August Pless cured himself of a powerful infestation for a young woman by jumping from Brooklyn bridge and staying under the water.

Some men know a good thing when they see it. Street car conductor Hall, of St. Louis, who celebrated his 50th birthday a few days ago, still conducts.

That was a right cute trick of Senator Clark, but the probabilities are that the Senatorial dignitaries who want to shut him out will stack the cards so that his trick will not count.

The American locomotive goes bowling right along and getting there. During the nine months ending March 31st \$4,000,000 worth of them were shipped to other countries.

Manila correspondents complain of the strict censorship on news exercised there now. They are going to let mighty little unpleasant news come from these patches of ground until after the next election.

A contemporary asks "should the farmer be contented?" Of course he should. Everybody should be contented, or get somewhere in that neighborhood. Content is better than riches or a freepass to a circus.

Everybody who has any gold coin hid away in old stockings, or any lying around loose, would confer a favor by dropping a line to Secretary Page, who is particularly anxious to know what has become of that \$100,000,000 in gold coin that can't be accounted for.

An army surgeon in South Africa has discovered four things—first, that the wounds inflicted by the rifles used are mostly of a curable kind; that artillery does not kill many men; that the X-ray is a great help to the surgeon, and that wars are nothing compared with what they used to be as life destroyers.

In referring to the talk of nominating Admiral Schley for Vice President, he writes that he has "neither the capacity nor the prominence" that would suggest him for anything more than he now is; and, therefore, he is not losing any sleep over the Vice Presidency. Admiral Dewey talked mighty like that, but since he has come ashore he has changed his mind.

GAME FRIDAY AFTERNOON.
Promised by W. L. I. and Naval Reserves Base Ball Teams—Practices.

The base ball contingent of Wilmington's population has been disappointed so frequently in the matter of games at Hilton Park that the announcement of another contest will probably be received by some with misgivings.

The management of the Naval Reserves and Wilmington Light Infantry teams, however, promise the public some fast ball in their first match contest for the season next Friday afternoon at 4 o'clock. All arrangements for the game were perfected yesterday and the managers and captains of the aggregations say they will play or, figuratively speaking, "beat."

Such well known players as Sweeney and Zellers and Pinner and Gwaltney will compose the batteries and with the advantages of practice that both sides have enjoyed, there is every assurance that a game of "profess" ball will be pulled off.

Wednesday afternoon candidates for the W. L. I. team will meet for practice at Hilton and on this occasion the "sailors" will be selected. A full attendance of aspirants for positions is desired.

Sunday Afternoon Trip.
The popular Sunday afternoon trip to Carolina Beach and return on the steamer *Wilmington*, will be run to-day by Capt. Harper as usual and the boat leaves her wharf at 2:30 o'clock in the afternoon and returns at 7:30 in the evening and not at 2 and 7 P. M., as erroneously stated in yesterday's paper.

In this connection patrons of Capt. Harper's popular line will be pleased to know that Mr. R. C. Banks will be aboard the *Wilmington* again this season as purser and will of course be delighted to have his friends make many and frequent visits to Carolina.

Speaking Wednesday Night.
The County Executive Committee is already at work toward giving Hon. Locke Craig, of Asheville, a rousing reception upon the occasion of his speech on the Constitutional Amendment here Wednesday night. The speaking will take place from a stand which will be erected at corner of Third and Dock streets and a very large crowd will hear him.

The announcements for the Sampson, Pender and Brunswick meetings have previously been made in these columns.

Old Landmark Removed.
The old fountain in the middle of Market street near Front was yesterday torn down to make way for the street paving and will be moved to Dock street near Front. The fountain was placed on Market street during the administration of the late Col. E. D. Hall and has offered a refreshing draught for thousands of wearied dray horses.

MILITARY EVENTS.

Wilmington Light Infantry and the Naval Reserves Celebrations To-morrow.

THE PROGRAMME ARRANGED
Cruise on the *Hornet* by the "Sailor Boys" and Magnificent Function at Carolina Beach by the W. L. I. Prizes for Target Shoot.

Probably in no other city of the State outside of Charlotte will the May 20th celebration be so generally observed as in Wilmington this year. By a happy coincidence, aside from the date marking the signing of the Mecklenburg Declaration of Independence, it is the anniversary of the establishment of Wilmington's two most popular military organizations, the W. L. I. and Naval Reserves—and right royally will they celebrate the day if weather conditions and other circumstances are propitious for the execution of the very elaborate functions which have been arranged for by the committees in charge. Many of the public buildings and private business houses—banks, insurance offices, court house offices, Produce Exchange and others—will close for the day and the attaches of each will be given the day for recreation and pleasure.

Frequent notice has been made of the very elaborate exercises contemplated by the Wilmington Light Infantry as mapped out by their special committee composed of Messrs. C. S. Grainger, N. E. Gillilan and E. Payson Willard.

The company under orders of Capt. C. H. White will assemble at the armory at 9 o'clock to-morrow morning and the members will march in a body to the steamer *Wilmington*'s wharf, where they will be taken to Carolina Beach, the scene of the day's festivities. The first boat for the beach leaves at 10 o'clock in the morning; then another at 3 o'clock and still another at 7 o'clock in the afternoon. Returning, the boat will leave at convenient hours for the several return trips. Sedgely Hall Club has been tendered the company for use during the day and there will be music, dancing and refreshments galore. A large number of ladies have signified their intention of gracing the event with their presence. The usual target shoot will be held at the beach and prizes will be awarded as follows:

Best shot at target, distance of 500 yards, silver shaving set.
Best shot at target, 200 yards, company medal and pair military brushes.

The prizes were on exhibition yesterday at Huggin's jewelry store and are very pretty. In anticipation of this feature of the exercises of the day, a number of the members of the company went out to the park yesterday afternoon for a practice shoot and some very good scores were recorded.

The Naval Reserves' Cruise.
Equally as elaborate but somewhat different in its nature will be the celebration of its anniversary by the Wilmington Division Naval Reserves. The principal feature of the day's exercises for the "sailor boys" will be a cruise on their boat, the *Hornet*. Shortly after 9 o'clock members of the Division will go aboard the boat for a trip out to sea as far as the lighthouse and there will be other incidental features that will go to make the celebration the equal of that planned by the W. L. I. First Lieutenant A. B. Skalding will be in command and the members have been extended the courtesy of inviting a few friends to enjoy the cruise with them. On the return trip to-morrow evening a stop will probably be made at Southport and a match game of ball with Caswell is being talked of. Then it is also probable that stops will be made at other points of interest along the route.

The cruiser was fired up yesterday afternoon for "trial trip," so to speak, to see that everything was in order and she made a splendid exhibit of fast time and grace up and down the river. The machinery worked nicely and steam will not be allowed to go down in the boilers until after the trip is over. Mr. T. M. Morse, of Southport, will be aboard as navigator. The celebration promises an abundant measure of success.

In addition to the celebrations arranged by the two companies, several fishing frolics aboard tug boats are on tap and a number of beach parties are being made up.

County Road Improvement.
The force of convicts at work on the Cline Haynes county road, under the direction of Capt. John Barry, have completed permanent improvement to the section between the railroad and the Mill Creek bridge. The work is said by competent judges to be first class in every particular, and the phosphate rock from the mines of the New Hanover Land and Improvement Company is being used as fast as it can be distributed by Mr. T. A. Watson, the contractor for the hauling. Thus far nineteen cart loads, of an average of thirty-two tons each, have been used and the material is said to be of very excellent quality for the use to which it is being put.

Capt. Willey's Guests.
The *Algonquin* arrived yesterday from her cruise south as far as Charleston. On the trip, Capt. Willey had with him as his guests, Dr. T. S. Burbank, Mr. M. W. Divine, Mr. H. M. Emerson, Rev. Father Dennen, and Mr. M. J. Corbett, all of whom returned to the city safely after a most delightful trip.

Locke Craig at Fayetteville.
The *Fayetteville Observer* has the following notice of the speech of Mr. Locke Craig at that place:

"Hon. Locke Craig made a speech of near two hours length last night at the Court House to a delighted audience of ladies and gentlemen. It was a masterly effort, and was generally regarded as a good one, and, as it is popularly vaudeville. The company is said to be a good one, and, as it is popularly vaudeville, the attendance will no doubt be large.

Messrs. Collier & Cowan also are in receipt of a telegram from Woerner & Tackfield, managers of the Highland Park, Jackson, Tenn., in which they ask for terms for a Summer engagement of about ten weeks. According to their request, Messrs. Collier & Cowan wired an offer and furnished them with particulars by letter.

AT THE OPERA HOUSE LAST NIGHT.
Entertainment by the Lyceum Stock Co. This Week's Announcements.

The thrilling Western drama, produced with signal success Friday night, was again presented by the Lyceum Theatre Stock Company last night. The attendance was small, as it should not have been, but the play was enthusiastically received. Mr. Somers and Miss Jewett portrayed their respective roles with their usual marked ability.

For to-morrow night, which is to be ladies' night again, the company will offer "The Belle of Chinatown," a drama of an interesting type and thrilling in nature, though not extravagantly so. The piece will be presented with special scenery and mechanical effects.

Wednesday night a revival of the old familiar and ever liked "East Lynn" will be presented and the attraction Friday night will be Alphonse Daudet's *Sapho*, given with an exceptionally strong cast. Wednesday evening will also be ladies' night. New Orleans Minstrels.
Touted Minstrelsy, rather a novelty for this section, was introduced last night at Hilton Park by the New Orleans Minstrels. A large audience assembled under the canvas and seemed to appreciate the good singing, jokes, etc. However, the performance dragged at times and the dialogue were a bit slow and devoid of wit.

LAST REGULAR MEETING BEFORE SUMMER SEASON.

Cape Fear Chapter Daughters of the Confederacy Elected Officers and Chose Delegates to State Convention.

The regular monthly meeting of Cape Fear Chapter, Daughters of the Confederacy—the last meeting until after the Summer season—was held yesterday afternoon at 5 o'clock in the assembly room of the W. L. I. armory.

In the absence of the president, Mrs. W. M. Parsley, who was too unwell to attend the meeting, Mrs. Gabriel Holmes, the vice president, presided, and as the session was the last of the fiscal year much of the time was taken up in the hearing of reports from the several officers.

Upon motion it was decided to contribute to Henderson, N. C. Chapter the amount of \$10 toward a fund which that organization is receiving for a portrait of the lamented Governor Zebulon B. Vance, "the war Governor of the State."

One application for membership was received, after which the annual election of officers took place, which resulted in the selection of those who served during the past year with the exception of Miss Kate Harlowe, the very efficient secretary, who declined re-election. Mrs. Jno. S. Watters was elected in her stead.

The matter of the election of delegates to the national meeting of Daughters of the Confederacy, which will be held in Montgomery, Ala., on the second Wednesday in November was deferred until a subsequent meeting. The following were, however, elected to the State convention, which assemblies at Raleigh on the second Wednesday in October.

Delegates—Mrs. W. M. Parsley, Mrs. Jno. S. Watters, Mrs. M. S. Willard, Mrs. W. L. Harlowe.

Alternates—Mrs. A. A. Watson, Mrs. J. Wallace Carmichael, Mrs. Gabriel Holmes and Miss Mary Meares. A very pleasant incident of the meeting was the announcement that Eugene S. Martin, Esq., who has always taken a lively interest in matters pertaining to the Confederacy, had presented to the museum of Cape Fear Chapter a very valuable triune picture of Stonewall Jackson, Robert E. Lee and Jefferson Davis. The portraits were painted in England and were brought over during the war. They came into possession of the lamented Capt. G. L. Dudley and afterwards into the hands of the late Alfred Martin, father of Mr. Eugene Martin who presented them yesterday afternoon and which, of course, were received with the greatest appreciation by the managers of the museum.

Sacred Concert Rehearsals.
As the date approaches for the sacred concert at Fifth Street M. E. Church, the rehearsals are made more frequent and nothing will be left undone in the way of practice. Mr. Charles E. McMillen, director of the music, requests that every participant in the concert be present for each rehearsal from now until the date for the concert. Rehearsals will be held on Tuesday and Thursday nights of each week beginning at 8:15 o'clock.

To Wrightsville Beach.
The weather to day promises to be sufficiently warm to cause the average citizen to long for a refreshing touch of sea breeze, and to the many who will naturally turn to Wrightsville as an ideal spot to spend the day, it will be of interest to know that the usual Summer schedule for Sunday will be in operation on the Seacoast railroad. It is likely that quite a large crowd will go down.

Trolley Poles for South America.
The brig *St. Mary*, Capt. Goldthwait, cleared yesterday afternoon for Santos, Brazil, with a cargo of 1,377 trolley poles and 424 pieces of timber and lumber which will be used in the construction of a new South American street railway by the San Paulo Light and Power Company. The cargo is valued at \$6,866.65 and the vessel will be towed to sea to-day.

Fishblate Clothing Company.
Mr. S. H. Fishblate, the genial proprietor of the Fishblate Clothing Company, was too busy in showing and taking orders for new Spring goods yesterday to change his advertisement as usual, but he invites a careful reading of the old one, and then, last but not least, a careful inspection of his stock by the Spring purchaser.

SUCCESS AT HOME.
Some Wilmington folks are no doubt in the same plight, as was Mr. W. G. Craig, No. 524 North Fourth street, this city, and will be glad to know that all cases of eye defects, however aggravated, are now being entirely relieved in this city by Dr. O. F. Dingelhoff, Optician, No. 123 Market street, which removes the necessity of going to one of the metropolitan cities for heavy expenses and sometimes great inconvenience, to have their eyes' defects properly corrected, which is now done here at home. Dr. Dingelhoff does not treat medically or surgically and has no displeased patients. Mr. Craig says:

DEAR DOCTOR:
Before coming to you I was unable to read any, but the very largest print and that only by day light and under the most favorable circumstances. Since you furnished me with glasses I can read the finest print indefinitely by either day or artificial light. My eyes had been troubling me for a long time but I dreaded the trip to Baltimore or New York with the necessary expenses and absence from my business. It is with the deepest gratitude that I add my name to your already long list of pleased patients.
