## THE GREAT FAIR.

Only Six Days Remain Till the Great Masonic Bazaar Opens at the Temple.  
Only six days until the great Masonic Fair will open at the Temple, and continue till December 2nd. Next Monday evening is opening day, and as all the arrangements have been made, the thing now in order is to get the various booths in shape. The work of constructing the booths began yesterday and to day the decorators will be at work. The Masonic committees will do their part of the decorating but the ladies will have charge of the floral decorations.  
Yesterday Col. Noble F. Martin, the Fair manager, showed a STAR representative the donations: They are piled up in several rooms at the Temple and there are probably 1,200 articles, embracing merchandise of every description. There are many very elegant and valuable, costly goods, and those who will attend the fair will be astonished when they behold the aggregation.  
Not a Confidence Man.  
The Masonic Standard, of New York, in its number of November 4th, says:  
"A good story is told of 'Colonel' Noble F. Martin, who is at present directing arrangements for a Masonic Fair at Wilmington, N. C. He had just arrived and had left the train and was quietly wending his way, grip in hand, to his hotel, when he was accosted by a gentleman, who grasped him by the hand in a familiar manner and said, 'Hello, Noble, how are you?' 'Colonel' Martin looked into the face of the stranger, and while visions of bunco stevens, green goods men and such friendly personages passed through his mind, and replied: 'Really, my friend, you owe me the advantage of me. I never saw you before.' 'No,' replied the stranger, 'you never did.' 'How in the world then,' queried 'Colonel' Martin, 'did you get my name?' 'Why, sir,' responded the stranger, pointing at the shrine emblem which Noble Martin wore, 'any man who wears that is a Noble, and is sure to have lots of friends. It is needless to say the 'differences' between the two Governors of North and South Carolina were at once adjusted."

## THE MOON AND THE FLAME.

Guaranteed High Class Entertainment for Monday Night.  
Manager Schloss, of the Opera House, desires to call attention of the amusement going people of this city to the forthcoming engagement next Monday night of the Herbert Kelsey-Ellie Shannon Company in the presentation of their famous play "The Moth and the Flame," and personally guarantees the event to be one of the most notable high class dramatic performances he has ever had the honor to present.  
"The Moth and the Flame" ranks among the most notably successful American plays of the present day, and its success last season equaled that of "The Christian" and "The Little Minister." It is seldom that Wilmington amusement patrons have the opportunity of seeing a production of this class given by the original company intact, but in this instance it is guaranteed and should appeal to all who delight in high class amusements.  
The guaranteed regular every-day circulation of THE MORNING STAR is much larger than that of any other daily newspaper published in Wilmington. This claim has never been challenged by any competing newspaper.

## BIG ENTERPRISE AT FAISON.

Work Begun by the Rowland Lumber Company on Its Two Band Saw Mill and Forty-Mile Railroad.  
Mr. George W. Jones, general manager of the Rowland Lumber Company, of Norfolk, was in the city yesterday.  
Mr. Jones was seen by a STAR man yesterday and was asked about the big enterprise which his company has on foot at Faison, Duplin county, N. C. The company has bought a large area of fine timber lands in Duplin and will not only establish a big lumber manufactory at Faison but will build a railroad from twenty-five to forty miles through a section of country that now has no railroad facilities.  
Mr. Jones is a very modest man and didn't want to appear as blowing, but he did tell the STAR that his company has gone to work in earnest to carry out its plans at Faison. The first thing the company will do is to build a standard gauge railroad from Faison through the western part of Duplin county, so as to tap its fine long leaf pine land. The road will be from twenty-five to forty miles in length, and will afford transportation facilities to a fine section of Duplin county. The survey for the road is now being made, the right of way is being cut and cross-ties are being gotten out. Grading will soon be commenced and it is expected that the road will be ready for operation in about four months.  
The Rowland company in the meantime will erect a modern, up-to-date, thoroughly equipped two band saw, and planing mill, dry kilns, etc., at the town of Faison. The mill will have a capacity for cutting 100,000 feet of lumber per day. The material for the mill is now being gotten out.  
This enterprise means a great deal for Faison and Duplin county. The mill and railroad will employ about two or three hundred hands and the road will develop a section of Duplin
