Liverpool gets the bulk of American apples shipped to Europe. That is the distributing point. As many as 100,000 barrels have been received there in a week. But large ship ments are also made to other ports.

Gen. Botha, who succeeds Joubert as commander of the Boers, is 36 years old, and when not engaged in fighting follows the business of cattle and sheep raiser. He isn't particular about the cut of his garments or the style of the goods.

There has recently been a noted diminuation of the number of beggars and thieves in some of the European cities. They have changed their hase of operations to prey upon the unsophisticated sight-seeers at the Paris Exposition.

Gen. Otis reports that General Bates had just returned to Manila after placing troops at a number of places south of Luzon. If all these people are as friendly as they are said to be where is the need of planting so many soldiers among them ?

Alabama is coming to the front. While she is a great producer of pig iron she lays claim to the largest hog in America, ten feet two and a half Bradley J. Twenty-five Young Men Received Instruc-Lieutenant-Governor: tion During Their Spare Evenings. WILFRED D. TURNER, of Iredell. Rewards for General Proficiency and Regular Attendance. Secretary of State:

> The night school of the Young Men's Christian Association closed last night with very informal exercises, which, however, were made especially pleasant for a large majority of the pupils of the school who were present, having gathered and enjoyed with their principal, Mr. A. J. Howell, Jr., and members of the committee under whose auspices the insti tution is conducted, a very interesting and instructive social season, during the progress of which ice cream and cake were served in the school apart-

ments of the Y. M. C. A. building. Mr. Howell has only since Christmas taken charge of the school and the gentlemanly deportment and intelligence shown by the young men of his classes last night attest his fitness, adaptability and painstaking in and for the work which he has undertaken and which has been especially blessed under his care during the past four and a half months.

The committee from the Association, which has this work under its care, is composed of Mr. W. M. Cumming, (chairman), Mr. W. H. Sprunt and Mr. John Frank. These gathered last evening with Mr. Howell and his pupils and all made informal talks which were interesting and inspiring to the young men, who are thus seeking to fit themselves for life under circumstances which they are fortunate in being able to enjoy.

Several rewards for general pro- Mr. P. C. Worley, A. C. L. ficiency in studies and regular attendagent at Burgaw, was here yesterday. ance during the term were made by Mr. - Mr. C. W. The awards were as follows: - Mr. Almond Elliott is at home

Mr. James J. Southerland, handsome gold watch.

Mr. R. C. Sellers, set of books. Mr. J. H. Carney, set of books. Mr. Willie B. Muse, set of books. Mr. W. A. McGirt, set of books.

Mr. W. L. Walker, set of books. In making the award to Mr. Sellers, t was stated that not only had he been especially proficient in study but he had been present on every night of the term, whether for the recitation of his classes or not. Although provided as a member of the association, with tickets for the various entertainments at the Y. M. C. A., he sacrificed them all and attended the school.

The next regular term of school be gins October 1st, but Mr. Howell has on his own account signified his intention of taking a few classes for a Summer term beginning Tuesday night, at which time he hopes to meet all those who desire to take the course.

GENERAL CAR INSPECTOR.

Mr. John H. Davis Has Taken New Posi tion With the Central Railway of Georgia, at Savannah.

Mr. John H. Davis, formerly master car builder of the Atlantic Coast Line in this city, but more recently manager of the King Grocery Company, in which he purchased an interest soon after his retirement from the railroad service, has accepted the position of general inspector of cars of the Central Railway of Georgia, and will have headquarters in Savannah, for which city he will leave this even-

ing to enter upon his duties. It is learned that Mr. Davis' new position will be practically a control of the entire car building department of the Central Railway and is a posi tion both responsible and lucrative, His long term of years as master car builder here has eminently qualified him for the work upon which he is about to enter and his other business capabilities and qualities will easily make him popular with and trusted by his new employers. He will not move his family just yet to Savannah and it is learned that he will still retain his interest in the King Grocery Company, for a time at least. His numerous friends in Wilmington will note with regret his decision to leave the city, but will at the same time congratulate him upon the promotion which comes in the way of his new

James F. Qualls, Charged With Bigamy, Sent to Jail in Default of \$250 Justified Bond.

James F. Qualls, the young white man charged with bigamy, was yes terday arraigned before Justice Mc Gowan, but upon affidavit of William J. Bellamy, Esq., the defendant's counsel, the case was removed to Dr. W. W. Harriss, justice of the peace, and was heard in the county court room, a large crowd being in attend-

Godfrey, of Burlington, who married a sister of Qualls' first wife. was present and testified to the marriage of the defendant to wife No. 1 at Burlington on December 23rd, 1894, he having been present and witnessed the marriage certificate. W. G. Stinson, of Delgado village, but formerly of Burlington, testified to the same material facts. Godfrey said that Qualls' first wife is still living and that Qualls visited his former home last Christmas and was fully cognizant of the situation.

An especially strong defence was made by Mr. Bellamy for his client and at frequent intervals in the hearing points of law as to the admissibility of certain evidence were hotly argued. L. V. Grady, Esq., represented the

plaintiff. Mr. A. D. Edwards the father of the second wife, who was present and testified as to her union with Qualls in Halifax county, January 28th last. Mr. and Mrs. Edwards testified that the daughter married without their consent and consequently they did not witness the ceremony, but Qualls and his second wife had lived together until the time of defendant's arrest. After argument of the law and facts in the case by the attorneys, Jus tice Harriss reserved his decision until 5 o'clock yesterday afternoon, when he announced as his opinion that there is probable cause and Qualls was committed to jail in default of \$250 justified bond for his appearance at the New Hanover term of Criminal Court,
