### GENERAL ASSEMBLY.

Hon. F. M. Simmons Formally Elected U. S. Senator in Joint Session.

HIS SPEECH OF ACCEPTANCE.

Legislative Matters-The Anti-Cigarette Bill -New Railroad Scheme -The University-Brilliant Reception to Governor Aycock.

| Special Star Correspondence.] RALEIGH, N. C., January 23.—The joint Committee on Education and members of the Legislature generally met to day in the Senate chamber and heard able addresses by Mr. D. A. Tompkins, of Charlotte, President George T. Winston, of the North Carolina College of Agriculture and Mechanic Arts, and Mr. W. S. Primrose. of this city, a member of the Board of Directors. They presented the claims of international education with a special view to impressing upon the legislators the importance of establish. ing on a firm and extensive footing a textile department at the A. and M. College. Incidentally they discussed very ably the importance, and in fact, absolute necessity of industrial education in meeting the imperative demands

of the times for preparing future gen-erations for useful citizenship. It will be remembered that the board of directors of the A. and M. College have asked the General Assembly for \$80,000 appropriations; \$60,000 being for new buildings and \$20,000 for im provements. The needs of the insti tution as the directors state them and as strongly urged by the speakers are \$25,000 for textile building, \$20,000 for equipment, \$15,000 for chapel and auditorium, \$10,000 for dormitories, \$5,000 for physics and electrical engineering, \$5,000 for steam plant, heating and lighting. Indications are that the college will get at least a very large proportion of this amount. The bill for the entire amount will very probably be reported favorably by the joint committee, but Senate and House may chop off some of the appropria-

tions asked, on the plea of economy. The House Judiciary Committee made a favorable report this morning naking the minimum penalty 20 years in the State's prison. There was to have been a meeting of the joint committee on printing at 9 o'clock this morning but owing to the small attendance an adjournment was taken until to morrow night. They are charged with the duty of preparing a bill for the government of the State printing. Two systems are engaging their attention. The first is for the re-enactment of the present law under which the State printing is done principally by Uzzell and Edwards & Broughton of this city and the second the award of the work by the job to the lowest bidder, open to bids from all the printing

concerns of the State. The latter course is advocated by Commissioner of Labor and Printing Varner and Assistant Commissioner Faison, and a bill making provision for the awarding of the printing by the job to the lowest bidders has been presented to the committee by Assistant Commissioner Faison and it is thought highly probable that the committee will decide to report it favorably to the General Assembly.

The Committee on Propositions and Grievances has decided to report unfavorably on future bills presented providing for supplying copies of the Supreme Court Reports to counties of the State. Several such bills have already passed the General Assembly. [Special Star Telegram.]

United States Senator Simmons.

RALEIGH, N. C., January 23 .- At noon to-day the joint session of the Senate and House in general assembly

declared Hon. F. M. Simmons duly elected United States Senator to succeed Marion Butler. Lieut. Governor Turner appointed

State Senator Glenn of Guilford, and Representatives Winston of Bertie, a committee to notify Senator Simmons of the election and escort him to Representative Hall where the joint session was in progress. The new Senator was greeted by a storm of applause. He made a brief but powerful speech. in which he said: "I do not conceive a term of six

years in the Senate a term of ease and luxury. I shall try to make the six years steady work and watchfulness that I may better promote the interests of my State and my country. I cannot remember the time when my earliest and highest ambition was not to serve well my people and my country, and so knowing, I enter upon the duties with a feeling of profound diffdence, but hopefulness and trust, that by arduous efforts I may in the end rise to full heighth in its requirements. To day the mantle which has fallen from the broad shoulders of Vance, Ransom and Jarvis is cast upon me. It being my fortune before to bear grave public responsibilities, and while to-day this is one of the sweetest moments of my life, it is also one of the most solemn. I accept the honor with joy; I accept the responsibilities with a resolution to face them bravely. I here pledge that, while like all men I have my personal ambitions, I shall always try to serve alone the interests of my State, and here I invoke the aid of the Almighty to enable me to keep

Senator was the only specially notable feature of the General Assembly. A large number of local bills was introduced. In the Senate, a bill was presented by McNeill to incorporate the Fayetteville Savings and Trust

Company. Anti-Cigarette Bill.

The Anti-Cigarette bill by Brown, which was to have been the special order on the call of the calendar at noon, was re-referred to the judiciary committee. Mr. Brown gave notice that he does not propose to let it the light and a railroad line for the sleep. Many believe that it will not transportation of the material will be be heard from again. pathy of the people of North Carolina for England in the death of the Queen and extending to his Majesty, Edward VII, wishes that ties of friendship between the United States and the mother country be multiplied and strengthened.

In the House the following bills were introduced: By McLean, to allow Scotland county to issue bondsr; also, for relief

of Scotland county. By Davis, to allow Henderson to establish a graded school.

Bills passed final reading: To incorporate the Hilton Railroad and Logging Company of Wilmington; to incorporate the Robeson county Loan and Trust Company; to establish a graded school at Rocky Mount; to incorporate the Bank of Mt. Olive. A Senate resolution to place the capitol flag at half mast for three days in mory of Queen Victoria was

adopted. From 9 to 12 o'clock to night a magnificent reception was in progress at the Capitol Club; given by the club in compliment to Governor Aycock and other State officers and the members of the General Assembly. There was very large attendance; society folks here from all parts of the State. New Railroad Scheme.

Mr. Willard, of New Hanover, in roduced in the House a bill chartering the Southport and Western Railway Company. While it is understood the company proposes to build a road from Southport to Wilmington, the charter shows greater things are contemplated. The stockholders are

Wm. E. Worth, Walker Taylor, W. W. Thompson, W. T. Shay and A. J. Hines. The railroad company is authorized to operate, lease, mortgage or sell any estate, real, personal or mixed, and "shall have all the rights and privileges possessed and enjoyed by other railroad companies." The company is authorized to construct a railroad of any gauge, with one or more tracks, from Southport or Wilmington, N. C., to any point on the South Carolina line dividing North Carolina from the State of South Carolins, or to any point on the Tennessee line dividing Tennessee from North Carolina, or any point the Virginia line, and shall have the right to build one or more branch lines from either Wilmington or Southport to any point on the Atlantic ocean in the State. The charter provides that the company may construct paulof the road without completing the main line, and may build its road by such route as i deems most advantageous and expedient The capital stock is not to be less than \$100,000, and may be increased

to \$25,000,000. N. C. University. At the annual meeting of the Board of Trustees of the University this fternoon, President Venable submitted a lengthy and creditable report, the principal feature of which is a statement howing the imperative need of \$15,000 extra appropriations. The board elected Dr. Charles Baskerville to the chair of chemistry, effective September first. The old executive committee was re elected.

MASS MEETING OF NEGROES.

#### Addressed by Colored Evangelist Who Advised Against Immigration.

The union mass meeting at St. Luke's A. M. E. Zion church on Tuesday night for the purpose of considering the immigration of negroes from the South to the Northern cities was largely attended and was addressed by Rev. S. P. W. Drew, the colored evangelist from New York and secretary of the Lincoln Employment Bureau. Rev. Drew strongly advised against a wholesale exodus of colored people from this or any other Southern section; in fact, he urged against any exodus whatever unless the immigrants are well provided with funds to support them until profitable employment can be obtained. Dr. Cal vin S. Blackwell, pastor of the First Baptist church (white), was also present and addressed the meeting. Rev. J. C. Waters, pastor of Mount Olive A. M. E. Z. church, also spoke

regarding the question. The meeting was presided over by Rev. H. Bell, pastor of the church at which the meeting was held. Among the prominent colored citizens in attendance were Rev. J. A. Bonner, Chesnut Street Presbyterian church; Rev. Bennett, rector St. Mark's P. E. church; Dr. Wood, principal of Gregory Institute; Collector Jno. C. Dancy and Rev. Jno. F. Hill.

Rev. Drew will preach his farewell sermons here at Ebenezer Baptist church next Sunday afternoon and at night.

BALD HEAD LIGHTHOUSE.

#### Construction of the New Beacon Will Pushed Rapidly as Possible.

The STAR learns that the government authorities are employing the utmost possible dispatch in arranging matters for the new lighthouse which will be established on Bald Head, at the mouth of the river, the site for which was recently condemned and purchased from Dr. Ullory, of Chicago.

The new lighthouse will be of the first class, such as are now used off Cape Charles, Cape Henry, Cape Hatteras and at other important stations along the coast, and will take the place of the present lighthouse, which is of the third or lowest class. The new station will be about two miles Southeast of the present location of about two and a half or three miles. A joint resolution of the House and It is expected that work will begin

Crescent Company Growing in Popular Favor With Passing of Each Day.

The Crescent Stock Company repeated its-success of former evenings this week at the Opera House last night, presenting Clifton's excellent piece "Myrtle Ferns." The attendance is growing with each evening's performance and the verdict of many is that the excellence of the nights' entertainments is fully up to the measure of many of the higher-priced attractions that come this way every season. Guy Woodward is a whole show within himself and Miss Carrie Louis, the soubrette, the Glees and Pete Seymour in specialties, are rapidly

forging to the front in popular favor. The bill for to-night is "East Lynne" draw a large audience. Saturday afternoon at 2:30 o'clock a special family matinee will be given, at which the admission will be only fen and twenty cents. At the close of this performance a handsome gold watch will be given away. It is now on exhibition at the jewelry store of Dingelhoel Bros. on Market street where particulars of the contest may be learned.

Evidences of Respect Displayed at British Vice Consulate and Aboard Vessels. As a mark of respect to the departed Queen Victoria, of England, the coat of arms at the British vice consulate was yesterday draped and the flag was at half mast by order of Mr. James Sprunt, the consul. All the vessels in the harbor and notably the British steamship Buckminister, had their flags also at half mast and they will remain so until after the funeral. Capt. Brown, of the Buckminster, aside from half masting his flags had their staffs appropriately draped and on board there were other evidences of respect and esteem to Her Majesty. The coat of arms in front of the vice-consulate was tastefully arranged with black cloth and deliver their papers. In all such cases passed that way yesterday, with a feeling of sadness and esteem.

DAMAGES FROM CITY.

Mrs. Strauss Awarded \$4,129,20 by the Jury in the Superior Court Yesterday.

HALES AGAINST HARPER

Another Suit Against Well Known Steamboat Owner Results in a Verdict for Only \$50-Very Good Progress is Being Made.

After a hearing of two and a half days in the New Hanover Superior Court, the jury in the Strauss damage suit took the case at 1.15 o'clock yesterday afternoon and after remaining out a little more than two hours returned a verdict against the City of Wilmington for \$4,192.20. No notice of an appeal to the Supreme Court was given, and from what is learned unofficially from attorneys, it is beieved that this will be the final disposition of the matter. Only one other cause was heard during the day and that also was a damage suit in which the jury gave a verdict to Laura G. Hales against Capt. John W. Harper, owner of the steamer Southport, for

counsel in the first named case was resumed, Marsden Bellamy, Esq., having made a strong and touching appeal for his client. This was followed by an able argument from E. K. Bryan, Esq., for the defendant, and Judge Hoke then charged the jury in a masterly address of threequarters of an hour's length. A recess was taken for dinner until 2.30 o'clock, and the jury retired to its room until 3.30 P. M., when the verdict was announced, the issues having been submitted and answered as fol-

Upon the re-assembling of the court in the afternoon the case of Hales vs. Harper was taken up and the following witnesses for the plaintiffs were examined in the order named: N. Morris, Jao. Hales, J. W. Hewett and Wm. Mintz. The defen-

dant offered no evidence but submitted the case upon its merits through his attorneys, J. O. Carr and Marsden Bellamy, Esqs. The plaintiff was represented by Messrs. Empie & Empie, Brooke G. Empie, Esq., having presented the case in a clear and forcible manner to the jury which was composed as follows: M. O'Brien, D. H. Penton, W. L. Duke, Alonzo Emwlett, Wm. Simpson, Geo. Grant, George H. Rogers, W. H. Hardy, M. F. Beasley, L. C. Sutton, W. F. Penny and S. Greelish.

The jury took the case at 5:15 o'clock and after remaining out for about half an hour answered the issues as follows, the verdict having been received, by consent, by Deputy Clerk T. O. Bunting and the court having been adjourned upon the termination of Judge Hoke's charge:

Was the plaintiff injured by the negligence of the defendant? Answer, "Yes." Did the plaintiff contribute by her wn negligence? Answer, "No."

What damage if any, did the plaintiff sustain? Answer, "\$50." Upon the opening of court this morning the case of Mrs. Zillah Fowler vs. Jno. J. ### Choice and **Exclusive.**

Naming a price without regard to quality does not make a continued successful business. You may put on the public an interior goods one time and maybe two times, but not all the time. We are in the Cigar business to win; and knowing it is only a question of quality that counts with a discriminating public, we have made it a question of quality first, Quality last, and Quality all the time. We positively claim THAT "Renown,"
