# COUNTY AFFAIRS.

Many Matters Were Considered by Board of Commissioners Yesterday Afternoon.

COMMITTEES ANNOUNCED.

County Fence Inspection by Committee and Its Acceptance-Bonds Received and Applications for Reductions in Property Valuation Heard.

A multitude of matters was brought up for the consideration of the Board of County Commissioners at their called meeting, which was held ves terday afternoon, the most important action probably being the announcement of the various committees of the board for the ensuing year. These were announced by Col. Roger Moore the chairman, as follows:

Auditing - Col. Moore. Holmes and McEachern. Hospital - Mesers. Holmes, Eachern and Col. Moore.

Roads and Bridges-Messrs. Alexander, Holmes and Col. Moore. County Home-Messrs, McEachern, Alexander and Col. Moore.

Public Building-Col. Moore, Messrs. Holmes and Alexander.

Another important matter was the receiving through a committee of the board, consisting of Commissioner Alexander and Capt. Jno. Barry, road superintendent, the new county fence recently built under contract by the Wilmington Iron Works. The committee, in its written report, says that the length of the fence is 6 37 100 miles and that it is strictly according to contract in every particular. The committee thinks the fence will stand twenty five years without repair. The other portion of the fence, which is constructed of rails and puncheons, a portion of which extends into the sound and the length of which is approximately two miles, was also reported in good order and fully up to contract

After receiving the report of the committee, the Wilmington Iron Works was allowed \$2,145.20 for their work in constructing the fence.

The bond of W. L. Tharp, who was awarded the contract for burying the out door poor, was tendered in the sum of \$100 and referred back for sompletion.

The matter of repairs and building of Whiskey Creek and Hewlet's Creek bridges was referred to the road superintendent. The contract for printing 1000 copies

of the annual statement of the finances of the county was let to Mr. S. G. Hall at \$24 50, the same to be used as a supplement to the Dispatch.

Mai. D. O'Connor was relieved of \$55.60 tax paid by him through a misapprehension that the property upon which the tax is levied be onged to H. G. Wadley individually when it was listed by the C. W. Pike Co. It was ordered that the amount be again taken up on the tax books as the property of the C W. Pike Co., the same being in Cape Fear township.

The bond of Mr. M. G. Chadwick as keeper of the County Home and House of Correction in the sum of \$1,000, with Messrs. I. J. Bear, Geo. H. Heyer and H. P. West, as securities, each ustifying in the sum of \$334, was accepted.

The contract for keeping in repair the clock in the court house tower was awarded to Mr. H. Hauser for the year 1900, the consideration being \$38.50 per annum exclusive of the breaking of certain wire ropes.

At the request of Contractor A. G. Call, who had the contract for some bridge work for the county, the chairman was instructed to pay hands on the bridge 80 per cent. of thier claims until settlement in full is made.

The estate of Isham Howard, colored, applied for relief of tax on property in all of block 36, the same having been listed twice. The matter was referred to the chairman and county attorney with power to act, as was also an application of the same bearing from Lewis Chapman.

Capt. E. G. Polley called attention to an error in listing his property in block 160. The valuation was ordered fixed at \$1,750.

Upon motion of Commissioner Mc-Eachern it was resolved that the chairman be instructed to call the attention of the Board of Health to the condition of the city pound adjoining the jail property and ask that some steps be taken immediately to remedy the

All members of the board were present at the meeting, Col. Moore presiding.

Last night the auditing committee was in session for some time auditing bills for current expenses.

# Holiday Marvel.

The handsome show window of Mr. A. Shrier, "outfitter to mankind," on Front and Princess streets, is a marvel of beauty in its decorations for the holidays. There is a background of pink bunting, and bright, pretty goods in great variety are displayed on two columns. An arch above, extending from one column to the other, is decorated with the latest novelties in menwear. The display is quite attractive, and all passers-by stop to admire it. The decoration is the handiwork of Mr. J. E. Benton, whose admirable taste is shown in the display.

#### SPLENDID SUCCESS.

The Pirst Performance of Myths of Greece and Rome at the Opera House Last Night.

Myths of Greece and Rome, a classical amateur entertainment, was presented last night at the Opera House before a very large audience.

The performance was perfect in every detail, the scenic effect was brilliant, the dancing, drilling and acting of a high order, evincing marked skill and art, and a wonderful display of grace on the part of the participants. Mythological history was the theme

a wide range to which they adapted themselves in a thoroughly histrionic One hundred and ten of Wilmingon's most cultured and talented young adies and gentlemen composed the

company, which was under the super-

vision and direction of Miss Lord. lt was a benefit entertainment, having for its object the improvement and maintenance of the Katherine Kennedy Home, a worthy charity in itself, a sufficient merit for the large patronage the performance received.

In its nature the entertainment was spectacular extravaganza, superbly staged, savoring throughout of the metropolitan, and so charmingly presented as to elicit the applause of the audience from beginning to end. The play was divided into six scenes, as follows: First, "Love's Awakening;" second, "Mount Olympus, the Abode of the Gods;" third, "Day and Night:" fourth, "The Vestalia;" fifth, "Hades,"

sixth, "Birth of Venus." All of the characters were repre sented in so perfect a manner that a discrimination is hardly appropriate. However, Miss Mary Black and Miss Bessie Gore, in the roles of Auro, Goddess of Dawn, and Flora, Goddess of Flowers, respectively, deserve special mention. They were the embodiment of grace and agility and danced most pleasingly, receiving long and continued applause from the audience.

To night the entertainment will be repeated. The performance begins promptly at 830, and the manageadmitted for half rate.

### Negro Racket.

King Bell, colored, formerly Chief Schnibben's driver at Engine Company No. 1, had a warm experience yesterday morning in which a jealous negro woman, an ordinary table fork and sundry other things contrived to make life miserable for him for a time. Minnie Garfield, the jealous negro, by reason of Bell's attention to another woman, became infuriated yesterday morning went, to his room, snatched therefrom an eight dollar guitar and smashed it into kindling for revenge's sake. For this offence she was brought before Justice Fowler and allowed to give bond in the sum of \$100 for her appearance for trial to day. From Justice Fowler's court room she went back into an alley leading from Front between Dock and Orange streets and assaulted her paramour with a brick, ending up her racket by stabbing him in the hand with a table fork, which pierced his hand through and through. She was on this record loiged in jail by Constable Sheehan for trial on both charges to day. Bell sought treatment for his wounds from a physi-

"The Teet Brothers' show exhibited at Farmville, this county, yesterday. When the afternoon performance was over the crowd went about preparing supper in the kitchen tert. While supper was being served several negroes congregated about the circus kitchen and were making themselves troublesome. They were asked to leave and go around in front of the big tent where the band would soon play. One negro spoke insolently about being or-

The crowd did move, but soon after pistol shot was heard outside the tent. A second shot followed, when a little son of Mr. McDonald, the band leader, screamed. The boy was struck in the shoulder by the ball. The shooting caused much excitement and broke up the evening performance of the cir-
