THE MORNING

WILMINGTON, N. C., SATURDAY, SEPTEMBER 15, 1900.

CITY IS ORGANIZED.

Bryan and Stevenson Clubs Formed in Every Ward in Wilmington.

MEETINGS WELL ATTENDED.

the Utmost Enthusiasm Prevailed and Attendance Was Surprisingly Large. Officers Elected by Each Club. Vigorous Campaign Is On. .

Pursuant to the plan of organization for the national campaign outlined by the State and National leaders, all the White Supremacy Clubs of the city, day for Roanoke, Va., to enter the except that of the Second Ward, which resolved itself into a Bryan and Stevenson Club Thursday night, met last evening and prepared to inaugurate a vigorous campaign in the various precincts of Wilmington for the success of the Democratic ticket. The attendance at all the meetings was surprisingly large from the fact that the average voter has not yet interested him self in the questions of the hour to the extent he will, when the campaign is more advanced.

> FIRST WARD. The First Ward White Supremacy Club met last night at Lamb's Hall, corner of Eighth and Campbell streets. Capt. Jno. Barry was made temporary chairman and Mr. L. O. Smith, secretary. A permanent organization was effected by electing the following of-

President-J. N. Bennett. Vice President-Wm. Sheehan, Sr.

Secretary-J. D. Kellev. It was decided to meet again two weeks from last night at a place to be designated by a special committee appointed to look after this matter. The constitution and by-laws in effect during the State campaign were retained, but the name of the club took the regular form: the "Bryan and Stevenson Club of the First Ward. FOURTH WARD. The Fourth Ward Club met in the rooms of the Merchants'Association in the Seaboard Air Line building. The name of this organization was changed to conform to the regular rule laid down by the National Association and same were adopted. Officers were elected as follows:

Vice-President-H. L. Vollers. Secretary-J. D. Bellamy, Jr., 3d.

The meeting of the Fifth Ward Democrats was held in the Hook and Ladder House near the southwest corner of Fifth and Castle streets. Mr. J. W. Branch was called to the chair and Justice G. W. Bornemann was made secretary. Letters were read from Mr. Wm. R. Hearst, president of the National Association of Democratic Clubs, and his instructions as to organization were fully carried out with the exception of a permanent election of officers which was deferred until the next regular meeting, which will be held on Monday night. The club adopted the constitution and bylaws as prescribed by the national organization. Meetings will be held in the future every Monday night. During the progress of the meeting Justice Bornemann was called upon and spoke of the evils of imperialism and large standing armies as had been seen by him personally in the old with applause.

COUNTY CLUBS TO ORGANIZE. To-night is the time designated by the State and National committees for organization of clubs in the country. It is probable that people outside of the towns and cities will be fully as much impressed with the importance of organization as were the people who formed their clubs last night.

Buried in Oakdale. The funeral service of the late Miss E. Kate Burr was held at 9.30 o'clock yesterday morning from St. James' Episcopal Church. The ceremony was conducted by Bishop A. A. Watson. Honorary pall bearers were Capt. J. Alvis Walker and Dr. E. S. Pigford. Messrs. N. W. Schenck, F. H. Fechtig, Washington Catlett, W. A. Wright, W. G. Pulliam and P. Heinsberger were the active pall bearers. The interment was at Oakdale Cemetery.

THE COTTON MARKET

FOR TEN YEARS PAST.

Prices Now Ruling Higher Than Since 1890-Has Been Checkered Career for the Farmer.

Those who have been confidently predicting twelve cent cotton thave had it all their way untill yesterday, when the first reverse came in a decline of a quarter of a cent in the New York spot market, the closing having been quiet at 104 cents for middling, against 11 cents on the day before. The official quotations at the local Produce Exchange, however, showed no change in sympathy with the New York decline, but remained firm at 10% cents for middling, the same as quoted by New York. There were, however, no sales here at the figure named by the Produce Exchange. The price now ruling in cotton on

the Wilmington market is the highest recorded since August 23rd, 1890. Later in September of the same year the market went below ten cents and had never regained that figure until this week. The ruling prices during the following year, 1891, were between 74 and 84 cents. In January, 1892, the price went below 7 cents, but in November of the same year the ten cent mark was very nearly reached again, the ruling prices until February, '93, having been between 9 and 94 cents. From then the market took a downward tendency having reached 5% cents in October, '94, and 47 cents in January, '95. In April, '95, 6 cents was reached and in September of the same year 8 cents was paid for the staple in Wilmington. On October 17. as high as 9 cents was reached, but then it took a drop and remained at 7 cents until December, '96, when it went to about 61 cents. In March, '97. 7 cents was reached again, continuing until September, when the market went to 51 cents and remained around that figure until July, '98, going gradually lower until October of that year 5% cents was offered, until the begin-

look upwards, reaching a climax at 104 cents last Thursday. The receipts at Wilmington since September 1st, this year, are much in excess of those of a corresponding period last year, the figures being: 22,474 bales and 15,337 bales. The receipts for the past week were 14,821 bales against 11,096 bales on the same week last year.

NORTH CAROLINA COAST SURVEY.

Two Parties of Engineers Left Yesterday

to Begin an Important Work. Two parties of surveyors and civil engineers, one under Capt. Charles Humphreys, of the U. S. Engineers' office in Wilmington, and the other which will be under the direction of Mr. S. F. Burbank, Assistant U. S. Enneer, of Washington, N. C., left yesterday for Newbern to join the gov ernment inspection boat, Mary Lilly, which with the General Thom, will take them to day to Roanske Island, from which point they will begin the survey of the North Carolina inland waters from Pasquotank river to Beaufort, which survey was recently authorized by the Emergency and Harbor bill adopted by the last Congress for the purpose of determining if it is practicable to deepen the channel to fifteen feet along the North Carolina sounds so as to allow the larger fleet of sailing vessels an opportunity of escaping the dreaded Hatteras, which has always been a bane

to shipping along this coast. The party in charge of Capt. Humphreys will work from a point in Albemarle sound where the water is 16 feet deep to a similar depth in Pamlico sound. The other party in charge of Mr. Burbank, will make the survey

from Ocracoke to Beaufort. On the trip around to Newbern from Wilmington the Mary Lilly made the distance of 200 miles in 181 hours, actual running time. She is in charge of Capt. Dave Roberts.

Southside Revival Mee fing.

The series of revival services being conducted at Southside Baptist church by the Rev. L. R. Pruett, assisted by the pastor, Rev. R. H. Herring, continue in interest and the meetings are being well attended. During this week two services a day, at 4 and 8 o'clock P. M., have been held, but today there will be only one service and that will be held at 5:30 o'clock this afternoon when Mr. Pruett will speak on "Lights and Shadows in the Home." Parents especially are urged to hear this sermon. Mr. Pruett will preach at both services at the usual hours at Southside church on to-morrow. In the afternoon he will speak at the 5:30 o'clock men's meeting at the Y. M. C. A.

There were several requests for prayer at the meeting last night and the interest manifested by the people warrant the announcement that the series of meetings will last at least for two or three days during the coming week.

Yacht Race Declared Off.

Owing to the lack of breeze yesterday morning, no winner was declared in the Carolina Yacht Club's regatta, which was sailed over the club course, and the race had to be postponed for the second time. There were only two entries, the Question, Capt. Aubrey Parsley, and the Little Alice, Capt. S. Percy Cowan. The former yacht easily outsailed the latter, but lacked seven minutes of finishing within the required time, two hours, so the race was declared off, and neither the "Lord Cup" nor the "champion flag" was presented.

FOR KILLING OF A BOY.

Action Against Inter-State Telephone and Telegraph Co. Asking for Alleged

Damages -- Amount \$10,000.

Jno. H. Gore, Jr., Esq., attorney for r, G. Williams, administrator, this week filed notice of a suit which he will bring for his client in the Superior Court of New Hanover county to recover alleged damages from the Inter-State Telephone and Telegraph Company, for the killing of young T. G, Williams, Jr., a little son of Mr. Wil-

Several months ago Mr. Williams and family moved to the country in East Wilmington in a dwelling which had been unoccupied for some time. A telephone wire which had previously connected with a 'phone in the residence was, it will be claimed, tied negligently about an iron post in the yard. It was while arranging to begin housekeeping in the country that the boy was sent into the yard for some article and while near the post was struck almost instantly dead by a bolt of lightning, which, it is alleged, was transmitted to the place by the wire attached to the post.

The STAR learns that the amount of damages asked will be \$10,000. The complaint, however, has not yet been

NORTH CAROLINA HAY.

Mr. Keith Has Some Bales of Fine Porag

F. Keith from his farm at Keith, N. C., and emphasizes the fact that North Carolina farmers might well and profitably turn their attention to farming of this kind. The hay is the ordinary crab grass which will grow anywhere without fertilizer. Mr. Keith had this year about thirty acres in grass and will gather from the farm, even after the drought, about two tons to the acre. This year he raised a considerable amount for the market and will grow it more extensively next year. He has improved machinery for mowing and baling the hay and puts up a bale equal to, if not superior to the forage that is shipped

J. L. YORK BOUND OVER.

Preliminary Examination at Fayetteville of a Promoter Well Known Here.

[Fayetteville Observer, 15th] The trial of J. L. York, charged with fraudulent use of the mails, which yesterday morning promised to be such a lengthy one, came to an end quite unexpectedly about six o'clock, and resulted in his being bound over

to the Federal court. The prosecution only introduced two witnesses, the postoffice Inspector and Mr. C. C. Fishburne, assistant secretary of the Sumter, S. C., Cotton Oil Company, the former for the purpose of showing that York sent and re ceived letters, and the latter to testify to the fact that his company had shipped York oil upon certain representations. Mr. Fishburne put in evidence Mr. York's letter ordering the goods, under the name of the National Manufacturing Company of Fayetteville. The defense offered no evidence, and, after some consideration, Commissioner Morrisey bound York over to the Federal court, increasing his bond from \$1,000 to \$1,500. This the accused failed to give and he was placed in jail.

Wilmington People Continue to Contribute Liberally to Galveston Sufferers.

LODGES TAKE ACTIVE PART.

Odd Pellows Made Donations Through Secretary of Grand Lodge of Texas. Conditions Seen by Correspondent of New York Herald.

The fund being raised in Wilming

ton for the Galveston storm sufferers was swelled yesterday by many additional private and public subscriptions and it is safe to predict that within a week after the news of the distressing storm was received here. Wilmington will have contributed upwards of \$5,000, toward the allevation of the great suffering in the hurricane swept district. The amount received through President Jacobi yesterday was about \$200 and many individual subscriptions went direct. The Odd Fellow lodges of this city have also come to the rescue of their stricken people in the South, Hanover and Cape Fear lodges have each contributed \$25 and Wilmington Lodge has given \$10, all of which will be sent through Grand Secretary G. S. Fahn, of the Grand Lodge of Odd Fellows of Texas. Eyota Tribe No. 5, Improved Order of Red Men, at a meeting last night donated through President Jacobi, of the Chamber of Commerce, \$10 to be placed in the general fund. Other Company, on Market street, will in a lodges in the city will probably do likewise and in this way a large

The concert next Tuesday night at the Y. M. C. A. also promises well if The sewing circle at the residence of Mrs. Roger Moore also promises well for the benefit of the storm sufferers The transportation and telegraph

companies are also doing much towards assisting the people in their sympathetic work. Several offers have already been published. Yesterday the Seaboard Air Line offered to transport free of charge all donations for the Galveston sufferers. Manager Jno. E. Wood, of the Postal Telegraph Company, yesterday received a telegram from Superintendent J. W. Kates, of Richmond, stating that S. H. Brashrar, Mayor of Houston, has been appointed at the head of the relief committee by Governor Sayers and recommending the free use of the Postal wires in making donations

through him. An idea of the terrible conditions existing at Galveston may be gathered

from the following: Negroes Assault White Women. The New York Herald's special cor espondent at Galveston, in a dispatch o that paper says, among other things: "Every part of the city was patrolled ov six o'clock in the evening. Among many other incidents of last night was the besieging of the squad guarding St. Mary's Hospital. They were sur rounded by a horde of armed negro thieves. Several hundred shots were exchanged. Sergeant Camp killed four

negroes with his rifle, and about ten or twelve were killed by the squad. "The soldiers have since been picketing the city, doing fourteen hours' duty without rest. Every hour during the night a fresh negro shooting was reported at headquarters.

'A negro assaulted a white woman

in her home early this morning and killed her. A soldier kicked in the door, caught him and blew the top of his head off with a pistol. "A dozen cases of assaults on white women have been reported at headquarters this morning. The public has ecome unnerved by the terrible
