A HORRIBLE TRAGEDY.

One Man Killed and Another Severely Wounded by a Crazy Negro-Murderer Shot by Sheriff's Posse.

By Telegraph to the Morning Star. NORFOLK, January 12.—The usual quiet of Southampton county, Va., has been disturbed by a horrible tragedy in which several men were wounded and an inoffensive Quaker preacher, and a crazy negro lost their ives. The following ar the particu-

The negro, named Rix, while walking along the county road to day, met Thomas Hall and George Bradshaw, white farmers of prominence who were driving together. With a warning shout, he opened fire on them without provocation, and one bullet grazed Hall's abdomen and another pierced his arm. The negro subsequently met Rev. Mills Rayford, a beloved preacher, and shot him down. Death was instantaneous. He then fired several more bullets into the prostrate body.

A posse was organized and pursued Rix. He was overtaken, but resisted arrest, firing upon his pursuers and wounding one or two before he fell, pierced by balls. He lived only a few

Great excitement was caused in Southampton, between Zuni and Franklin, where the tragedy occurred, by the report that the negro was Walter Cotton, the u urderer who was to have been hanged in Portsmouth today, but recently walked out of jail, owing to the negligence of Stewart, the death watch. Subsequent ievestigation, however, revealed that he was Rix and had gone deranged. Hall and the members of the posse who were wounded by Rix will recover.

tion for the appointment of a special committee of nine members to investigate the relations of the Secretary of the Treasury with certain New York national banks and the transactions relative to the sale of the New York custom house. Mr. Dalzell, Republican, Pennsylvania, interrupted with an objection that the resolution should go through in the regular way. 'Then I ask unanimous consent,' said Mr. Sulzer, "for its considera-

BOER FORCES FALLING BACK

By Cable to the Morning Star. LONDON, Jan. 13, 4 A. M.-General Buller's twenty eight words, announcing his forward movement of Thursday, is interpreted as meaning that he has passed around the western end of the Boer lines at Colenso and is now several miles behind them, and within fourteen miles of General White's outposts at Ladvsmith. The Boers, a few days ago, had forces with guns at Springfield, where General Buller dates his dispatch. These commandos have been obviously dislodged, either by fighting or by manœuvres, the Boers retiring across the Tugela as

General Buller advanced. From General Buller's dispatch, coupled with the fact that unofficial intelligence from the seat of war has virtually ceased since Monday, the de duction is drawn that important operations are in progress, as he cannot move far without going against the Boer entrenchments. The death lists from entric fever and dysentery at Ladysmith, averaging from eight to ten daily, are considered more serious than the 420 casualties of Saturday's fight, as they indicate the frightfully unsanitary condition of the beleaguered town. A letter from Ladysmith, dated December 7th, says that even then ninety out of 540 men in the battalion of which the writer was a member, were sick with dysentery or entric fever, and according to a dispatch to the Daily Chronicle, dated January 8th, the patients and attendants in Tombi camp, where the hospital is, then numbered 2,800.

It is officially announced that the Earl of Ava has di-d of his wounds. LONDON, January 12.-The War Office this morning received the following dispatch from General Buller. dated Springfield, Thursday, January

11th, at 9:20 evening: "I occupied the south pank of the l'ugela river at Potgieter's Drift this morning and seized Pont. The river is in flood. The enemy is strongly entrenched about four and half miles

to the north. The War Office announces that the British casualties at Ladysmith January 6th, among the rank and file were 135 killed and 242 wounded. Among the officers there were 13 killed and 27 wounded. Among the latter was Lieutenant Colonel William Henry Dick-Cunyngham, V. C., commander of the second battalion of the Gordon Highlanders since 1:97, who has since succumbed to his wounds. He was immensely popular every-

General Buller's second attempt to cross the Tugela obviously is of a flanking character, but whether it is ntended to push the advance home or whether his operations are only a feint o cover an attack in force on the Boer position at Hlangawana mountain seems to be uncertain. Springfield, from whence General

Buller's dispatch was sent, is sixteen miles west of Frere. The last news from Springfield was that it was held by the Johannesburg corps under Gen. Ben Viljoen, and that the Boers had big guns in position at Potgieters Drift, apparently six or eight miles n orth of Springfield and across the big Tugela. The possession of the drift and the point is regarded as of great importance.

It is reported here that General Buler submitted his plan of campaign to Lord Roberts immediately after the latter landed, and that General Roberts sanctioned it.

There is a belief in some quarters that General Hector McDonald will succeed Lord Methuen in command of the British forces at Modder river.

The Gazette to day proclaims the prohibition of the exportation from the United Kingdom or the carrying coastwise of a variety of acids capable of being converted into military stores. Lady Methuen has issued an absolute contradiction of the rumors that Lord Methuen is ill or that he was injured by the falling of his horse at the pattle of Magersfontein.

Boers' Fighting Force. London, Jan. 13, 4 A. M.-The

forning Post says: "The Boer strength, originally 83, 000 men, is now heavily augmented by Cape Colonists, and the enemy's fighting forces may be estimated at 100,000 men and 206 guns."

Freight train No. 808, east bound with seventy-five cars, broke in two just when it reached this point, and thirty cars were derailed and piled seventy five feet high at the side of the track. All traffic is blocked on all the tracks with the exception of the west-bound passenger track, and this will be closed all night. The whole freight was made up of merchandise cars. It will take until morning to clear the track. JUDGE SIMONTON'S DECISION.

In the Railroad Tax Assessment Case The Judge Recedes from Former

By Telegraph to the Morning Star. RALEIGH, N. C., January 12. - Judge Simonton to-day filed with the clerk of the United States Circuit Court here, his decision in the railroad tax case, which was argued at Asheville in September and re-heard at Charles

on about a month ago. In his first decision Judge Simonton held that the Corporation Commission had no power, under the law, to tax the railroad property of the State. Soon after that decision was rem dered the Supreme Court of North

Carolina decided the Abbott-Bedding

field case, in which exactly the opposite opinion was expressed. Thereupon Judge Simonton granted a re hearing of the matter, on the ground that a Federal court is bound to accept a State's construction of its own statute, and the decision rendered to day is based on this principle and Judge Simonton recedes from his former ruling, declaring that "the decision of the court of last resort in North Carolina, as to the force and effect of its own statutes on a matter

Federal court.' After reciting the equities in the case, Judge Simonton appoints ex Chief Justice James E. Shepherd standing master, to take testimony touch ing the matter, and to report back to the court both the evidence and his

of local law, is obligatory on the

conclusions. And for this purpose the restraining order heretofore made is continued in force. The amount involved in this case is \$10,000,000. The railroads have been paying on a valuation of \$32,000. 000, but last June the corporation commission raised this to \$42,000 000, and the railroads appealed to the courts alleging that the valuation was excessive as compared with the tax value of other property.

THREE ROUND BOUT.

Kid McCoy Given the Decision in a Fight With Joe Cheynski.

By Telegraph to the Morning Star. NEW YORK, January 12.-Kid Mc-Cov got the decision over Joe Chovnski in a bout to-night, which lasted three rounds, at the Broadway Athletic Club. Choynski would have had the fight in the second round had it not been for an accident as to timekeeping. He had floored the Kid four times, but the time keeper pulled the bell as McCoy was counted for the limit of ten seconds, and this saved the Kid from absolute defeat. Choynski's seconds protested vigorously, but Referee Johnny White, while knowing that the round was short by many seconds, stood by the official time keeper and ordered the men to continue when the gong rang again for the opening of the third round.

Choynski's cleverness out pointed and out shadowed all of McCoy's clever ring work. McCoy having escaped defeat in the

second round was again lucky in the third, as the blow with which he sent Choynski down and out was delivered almost two seconds after the bell had rung for the completion of the third round. Owing to noise both men probably failed to hear the bell. In the northeastern portion of the building there was a tumult, caused by an excited spectator dropping dead.

One of the Worst Marine Disasters in That Section Ever Known.

UNKNOWN STEAMER LOST.

Wrecked and Burned-Not the Slightest Prospect Any Soul Aboard Escaped Death-The Wreckage Coming Ashore-Many Bodies

By Cable to the Morning Star ST. JOHNS, N. F., January 13, 1 A. M .- The wrecking and burning of the unknown two misted steamer with its crew of probably sixty, and possibly some passengers, all perishing, is one of the worst marine disasters in this section for a considerable period. There is not the slightest prospect that any soul aboard escaped death, as the intense mid winter cold would kill any who escaped drowning. The ll fated vessel was of nearly 3,000 tons burden. She went ashore before daybreak Thursday, striking a ledge at the foot of the cliff, where escape was hopeless. The crew launched the boats, but probably during the panic some were crushed against her sides, others being swamped, and all the occupants apparently perished. The ship was seen to be afire by residents six miles away. Attracted to the scene they found the after half of the wreck blazing fiercely, and the forepart under water. Kerosene in the cargo

helped the blaze. At that time only three men were eft on board. Two were on the bridge and one was in the rigging. Those on the bridge were safe until about 2 P. M., when they were washed overboard and drowned, the bridge being carried away. The survivor soon after left the rigging, swam to the rocks and twice endeavored to get a footing. Failing in this, he made his way back to the rigging, where he died of ex-

posure during the night.

Many dead bodies are visible, tossing in the surf. Two of them thrown up in a cove cannot be reached, owing to the heavy sea. One is thought to be that of a woman.

Boats and other wreckage are strewn among the rocks for miles. Yesterday Friday) was more stormy than the day before, and it was impossible to reach the wreck, which has gone to pieces to such an extent that it has sunk beneath the waves. A severe gale is raging to night, which is likely o reduce it to fragments.

The wreck commissioner hopes to be able to obtain her name to-day (Saturday.) Residents along the shore made every possible effort to rescue the survivor in the rigging, but lacking proper outfits they were unable to succeed. A messenger who has just arrived from Peters river, reports that a trunk filled with women's clothing has been washed ashore there, as well as a garment which is either a water-proof cape, such as used by a woman, or a man's overcoat. Near-by was found some underwear, evidently, marked with the initlals of "J. J." This seems to indicate that the ship had passengers.

The arrival here of about fifty men from Eastern Kentucky to night created a big stir in Goebel circles, where it was charged that the arrivals were militiamen in citizens' clothes. In Republican circles this was laughed at, and it is claimed they are only a few of the hundreds of Taylor's witnesses who have been summoned here to give testimony in behalf of the contestees.

The Goebel leaders late to-night claim telegraphic advices from counties in the eastern part of the State, that military companies in that section are being equipped to come to Frankfort next week.
