TEXT OF NEW TREATY WITH GREAT BRITAIN.

In Relation to Construction of the Proposed Nicaragua Caual-Signed by Representatives of the Powers.

By Telegraph to the Morning Star WASHINGTON, Feb. 6.-The following is the text of the new treaty negotiated in relation to the construction

of the Nicaragua canal: The United States of America and her Majesty, the Queen of the United Kingdom of Great Britain and Ire-land, Empress of India, being desirous to facilitate the construction of a ship canal to connect the Atlantic and Pacific oceans, and to that end remove any objection which may arise out of the convention of April 19, 1850, commonly called the Clayton-Bulwer treaty, to the construction of such canal under the auspices of the government of the United States. without impairing the "general principle" of neutralization established in Article VIII. of that convention, have for that purpose appointed as their plenipotentiaries : The President of the United States, John Hay, Secretary of the United States, and her Majesty, the Queen of Great Britain and Ireland and Empress of India, the Right Hon. Lord Pauncefote, G. C. B., G. C. G her Majesty's ambassador extraordi nary and plenipotentiary to the United States, who have communicated to each other their full powers, which were found to be in due and proper form, have agreed upon the following

Article I. It is agreed that the canal may be constructed under the auspices of the government of the United States, either directly at its own cost or by gift or loan of money to individuals or corporations, or through subscription to or purchase of stock or shares, and that, subject to the provisions of the present convention, the said government shall have and enjoy all the rights incident to such construction, as well as the exclusive right of providing for the regulation and management of the canal.

Article II. The high contracting parties, desiring to preserve and maintain the "general principle" of neutraliza-tion established in Article VIII. of the Clayton Bulwer convention, adopt, as the basis of such neutralization, the following rules, substantially as embodied in the convention between Great Britain and certain other powers, signed at Constantinople. October 29th, 1888, for the free navigation of the Suez maritime canal; that is to

(1) The canal shall be free and open in time of war as in time of peace of all nations on terms of entire equal ity, so that there shall be no discrimination against any nation or its citi zens or subjects in respect of the conditions or charges of traffic, or other

(2) The canal shall never be blockaded, nor shall any right of way be exercised nor any act of hostility be committed within it.

(3.) Vessels of war of a belligerent shall not revictual nor take any stores in the canal except so far as may be strictly necessary; and the transit of such vessels through the canal shall be effected with the least possible de lay, in accordance with the regulations in force, and with only such in termission as may result from the necessities of the service. Prizes shall be in all respect subject to the same rules as vessels of war of the belligerents.

(4) No beligerent shall embark or disembark troops, munitions of war, or warlike materials in the canal ex cept in case of an accidental hindrance of the transit, and in such case the transit shall be resumed with all possible dispatch.

(5) The provisions of this article shall apply to waters adjacent to the canal, within three marine miles of either end. Vessels of war for a belligerent shall not remain in such waters longer than twenty four hours at any one time except in case of distress, and in such case shall depart as soon as possible; but a vessel of war of one belligerent shall not de part within twenty four hours from the departure of a vessel of war of the other belligerent.

(6.) The plant establishments, building and all works necessary to the construction, maintenance and operation of the canal shall be deemed to be part thereof, for the purposes of this convention, and in time of war as in time of peace, shall enjoy complete immunity from attack or injury by bellig erents and from acts calculated to impair their usefulness as part of the

(7.) No fortifications shall be erected commanding the canal or the waters adjacent. The United States, however, shall be at liberty to maintain such military police along the canal as may be necessary to protect it against lawlessness and disorder. Article III. The contracting parties will immediately upon the exchange

of the ratifications of this convention bring it to the notice of the other Powers and invite them to adhere to it. Article IV. The present convention shall be ratified by the President of the United States, by and with the advice and consent of the Senate thereof, and by her Britannic Majesty; and the ratifications shall be exchanged at Washington, or at London, within six months from the date hereof, or earlier

In faith whereof, the respective plenipotentiaries have signed this convention and thereunto affixed their seals.

Done in duplicate at Washington, A. D., February 5th, 1900. JOHN HAY, PAUNCEFOTE.

The President's letter of transmittal is as follows: To the Senate: I transmit here with with a view of receiving the advice and consent of the Senate to its ratification, a convention this day signed by the respective plenipotentiaries of the United States and Great Britain, to facilitate the construction of a ship canal to connect the Atlantic and Pacific oceans, and to remove any ob jection which might arise out of convention of April 19th, 1850, commonly called the Clayton Bulwer treaty, to the construction of such

canal under the auspices of the government of the United States. WILLIAM MCKINLEY. A Powder Mill Explosion

THE SITUATION.

British War Office Gives Out No Information As to General **Buller's Movements.**

OPERATIONS IN CAPE COLONY

Jeneral MacDonald's Column Threatens the Beers' Right at Magersfostein-Strong Forces Concentrating-Roberts' Proclamation.

By Cable to the Morning Star. LONDON, Feb. 6 .- This hoping, fear ing, doubting nation remains at the mercy of every wild rumor. The impression that General Buller's forces are fighting will not die out, in spite of the continuous asseverations of the War Office that it has no news to con-

firm that belief. From Cape Town, under to-day's late, comes the statement that up to this morning nothing has been heard there regarding General Buller's recrossing the Tugela river, while Lord Roberts, in a dispatch dated February reports no change in the situation. In view of the latter's dispatches, it seems hard to credit the circumstantial reports of the engagement of General Buller's troops. The common sense now almost inclines towards the decision that these are due to the wish being father of the thought.

Supposition upon such a basis is ut-terly futile. The complete silence from the front and at home may be significant, as the wiseacres aver, but t more probably represents that period of preparation that precedes an important movement.

In other parts than the Tugela the conditions of information are scarcely more satisfactory. There is an inconclusive vagueness regarding General French's reported intention to march on Norval's Pont with an overwhelming force of infantry. While the news of sharp fighting in the neighborhood of Colesberg can be fairly expected within a few days, it is not likely that it will assume greater proportions than reconnoissances and skirmishes, for the purpose of holding the advanced position of the forthcoming main advance y way of Bloemfontein. General rench is strategically prohibited from running any serious risk,

Lord Roberts' reply to Presidents Kruger and Steyn creates an excellent mpression here. From Kimberley and Mafeking there nothing new, so it can be presumed that the intermittent bombardment of

these places continues.

Gen. Roberts' Forces. LONDON, February 7 .- The Standard has received the following dis patch, dated Monday, February 5th, rom Koppies Dam:

"General McDonald, with a brigade of infantry, a regiment of Lancers and one battery, has reached here from Modder river camp, in what is re garded as an important movement to the right of the Boer position at Magersfontein. Koppies Dam commands the roads

from Kimberley to Hoptown and Douglas. Two Boer laagers, Kamul hoek and Griquatown, are within striking distance. "The arrival of General McDonald's

column was opportune, as it just prevented two large commandos effecting a junction. He now holds both banks of the river. "Our Lancers had two brushes with the Boer patrols. There is great activity among the enemy, and strong forces concentrating to oppose our further advance. The troops suffered

from heat and scarcity of water during

the march. Gen. Roberts' Proclamation. LONDON, February 7, 4.20 A. M .-Lord Roberts has caused to be distributed in the towns bordering upon the invaded colonial territory an invitation to Free Staters and Transvaalers to go into the desert, offering them good treatment and a restoration to their farms on the British occupation of republican territory. The manifesto guarantees that those bringing horses can sell them. Foreigners will have their passage paid to Europe. Colonial rebels are advised to surrender, in preference to being taken prisoners. Not a word has been received from the correspondents with General Buller for three days. It is as though Natal has been wiped off the map, ex cept the heliogram from Ladysmith saying that the Boers are cannonading

and that "fighting is going on." General MacDonald, with four thousand infantry, cavalry and artil-lery, threatens the Boer right at Magersfontein. This is the first sign of activity on the part of Lord Metheun for some weeks, and doubtless has relation to the movements of the British further east.

THE NATIONAL CONVENTION.

Democratic Party Leaders, Including W. J. Bryan, Think It Should Be Held on the Sixth of June.

By Telegraph to the Merning Star. CHICAGO, Feb. 6 .- The Chronicle

to morrow will say: "According to advices received at the Democratic National headquarters, there is a strong disposition among some of the party leaders, in-cluding William J. Bryan, to settle upon June 6th as the date for the National Democratic Convention.

It now appears that Colonel Bryan is taking considerable interest in the Pacific slope situation. The information is that the Democratic State Convention of Oregon will be held early in June, and that the Democrats of that State are being influenced by Oregon's supposed prospective trans-Pacific trade on an imperialistic basis. It is pointed out by Colonel Bryan's friends, who say they reflect his opinions, that the Oregon Democrats, who tional party organization as a reason why the Oregon Democracy should

oppose imperialism. For these and other reasons Colonel Bryan and his intimate friends are quoted as being favorable to the holding of the Democratic National Convention June 6th—a date which, it is said, would anticipate any action that might be taken by the Oregon De-

Chairman Johnson, of the National Executive Committee, said: "I think the argument in favor of holding the Democratic National Con-vention June 6th has considerable weight, although there appears to be considerable sentiment in favor of holding it still earlier.

John Redmond, the Parnellite leader, member of Parliament for Waterford city, was unanimously elected chairman of the United Irish Nationalist party at a meeting held in a committee room of the British House of Commons yesterday.

SITUATION IN KENTUCKY . IS STILL UNSETTLED.

The Question of Peace or War Remains With Gov. Taylor-The Louisville Conference.

By Telegraph to the Morning Star. FRANKFORT, Ky., Feb. 6.-The. news of the agreement reached last night in Louisville, was received with

great relief in Frankfort. Governor Taylor refused to discuss the agreement. He, however, made the assertion that if the Goebel law was repealed and an election law given to the people of Kentucky which would insure a fair and honest count of the votes as cast, he would allow no personal ambition of his own to stand in the way of a peaceful adjustment of

the troubles. Whether it shall be war or peace in Kentucky rests to night with Gover-nor Taylor alone. The question has been in his mind all day, and to night he declared that he had reached no decision and will announce none be-

fore to-morrow The text of the agreement reached by the Louisville conference last night was brought to him this morning by a committee consisting of General Dan. Lindsay, T. H. Baker and T. L. Edelen. They handed Governor Taylor a copy of the agreement, were closeted with him for a short time, and then depart-ed. As they left the building Mr. Baker remarked: "I hope and believe that the entire matter will be amicably adjusted. More than this, I am unable to say at the present time."

The State Guard. FRANKFORT, February 6 .- Orders for additional militia are said to have been countermanded. Several companies of the State guard have been holding themselves in readiness to move to the capital. The action is construed by Democrats to indicate a disposition on the part of Governor Taylor to acquiesce in the agreement of attorneys in Louisville this morn-

The Situation Last Night. FRANKFORT, KY, February 6 -There is not in the city of Frankfort a single member of the Legislature. The Republicans are all at London, and the Democrats at places along the border of the State, from where it will be easy to escape should any attempt be made by the military to arrest and

convey them to London. But such Republicans of prominence as are here seem inclined to believe that Governor Taylor will accept the agreement. Frankfort to day enjoyed at least one day of quiet, the first it has experienced since the Goebel Taylor contest began three weeks ago. The town was pare of politicians; there was no ex citement in the streets, no crowds around the corners and no throngs in the lobbies of the Capitol Hotel.

Still Undecided. FRANKFORT, February 6 conference was held in the office of Governor Taylor to night, those being resent, besides Governor Taylor, Colonel Mengel, Colonel Williams, General Collier, Judge Yost, and Wm Sweeney, the latter two attorneys fo Governor Taylor-The conference was secret and none of those engaged in t would consent to talk. They allowed it to be tacitly understood, however, that the position of Governor Taylor was the same as that stated early in the day to the Associated Press.

TO SETTLE DIFFERENCES.

The Agreement Made in the Conference of Republicans and Democrats Held in Louisville, Ky.

By Telegraph to the Morning Star. LOUISVILLE, KY., February 6 .-The peace conference held at the Galt House last night between seven representatives of the Republican party and seven representatives of the Democratic party, resulted in the unanimous signing of an agreement embodying seven specific propositions, which promise a settlement of the party differences which have brought about two State governments in Kentucky. This agreement is in substance as fol-

First. That if the General Assembly in joint session shall adopt a resolution ratifying their recent action adopting the contest report seating Goebel and Beckham, the contestees, W. S. Taylor and John Marshall, shall submit without further contest.

Second. That all parties shall unite in the effort to bring about such a modification of the election law as will provide for non-partisan election poards and insure free and fair elec-

Third. That the conditions shall remain in status quo until Monday, the General Assembly meeting and adourning from day to day until that

Fourth. That nothing shall be done o prevent or hinder a joint session of the General Assembly from taking action on the ratification resolution Fifth. That the State Contest Board shall meet and adjourn from day to day until Tuesday without taking any action on the contests for the State offices. This postponement is suggest ed in order that the action of the General Assembly on the ratification resolution may be taken first.

Sixth. That the State troops shall be removed from the State capital at once, though with all necessary precaution for the public safety. This matter is to be under the direction of General Dan. Lindsay, of Frankfort. Seventh. That the Republican officials and officers of the State guard shall have immunity from charges of treason, usurpation, court martial or any other offences. The agreement was signed by the

following: Republicans-John Marshall, Judge John W. Barr, General Dan Lindsay, T. L. Edelen, Dr. T. H. Banter, David W. Fairleigh, G. T. Ballard. Democrats-J. C. S. Blackburn, J. C. W. Beckham, Sam J. Schackelford, Urey Woodson, James B. McCreary, Phil. Thompson, Robert J. Brecken-

ions, that the Oregon Democrats, which are disposed to oppose imperialism, would be strengthened materially in their campaign before the Oregon Governor Taylor. An important influence in shaping the Republican fluence in shaping the Republican policy has been, it is believed, the lack of support from the national administration for the course pursued by Governor Taylor since he assumed

FINANCIAL BILL

IN THE SENATE.

It Will Have the Right of Way Over All Other Matters Until Disposed of.

PHILIPPINES SIDE-TRACKED.

Butler Replies to Speeches on the Proposed Amendment to the Constitution of North Carolina-Several Bills Passed.

By Telegraph to the Morning Star. WASHINGTON, February 6 .- Until he Financial measure now pending before the Senate shall have been disposed of finally, it will be considered by the Senate every legislative day, to the exclusion of all except purely routine business. This agreement will have the effect of cutting off all debate on the Philippine question, or other matters, except by unanimous consent of the Senate, unless Senators choose

to discuss other questions in the time they devote to the Financial bill. Senator Aldrich, chairman of the Finance committee, offered an amendment to the pending Financial bill, providing that nothing in the bill shall interfere with efforts to secure international bimetallism with the concurrence of the leading nations of the

Senator Pettus, Alabama, offered another amendment providing that the bill shall not be construed to affect the present legal tender quality of silver dollars coined by the United States. To the same bill, Senator Chandler

proposed an amendment providing that the gold dollar of 25 8 grains and the silver dollar of 412; grains shall be the unit of value, and that all forms of money issued or coined by the United States shall be maintained at that parity of value; and that the United States notes and treasury notes, when presented to the treasury for redemption, shall be redeemed in gold or silver coin of such standard. Senator Jones, Arkansas, also gave notice of an amendment to the same bill, providing for an "emergency fund" of \$50,000,000 in treasury notes Senator Caffery resumed his speech

on the Philippine question. Senator Butler, North Carolina, re olied to speeches of Senators Morgan, McEnery and Money on the proposed amendment to the constitution of North Carolina. He maintained that the proposed amendment was clearly inconstitutional.

An agreement was reached that from the present time until after the final vote on the Financial bill, that that measure be taken up each day after routine business, to the exclusion everything else. The conference report on the Urgent

Deficiency bill was agreed to, thus passing the measure. The following bills were passed:

Recognizing the able and gallant services of Captain Francis Tuttle, revenue cutter service, his officers and men of the Bear; also, the heroic ser vices of Lieutenants D. N. Jarvis, E. P. Bertholf and Dr. S. J. Call, composing the overland expedition to Point Barrow, Arctic ocean, for the relief of imperiled whalers; concerning the boarding of vessels; to authorize the Southeastern railroad to construct a bridge across Lumber river, within the boundary lines of Robeson county, North Carolina.

After a brief executive session, the Senate at 4:55 P. M. adjourned.

House of Representatives. The Philippine question again occupied the attention of the House to-day. Mr. Williams, Mississippi, presented an argument against the annexation of the Philippines which attracted much attention. It was devoted almost entirely to the commercial aspects of the acquisition, holding that the absorption of the islands would be ultimate ly ruinous to the American producers cotton, rice, tobacco, hemp and sugar. Mr. Morris, Minnesots, made an exhaustive legal argument in sup port of the right to hold and govern the islands. The other speakers were Messrs. Gibson, Tennessee; W. A. and H. C Smith, Michigan; Cochran, Mis

souri, and Neville, Nebraska. The general debate on the Diplomatic bill closed to day and the bill will be taken up to-morrow for amendment under the five-minute rule. The final conference report on the

Urgent Deficiency bill was agreed to. Mr. William Alden Smith, Missouri, the nember of the Foreign Affairs Committee who offered an amend ment in committee for a minister r sident of the South African republic and the Orange Free State, said he knew it would be useless to offer the amendment in the House, as a single objection would defeat it. He should there fore, urge a separate bill, not to em barrass the government, but because he believed a diplomatic officer of the government was needed in South Africa. He said that much as his sym pathies went out to the Boers he wish ed only for England's renown, glory and power, because he believed the glory of England would redound to the benefit of Anglo Saxon civilization everywhere.

After some remarks by Mr. H. C. Smith, Michigan, supporting the Boer side of the South African contention, the House at 5 P. M., adjourned.

FIGHTING IN THE PHILIPPINES.

American Troops Attacked by Pilipinos-The Killed and Wounded.

By Telegraph to the Morning Star. MANILA, February 6 .- The insur gents attacked the First battalion of the Forty fifth infantry near Niac. A major and a captain were wounded and one sergeant killed, but details of Ships arriving from Legaspi report

the engagement are lacking. that the insurgent General Pana concentrated a large force about the top of the town and made a sharp night attack on Major Shipton's battalion of the Forty seventh infantry, which oc cupied a large convent as a fort. One reinforcements for Shipton. The casualties are not known.

A corporal and four men, while pa-trolling the railroad near Mabacalat, recently disappeared and are supposed to have been captured. A searching party looking for them was ambushed and a corporal killed.

Greer Brothers, of Dakota, Ga., have purchased at Dover, Fla., a site for a big saw mill and 20,000 acres of timber land, the cash consideration being \$200,000. The firm will cut lumber largely for export to Cuba and Central and South American countries.

SOUTH CAROLINA DISPENSARY

The Management to Be Radically Changed. The State Board of Control to Be Abolished.

By Telegraph to the Morning Star. COLUMBIA, S. C., February 6.—The State Board of Liquor Control is to be abolished and the management of the dispensary to be radically changed. The Senate bill to provide a new system of government was passed in the House to day, and the passed in the House to day, and the Governor will approve the act. The action of the General Assembly is the result of dissatisfaction all over the State, caused by lack of harmony in the present board. There were no charges of open dishonesty in the speeches to day, but it was plainly asserted that the factional fight among the members of the board had hurt the State.

The bill provides that three directors of unquestioned character are to be selected for a term of two years instead of five years, as at present.
The commissioner, or superintendent, elected by the board heretofore, and the cause of all the dissension, is to be elected by the General Assembly and given the power to appoint employes, a right denied him now. He is to re ceive a salary of \$3,000 per annum.

There is strong opposition to the dispensary system on the part of prohibitonists, who polled twenty-six
votes on the direct issue, and of
the local option party, who want
the liquor traffic left in the
hands of each county. The House tonight by a vote of 68 to 39 killed Mr. Patterson's substitute proposing to do away with the State dispensary and let the liquors be shipped direct from distillers to county dispensaries. There are other features of the pre-

sent law which will be amended, but the main issue is settled until the Democratic primary this summer when dispensary, prohibition and local op-tion will each have a ticket for State officers. Some members opposed to the dispensary voted for the bill to day as better than the law now in force, knowing that prohibition or local option could not pass the Senate.
