## BOARD OF ALDERMEN

### Hearing of Reports Consumed Most of Last Night's Regular Monthly Meeting.

### LIGHT COMMITTEE'S REPORT.

Establishment of Electric Plant by City Advocated—Liquor Licenses Granted—Private Market Privileges Allowed—Other Notes.

Last night's regular monthly meeting of the Board of Aldermen, which was held in the city court room and which continued from 8 to 9:30 o'clock, was principally devoted to the hearing of the usual committee and officers' reports for the past month, probably the most important of which was that of the Light Committee with reference to the present air lighting contract with the Wilmington Gas Light Company. Alderman Parker, who reported for the committee, stated that thus far it had been impossible to the contract signed by the president of the contracting company, but that pending his signature to the document all payments for the service had been cut off. He stated that there was continued complaint of the lighting and thought it time for definite and final action in the matter. If the present conditions continue to exist, he said, he favored the establishment of a city lighting plant, as suggested by Alderman Taylor at a previous meeting. Alderman Hanby also spoke along the same line and Alderman Taylor expressed himself of the opinion that upon the return of the president of the company, Mr. Hugh MacRae, an amicable adjustment would be reached. The matter was, in accordance with this suggestion, left over to a special meeting, which will be held later in the month.

At the meeting last night Acting Mayor Springer presided and those in attendance were Aldermen West, Hanby, Woodard, Littleton, Taylor, Spencer and Parker.  
Alderman Taylor, of the Police Committee, commended the Mayor and policemen for the crusade being tending to abate the evil of throwing trash into the street, and also gave notice that the rule requiring members of the city departments to pay all just debts, would hereafter be rigidly enforced.

Alderman Hanby, of the Sanitary Committee, was requested to adjust the differences relative to the defective sewer in the vicinity of Second and Grace streets.  
Alderman Taylor, of the Streets and Wharves Committee, reported that the scarcity of labor incident to the opening under that of the cotton season in Wilmington, had somewhat interfered with the contemplated increase of the force of laborers at the city quarries from twenty to fifty men, but that circumstances his committee had done fairly well, forty hands having been employed yesterday. He also stated that work had been begun on the Nixon street improvement and would likely be completed before the county finished its work on the Castle Haynes road, connecting A. Carrick, he said, would be purchased for use at the city rock quarries and would do the work of ten men, thereby resulting in a great saving to the city. He asked the board to order, which it subsequently did, all moneys arising from materials sold from the permanent street improvement department and all received from citizens for their pro rata of street paving be credited to the Streets and Wharves Committee's appropriation instead of going into "miscellaneous and extraordinary," where it was unavailable for the purposes originally intended. The number of carts used in the street work has been reduced from 35 to about 20 in order to cut expenses so far as is possible. Bills for sand carted to various places for private use while the sanitary grading was being done, were reported as having been paid, amounting to nearly \$800.

Alderman Taylor reported the necessity for a water hydrant near the handsome James Walker Memorial Hospital, which has been magnanimously donated to the city and county by Mr. James Walker, and the Water Works Committee, Alderman Spencer chairman, was instructed to prosecute at once a proposition to the Clarendon Water Works Company looking to the establishment of the hydrant. This action was by unanimous consent of the board and was in view of the fact that the nearest hydrant now is about 1,200 feet from the building and protection from fire is necessarily limited. Water is transmitted at present to the hospital in a four-inch pipe, whereas a six-inch pipe is required for water in quantities available for protection from fire.

Alderman Taylor, of the Fire Committee, called attention of the board to a suit for damages brought against the city by an ex-fireman, H. L. Peterson, who was injured in a collision of fire apparatus several years ago. He also reminded the board that he had signed papers from Mr. Peterson allowing the city of liabilities for considerations named. Upon recommendation, Chief Schonbren, of the Fire Department, was granted leave of absence to attend the convention of firemen and fire chiefs at Charleston early in October.

### Bill of J. T. Riley & Co., for lime,

was ordered paid to the amount of \$5.50.

### A. A. Nathan was granted liquor

license to carry on business at No. 106 1/2 Princess street, the store formerly occupied by the Atlantic Electric Co. Changes in places of business were allowed in unexpired licenses.

## FISHBLATE DAMAGE SUIT.

Case Will Likely Go to Jury This Morning—Yesterday's Session of New Hanover Superior Court.

The Fishblate damage suit has not yet been disposed of in the Superior Court, but an end will likely be reached to-day. The session yesterday, lasting from 9:30 o'clock in the morning to 7 o'clock in the evening, with a short recess for dinner, was actively consumed in argument by counsel, which was at all times spirited and in some instances very bitter. It is probably the most hotly contested case on record at the Court House in many years.

Hon. Jno. D. Bellamy, of counsel for the defendants, concluded his argument in a further speech of more than an hour upon the opening of court yesterday morning, and he was followed by E. K. Bryan, of counsel for Mr. Fishblate. In the afternoon, Hon. Franklin McNeill argued in an especially vigorous style and he was followed in a closing argument by A. G. Ricard, Esq., of New York, who came down to act as one of the counsel for the plaintiff. Mr. Ricard had not finished an especially forcible appeal to the jury when adjournment was taken at 7 o'clock last evening. Mr. Ricard will conclude his speech this morning and the case after the charge by Judge Fred Moore will then go to the jury.

Chief Justice MacRae returned the following jurors as summoned for the week: John B. Cramer, B. F. Keith, G. J. Boney, J. C. Walton, C. W. McClammy, W. A. Bourk, A. S. Holden, A. G. Ellis, J. F. McInnis, Charles H. Robinson, W. C. Yarborough, William Watters, Charles Rogers, C. R. Anderson, W. P. Carroll, William Blanks, W. Hewlett, W. A. Frank. Of these the following were excused for the week: John B. Cramer, being a druggist on account of sickness; and for the day, Chas. H. Robinson, W. C. Yarborough and C. R. Anderson.

During the day cases were continued by consent as follows: Thomas & Mercer vs. Mrs. L. M. Cooksey; N. F. Parker vs. W. G. MacRae.

In the case of Murchison & Co. against J. T. Cobb, of Greensboro, a motion to place on the motion docket was granted. A motion made by defendant to dismiss for want of complaint was refused. Plaintiff was allowed thirty days after this term of court to file complaint and furnish a copy of the same to Col. Morehead, of counsel for the defendant, and sixty days is allowed defendant to file an answer.

The following talemens were summoned for to-day: Jacob L. Solomon, Sam'l Bear, Sr., Alonzo Rowe, Ben Hollis, J. O. Powers, A. B. Lynch, Henry Newmann, Lee Downing, Ed. Orrell, T. J. Rivendark, Thos. Glad- den, W. W. Hildyard.

## MONTHLY HEALTH REPORT.

The report of City Superintendent of Health C. T. Harper for the month of September is as follows: Deaths, 7; 28 white and 49 colored. Births, 72; 31 white and 42 colored. There were 6,211 inspections, 4 fumigations, 2 quarantines from diphtheria, and 691 lime and acid orders. The meeting of the Board of Health, which was to have been held yesterday morning, was deferred on account of the lack of a quorum. He also incorporated in his report recommendation condemning a well at Second and Dawson streets for its unsanitary condition. The Board of Aldermen, at its meeting last night, referred the matter to the proper committee for investigation. He also reported the dismissal of the temporary health officer appointed for the Summer only.

## FUNERAL SUNDAY AFTERNOON.

The funeral service of Mrs. Alice Theresa McEvoy was held at 4 o'clock Sunday afternoon from the residence, 515 North Fifth street, thence to St. Thomas' Catholic church. The ceremony was conducted by Rev. Father Dennen and the interment was made at Oakdale cemetery. The following acted as pall bearers: Honorary—Capt. John Barry and Mr. John McEntire; active—Messrs. Michael Carroll, Patrick Gladden, Thomas Green, M. O'Brien, Thomas Torpy and Michael Griffith.

## FUNERAL OF WALTER BERGES, JR.

Requiem high mass was celebrated for the repose of the soul of Walter J. Berges, Jr., the little son of Mr. and Mrs. W. J. Berges, at 10 o'clock yesterday morning at St. Thomas' Catholic Church by Rev. Father C. Dennen. The honorary pall bearers were Frank Dennen and Waddell Watters; active pall bearers, Bryan Higgins, Willie Lacey, Ed. Reilly and Matt Meier. The remains were interred in Oakdale cemetery.

## Committed for Larceny.

The case against Marshall Haney, the young white man charged with the larceny of a coat from the law office of L. V. Grady, Esq., was removed from the Mayor's Court to Dr. W. W. Harris' court. Probable cause was found and the defendant was bound over to the Criminal Court under a \$25 bond, in default of which he was sent to jail.

The "Willing Workers," a missionary society connected with the South-Side Baptist church, will give an entertainment for the benefit of the mission at the church to-morrow night at 8 o'clock. No charge for admission, but a collection will be taken for missions.

## ROUTINE BUSINESS.

### The County Commissioners Met in Regular Monthly Session Yesterday Afternoon.

### THE ROAD IMPROVEMENT.

Progress Reported and New Sections Are Under Advisement—Various Reports Heard—Citizens Want Rock for the Acorn Branch Road.

Beyond the hearing of usual monthly reports and the consideration of a number of applications for a reduction in tax assessments, very little business came up at yesterday afternoon's regular session of the Board of County Commissioners, at which were present Chairman D. McEachern, and Messrs. Holmes, Moutgomery and Vollers. Adjournment was taken until Thursday afternoon at 4 o'clock when unfinished business will be taken up.

Action was deferred upon an application of Capt. T. D. Mears for reduction in assessment of a certain tract of real estate owned by the C. C. R. R. Company, which is placed at \$3,000, evidently as a result of a clerical error, against \$500 last year.

Claim of \$8 by Jno. Rourke for services as convict guard was allowed less \$1 reduction.

Capt. John Barry, in the light of petitions by certain citizens, was ordered to have bridges repaired on the first section of the Federal Point road leading from Wilmington, and also to prepare an estimate of the probable cost of grading that section.

Dr. McMillan, county physician, reported having prescribed for 206 patients in the office during September, and having made 106 visits to 91 patients at their homes. The jail was reported in good condition; prisoners comfortable and well fed. The death of Balaam Fuller was attributed to nervous prostration. The County Home was reported in good condition and well kept. Three deaths occurred at the home during the month—a blind and demented colored woman, Sarah Malpas; a founding left at the home some months ago, and the centenarian, Pristelle, who was murdered by Balaam Fuller. The convict camp at Castle Haynes was in fair condition, and less sickness prevailed during September than in August; the food is wholesome and abundant, and quarters comfortable.

Dr. McMillan called the attention of the board in this connection to the fact that the convicts are not sufficiently clothed for the coming Winter as their work is principally outdoors and they are exposed. The chairman was instructed by the board to confer with Superintendent Chadwick and see that necessary safeguards to their comfort are provided.

Application of Vance Norwood for reduction in real estate assessment was refused.

W. V. Hardin was privileged to change location of his liquor business from 117 to 119 Princess street.

No action was taken upon a petition of Messrs. W. E. Worth, J. T. Kerr, F. J. Dempsey and others asking for the delivery of six car loads of rock at Kerr's Station, same to be used at no cost to the county in macadamizing a one-fourth mile sandy section of the Acorn Branch road. Mr. Worth appeared personally before the board and made a seemingly equitable and responsible proposition, which will likely be considered more fully later.

The listing of the west part of lots 2, 3 and 4 in block 7, transferred from W. Tiencken to M. G. Tiencken, making W. Tiencken's assessment \$3,000 and M. G. Tiencken's assessment, \$1,250.

Register of Deeds Biddey reported having paid into the treasury \$22.80, revenue from marriage licenses issued during the month.

Capt. John Barry, road superintendent, was present at the meeting and made a verbal report of the operations of the convict squad. He stated that the force was being somewhat depleted by expiration of terms, but that there was yet a sufficient number to carry on the work with satisfaction.
