance of Boston, sharing in the indignation of the Christian world at the outrage perpetrated by the French government on your husband, beg leave to assure you of our sympathy and of our prayers to the God of Love and Right for speedy vindication."

Challenge to Esterhazy.

KANSAS CITY, Mo., September 11.—Captain Theodor Esterhazy, a broadswordman and a crack pistol shot, has issued a challenge to Count Esterhazy, to fight him a duel in defence of Captain Alfred Dreyfus. Captain Esterhazy has engaged the services of prominent local Jews, who have guaranteed his passage to England to meet Esterhazy. He is a veteran of the civil war, serving in the Union Army.

Burned the French Flag.

INDIANAPOLIS, Ind., September 10.—When the news of Dreyfus' fate reached Indianapolis Capt. Wallace Foster, indignantly, and in the name of the American flag over the Indian capitol houses, announced that he would have the flag of France burned in the public streets. This evening a large crowd gathered at his home on North Capitol avenue, and encircled by women, children, bicycles and baggies, the tricolor was brought out and burned on the steps of the capitol building. A Frenchman participated in the ceremony.

Sympathy in London.

LONDON, September 11.—A demonstration in sympathy with the denunciation of the verdict and their team with abuse of the system "producing such a decision."

REVOLUTION IN VENEZUELA.

Fierce Battle Fought—Two Thousand Government Troops Captured—Many People Arrested.

By Cable to the Morning Star. PUNO, PORTO RICO, September 11.—The steamer Philadelphia, Captain Chambers, from Venezuelan ports, brings news of the spread of the revolution and the waning strength of the government. The insurgent leader, General Ciriaco Castro, has ten thousand men under his command.

According to the same authority a strict censorship of cable dispatches has been established; mail matters is freely opened, and a close watch is kept upon outgoing passengers. Resident Andrade has purchased a Spanish gunboat with an equipment of eight guns, for \$135,000.

Sixty-five prominent politicians, among them Senor Hernandez and the editor of El Progreso, were arrested on August 14th and more than five hundred have been taken into custody since.

A fierce battle was fought on August 23rd near Barquisimeto, when the insurgents captured 2,000 government troops and secured a large quantity of ammunition.

Senor Riguez, Minister of the Interior, who resigned on September 6th, was arrested the following day.

Two Revolutionary Parties.

HAVANA, September 11.—The captains of British ships arrived here from Venezuela confirm the news that a revolution has been in existence there for the past three weeks. They say there are two parties against the government and that the latter is extremely suspicious. Any one wishing to land must satisfy the officials that he is not connected with the revolutionary party. The government, it is also said, is very unpopular.

TOBACCO AND OTHER CROPS.

Improvement in Condition in Some States. Decline in Others.

By Telegram to the Morning Star. WASHINGTON, September 11.—The September report of the statistician of the Department of Agriculture shows the following averages of condition on September 1st: Corn, 82.2; wheat, 70.9; oats, 82.2; rice, 82.0; buckwheat, 75.2; potatoes, 86.3; barley, 86.7.

The principal tobacco States, Kentucky, Pennsylvania, Virginia, North Carolina, Ohio, Indiana, Wisconsin, Massachusetts and Connecticut, report an improvement in condition during August and a decline in September.

Of the thirteen principal sweet potato States, five report an improvement during August and eight a decline. There is a continued decline in the condition of apples from almost every important apple-growing State.

CABLE FROM DEWEY.

Olympia Sails from Gibraltar—To Arrive in New York September 28th.

By Telegram to the Morning Star. WASHINGTON, September 11.—A cablegram was received at the Navy Department from Admiral Dewey announcing his departure on the Olympia from Gibraltar yesterday. The dispatch is confined to a few words, merely, "New York, 28th," indicating that he expects to arrive in this country on the date named. The naval officers say that running at her economical speed, the Olympia can scarcely consume more than 14 days in making the passage from Gibraltar to New York, and they are speculating whether the admiral expects to spend the other three days. It is believed to be possible that she will touch at the Azores, or perhaps Bermuda coming across.

The McGovern-Palmer boat, scheduled for P. M. yesterday, at Tuckahoe, N. Y., has been postponed until P. M. to-day on account of threatening weather. If weather conditions are not favorable it will again be postponed until a clear day.

YELLOW FEVER SPREADS SLOWLY.

Appearance of the Disease at Port Tampa and Jackson, Mississippi.

PANICKY FEELING AT TAMPA.

House to House Inspections Ordered—The Situation at Key West—Mississippi Has Established Rigid Quarantine Against New Orleans.

By Telegram to the Morning Star.

WASHINGTON, September 11.—Dr. Altred, of the Marine Hospital Service, reports a death from yellow fever at Port Tampa City, Florida, this morning and says the autopsy renders it certain that the original diagnosis of fever was correct. The source of infection was a tug boat and it has been quarantined. Five other persons from the tug are under observation. A small quarantine station has been established. He adds that a house-to-house inspection has been ordered against the town. He also says that there is no necessity for alarm, but that several people lie ill on the train last night. Dr. Trot, who is also at Port Tampa, says there is a panicky feeling there.

At New Orleans.

Dr. Murray wires from Jackson City as follows: "Mississippi has a quarantine in effect against the present against New Orleans. Disinfection of mails is unnecessary. No one can be permitted to leave unless immune and with disinfectant baggage except persons bound for non-infectious territory, there to remain. House-to-house inspection begins to-morrow. Hunting and trapping for mosquito control. Vicksburg has quarantined Jackson. Sanders told us he found no yellow fever in Vicksburg."

Reports to the surgeon general are to the effect that new cases are still reported daily from Key West. There were two deaths there yesterday from fever.

Jackson, Mississippi.

JACKSON, Miss., September 11.—The city quarantine, a special meeting this morning and passed resolutions advising the people to keep quiet and not create a panic like the one of a year ago over the outbreak of fever. The quarantine of the entire State against New Orleans went into effect at noon. All trains from that city carry inspectors.

Dr. Porter, the only patient, has rallied somewhat during the night.

JACKSONVILLE, Fla., September 11.—The following has been received from the quarantine of the entire State against New Orleans went into effect at noon. All trains from that city carry inspectors.

ATLANTIC COAST LINE.

Authoritative Explanation of the Terms of Agreement With the Louisville & Nashville Railroad.

By Telegram to the Morning Star. NEW YORK, September 11.—The following explanation was made to-night by authority of August Belmont & Co., of the actual terms of agreement between the Atlantic Coast Line and the Louisville & Nashville.

"It is true that the Louisville & Nashville has disposed of a half-interest in the lease of the Georgia railroad to the Atlantic Coast Line. The papers have not been delivered yet, but the negotiations have been completed. By the terms of this transaction the Atlantic Coast Line becomes a co-lessee of the property on equal terms with the Louisville & Nashville, which has for the past year been sole lessee. Its original lease of the Georgia railroad was co-lessee with the Louisville & Nashville, but forfeited its interest by failing to pay the rent on the property. The courts decreeing that the Louisville & Nashville then became sole lessee. We then had a right to dispose of this half interest in the property as we saw fit. This we have done so to the Atlantic Coast Line."

"It is not true that the Coast Line was acting for the Southern Railway in this transaction. The Atlantic Coast Line is an independent railway system, of which Harry Walters, of Wilmington, N. C., is president. The Southern railway does not own a dollar's worth of stock in the Coast Line. The Louisville and Nashville is another independent company which we are managing for the holders of its securities. These three independent corporations are in no way drawn together by the terms of the lease of the Georgia railroad. All reports to the effect that these railroads have in any way conspired, or, on the other, or have pooled traffic interests, are without the slightest foundation—merest nonsense."

LIKELIHOOD OF WAR IN THE TRANSVAAL.

Excitement Continues at Pretoria—Refugees from Johannesburg Arriving at Cape Town and Durban.

By Cable to the Morning Star.

LONDON, September 11.—The activity in the war and admiralty offices continues to-day though there is nothing new regarding the Transvaal situation. It is said that orders have been sent to America for light iron girders and bridging sections for probable use in South Africa.

Transports are moving to the docks, preparatory to embarking troops.

PRETORIA, September 11.—Excitement among refugees from Johannesburg has been much discussed. The decision of the cabinet. Secretary of State Reitz has left this city for Johannesburg and Cape Town. The likelihood of war is much discussed. The coming of British troops is not regarded as meaning certain war, but merely as making up for the paucity of troops in South Africa so often commented upon in the last month.

The Burgers of this place are offering the government supplies. The town has a deserted appearance.

CAPE TOWN, September 11.—Four hundred refugees have arrived here from Johannesburg. During the past week the relief committee of Johannesburg assisted 2,000 cases of distress, reported throughout the Transvaal.

THE SITUATION IN PARIS.

Both Parties Taking Breath and the City Unexpectedly Quiet—But Not Likely to Continue So.

By Cable to the Morning Star.

PARIS, September 11.—Except for slight street disturbances to-night Paris has remained unexpectedly quiet, but this condition of affairs is not likely to continue. The long heavy rain yesterday, combined with the fact that the leaders of the opposing parties were all at Rennes, prevented any organized demonstration. Then, too, the general public were delighted with the verdict as confirming the "chou jules."

Now, however, they are beginning to see the want of logic in conceding "extenuating circumstances" to a convicted traitor in a case which excites doubt as to the strength of the case against Dreyfus.

Moreover public opinion is being swayed by reading the comments of the world at large and by the prospect, however remote, that the exposition will be boycotted, which would mean a loss of millions to the country.

There is little doubt that trial of the Derouledists next Monday, at which it is asserted sensational evidence will be developed, and the re-opening of the Chamber of Deputies will be signals for French troubles. At present both parties are taking breath, but the latent animosity is undiminished.
