Beach-An Excursion to Lake Wardamaw. The STAR yesterday referred at length to the numerous events that have been planned in the city and at the beaches in celebration of the "Glo-rious Fourth" and it now remains to

e seen whether weather condition will be favorable to a realization of these plans, which promise this year to be not one whit behind celebrations of the Fourth in former years.

Much interest centers in the 47th annual regatta by the Carolina Yacht

Club over the Banks channel at Wrightsville, entries for which to the number of eight or ten were given in yesterday's STAR. The prize list was also published and after the races the sentation will be made at the club louse by Mr. Horge Kidder, formerly Commodore of the club. Then there will be music and dancing at hotels, in pavilion, and both clubs will keep "open house" to their fellow clubmen from both bei clies. The crews of the several surf blats have arranged an interesting contast for the morning and the Carol na Canoe Club will give an exhibition of rowing. The fire-works display will be magnificent and the dynamits explosion of the old shipwreck of Schloss' bath houses will take place at 5 o'clock. Ten trains each w y will be operated by the Wilming or Seacoast Railroad. At Carolina Beach the festivities will also be u to the usual standard and Capt. Ha per has arranged a very convenient a hadale on the steamer an advertisement in another column. The Knights of the Golden Eagle will take occasion to spend their outing this year at Carelina. The fare for the

round trip is only 25 cents. To those who have tired of the beaches with their gala attire on the "Fourth," the excursion to Lake Waccamaw yis he A.C. L. this morning at 8 o'clock vill be found pleasurable. The fare is 73 cents for the round trip, and opportusity will be given to stop over at "W manish," a delightful re treat open d this season by Mr. J. P. Council, I two miles from the old pavilion at Lake Waccamaw on the eastern shore of the lake. A large pavilion has been built with apartments for ladies and children. An artesian well is on the spot and the strictest order will prevail. Those desiring to visit the new resort may leave the train at Powell's Crossing, one mile distant and there will be a free

belivery for baskers, etc.

The Alexander Jones left last night with a festive party of, "piscatorialists" numbering 42 persons, in charge of "Daddy" Ward, for the "Snapper Banks," about 50 miles out to sea They expect to return to night.
