Mr. Pannill's Latest Invention.
Mr. Henry Pannill, who has recently moved with his family from Petersburg to Wilmington, is as much an inventive genius in the mechanical line as he is in the compounding of all kinds of paints, oils and varnishes for every conceivable purpose. His latest invention is a "coal saver and heat regulator for open fireplaces." It can be regulated to throw all, or as much of the heat as desired, into the room and is warranted to save one-third in coal bills. His invention is on exhibition at his residence, No. 514 Dock street. He is already manufacturing them to some extent here but speaks of organizing a stock company to begin the business on an extensive scale.

The news item headed "War Claims To Be Paid" appeared in the STAR of yesterday as a telegram to the paper. It should have been credited to the Richmond, Va., Dispatch.

GEN. LEE'S BIRTHDAY

Its Anniversary Will Be Solemnly and Appropriately Celebrated This Afternoon.

A LONG MILITARY PARADE.

Merchants Are Urged to Close Their Stores During the Hours of Observance and Enter into the Spirit of the Occasion.

The anniversary of the birthday of Gen. Robert E. Lee will perhaps be more generally celebrated in Wilmington this year than ever before. The most notable of the observances will, of course, be the exercises arranged jointly by Cape Fear Chapter, Daughters of the Confederacy, and Cape Fear Camp No. 254, United Confederate Veterans, which will take place this afternoon, beginning at 3 o'clock. George Davis Camp No. 30, United Sons of Confederate Veterans, the Wilmington Light Infantry, Wilmington Division of Naval Reserves, Col. Walker Taylor's Boys' Brigade and the cadets of Howell's Military Academy will all contribute to the military demonstration, and a drum corps will furnish music for the march in the procession.
As the day has been made a legal holiday in North Carolina, there will be a more or less suspension of business and it is expected that civilians generally will enter into the spirit of the occasion and assist in making the observance commensurate with the honor, love and esteem in which the intrepid leader of the Confederacy is held by every true Southerner. Merchants are requested to close their stores at least between the hours of 2 and 5 o'clock this afternoon to give their employees an opportunity of participating in the ceremonies. All the banks in the city and the Produce Exchange will be closed during the entire day, and it is suggested that the business men of the city can at least surrender the three hours asked by the promoters of the worthy observance.
All commanders are requested by Capt. J. I. Metts, chief marshal, to have their respective companies in line at 3 P. M., and the Daughters of the Confederacy are requested to assemble at the armory at 2.30 o'clock for the purpose of attending in a body the exercises at the Opera House.
Lieutenant Skelding asks the Naval Reserves to assemble at the armory at 2.15 o'clock in order to be ready and about the same time in advance is asked by the other commanding officers in charge of companies, who will participate in the exercises. The ladies of the Chapter of the Daughters of the Confederacy will occupy the dress circle at the Opera House, so that they will have easy access, after the exercises, to the City Hall where refreshments will be served.
Capt. Metts yesterday announced his aides as follows: From the Wilmington Light Infantry, Mr. Champ McD. Davis; from the Sons of Veterans, Mr. George P. James; from the Naval Reserves, Mr. D. D. Barber. The companies will be formed with the right marching on Fourth street. The line of march will be down Market to Third street, down Third to Nun; down Nun to Front; up Front to Princess and up Princess to the Opera House to attend the exercises. The following order will be observed:
Cordon of Police.
Capt. Metts with his aides on horseback.
Drum Corps.
Cape Fear Camp No. 254, U. C. V.
George Davis Camp No. 30, U. C. V., and other sons of veterans.
Wilmington Light Infantry.
Wilmington Division Naval Reserves.
Col. Walker Taylor's Brigade.
Howell's Military Academy Cadets.
The exercises at the Opera House will be opened with prayer by Rt. Rev. Bishop A. A. Watson, and after a selection by the orchestra the oration will be delivered by Eugene S. Martin, Esq. General Lee's "Farewell Address" will be read by Captain James I. Metts and then will follow the presentation of Crosses of Honor by Mrs. T. D. Meares. Col. John D. Taylor will respond to the presentation in behalf of the Veterans and the exercises will conclude with the singing of "Old North State" and "Dixie" by the assembly.
The weather promises to be especially favorable to an auspicious celebration and it is hoped that all who can do so will be in attendance.
In addition to the other military organizations named above, the Third North Carolina Infantry Detachment is also called by Col. W. L. DeRosset, the president, and Capt. James I. Metts, the secretary, to assemble at the ceremonies attendant upon the celebration.

HOWELL'S MILITARY ACADEMY

Observed Pleasing and Appropriate Lee Birthday Exercises.
Very interesting and appropriate exercises were observed by the cadets of Howell's Military Academy in honor of the anniversary of General Lee's birthday at the Y. M. C. A. yesterday morning. The exercises began by the school's singing "My Country 'Tis of Thee," followed by a very creditable essay on General Lee by Gordon Johnson; a poem, "The Sword of Lee," by Mr. Howell; another very thoughtful essay on General Lee by Daniel Quinlan, Jr.; a reading from "Memories of Lee," by Samuel Loder; "Lee's Farewell Address," by Chesley Bellamy; a pleasing address by Dr. Calvin S. Blackwell, and the singing of "Carolina" and "Dixie" by the school and guests. Included among the guests were the members of families of the students and after the exercises tea and other refreshments were served to the delight of all.
Dr. Blackwell's tribute to Lee was pronounced exceedingly pretty and expressive of the true sentiments of every Southerner.

THE MENHADEN FISHERY.

First Steamer Will Arrive Tuesday—The Work Progressing Rapidly.
The first steamer for the new menhaden fishery, located at Fort Anderson, will arrive at Southport Tuesday from Richmond. She is the Clara Ellen and has a tonnage of 109. Her length is 108 feet and she is 17.5 feet in breadth and draws 8.8 feet of water. The second steamer chartered by the company will arrive in about six weeks.
Work on the plant is progressing very rapidly. Five of the buildings have been completed and the wharf will be finished in about two weeks. A prominent member of the company stated to a reporter last night that the plant will be ready for work by the first of March.

The Crescent Stock Co.

A few years ago a manager could get together ten or twelve, at most, ordinary actors and actresses and go through the country and make money at 10, 20 and 30 cents, but now it's different. Theatre patrons demand as much from the popular price companies as from the usual dollar attraction and in a number of instances they receive more. The Crescent Stock Company, which begins its Southern tour here Monday night, promises much in many ways; first, from a standpoint of plays, such as "Forgiveness," "Master and Man," "Under False Colors," "Myrtle Ferns" and others equally as great; then the specialties between acts and the Ladies' Symphony Orchestra. A number of the people composing the Crescent are well known in Wilmington and will be gladly welcomed by their many friends. The magic figures, 10, 20 and 30, will catch the people and the ladies are admitted free Monday night, as usual. Seats are now on sale for Monday night. "Forgiveness" will be the play.

Port Paragraphs.

The Italian barque *Restituta Madre*, which cleared this port December 26th with naval stores, passed out at Southport at 8 A. M. yesterday. She had been detained in port on account of sickness among the crew and for other reasons.
The British schooner *Wanola* cleared yesterday with lumber and shingles from the Chaboureaux Lumber Company for St. George, Grenada.
The Norwegian barque *Victor* cleared for London with rosin, gum turpentine and tar from the S. P. Shutter Company, through Mr. M. J. Heyer, agent.

Cotton and Naval Stores.

The receipts of cotton at this port for the past week were 5,883 bales against 5,528 on the same week last year. The quotations by the Produce Exchange yesterday at the closing were on a basis of 9 1/2 cents for middling against 9 1/2 cents on the day before. The crop year receipts thus far are in excess of those of last year at this time by about 4,000 bales. The weekly statement posted yesterday shows a falling off in naval stores from the same week last year.

ANTI-CIGARETTE BILL

Will Have Strong Support When It Comes Up for Consideration in the Senate.

COMES UP NEXT WEDNESDAY.

Bill Introduced in the Senate Appropriating \$200,000 to Maintain the Public Schools Four Months in Year. A Dull Day in the House.

[Special Star Telegram.]

RALEIGH, N. C., January 18.—The Senate has made Brown's anti-cigarette bill the special order for Wednesday of next week. The opinion of legislators on the measure is divided. The bill will have strong support. Senator Travis introduced a bill providing for four months school in every county and appropriating two hundred thousand dollars for this purpose. The bill requires the Board of Education to ascertain what counties cannot maintain schools that length of time and supplement the funds with the necessary amount. The remainder of the two hundred thousand is to be divided among all the counties, according to school population.
No other bills of general importance were introduced in the Senate.
Important bills on the calendar passed readings as follows:
Third reading. To authorize Rocky Mount to issue bonds for an electric light and sewerage; to incorporate East Lumberton, Robeson county; to allow the Public Roads Committee of the Senate and House to employ a stenographer; Morton's bill exempting train dispatchers from jury duty.
The Senate devoted much time to discussion of the bill providing that a husband may have the right to convey title to property in case of insanity or idiocy of wife. Senator Brown characterized it as a "bill to promote cruelty to women." The bill was defeated in the House.

A long list of bills

was introduced in the House, and many others passed the third reading. Very few were of public interest. The session was the dullest the House has yet had.
Winston introduced a bill providing that convicts sentenced to terms of ten years or under be sent to county farms and improve the public roads.
The bill incorporating the James Walker Memorial Hospital passed a third reading.
Bill to allow an executor or administrator trustees to foreclose debts of trust, elicited long debate but passed its readings.
Among the bills ratified to day were: For the relief of the dangerous laws; to amend chapter 83 of the Code of 1899; favoring the establishment of a national preserve; to incorporate the Howard Relief Association, Wilmington; to improve the upper Cape Fear river.
The joint committee having under consideration Senator Aycock's bill for uniform text books in the public schools met to night and decided to defer action as to recommendation until next Friday. It is considered one of the most important bills pending.

THE YOUNGEST CONFEDERATE.

Possibly the youngest Confederate who served in any capacity during the civil war was Capt. H. D. Burkheimer, a North Carolina boy, and a Wilmingtonian, he being drummer boy for the Home Guards at the extreme early age of eight years.
On account of his smallness and youth he was unable to march at the head of his company, still, filled with the enthusiasm of the time, and wearing the full uniform of the Confederacy, his father, who was a member of the Home Guards, stood him upon the City Hall steps each day so that he could lead his drum for parades. Such an ardent little rebel he was, his youth alone preventing him serving in the Confederate army. Not one of the officers, women and children, is likely living to-day, as it was composed of men above 45 years of age and all too old to engage in active service, but whose duty it was to protect the children, women and children, to keep orderly the slaves, and also to prevent invasion from lawless bands of plundering soldiers.
It is an honor to be the "youngest Confederate," as it shows the spirit of loyalty, even among the children, and North Carolina has never had to hang her head in shame over the disloyalty of any of her brave sons at the "call to arms." They have ever been the most fearless in the discharge of conscientious duty, the foremost in battle, the bravest in peril. North Carolina may Heaven continue her honor and glory!

Rescued by the Algonquin.

A sharpie, in which two soldiers from Fort Caswell were sailing, capsized just below Southport about 11 o'clock Wednesday morning, and luckily for the soldiers the *Algonquin* was laying at anchor in the bay and seeing their peril a boat was sent out from the cutter and they were rescued and the sharpie set up again. The capsizing was evidently due to poor management of the boat. No harm was done, but the unfortunate men had a narrow escape from more serious results.

Peoples' Saving Bank.

At the adjourned annual meeting of the stockholders of the Guardian Security, Trust and Deposit Company, held yesterday afternoon, it was decided to accept the new name for the institution recently designated by the Legislature—"Peoples' Saving Bank"—and in the future the corporation will do business under that title. An advertisement of interest under the new name is printed in to-day's STAR.

WALKER MEMORIAL HOSPITAL

Mr. Willard's Bill Provides for Its Maintenance—Board of Nine Managers Having Corporate Powers.

The bill to incorporate the James Walker Memorial Hospital, of this city, introduced in the House by Representative Willard and duly ratified day before yesterday, provides for the management of the institution by nine citizens of Wilmington, three of whom shall be appointed by the County Commissioners, two by the Board of Aldermen and four by Mr. James Walker, and who shall be known and have corporate powers as the "Board of Managers of the James Walker Memorial Hospital of the City of Wilmington, N. C." Members of the municipal and county organizations, having the power to appoint, are ineligible to membership on the Board and three members each of the board are appointed for terms of two, four and six years, respectively, the length of the terms to be determined by lot.
It is stipulated that the county contribute \$4,800 annually and the city \$3,200 annually for the maintenance of the institution and any amounts expended at the end of each fiscal year shall be invested in bonds of the city or county and shall be known as a "Permanent Fund," the interest from same to be used for the maintenance of the hospital but the principal to be expended only in cases of extreme emergencies and for permanent improvement or addition to the hospital.
