ounty Commissioners Disposed of the Matter at Meeting Yesterday-Report From Capt. Barry, the New Road Superintendent.

The contract for the construction of the seven miles of line fence between New Hanover and Pender counties made necessary by the introduction by legislative enactment of the stock law into New Hanover, was awarded at a meeting of the County Commissioners yesterday afternoon to the Wilmington Iron Works at \$326.66 per mile, the same to be constructed of the American Steel and Wire Company's consolidated field fencing and the whole completed not later than December 10th of the present year.

There were a number of other bids for the contract, among them being from Mr. W. A. Strauss, at 80 cents per rod and Mr. G. W. Westbrook. but the commissioners present, Col. Roger Moore, chairman, and Messrs. Alexander and McEachern, decided that the bid of the Iron Works was the lowest and at the same time it was made more in accordance with the specifications by which bids were invited. There were a number of quotations of different styles of fencing from leading manufacturers all over the United States, but none was in the proper shape to be considered by the board.

Messrs. James Cowan and C. C. Bordeaux offered to furnish black cypress posts according to specifications and distribute them along the line of the fence for twenty-five cents each and to open a right of way twelve feet for fence at \$20 per mile.

Upon motion of Mr. Alexander, it was ordered that the successful bidder be requested to clear the undergrowth three feet around each post and to execute a bond in the sum of \$1,000 for the faithful completion of the contract according to the specifications and resolutions of the board.

The specifications stipulate that the fence is to be five feet high including barbed wire at the bottom with twelve inch stays. The posts are to be of black cypress with one flat surface. buried two feet in the ground and sixteen and one-half feet apart. The bottom of the fence is to be "hog proof" barbed wire. The upper section of the fence wire to be used was exhibited in front of the court house yesterday by the Iron Works, together with that submitted by other bidders.

Capt. Barry's First Report.

An interesting feature of the meeting of the board was the report of Capt. Jno. Barry, the new road superintendent, which was verbal. He said that he had inspected five of the leading thoroughfares of the county with a view to putting in some thorough work later. The Castle Hayne road is, he said, in the best condition of the five gone over, but some repair is needed along the stretch from Smith's Creek bridge to the railroad crossing. The Scott's Hill road is in need of ditching and ballasting. The "New" Grenfield road is also in need of ditching. The old Federal Point road is also in bad condition. The road to Masonboro is in good condition, but three bridges along its course are badly in need of repairing; in fact they are now almost unsafe.

It cannot be very long, therefore, before the increased consumption of cotton goods will cause a rise in the price of cotton. EDUCATIONAL RALLY

HELD LAST NIGHT.

Able Addresses by Dr. Blackwell and Col. Waddell-Other Talks-The Musical Programme. There was a large attendance upon

the educational rally held last night in the auditorium of the Young Men's Christian Association and the programme was all that could be desired. Mr. W. M. Cumming presided over the meeting and the addresses of Dr. Blackwell and Col. A. M. Waddall combined with interesting talks by Rev A. D. McClure and Prof. Harnley and excellent musical programme in providing an intellectual feast such as is rarely afforded.

Dr. Blackwell's address was a logical and beautifully worded presentation of the present situation from an educational view point, the responsibility resting upon the people of this the latter end of the Ninteenth century in preparing the rising generation to develop into the brainv and cultured men and women who will be needed to keep pace with the strides of commercial and social progress of the Twentieth century. It was a practical and eloquently delivered address

Col. Waddell emphasized in his usual fluent and interesting way the Bargains in New and Second importance of the study of American history, and Rev. A. D. McClure followed with a well received reference to the work proposed to be done by the Y. M. C. A. Night School. Prof. Harnley was also introduced and made quite an interesting talk.

The musical feature of the programme consisted of several delightfully rendered selections by some of Wilmington's most popular singers. The first was "Savior When Night Involves the Skies," rendered by a quartette, consisting of Mrs. W. L. Latta, soprano; Mrs. J. D. Smith, alto; Mr. C. H. Cooper, tenor, and Mr. A. S. Holden, baritone.

Mrs. E. T. Woody and Miss Nellie Calder elicited an enthusiastic encore by their rendering of "Oh, Morning John Wolfe, who have been in the Land." And Mr. A. S. Holden sang with his usual excellence of tone and accent, "One Day Nearer Home."

Announcement was made at the conclusion of the programme that a meeting will be held on next Tuesday night in the Association building for the purpose of organizing the night school.

NOTICE OF OFFER

To sell One Thousand Shares of Stock in The Durham and Northern Railway Company, owned by the city of Durham.

At an adjourned meeting of the Board of Aldermen of the City of Durham, held on the 25th day of August, 1899, it was ordered by said Board that, "The entire stock owned by the City of Durham in The Durham and Northern Railway Company, be offered for sale, as a whole, in the following manner: The City Clerk shall advertise for sealed bids, for said stock, to be opened on the 14th day of September, 1899, at twelve o'clock M., the City reserving the right to reject any or all bids. Each bid must be accompanied by five hundred dollars in cash, or a certified check for that amount on some responsible bank, as an evidence of good faith on the part of the bidder, which shall be returned to the owner if the bid be

not accepted. "If a sale be made, the proceeds thereof shall be placed to the credit of the sinking fund, provided for the payment of the bonds issued by the Town of Durham in aid of The Durham and Northern Railway Company, under Chapter 140 of the Laws of 1887, and the interest or dividend arising therefrom shall be applied and used to reduce the taxes collected for said funds."

By virtue of the foregoing resolution, I will receive bids as therein provided, until twelve o'clock M. of the 14th day of September, 1899. The stock to be sold consists of One Thousand Shares of the par value of one hundred dollars each. It was issued to the Town (now City) of Durham, in exchange for bonds of the par value of one hundred thousand dollars after a subscription to that amount had been made by said Town. Persons desiring further information may address me or Victor S. Bryant, City Attorney, at Durham, N. C.
