**NEW YEAR EXERCISES** 

Two Sunday Schools Gave Entertainments Last Night to Their Children.

VERY LARGELY ATTENDED.

A Charmed Garden" Presented at the Brooklyn Baptist Church and a Delightful Cantata and Enchanted Castle at the Southside.

No prettier holiday entertainment has been given by any church or Sunday school in Wilmington this season than that by Southside Baptist Sunday school last night. The auditorium of the church was beautifully | tal tonnage, 82,766. decorated and the congregation was very large and orderly despite the inclement weather. The elevation at the pulpit from which the exercises took place, was also handsomely decorated and embellished with special

scenic effects ordered for the occasion. Prominent among the features of the exercises was a New Year's cantata in which "Father Time," with scythe and hour glass, was admirably impersonated by Mr. Malcolm Parker, and another little church play entitled the "Enchanted Castle," at the conclusion. in which Mr. Joe Curtis, as a splendid Santa Claus, appears on the stage and finds himself in a dilemma-he has no presents for the anxious children gathered about him. While he is pondering over his misfortune, he seeks to slake his thirst from a moss covered well near the stage and to his delight, draws up in the bucket a fairy in the person of little Miss Alice Curtis, who admonishes him to touch the brick of a castle in the rear, each one of which proves a nice little box of good things

BROOKLYN BAPTIST SUNDAY SCHOOL. The annual Christmas and New Year's entertainment of Brooklyn Baptist Sunday School was given last evening under the most auspicious circumstances. The church was packed with members of the Sunday 31st, 1894, to December 31st, 1900, the School, members of the congregation and many of their friends. The entertainment was in the form of a cantata, a beautiful little play, entitled, "The Charmed Garden." The decorations were very elaborate and the large garden wall and pedestals preout and thanks are returned to all sented a beautiful scene.

PORT'S SHIPPING INTERESTS.

Report of Harbor Master Makes Creditable Showing for the Year Just Ended. Commerce Increased.

The annual report of Capt. Edgar D. Williams, harbor master, for the year just ended shows arrivals of vessels of 90 tons and over at the port of Wilmington as follows:

American-Steamships 57, tonnage, 70,138; barques 4, tonnage, 2,729; brigs 6, tonnage, 1,969; barges 29, tonnage, 29,156; schooners 82, tonnage, 25,629. Total vessels, 178; total tonnage, 129,-

Foreign-Steamships 36, tonnage, 1,177; barques 32, tonnage, 18,347; brigs 2, tonnage, 514; schooners 83, tonnage, 2,728. Total vessels, 83;

Grand total-Vessels, 261; tonnage, 212,385. The report shows a very material

ncrease in the shipping interests of the port over the year 1899 both as to foreign and American vessels loaded at the port and the increase in foreign craft was 20 in favor the year just ended. There was in this connection a notable increase in the entrance of foreign tramp steamships, the difference being 9 in his class, 7 in barques, 1 in brigs and in schooners. As to American vessels, he difference in favor of 1900 was 3 barques, 5 brigs, 1 barge and 8 schooners. There was a slight falling off in the arrival of American steam-

The tonnage of American ships that entered the port in 1900 was, however, over 9,000 tons in excess of 1899, and that of foreign vessels over 20,000 in excess.

The current report compares almost equally as favorable with the reports for the years 1897 and 1898, and upon the whole, business men of Wilmington have every reason to be proud of the fine showing exhibited. Capt. Williams' report for the month

prayer by the pastor, Rev. R. H. Her. of December shows arrivals of 17 American vessels, of a net tonnage of 12,413, and 7 foreign vessels, of a tonnage of 6,276, making a grand total of 24 vessels, of 18,689 tons.

#### THE RENDERING WORKS.

Superintendent Milligan Left Yesterday to Begin Work on the Pish Factory Near Southport.

Cast. B. H. Milligan, superintendent for the company which will establish the big rendering works two miles from Southport, mention of which was made a few days ago in these columns, went down on the steamer Wilmington yesterday morn ing with a force of workmen to begin building quarters for the men who will be employed at the plant. Several sma'l vessels laden with lumber were also set down yesterday, and the work will begin at once. It will be remembered that the plant will be located near Southport, on Price's creek, and that the amount of capital involved will be upwards of \$40,000. Several thousand tons of fish scrap will be turned out each year, and it is expected that most of this product will be consumed by the Virginia-Carolina Chemical Company and other local fertilizer factories. Hitherto this ingredient in guanos manufactured here has come in large quantities from Lewes, Del., and other points, and the practicability of establishing the works here cannot be doubted with this information in

The oil extracted from the fish is very valuable and is used largely in tanneries. The variety of the fish used is the "fat back," as these are easily caught in quantities and are only fit for the purposes named.

## ANNUAL RECEPTION YESTERDAY.

Tendered to Members of Y. M. C. A. and Their Friends by Woman's Auxiliary. The annual New Year's reception at the Young Men's Christian Association building yesterday was a delightful occasion and despite the very bad weather, the attendance was large and everybody entered heartily into the spirit of the entertainment. The reception was entirely informal which added much to its enjoyment, At 3

o'clock P. M. the reception began and continued until six o'clock. The entire building was thrown open for inspection. The decorations in the hall and parlors were effective. During the afternoon a number of delightful musical selections were rendered. Among those who contributed to that part of the programme were Mrs. W. L. Latta, Mrs. John Frank, Miss Clara Woodward

The reception was given under the auspices of the Women's Auxiliary and they deserve much praise for the excellent manner in which the affair was carried out. Secretary W. W. Turner and Dr. N. M. Wetzel

ably assisted the ladies in receiving.

## POOT BALL AT HILTON.

O. A. N. Teams Defeated by A. C. L. in Close Game--Disagreeable Afternoon.

The gridiron at Hilton Park was the scene of a stubbornly contested game of foot ball yesterday afternoon, at which the A. C. L. team defeated the O. A. N. eleven by a score of 5 to 0 The game was played in a steady drizzle of rain which made it very disagreeable for the small number of barrels; lumber, 18,730,360 feet; pitch, spectators who had ventured out to 2,125 casts; peanuts, 82,671 bushels; witness the sport.

The teams were very evenly matched and there was an absence of brilliant plays. The O. A. N.'s line was weaker than that of its opponent but this deficiency was made up by having a faster back field than the A. C. L. The only score of the game was made in the latter part of the last half on a fumble. O. A. N. had possession of the ball in the middle of the field where it was fumbled and Hopkins, of the A. C. L. picked it up and dashed down the field and across the goal line for a touch down. An easy goal was missed. The teams lined up as followed:

State Will To-day Attempt to Show Its Undervaluation for Taxation.

STANDING MASTER'S COURT

Brunswick and Columbus County Witnesses Were Examined Before Judge Shepherd in U. S. Court Room Yester y-Nothing New.

The only sensational feature of th hearing in the railway tax assessment cases now in progress here before Judge James E. Shepherd, standing master, is expected to-day when prominent Atlantic Coast Line officials will be subprened to give testimony as to alleged undervaluation of their railroad property. The evidence will, of course, be objected to by attorneys for the railroads but will go on record and Judge Simonton will later pass on its competency and admissibility. The State claims that the railroad property within its borders is assessed for taxation at \$11,000,000, while in fact it is worth \$25,000,000 and that even if there is a two-thirds or three-fourths valuation of other real estate and personal property, which it will admit for sake of argument, the assessment of the railroad property is proportionately low.

The hearing will begin this morning at 9:30 o'clock and will continue through the day.

The witnesses examined yesterday were, Sheriff J. G. Butler, Register of Deeds R. Q. Powell, Chairman Joshua Smith, of the board of county commissioners; County Commissioner Ira Lennon and Tax Assessors J. W. Stanley and Henry Vines, all of Columbus county. W. H. Pyke, J. A. Pullan, W. W. Drew, Wm. Mercer, J. E. Jenerett and J. F. Somerset, of Brunswick county.

was, in the main, the same as that given by witnesses on the preceding days of the hearing. Register of Deeds Powell, of Columbus county, confirmed the statements of Mr. H. C. sales at high prices to the colonists from the Northwest and attributed the increase purchase price of these lands to a lack of knowledge by the purchasers of surrounding conditions.

Messrs. Pyke and Pullan also testified as to increased values at Southport on account of the expected railroad which never reached that town.

The Corporation Commission was represented at the hearing yesterday by Col. Hinsdale, Judge Connor and John H. Gore, Esq., while the railroads were represented by George Rountree, Esq., Maj. John D. Shaw, F. H. Busbee, Esq., R. G. Grady, Esq., and T. W. Davis, Esq.

## WILMINGTON'S EXPORTS.
