CLEARING DOCKET.

Criminal Court Will Soon Have Disposed of All Jail Cases for the Term.

THE GRAND JURY'S WORK

Said to Be Working Now Upon Presentments - Two Recruits for the Chain Uang -- Wiley Mazingo Fined \$20. Other Cases Disposed Of.

The proceedings of the District Criminal Court vesterday were devoid of interest, the day for the most part having been taken up with the hearing of unimportant cases. The usual morning and afternoon sittings were had and an adjournment was taken at 5.30 P. M. until this morning at 9.30 o'clock.

Wiley Mazingo, the young white boy charged with the highway robbery of letters from a little brother of Mr. B. C. Moore in "Brooklyn" several months ago, was brought into court and fined \$20 and costs, which he made arrangements to pay. The evidence in the case was heard several days ago and the charge was altered, making the offence larceny from the person. Ed Brewer, who was Mazingo's part ner in the theft, defaulted his bond

several days ago and left the county. There were two commitments to the chain gang during the day, the defendants having been sentenced to twelve months each.

Thos. Hawkins, the colored boy, charged with mischievously uncoupling an A. C. L. train on the yards in this city several months ago. was given twelve months in the State penitentiary. Counsel for the defendant made a motion for a new trial, which was overruled. An appeal was then asked and granted, the notice of same having been waived. The defendant's appeal bond was fixed at \$25 and the appearance bond at \$350, ustified.

Judgment was suspended on paynent of costs in eight submitted case against Frank H. Brown for selling liquor without license and for selling liquor to minors; judgment was also suspended in a submitted case against Bud Dennis, charged with selling liquor without license. D. N. Chadwick was fined \$10 and costs in a case against him for selling liquor to minors, the peculiar circumstances of which have already been given in these columns.

Sallie Halsey, wife of a colored man who was killed here during the '98 revolution, was found guilty of larceny from the residence of Mr. J. A. Everett, Jr., where she had been employed as a servant but the case was left open until she can manage to pay

costs. H. Stetman and Robert Green, both colored, were given twelve months each on the public roads for larceny. Chas. Monroe for the same offense

was found not guilty. Frank Holmes, colored, was let off with the payment of cost in a case of carying concealed weapons, it appearing that he is a man of good character

and industrious habits. No further action has yet been taken by Judge Moore in the motion for a new trial in the case of Jim Wells, colored, charged with the murder of

Peter Waddell. The grand jury returned no true bills during the day and it is learned, from outside sources of course, that it is working on presentments or "new business" as it is termed by court

attendants. The court is making rapid progress and most all of the jail cases have been disposed of. If the Jim Well's case is continued, it is likely that the term can adjourn before the allotted two

weeks has expired. The following talesmen have been summorfed for to-day: T. G. Williams, H. R. Kuhl, Geo. Ewing, D. E. Piver, J. W. Woodward, Jos. H. Hanby, A. J. Hewlette, A. O. Mc-Eachern, Frank Alford, W. H. Millan, Geo. C. Jackson, S. F. Craig, Jno. H. Brown, F. W. Mohr, Jr., H. F. Haar, E. E. David, Al. M. Hall, Chas. - The STAR regrets to note that W. Hill, C. T. The "measuring party," given last evening at the home of Mrs. J. C. Stewart, Second and Grace stree's for the benefit of the Ladies' Aid Society of St., Andrew's Presbyterian church, was well attended and thoroughly enjoyed by all present.

Those who attended were measured in height and by agreement each one paid five cents per foot for the measurement and at the rate of a penny for each fractional part of a foot in height. By this novel method quite a neat sum was realized for the very commendable object for which the affair was designed.

All the details have not been arranged, but will be in due time. The committee of arrangements is composed of Messrs. Jack Bellamy, J. VanB. Metts and Thos.

"THE SPIDER AND FLY."

Leavitt's Beauty Show at the Wilmington Opera House Monday Night.

Leavitt's Beauty Show, as "The Spider and Fly" has been called this seaso. . 'rom the number of pretty girls in the company, is to appear here next Monday, the 26th. It is a musical spectacle, with a galaxy of handsome women, headed by that statuesque beauty, Miss Georgie Putnam, the artistic ingenue of extravaganza; Miss Florence Wolcott, operatic prima donna; Miss Marguerite Jayfield, dramatic contralto, and forty others. The production is said to be a most elaborate one, the scenery and costumes being entirely new. - Many novelties have been introduced, such as character ballets, electrical ballets, transformation scenes, the automobile girls, refined vaudeville, and everything that money and experience could procure to make up a complete and well equipped organization.

Jno. W. Harper, owner of the steamer Wilmington and appellee; Walker Newton appellant, vs. barge Carrie L Tyler, appellee, and Board of Navigation and Pilotage, appellant, vs. Carrie L. Tyler, appellee. The cases went up from the United States court at Wilmington and a decision upon the same will be handed down later. Thos. Evans, Esq, argued the cases named for the appellants.

Caught Hog in Steel Trap.

Geo. Cole, colored, was tried yester day by Justice of the Peace Fowler for allowing his stock to run at large and was recognized for his appearance at Criminal Court. Cole lives in the south eastern part of Wilmington and his hogs have been running at large and more or less destroying the neigh-

gardens. Not being able to prove that the damage was being done by Cole's hogs an old negro named Crawford, whose garden had been ruined by them, set a steel trap Wednesday night and yesterday morning he found a hog in it, and it was identified as one of Cole's.

The Divine Healers. Dr. Gilbert and Rev. Mr. Sutton, the divine healers, held forth at corner of Front and Market streets for three services yesterday. There were many applicants for their "treatment," but few, if any, professed a cure. They are preaching at 10.30 A. M., 3.30 and 7.30 P. M. daily. Mr. Sutton does the preaching and Dr. Gilbert conducts the "healing" part of the programme.

THE WATER SUPPLY

Col. Shaffer, State Sanitary Engineer. Here to Secure Samples for Analysis.

SUGGESTION THROWN OUT

Erroneously Interpreted by Newspaper

Man, But He Thinks an Ideal Sup-

ply for System is About Nine

Miles Up Northeast River. Col. A. W. Shaffer, sanitary engin eer of the State Board of Health, arrived in the city yesterday on his inspection tour of the State, securing in each town, which has a public system of water works, a sample for analysis, He came down from Newbern vesterday and spent the day in making an official visit to and securing a sample of the water from the Clarendon Water Works Company's tank at Hil-

Lumberton, closing his tour of the State there. Cot. Shaffer while here was shown over the city by Dr. George G. Thomas, president of the State Board of Health, and together they visited a flowing spring near Kidder's Mill in the southern section of the city. The water from this well or spring as it may be termed, is said to have excellent properties, but Col. Shaffer's visit to the same had no significance as he

is only securing samples of water from

public systems. Col. Shaffer expressed himself as well pleased with his visit to the city, but he declined to express an opinion as to the prospects for the artesian well at Hilton, leaving that for geologists who might interest themselves in the project. While here, however, he visited the well now being bored, but took no samples of the flowing salt water which comes from a point not so far removed from the surface as the promoters of the enterprise expect to

strike water later. several newspapers that while here, in conjunction with Dr. Thomas, he would make an examination of the source of the water supply here, and perhaps draw up plans for securing the supply nine miles up the Northeast river instead of nearer the city as now. Col. Shaffer said that he knew nothing of it more than that a suggestion of such a thing by him had been so evolved in the mind of some versatile newspaper man as to appear to be in more tangible shape than it really is. He suggested that the supply up the river about the distance indicated would be an ideal one, but that the matter rested entirely with the water works people, who had no doubt already considered the feasibility of the scheme far more than others who are not so directly interested.

Col. Shaffer while in the city is a guest at The Orton.

At the First Baptist Church.

Rev. W. P. Hines is conducting every afternoon and night a very unusual series of revival meetings at the First Baptist Church.

It is a custom of this order each year to attend a service arranged especially for the members of local lodges and the council at a recent meeting decided to have the service this year at Fifth Street Church and the sermon by Mr. Hall. Messrs. W. E. Yopp and Will Hall constitute the committee of arrangements.

Business Men's Gymnasium Class. A business men's gymnasium class will be organized at 5:30 o'clock this afternoon at the Y. M. C. A. by Dr. N. M. Wetzel, the physical director. There are already eight in the class and there are good prospects of many others joining. All business men who are interested are requested to be present. After this afternoon, the class will meet at 5:30 o'clock on Monday, Wednesday and Friday afternoons of each week. The other gymnasium classes are progressing nicely. The Junior class has 33 members and the young men's class has 20.

Negro Dropped Dead. Madison Johnson, an old negro, aged 65 years, dropped dead yesterday morning at the cooperage works, where he was employed. Dr. Stokes, the coroner, was notified and after viewing the body decided that an inquest was unnecessary. His death is attributed to appoplexy.

Both the names of the yachtsmen comprising the a-sociation and the manager of the yacht were bulletined at the New York Yacht Clubhouse this evening by Com. Lewis Cass Ledyard.
