getting pretty near the dead line.

Instead of the Spaniards leaving Cula, as was predicted, it is said that over 9,000 arrived at Havana last year to make their homes in

Caba.

A St. Louis man has a dog which can sing. So far he has confined his efforts to "my bark is on the sea." | One of his neighbors has a mews-ical cat.

The Pennsylvania man who has been sued for \$100,000 for breach of promise feels his importance and holds his head up when any of the little \$10,000 fellows are around.

A society has been organized in Berlin to combat the "heresy of the circulation of the blood:" When they get through with that they will probably tackle the circulation of light.

There are according to official re ports 1,152,000 pupils in the common schools of Pennsylvania. The expenditures for the schools amounted to \$20,308,768, or a little less than \$18 for each pupil.

No wonder some men hanker for the U.S. Senate and hate to pull out when they get in. The U.S. buys their lemons for them, and furnishes mineral waters, etc., and also free shaves and free baths.

A woman in Pennsylvania a few days ago was greatly benefitted by having reflections cast upon her. In passing a mirror she (as women usually do) glanced into it, and discovered that her dress was on fire. The cry of alarm brought others to her rescue in time to save her.

Within twenty years our exports of cotton goods have increased from \$10,853,950 to \$23,569,914. This was doing pretty well but not as well as iron and steel, the exports of which in the same time increased from \$15,133,493 to \$93,715,951. But iron and steel must have tariff protection all the same.

amount of attention, pictorial and otherwise, which he receives from the newspapers. If Mark will disconnect himself from the machine, and retire from party manipulation, he will take up but little space in the papers and may live in quiet.
