PHENOMENAL SUCCESS
CONFIDENTLY EXPECTED.

Second Joint Meeting to Arrange for Ma-
sonic Fair Held Last Night—Ladies
Will Organize To-day.

The second joint meeting held by
the Masons of Wilmington in the in-
terest of the great Masonic fair, which
will be held in this city under their
auspices November 13th to the 25th,
was in St. John's Hall last night, and
was even more largely attended than
the one held last week.

Mr. Noble F. Martin, manager of
the fair, in bringing the proposed busi-
ness to be transacted before the meet-
ing, said that the complete success of
the fair in every detail is assured, and
it only remains for the Masons of the
city to decide whether or not, by extra
effort, they will make it a phenomenal
success. He assured them that there
is every indication that this too will be
accomplished.

Eugene Martin, Esq., also addressed
the meeting very enthusiastically, ex-
pressing his conviction that a phenom-
enal success will be scored and urging
every Mason to, as it were, put a
vigorous shoulder to the wheel. Talks
along much the same line were made
by Herbert McClammy, Esq., S. H.
Fishblade, W. E. Springer and others.
Following these talks Mr. Noble F.
Martin announced that he had a num-
ber of stock books in ten and twenty-
five cents shares which he desired to
distribute and seventy-one were taken.

These books it will be remembered are
for stock or chances in various articles
of value for which there will be draw-
ings during the Fair. To a member of
the STAR staff Mr. Martin said last night
that several books issued last week
have already been filled and returned.
Books are also being taken by a num-
ber of Masons in other parts of the
State.

This afternoon in the parlors of The
Orton there will be a meeting of the
ladies for the purpose of organizing
for the work which they are expected
to perform. It is expected that the
meeting will be largely attended. Com-
mittees are to be announced and the
plans for their work mapped out. The
meeting will be held at 3 o'clock.

Mr. Noble F. Martin reports the fol-
lowing donations of articles for the
booths and country store:
A "Chief's Lantern," designed for
fire department use, donated through
Assistant Chief W. P. Monroe of the
fire department, by the Gleason &
Bailey Manufacturing Co., New York.

Three thoroughbred white Leghorn
chickens, donated by Mr. R. P. Paddi-
son of Point Caswell.

Two very fine pigs, donated by Mr.
I. B. Rhodes.

One case of malt extract, donated by
Mr. Otto Bank.

All the needed in conducting the
Fair, donated by W. B. Worth & Co.

FIFTH COTTON CARGO THIS SEASON.

British Steamer *Velleda* Cleared—Com-
parative Statement of Foreign Exports.

The fifth cargo of cotton for foreign
export to leave this port for the present
season was cleared on the British
steamship *Velleda*, Capt. Tulloch, for
Liverpool, yesterday afternoon, by
Messrs. Alexander Sprunt & Son.

The cargo consisted of 8,308 bales and
is valued at \$290,200.

The movement of the crop continues
very active and despite the prevailing
opinion that prices will rule higher
later in the season there appears to be
a disposition on the part of producers
to market the staple as fast as it is
gathered and ginned. Up to the
present time on a corresponding period
last year only two large steamers carry-
ing 18,804 bales had cleared the port
of Wilmington, whereas this year five
steamers have cleared for foreign
ports carrying in the aggregate 43,494
bales or nearly three times the export
for the same period in last season.

Cotton receipts yesterday showed a
slight falling off, only 3,193 bales
having been brought to the market,
against 4,194 on the corresponding
date last year. This is, however, the
second day that the daily receipts for
the present year have been below the
figure for any single day last Septem-
ber, but the crop year receipts to the
present date continue well in advance
of those of the same period last season.

The news from many points in
North and South Carolina that Wil-
mington exporters are extending their
business to new fields, and the cor-
roboration of such reports by actual
receipts is gratifying to those with
the best interests of Wilmington at
heart, but equally as disconcerting to
competitive ports, which arrogate to
themselves better harbor facilities for
shipping, and which have already felt
the sting of Wilmington's progressiveness
in the cotton business.

An interesting relic.
Mr. W. G. Baldwin, superintendent
of the Fore & Foster mill near Castle
Hayne, presented to the STAR yester-
day a cyress shingle in which is im-
bedded a part of a minnie ball which
was buried in the tree during a sharp
skirmish between the Union and
Confederate soldiers while the latter
were protecting a ford on the North
East river near the point where the W.
& W. railroad now crosses that stream.

The tree from which the shingle was
made, Mr. Baldwin said, was taken
from the land of Mr. Samuel Blossom.
He says he finds many of these balls
buried in the lumber which he saws
from that locality.

WILL ELECT DIRECTORS.

Important Action Recently Taken by Y. M.
C. A. Active Membership—The Visit-
ing Secretaries Left Yesterday.

At a meeting of the active mem-
bership of the Young Men's Christian
Association held Monday night it was
decided that at the next regular meet-
ing a new constitution and by-laws
providing for a Board of Directors will
be adopted. Action to this effect was
taken for the reason that State Sec-
retary A. G. Knebel and International
Secretary C. L. Gates were in the city
to urge the adoption of such a consti-
tution which could not be done at that
meeting unless due notice had been
given.

Under the proposed new constitu-
tion the Board of Directors will take
the place of the active membership,
the majority rule of which has di-
rected the general affairs of the asso-
ciation heretofore. The members of
the board will be elected at the Octo-
ber meeting.

The meeting Monday night was well
attended and several matters of in-
terest were considered. Special in-
terest attached to the reports of several
committees concerning the work ac-
complished during the past month.

The report of the membership com-
mittee showed a gain of 45 new mem-
bers during the month and a total gain
of 107 members for August and Sep-
tember. There was also a showing of
20 per cent. gain in the daily attend-
ance in the various apartments of the
association.

An excellent showing as to the
finances of the association was another
encouraging feature of the reports.

After the business of the meeting
was disposed of those in attendance
adjourned to the reception room
where ice cream and cake were served.
State Secretary Knebel and Inter-
national Secretary Gates both left the
city yesterday, Mrs. Knebel leaving
on the 3:45 Columbia train and Mr.
Gates on the 3:20 S. A. L. for Char-
lotte.

the best citizens of the city.

riss.

Rev. A. D. McCleure, who has been
a member of the order for a number of
years, was present and made the lodge
a very pleasant talk, outlining the
work and great benefits to be derived
from membership in the brotherhood
and spoke in commendation of the ob-
jects as furthered by the organization
in other parts of the country.

The lodge starts off with a good
membership and a bright prospect for
growth.

The work of organization was done
by Deputy Milton Reed of Atlanta,
Ga. Mr. Reed will remain in Wil-
mington a few days longer in the in-
terest of the order and in the mean-
time he says the "application chute"
for charter members is still wide open.

WALLACE'S GREAT SHOWS.

Began Its Tour of the State Monday—At
Wilmington October 4th.

Wallace Great Shows gave one of
their matchless one-day exhibitions
in Raleigh Monday and in giving a
two column account of the perfor-
mance, the *News and Observer* of yester-
day said:

"There have been many circuses in
Raleigh, but Wallace's is certainly
the best. The acts were as numerous
as in any other show, and were in
the main more cleverly done. The
costumes worn by all the performers
were nearer the riding was better,
there were more ladies in the show
than in any other circus seen here,
and besides this there were two or
three numbers on the programme not
seen anywhere else.

And it was the best ever seen here—
this moving menagerie of the Great
Wallace Shows crawling by you like
a gaily-colored snake, immense in size
and length. The fame of this cir-
cus has gone into every nook and
corner of the land. The flaming posters
have picked their way on every
roadside and the papers had announced
its advent. And so thousands came.
In the grey and early morning the
country people were already arriv-
ing."

The show travels in a train of its
own built especially for it and con-
sisting of forty-two cars. Yesterday
an exhibition was given at Goldsboro;
to-day it will be at Newbern; to-mor-
row at Kinston; Friday at Greenville
and Saturday at Tarboro. Next Mon-
day it will be at Rocky Mount; Tues-
day at Wilson, and Wednesday, 4th
inst., at Wilmington.

MRS. ATHALIA ALICE TORPY.

Federal Will Be Conducted This Morning.
Interment at Oakdale Cemetery.

The funeral of Mrs. Athalia Alice
Torpy, beloved wife of Mr. Thos.
Torpy, Jr., whose sad death was noted
in yesterday's STAR, will take place
this morning from the residence of her
parents, Capt. and Mrs. Robert Green,
No. 116 Red Cross. The remains will
thence be taken to St. Thomas' Catho-
lic pro-cathedral, where Rev. Father
Dennen will read the requiem mass
for the burial of the dead and thence
to Oakdale cemetery, where the inter-
ment will be made.

Mrs. Torpy was a lady of estim-
able character and lovable dis-
position and the hosts of warm
friends which she claimed as her own
in the city was evinced by the large
number of persons who called at the
residence yesterday to extend to the
bereaved parents, young husband and
other members of the family, their
heartfelt sympathy in the sad loss
which they have sustained.

Besides the parents, to whom she
had always been a kind, affectionate
daughter, and the little infant child,
the deceased is survived by two sisters,
Mrs. T. J. McInerney, Miss Sadie
Agnes Green, and two brothers, Messrs.
Thomas and Robert Green, Jr.
Miss Alice Torpy, sister of Mr.
Torpy, arrived yesterday from Char-

THIRTY-THREE NEW
MEMBERS ELECTED.

Wilmington Light Infantry Only Military
Organization in the State With Full
Ranks—Meeting Last Night.

Thirty-three new members were
elected by the Wilmington Light In-
fantry at a special meeting held last
night. This addition to the company's
membership completes their quota of
sixty-three men, the limit fixed by
law, the Wilmington Light Infantry
being the only company in the State
which has full ranks. This increase of
membership has been contemplated for
some time, in fact ever since the return
of Company K from the Spanish Amer-
ican war during which period a large
number of the Reserve Corps resumed
active membership, and what may be
termed a reorganization having been
effected upon the return of the com-
pany at the close of the war. At the
meeting last night President R. A.
Parsley presided and Mr. T. H. Wright
was secretary.

On Friday night of this week all
the newly elected members are expected to
meet at the armory to receive their
uniforms and other accoutrements and
go through with their first drill. There
will certainly be one drill each week
and probably two, besides as many
awkward squad drills as possible.

The new members elected last night
are as follows:
J. O. Carr, Oscar Morris, H. Lacy
Hunt, Jas. A. Northman, J. S. Mc-
Eachern, Jr., T. E. Brown, E. R.
Foster, Frank Pinner, S. C. Morton,

ing the *Oxford Orphan's Friend*, who

yesterday afternoon for Lumberton,
