The looting in Pekin by the allied troops is shameful. To the credit of the American and Japanese troops, be it said, they did very little. It is said that there are in Cuba heads of households who have registered at the Spanish consullates as desiring to remain Spanish subjects, rather than become citizens of Cuba. WILL HANG TO-DAY

Gov. Russell Refuses to Further Interfere in Archie Kinsauls' Case.

Strenuous Efforts in Behalf of the Con demned Murderer Have Been in Vain. The Hanging Will Be Private and Inside Sampson's Jail.

Archie Kinsauls, the condemned murderer from Sampson county, will hang at Clinton between the hours of 12 noon and 2 o'clock this afternoon. Despite strenuous efforts by his friends and attorneys for a commutation of the sentence to life imprisonment by the Governor he will on the gallows to-day pay the penalty for what is characterized as one of the most brutal murders ever committed in the history of Sampson county, however much it may have been mitigated by political prejudice and strife as is represented by the condemned man's friends.

Yesterday the STAR telegraphed to its special correspondent at Raleigh to ascertain if the Governor would interfere and thus give the condemned man, the only chance for his life. The reply received last night says: "Governor Russell refuses to further interfere in the case of Archie Kinsauls

appointed." yesterday that the gallows had been fixed inside the jail at Clinton and that the execution will be strictly pri vate. Kinsauls, it is said, is bearing up remarkably well under the strain and will meet death without a shudder.

The case is one in which Wilmington people take a very good deal of interest from the fact that Kinsauls has remained for safe keeping in the New Hanover county jail, until last Monday, since October 20th, 1899, nearly one year, and for the reason that his wife, faithful to her husband to the last, has sought aid on the streets here to procure services of at torneys in contesting every point for his liberty or for a commutation of his sentence even to life imprisonment He was brought to the jail here from fear by the authorities that he would be liberated from the jail in Clinton, as he had been once in October, 1898, by his friends, prior to his capture the

second time. Kinsauls is a white man, aged 33 years and weighs about 120 pounds. He is a man of more than the average intelligence and has not the slightest

marks of a criminal upon his face. The crime for which he will hang this afternoon is the killing of J. C. Herring, a white man and a Populist weighing about 195 pounds. It is urged by Kinsauls that politics was at the bottom of the difficulty but Solicitor Duffy, who prosecuted the case, says this is a mistake. The murder occurred during the heated political campaign of 1898 and Herring was killed by the cutting of a knife in a horrible manner after a big speaking at Beaman's Cross Roads, October 27th of that year. Kinsauls made no effort to escape after the murder and a few days later was arrested at his home near Beaman's Cross Roads and committed to jail at Clinton. On the night of December 20th, following, after remaining in jail two months, a party of his friends went to the jail and by force of arms liberated the prisoner. The jailor was subsequently tried, but not convicted of complicity in the release. After his liberation Kinsauls, it is said, armed himself, defied the law, and remained in the county for nine months. On Sunday, September 17th, 1899, he was captured by a posse, but not until he had received a wound from 28 buck shot in his body. He was convicted of the murder charged against him on Wednesday, October 18th, after a trial lasting nearly a week before Judge Henry R. Bryan. He was defended at the trial by Col. John D. Kerr, ex Congressman John E. Fowler and F. R. Cooper, Esq., members of the Clinton bar. The prosecution was by Solicitor Rodolph Duffy, Geo. E. Butler and H. E. Faison, Esqrs. He was sentenced to be hanged on November 29th of last year. An appeal was taken, but the Supreme Court refused to alter the judgment of the lower court and another date was set for the execution, but on account of the campaign then pending, he was

will be hanged. His conduct in the jail here was exemplary and it has been believed all along that the Governor would grant him the commutation so eagerly sought for. Some express a fear that there will be trouble over the execution at Clinton to-day, but this is hardly prob-

given a respite until to-day, when he

Populist Indignation Meetings.

The STAR learns that the Populists are arranging for another "monster indignation meeting" at Dunn, N. C., September 22nd. And then after this one, the plan is to have another one, the "biggest of them all," at Raleigh. Of course Senator Butler and a few of the "other faithful" will be the

BEAUTIFUL CHURCH WEDDING PRESS ASSOCIATION'S PAPER MILL.

Miss Mary Anne Gillican Happily United in Marriage to Mr. James K. Davis Yesterday Afternoon.

Fifth Street Methodist Church was the scene of a beautiful wedding at THE EXECUTION AT CLINTON. 2:30 o'clock yesterday afternoon when Miss Mary Anne Gillican, daughter of Mrs. Annie B. Gillican, became the bride of Mr. James King Davis, of Jackson, Tenn. The ceremony was conducted by Rev. J. H. Hall, the pastor. The chancel was very attractively|decorated with palms and crotens and the railing neatly dressed in bamboo and smilax. The handsome dec orations were made under the competent direction of Mr. C. F. W. Rehder.

Mrs. Mattie Chasten presided at the organ and the party entered the church to the strains of Lohengrin's wedding march. The ushers, who were Messrs. James S. Williams, James Northam, N. E. Gillican, and J. S. Foster of Charleston, entered first, two in the right aisle and two in the left.

Miss Lavinia Gillican, sister of the oride and maid of honor, followed down the left aisle. She was beautifully attired in a white organdie gown and wore a becoming hat made of the same material and carried a bouquet of brides' roses. The bride, who wore a handsome tailor-made travelling suit of brown, with hat to match, and also carried a bouquet of brides' roses, and the execution will take place as passed down the opposite aisle leaning on the arm of her brother, Mr. E O. From private sources it was learned Gillican, of Augusta, who gave her

The groom and his brother, Mr. Alfred Davis, of Charleston, who was best man, entered from the south side of the church and met the bride in front of the chancel, where the solemn rites of matrimony were impressively performed. They retired from the church to the notes of Menlelssohn's wedding march.

Mr. and Mrs. Davis left at 3:45

o'clock on the W. C. and A. train for

Charleston where they will be the guests of Mr. Davis' sister for a week. They will be tendered a formal reception in the "City by the Sea" to night. From Charleston they will go to their future home at Jackson, Tenn. The bride is a very popular young lady of a very wide acquaintance and

numbers her friends by the score. Mr. Davis, who was originally from Charleston, is a successful young business man of Jackson, Tenn. They carry with them the best wishes of a host of friends.

TREASURER GREEN'S REPORT

Por the Month of August Approved by County Commissioners Yesterday.

The report of County Treasurer H. McL. Green for the month of August, was approved by the Finance Committee of the Board of County Commissioners yesterday afternoon. It shows the following: Balance July account, general fund, \$7,405 82. Collected-Schedule B tax \$1,099,96; back taxes \$142.30; marriage licer ses \$15.20; total \$8,668.28.

Disbursements - Public buildings \$93.59; roads and bridges \$326.16; City Hospital \$250; county home \$190.60; out door poor \$408.69; jail \$734.60; insurance \$50; election \$238.15; tax listing \$297; Criminal Court 623.83; stationery and advertising \$49.95; Magistrates \$66.60; Commissioners \$80.10; Register of Deeds \$67.40; Attorney \$25; Superintendent of Health \$100; Coroner \$43.38; Constable \$26.65; Clerk \$50; Janitor \$45; Treasurer's commissions on receipts \$15.71; disbursements \$47.08; total \$3,829.49. Balance on hand \$4,833.79.

The Local Markets.

After several days of "nothing dong" in spirits of turpentine on the local market, there were sales at 3 o'clock yesterday afternoon at 33 cents for machine made casks, the tone of the market being steady. There were, however, no transactions in country or irregular casks.

There were sales of rosin yesterday at \$1.15@\$1.20 per barrel. The tone of the market is steady.

Cotton, in sympathy with the New York market, advanced again yesterlay, the closing spot quotations on the Wilmington market being 92 cents or middling. The receipts thus far appear to be running ahead of corresponding days last year when 53 cents was offered for middling. This condition is probably accounted for by the rush to market for the remunerative prices or for the reason that the crop is opening and being gathered much faster in Wilmington's territory than

Attention, Democrats

Democrats should not forget the call of State Chairman Simmons, Wm. J. Bryan, Adlai E. Stevenson, Jas. K. Jones, Wm. R. Hearst, Josephus Daniels, Julian S. Carr, B. C. Beckwith and E. Chambers Smith for a thorough organization in all the States. For North Carolina the plan is for all the White Supremacy clubs of 1896 to be re-organized as Bryan and Stevenson clubs. The dates fixed are September 14th (at night) for clubs in the towns and cities and September 15th (day or night) for clubs in the county precincts.

Hanover Seaside Club.

Hanover Seaside Club will close its season on Carolina Beach with a social and dance to-night. The house committee will spare no efforts to make it success. Members can invite their friends. The steamer Wilmington will leave for the beach at 9.15 o'clock A. M. and 5.15 o'clock P. M. There will be a late train leaving the beach.

Mr. Z. W. Whitehead, Chairman of Committee, Hopeful of Establishment.

Mr. Z. W. Whitehead, editor of the Southern Milling and Lumber Journal, who was appointed chairman of a committee at the recent meeting of the State Press Association at Asheville to inquire into the practicability of the establishment of a paper mill to be run under the auspices of the State Press Association and combat the evils arising from the paper trust, talks very hopefully of prospects for seeing the project materialized and that very soon. He is in correspondence with several experienced paper manufacturers with reference to the proposed establishment of a paper mill and thinks that two of the number will take half of the \$75,000 stock necessary to build and equip a modern factory of the kind needed.

General Julian S. Carr has signified his intention of taking \$10,000 stock in the enterprise and Mr. Whitehead is of the opinion that the remaining \$27,500 can be easily raised by the newspaper men of the State, provided the matter is pushed at once.

Besides Mr. Whitehead, other mem bers of the committee are Messrs. W. C. Dowd, of the Charlotte News, and J. B. Whitaker, of the Winston Sen

YACHTS SAIL TO-MORROW.

'Lord Cup" Will Be Contested in a New Series of Races-Bright Prospects.

Up to late yesterday afternoon it had not been ascertained exactly what yachts will enter the regatta of the Carolina Vacht Club Saturday afternoon, but a member of the regatta committee said he thought the prospects for a large number of entries and a good race are very bright.

The race will be especially significant and will create considerable interest from the fact that it will be the peginning of another series of three races in which the "Lord Cup" will be contested for. The stipulation is that the boat winning two out of three races shall be entitled to the cup, and as no boat won two races in the last series, closing with the regatta sailed on the Fourth of July, the cup will be contested for in another series. The Champion Flag will be awarded as

The race will begin at 4.30 o'clock to morrow afternoon from the club wharf. With a high tide and the prevailing northeast winds which have been blowing for the past few days, there is every indication of an unusually interesting regatta.

Harry Watson as "Weary Willie" took his part well and deserves special mention. His feats on the bicycle were above the average. John Price as "Tim McFadden" and Jacob Bumgartner the rival candidates were fair. Some of the specialties were good, while others were poor and should be adversely criticised. Informal Meeting of a Number of Mem bers Talked Over Matter and Referred It to Committee on Harbor, Shipping, Commerce.

The regular monthly meeting of the Wilmington Chamber of Commerce was not held yesterday afternoon as appointed on account of the lack of a quorum. It is probable that a called meeting will be held some time during the present month to consider the regular routine of business and hear the reports of outstanding commit

The only matter brought to the attention of those present yesterday afternoon was the removal of two buoys marking the slue across Frying Pan shoals, which has been ordered by the Light House Board and which marine men say will work to the detriment of small coasting vessels trading at Wilmington's port. The order for removal was published in the STAR several days ago, and is signed, by order of the Board, by John A. Rodgers, commander, U. S. Inspector, Sixth District. The time specified for the removal by Government authorities is on or about September 20th. The matter was referred to the Harbor, Shipping and Commerce Committee, which consists of Messrs. H. G. Smallbones, Jas. H. Chadbourn, Jr., and Capt E. W. VanCourt Lucas.

In speaking to a STAR reporter yes terday of the contemplated removal, Capt. Edgar D. Williams, harbor master at this port, said that instead of destroying these two buoys, large ones should be placed there and they would be a great convenience and result in a considerable saving to the smaller class of vessels drawing from 8 to 9 feet of water and passing either up or down the coast. The present buoys have been there for a number of years and no conceivable cause for their removal can be assigned unless it is to relieve the buoy tender of the time required in keeping them in place, etc. On the slue there is 12 feet depth on low water and instead of going around Frying Pan Lightship, the smaller craft may now go through the slue and save a distance of from 16 to 20 miles.

Capt. Williams said it is his purpose o circulate among Wilmington's business men and mariners to day, a petition to the Light House Board asking that the removal be not made.

Last Frolic To-night.

The close of the season of the Atlantic Yacht Club, on Wrightsville Beach, will be marked by a big club frolic to night. An evening of rare social pleasure is assured all who participate. The club has enjoyed a very successful season this year, and the dance to night will be in keeping with other occasions which have reflected so much credit on the hospitality of that popular organization. Carolina Club members are extended a cordial invitation. There will be music by Prof. Miller's orchestra. The Seacoast railroad will operate a late train | NOTICE to the city.
