The New Haven Palladium, Republican, mournfully remarks that "the great party has lost the respect and confidence of the people." It lost the respect and confidence of the people long ago, but the money of the fellows who got a grip on it pulled it through.

Mr. B. H. J. Abreus Purchases Residence

and Let from Mr. A. David. An important deal in Market street real estate yesterday became apparent from a deed filed for registration at the Court House.

By the provisions of the deed, Mr. B H. J. Ahrens became the owner of the handsome building and lot, 64x130 feet in size, on northwest corner of Seventh and Market streets, he having purchased the same for \$11,500 from Mr. A. David, the former owner.

The building is one of the prettiest and most eligibly located residences in the city and by its purchase Mr. Abrens acquires one of the most valuable residence properties in the city.

The Y M. C. A.

The board of directors of the Y. M. C. A. met last night for the transac tion of important business. The initiation fee which has been \$2.00, has been dropped and it is hoped that many young men will take advantage of this inducement and send in their names at once. The gymnasium committee reported

progress, and that the only drawback to the work on the swimming pool was the delay in getting the plans. Ten delegates are to be appointed to

the State convention which will be held at Greensboro. The library will be put in order and

the rule enforced to charge two cents for each day that a book is kept out of the library longer than the time limit which is two weeks.

Shipping Notes.

The American schooner Lois V. Chaples, 192 tons, Capt. Meders, arrived in port yesterday with fertilizer material from Salem, Mass., for the Acme Manufacturing Company. While on the way down she encountered heavy seas and had her bulwarks washed away and also lost her spanker. She was towed up yesterday afternoon by the tug Jones.

The British steamship Northflint, Capt. Owens, was cleared yesterday by Mr. Will L. Miller, of the Acme New York the same pay as the male | Tea Chest Company, with a cargo of teachers receive. Robert Hankins, the negro steamboat hand, who was arrested here for the larceny of a sum of money from a negro in Southport, is one of the number and he gets two years. The two others are Richard Gause and Dennis Rountree, both colored, for larceny also. They are sentenced to a term of three years each.

Georgetown Steamboat Line.

A regular line of steamers to ply between Wilmington and Georgetown is now being talked of by several prominent business men, who propose to organize a stock company for the operation of such a line. There is already a good trade between this city and Georgetown and intervening points and it is proposed to purchase two light draft steamers, for both freight and passengers. The project appears to be substantially backed, and the plans will in all probability ma

CANDIDATES NAMED.

Nominations at the Primaries Yesterday for County and Legislative Tickets.

F. H. STEDMAN FOR SHERIFF.

Morton for Senate; Emple and Rountree Legislature; Biddle, Register; Green, Treasurer; McRee, Surveyor; Sheekan, Constable.

Never before since the war, perhaps, have the Democrats of New Hanover placed in the field a county and legislative ticket so certain of success at the first Thursday in August as that nominated at the primaries held in the various wards and townships in the county yesterday. Hitherto and before the overthrow of negro domination in the State and county during the memorable campaign of 1898, hopes of Democratic victory at the polls in the election of county and legislative tickets were distant and indefinite and it was only with difficulty that men were induced to sacrifice their time and personal inclinations to become candidates on a ticket with slim chances of election. Yesterday found a decided reverse of these conditions and the contest was marked by large number of candidates of influence and character who sought the suffrages of their fellow citizens in the first campaign under white government since November one year ago. The canvass before the primaries yesterday was active, vigorous and the contest was warmly waged.

The day was devoid of untoward incidents of consequence and the election passed off quietly. The candidates and their friends were very active and a fairly large vote was polled. The contest that excited most interest was that between candidates nany feared that a second primary would be necessary to a choice.

From official and the most accurate information obtainable last night from the several precincts it appears that the result of the primary may be summed up as follows:

For Senate-Geo. L. Morton. For Representatives-George Rounee and Brooke G. Empie. For Sheriff-Frank H. Stedman.

For Register of Deeds-William H. For Treasurer-H. MeL. Green. For Coroner-No choice, and second

primary necessary between Dr. W. F.

Stokes and J. C. Walton. For Surveyor-Jos. H. McRee. For Constable of Wilmington Town-

ship-Wm. Sheehan. A second primary, as stated, it appears will be necessary to determine a choice for Coroner, unless some compromise is effected between the two candidates who received the largest

Capt. George L. Morton has 39 majority over Iredell Meares, Esq., for the State Senate, and Frank H. Sted man received a majority of 170 over all other candidates for Sheriff, and a plurality of 373 over the next highest candidate-Mr. Samuel Northrop. The candidate receiving the largest vote was H. McL. Green for Treasurer, he having polled 1,575, a majority over his competitor of 1014. W. H. Biddle for Register of Deeds, polled 1,324 votes, a majority over all other candidates of 557 and a plurality over the next highest candidate of 727. Wm. Sheehan for Constable of Wilmington township received a majority of 191,

and a plurality over Millis of 265. In Cape Fear township, M. G. Ch. wick was nominated without oppo tion for Constable, having received votes and, C. W. Walton was non nated for Constable in Harnett tow ship in a vote of 8 to 1. Char Elliott, who was not announced as candidate until noon yesterday, ceived 11 votes in the Second ward County Surveyor.

The vote in detail, as it was returned to the County Executive Committee last night, is embodied in the table printed in another column this morn-

That's the question that goes with every purchase here. It it's not satisfactory, bring it back to-day-to-morrow—next week—and

astisfactory, bring it back to-day-to-morrow—next week—and get your money. It is this absolute assurance of fair dealing that retairs our trade Our customers know that "money back" is not a cry set up to deceive the unwary into buying, followed by all sorts of undue excuses and quibblings to avoid returning money on displeasing purchases. One of our maxims reads: "For you to remain dissatisfied is to make us more dissatisfied." It isn't to-day's trade we're depending on—it's to-morrow's—next week's—next month's—next year's! We want you to be so well pleased with your treatment here and with what you buy here, that you'll come again and again. And we will remark right now that our efforts to please have been so uniformly successful that calls for 'money back' are rarely made. But it's here just the same, for any and all demands that may be made for purchases returned as undesirable.
