ATTACK N. C. ELECTION LAW.

Representatives Linney and White-Mr. Kluttz's Reply-Butler to Speak in Boston-Pearson-Crawford.

[Special Star Telegram.]

WASHINGTON, D. C., April 5 .-When the Howaiian bill was up to day Representative White introduced an amendment to strike out the section of the bill requiring voters to pay a poll tax and be able to read and write. He was supported by Representative Linney, who set up a long wail on the present North Carolina election laws and the proposed amendment.

Representative Kluttz got the floor for a few moments in reply to the "Bull of the Brushes," and made Lin may's argument look like mincemeat. Bat two Republicans supported the dark featured gentlemen's amendment, the result being practically a recognition of the proposed election law.

Senator Butler will speak before the Bryan Club of Boston on the anniversary of Jefferson's birthday.

Major Graham Daves, of Newbern, N. C., will to morrow appear before the House Committee on Library in the interests of Representative Small's b.ll to appropriate \$5,000 for the erection of a monument on the site of Fort Raleigh, to commemorate the first English settlement in America.

It was said to-day that the Pearson Crawford case would not be called up for some time, owing to the death of Mr. Pearson's son and the press of public bills, but the rumor could not be confirmed, as Representative Roberts, the chairman, is out of the city.

Boers Captured 389 Prisoners-Battle Fought by Free Staters-Important

British Papers Captured. By Cable to the Morning Star. BRANDFORT, ORANGE FREE STATE, April 2.—Burghers who are returning here from the scene of the Sannas Post ambuscade (also referred to as Karee and Korn Spruit) furnish interesting details of the occurrence. It appears that when the first retreating British wagon entered the drift the ambus caders shouted a "Hands up!" removed the driver, and let the cart go through. This process was repeated several times, until the wagons arrived in a bunch, when the ruse was discovered and a disorderly flight followed. In one cart were two officers. to whom Commandant DeWet shouted "Hands up!" One of them obeyed, whereupon the other shot his comrade dead, refused to surrender, and was immediately shot. The burghers lost three men kiled and ten men wounded, including a field cornet. Among the wounded was the Dutch

Toe significance of the battle must not be underrated. It was fought by a force of Free Staters, on the flat plains and without shelter. The Free Staters are now desirous of marching on Bloemfontein and the Transvaalers are anxious to emulate the late success of their allies. All the Southern Boer forces have

now formed junctures with the main Boer army and form a large force of

than the victory was the capture of British secret papers, including maps and plans of 1897, 1898 and 1899, outlining elaborate schemes for the ia vasion of the Orange Free State and the Transvaal, and giving a plan for reaching Johannesburg from Mafek ing along Dr. Jameson's route, but amended so as to avoid his mistakes. Advices from Winburg, Ventersburg, Prieska and Kenhardt, show the colony is full of rebels. The Ken hardt rebels are marching on Calvinia and others are on their way towards Fourteen Streams.

A dispatch box was found at Sannas Post containing the oaths signed by the Free Staters who surrendered. The signers have been sent for, in order that the general may explain the invalidity of oaths under compulsion. The burghers, who were previously

short of food, now have plenty. Commandant DeWet sent the British guns, wagons and prisoners to

The Morning Star. MATT QUAY'S CASE UP IN THE SENATE

Senator Gallinger Made Argument Against Ex-Senator's Right to a Seat.

A NUMBER OF BILLS PASSED.

Alaskan Code Bill Taken Up-The House Proceedings-Hawaiian Government Bill Debated - Many Amendments Proposed.

by feisgraph to the Morning Star: WASHINGTON, April 5 .- During to day's brief open session of the Senate Senator Gallinger, of New Hampshire, presented an argument against the seating of Hon. M. S. Quay as a Senator from Pennsylvania. He devoted himself almost entirely to the constitutional phases of the question. Most of the day was spent in executive session. Senator Jones, of Arkansas, pre sented the credentials of J C. S. Black burn as a Senator from Kentucky, for the term of six years, beginning March 4th, 1901.

A bill to increase the efficiency of the subsistence department of the United States army was passed. The following bills were passed:

To incorporate the National White Cross of America; to authorize the payment of travelling allowances to enlisted men of the regular and volunteer forces when discharged by order of the Secretary of War, and stated by him as entitled to travel pay.

Senator Platt, Connecticut, speaking as chairman of the Senate committee on Cuba, said that there was nobody so far as he knew who proposed to break faith with Cuba. "and I do not believe," he added, "there are many Cubans who believe the United States will not keep its promises. Of course there are agitators in Cuba, but among the Cubans generally there is the utmost confidence in the United States.' Senator Gallinger. New Hampshire,

then called up the Quay resolution. He maintained that the Governor of Pennsylvania ought to have called a special session of the Legislature to elect a Senator after it had adjourned without an election.

In conclusion, Senator Gallinger said he opposed the seating of Mr. Quay because such action would be a violation of both the letter and the spirit of the constitution; because he was or posed to giving the Governor absolute right to make appointments of Senators in any circumstances; because the Legislature, having adjourned withou election, had voluntarily relinquished a part of its representation in the Senate; and because it would intro duce into our institutions a Pandora's box, causing endless confusion in Legislatures of the States.

The Senate then went into executive session. At 4 40 the Senate resumed business in legislative session.

The unfinished business was temporarily laid aside and the Aiaskan civil code bill was laid before the Senate. Some formal amendments were about to be proceeded with when the Senate at 4.45 P. M. ad

When the hour fixed military attache Nix, who received a for taking a vote, 4 o'clock, arrived. built in the chest. Altogether, the less than half the bill had been covered and so many amendments remained that it was agreed to continue the consideration of the bill under the five minute rule until it was finished. Several important amendments were agreed to to day, among them the following: To nullify all labor contracts in the islands, to extend the alien contract labor laws to the islands, to prohibit the sale of intoxicating liquor in saloons, to limit the landholdings of corporations to 1,000 acres, and to sub stitute for the House provision relating to the app in ment of judges and other officers of the island the Senate pro vision. The House provision lodged the appointing power in the Governor; the Senate placed it in the President. An additional urgent deficiency bill, carrying \$405,000 for the fees of United States marshals, jurors, etc. was passed.

> The naval appropriation bill was presented by Senator Foss, Illinois, acting chairman of the committee, and Mr. Wheeler, Kentucky, presented a minority report against certain features of the bill.

> The House then resumed the consideration of the Hawaiian Territorial bill. Under the order the clerk began reading the bill for amendment under the five minute rule.

Mr. DeArmond, of Missouri, moved to strike from Section 5, extending the constitution and all laws of the United States locally applicable to the islands the words "the constitution and." The amendment was in line with Mr. DeArmond's speech of Tuesday, in

which he argued that the constitution

already extended over the islands and that if it did not Congress was poweress to project it there. Mr. Knox opposed the amendment, which, he said, raised the whole ques-

tion as to the extension of the constitution upon which the House was divided. The amendment was lost-

White, North Carolina, the colored member, offered an amendment, which was lost, to strike from the qualification of voters for representalives the provision requiring the pay ment of poll tax. Mr. Williams, Mississippi, offered

an amendment requiring the payment of the poll tax nine months prior to the election. He said it was the uni versal experience of States having a poll tax law that where it could be paid just before the election it became a means of corrupting voters.

The amendment provoked a heated

discussion, in which Grosvenor, Ohio; At 4 o'clock almost twenty five pages of the bill remained to be read. An effort was made to offer several amendments out of order. Several Democrats objected on the ground that the whole bill should be read. Mr. Richardson, Tennessee, then moved to finish the consideration of the bill, under the five minute rule. Mr. Pugh, Kentucky, moved to

strike out the provision requiring that voters should be able to speak, read and write the English or Hawaiian language. It was lost.
Mr. Underwood, Alabama, taunted the Republicans with their inconsistency in recognizing the necessity for white man rule in Hawaii in the pending bill while denouncing at every op portunity the election laws of some of the Southern States which were designed to prevent the participation in

elections of the ignorant and worth-At 5.20 P. M. the House adjourned.

One of the most serious wrecks in the history of the Fort Worth and Denver City Railroad occurred yesterday, 376 miles north of Fort Worth, Texas. As a result two men are known to be dead and several others injured. The entire train was burned.

Admiral Dewey Talks to the Reporters Visits Philadelphia to Attend a Concert.

This is Admiral Dewey's first visit to Philadelphia since his return

from the Philippines.

The box occupied by the admiral and his wife at the concert was decorated with the national colors. In various parts of the Academy were stationed details from the League Island navy yard, sailors from the receiving ship Richmond, and veteran jackies from the Naval Home, all in dress uniform, in honor of the head of the navy, and a number of young society women attired as Red Cross

On returning to the hotel, the admiral gave an interview to a dozen newspaper men. He said he was glad to receive the reporters, but added that he had nothing to say. At this mo ment Mrs. Dewey joined her husband in the reception room and after intro ducing her, he said: "Mrs. Dewey will talk." She replied with a smile, "the admiral has a mind of his own; he thinks for himself."

"Are you correctly reported to be Democrat?" the admiral was asked, and after a moment's hesitation he replied: "Yes, I think I can answer that. Yes, I am a Democrat.' If the Republicans nominate Mc

Kinley and the Democrats name Bry an for the Presidency, would you run independently?" "I won't answer that." "The Democratic Convention of Pennsylvania has just endorsed Bryan for the Presidency," was suggested by one reporter, to which the Admiral re

"Pennsylvania usually goes Republican, doesn't it?" Several questions in quick succession as to any conference between him and Grover Cleveland, William C. Whitney, or any other political men of prominence, were answered with the same phrase, "I came here to at tend the concert.

One reporter asked the admiral who would manage his campaign if he en tered one, and he laughingly replied: "I don't know. How would you like the job? I would probably need a bright young man. This evening Admiral and Mrs. Dewey, with Secretary and Mrs. Root and others, were the guests of Mr.

Delegates to the National Convention Instructed to Support Wm. J. Bryan for the Presidency.

By Telegraph to the Morning Star. HARRISBURG, PA., April 5.-The sixty four delegates from Pennsylvania to the National Democratic Convention in Kansas City were instructed by to-day's State Convention to support Wm. J. Bryan for President. They are bound by this rule and cannot change to any other Presidential aspirant unless it be so decided by a majority of the delegation. The platform strongly endor es Bryan's candidacy, denounces the war policy of the McKinley administration, and advoc tes numerous State reforms. The platform demands a law requiring the placing on the free list of every article of raw material and manufactured product now used and manufactured by any trust, monopoly or combine. It demands for the people of Porto Rico the right of freely importng and exporting to and from any part of the United States; denounces the sinister influences that have caused the President to depart from that which he termed was a 'plain duty;' deplores the subserviency of the present administration to English behests; denounces the Hay Pauncefote treaty; extends sympathy to the Boers, and favors Cuban independence favors united action of all repub-

A Great Surprise to the Officials of the Department of Justice. By Telegraph to the Morning Star.

WASHINGTON, April 5 -The action of Judge Brown, of the United States District Court at New York, in refusing a warrant for the removal of contractors B. D. Greene and J. F., E H. and W. T. Gaynor, indicted in Savannah, Ga., in connection with the frauds alleged to have been perpetrated by Captain Carter, was a great surprise to the officials of the Department of Jus tice. Attorney General Griggs spoke of the decision as unwarranted by the law or the facts, and said that under t violators of the laws of the United

States could escape punishment except by chance they were apprehended in the district where the offence was committed. Solicitor General Richards characterized the decision as outrageous, and said that it would defeat the ends of justice in a very large number of crimical cases. The criminal statutes, he said, could not be enforced if Judge Brown's decision were allowed to stand. It is learned that the government will take steps to nullify the

ROBERTS' DELAY UNACCOUNTABLE.

Considerable Dissatisfaction in England at the Situation in South Africa.

Reveal Immense Strength and Ingenious Construction-Unimportant Engagements Between the Outposts. Relief for Mafeking.

By Cable to the Morning Star. London, April 6, 5 A. M .- What ever the reasons may be, considerable dissatisfaction is beginning to be expressed here at the unaccountable delay, both at Bloemfontein and in Natal, which enables the Boers to recover from the demoralization caused by Lord Roberts' former movements. The enemy evidently now hope to retard the advance by threatening the railway behind Lord Roberts. So far

repairs are being made beyond Elands lasgie, and the idea, so often repeated, is that an advance is imminent. A dispatch to the Daily Telegraph from Ladysmith says that the Buer investing positions reveal immense strength, ingenious construction and immunity from the British shrapnel

as the Natal railways are concerned,

and Lyddite fire. A dispatch from Ladysmith to the Daily Chronicle gives serious news of the outbreak of a deadly lung sickness among the oxen, which, if it spreads. is likely to cripple General Buller's operations.

From Lorenzo Marques comes the report that Mr. Steyn has been ap pointed commandant of the Free State Although Colonel Plumer is report

ed to have gotten within six miles of Mafeking, it is evident that the siege had not been raised on April 1st. To ward the end of this month Colonel Plumer will be reinforced by the troops now going by way of Beira, so that relief cannot be far distant. British Reinforcements.

London, April 6.-The Bloemfon tein correspondent of the Daily Mail says: "Gen. Cements' division, 6,0 0 strong, has arrived from the south ward and has encamped five miles north of the city, after a continuous march for a fortnight. "There is no dauger of a water fam-

"An important engagement lasting everal hours was lought yesterday afternoon at Bosman Kop between the Boer and British outposts. "At a meeting of the Army Temper ince Association Monday, Lord Roberts made a speech urging the soldiers to join the Association. He eulogized their splendid work, adding that the entire army had been mem bers of the association while along the Modder river, as water was all they had to drink and sometimes there was

very little of that." Boers Have Not Lost Hope. PRETORIA, April 2.—In his speech President Steyn declared that in spite of the surrender of Bloemfontein he had not lost hope of the triumph of the republican cause. The war, he said, was forced upon the Transvaal and nothing remained for the Orange Free Stat but to throw in its lot with the sister Republic, in ac cordance with the terms of the treaty. The president further remarked that the attempt to create dissension among the burghers by the issuing of pro

clamations had failed. Plumer's Attack Repulsed. LONDON, April 5, 155 P. M.-A

p-cial dip tch from Lorenzo Marlues says sharp fighting occurred April 2d in the neighborhood of Mafeking. The garrison made a sor tie, while Col. Plumer's cavalry a'tacked the Boers at Ramathlabama. Both attacks were repulsed. Twenty of Col. Plumer's men were found dead on the field and six others were made prisoners. The Federal losses were small.

PRETORIA, April 3 -In the fight of Ramathlabama, March 31st, the fol owing were taken prisoners: Captains Crewe, Duncan Robertson and McLaren (Crewe and Durcan-Robertson have since died); staff of ficers Cecil and Granville, and nine soldiers, of whom six were wounded The prisoners all belonged to Col. Plumers Rhodesian force. Thaba N'Chu is now in possession of the Federals.

Situation at Bloemfontein. LONDON, April 5 - Detached bodies f Boer horse, numbering from five hundred to one thousand each, have appeared at several places to the southward and eastward of Bloemfontein, threatening the railroad, but commu nication by rail and wire is not in the least affected. One of these forces is near Springfontein, on the east Bloemfontein railroad and General Gatacre's orces are reported to be about to eugage it. Lord Roberts, except to safe guard the railroad, seemingly declines to send columns chasing the Boer bands. He is reserving his cavalry and transport animals for the forward movement. Explanations having indirect origin in the War Office as to why Lord Roberts is in active are, that there has been a lack of horses for re-mounts, but new horses are arriving by trainloads hourly. The pressure on the railroad is so great that private parcels and the offi-

cers' newspapers have not been forwarded from Cape Town for three Affairs in the Free State.

The situation in the Free State re mains far from clear and is unsatisfactory to British observers The sickness among the Boer prisoners at oners who were on board the transport Mongolian have been transferred to the shore camp. Unless the sick ness abates, it is not likely that more prisoners will be sent to St. Helena. By Cable to the Morning Star. VANC UVER, B. C., April 5 .- The war toward which Russia and Japan are believed by Oriental papers to be drifting was almost precipitated by an incident which Japanese officials have vainly endeavored to suppress, as re-ported by ship's advices to-day.
