BITTEN BY A DOG.

Captain A. L. DeRosset Had An Unpleas-

ant Experience Yesterday Morning. Yesterday morning about 10:30 o'clock while standing conversing with Mr. E Peschau on Water street near its intersection with Princess Capt. A. L. DeRosset was viciously attacked by a dog and severely bitten about the hand.

The dog without provocation whatever trotted up the street and seized Capt. DeRosset on the calf of the leg. tearing his trousers but not reaching the flesh. He immediately thrust out his hand to frighten the animal away but the dog seized it violently, biting him on the fleshy part of the hanp just between the thumb and fore finger, two teeth having penetrated from above and two below.

Capt DeRosset immediately went to the office of Dr. W. D. McMillan. where the wound was cauterized and

Although it is contended that the dog was not a rabid one, Policeman Bowen, who was on that beat, gave chase and overtook him at the corner of Water and Dock streets where he shot him through the neck, though this did not stop him. Policeman J. A. Martin on the adjoining beat,

joined in the chase and at Front and Wright streets the pursuing party was reinforced by Mr. Joe Everett, watchman at Kidder's mill, who was on horseback. Taking officer Bowen's pistol he fired at the fleeing canine several times and at length had to fire three loads into him from a double barrelled shot gun before bringing him down.

The dog was first reported yes terday morning at or near the corner of Seventh and Nixon streets, where he is said to have bitten another dog.

THANKSGIVING FOOT BALL GAMES.

Wilmington's Two Teams Assuming Pine

Trim for the Coming Contests. The close of the first week before Thanksgiving finds Wilmington's two foot ball organizations rapidly assum ing fine trim for contests for honors on the grid-iron with rival teams from other points on the day which has by custom almost become a synonym for this branch of athletic sport.

The O. A. N. team has lost none o its old time zeal in the cause and nightly practices have been held in anticipation of the fray with the Hor ner aggregation, which promises to be one of suap and vim. Thursday night the team "locked horns" with the High School eleven, which is to play the "Fayetteville Juniors" at Favetteville, on the same day as the game here with Horner. Both teams were greatly benefitted by "brushing up against each other" and another joint practice will be held Tuesday

night. At a recent meeting of the High School team, Mr. Leslie B. Wiggs resigned his position as captain of the team and Mr E Y Moore was elected in his stead. The change will in no wise interfere with the strength of the team for the Fayetteville game and the High School boys are confident of victory.

JURY-CANNOT AGREE. Are Tied-Up in the Case Against Tony Swain for Entering

THEY WERE OUT ALL NIGHT.

Dwelling House.

Yesterday's Session of the Criminal Court. Grand Jury Made Report and Recommendations-Number of Petty Cases Disposed Of.

The most important case docketed for trial at the term of the Circuit Criminal Court now in session here, is that of Tony Swain for entering the apartments of Mrs. W.T. O'Neill, reference to which has been made frequently in these columns.

The grand jury returned a true bill in the case Thursday and yesterday afternoon's session was entirely taken up in hearing testimony of witnesses and argument of counsel in same. The evidence was practically the same as that given in at the preliminary examination before Justice Northrop, except in the very essential point that Mrs. O'Neill at yesterday's trial positively identified Swain as the man who entered the apartments on the night in question. Mrs. O'Neill explained that before the charge was amended by the grand jury from burglary, in which instance if the de fendant had been convicted, he would have been hanged, she probably was overguarded in her statements, the case involving, as it did, human life. Since the bill was amended by the grand jury to entering a dwelling without burglarious intent, however, she said that she could positively identify Swain as the man who entered the room. The penalty in the latter instance is fixed by statute at from four months to ten

The case was vigorously prosecuted by Solicitor Duffy and J. O. Carr, Esq., and the defence was ably and ingeniously conducted by W. J. Bellamy and Herbert McClammy, Esqs., who made eloquent and convincing appeals to the jury in behalf of their

county jail or in the State peniten-

The case went to the jury after the formal charge by Judge Battle at about 6.30 o'clock, and up to the hour of going to press this morning they had not agreed upon a verdict. They came out a few minutes after retiring and asked of Judge Battle what aspect the failure of the defendant to testify in his own behalf would place upon the case. Judge Battle enlightened them upon this point, and they again retired with the result as stated.

The jury is composed as follows: Capt. R C. Orrell, Messrs. R. S Murray, E. T. Mason, W. V. Hudson, J. H. Rourk, T. J. Ashley, J. A. Mote IZ V. Croom, W. J. Spooner, J. B Hew lett, J. H. Huhn and Walter Melton. The following is the official docket of cases disposed of yesterday morn-

building in good repair. The building was found very much over-crowded with prisoners. Its capacity to accommodate comfortably is limited to 40 or 50, whereas there are more than 60 prisoners now confined therein, the result being very great discomfort to these poor creatures. We found the prisoners generally complaining of being very cold, there being no fire in the furnace. One very respectable young woman was evidently suffering from this cause and said she had had a severe chill. This girl we understand was not confined on any charge of crime, but merely for failure to pay some court costs. The sleeping arrangements in the jail impressed us as very inadequate and even inhumane, partly owing, no doubt to the unusually crowded condition of the jail. Many of the prisoners are compelled to sleep on the cold and hard cement floors, with no other covering than an inferior blanket. The unhappy creatures must suffer from such discomfort. Now

We would suggest that the superintendent of he Home be instructed to furnish the inmates, both male and female, with more and warmer clothing, especially as winter is coming and from personal observation the inmates as a rule are poorly clad. We especially instructed ourselves in regard to the food furaished the inmates but found them all very well pleased and no complaints made regarding the food. In fact each and every one freely spoke of the kind and humane treat ment they received at the hands of the superintendent and his wife.

We would respectfully call attention to repairs that are needed to be which is liable to tumble over at any time; also the drain or open ditch into which all night soil is dumped should be open and in place of allowing the open sewer in the form of a ditch, we suggest boxes being used and these at regular intervals cleaned.

COTTON AND NAVAL STORES.

Comparative Statement of Receipts for

the Week and Past Crop Year. The following comparative statement of the weekly and part crop year receipts of cotton and naval stores at the port of Wilmington was posted yesterday afternoon at the Produce

Exchange: Week ended November 24th, 1899-Cotton, 7,703 bales; spirits, 438 casks; rosin, 2,566 barrels; tar, 1,134 barrels;

crude, 326 barrels. Week ended November 24th, 1898-Cotton, 14 605 bales; spirits, 542 casks; rosin, 4,808 barrels; tar, 877 barrels; crude, 169 barrels.

Crop year to November 24th, 1899-Cotton, 160,917 bales; spirits, 24.087 casks, rosin, 95,801 barrels; tar, 37,887 barrels; crude, 8,781 barrels.

Crop year to Nov. 24th, 1898.-Cot ton, 208,408 bales; spirits, 22,517 casks; rosin, 108 917 barrels; tar, 36,944 bar rels; crude, 8,027 barrels.

A noticeable feature of the statement is the remarkable falling off in the current week's receipts of cotton from those of the same period last vear. But few more than half the number of bales were received during the week than during the correspond ing time last year, and in the matter of crop year receipts the port is thus far nearly 70,000 bales short of last year. With the same conditions prevailing elsewhere the short crop for the world is apparent.

The Fifth Night of the Masons **Great Entertainment Scores** Another Success.

Was "Comandery Night" and Plantage net Commandery Was Out in a Body. Children's Free Matinee This Afternoon - Peatures To-night.

Last night closed the fifth day of the Masonic Fair, and it was one of the most successful of the series of nights. At the door the number of tickets taken in was 1,354 for the afternoon and night. It was the second night in point of attendance.

It was Plantagenet Commandery night, and the Commandery Booth consequently did a flourishing business. Eminent Commander Dr. W. E Storm had Plantagenet Commandery out in a body, the Knights having met at St. John's Hall and marched in a body to the Temple. At the Commandery Booth there was much interest in closing up the shares for a very handsome lamp. Mrs. Berry Gleaves fell heir to it. A handsome basket of fruit was awarded Mr. Charles L. Taylor.

Martin, the manager, and his office in rear of the Commandery room is a busy scene from the time the fair opens every afternoon till it closes at midnight. He keeps everything well in hand, and the systematic manner in which everything goes along is as-

tonishing. To day from 3 P. M. till 6 P. M. there will be a free matinee for children of 12 years of age and under. All other visitors will, of course, be

admitted as usual. To-night will be "Odd Fellow" Night," and it is expected that there will be a large attendance of the fra ternity. The supper booth will be closed at 10.30 P.
