Decidedly a new and interesting

question of law was raised by Herbert

touching the case. It was contended

by Mr. McClammy that the warrant

was absolutely void, for the reason

that it was sworn out upon informa

tion and belief, and did not directly

charge the commission of an offence;

that there was no law in North Caro-

lina giving a mayor or justice of the

peace the authority to issue such war-

rant, and citing the case of the United

States vs. Tuneand in 20 Federal Re-

porter, and other authorities, where

the constitution of the United States

had been construed upon this subject.

He declared that the State Supreme

Court had not in any case decided the

point, but that the trend of de

cisions were towards the position

he had taken. Mayor Waddell said

that the point was entirely a new one to

him: that he had never heard it raised,

and that he would give Mr. Mc-

Clammy an opportunity to take the

case before Judge Hoke at Burgaw on

[Special Star Telegram.] RALEIGH, N. The bill passed as

There was another heated discussion over the Fayetteville Anti Dispensary bill, participated in principally by Mc-Intire, of Robeson, and London against, and Ward and McNeill for the bill. A vote resulted in a victory for McNeill, and passage of the bill to abolish the dispensary.

The bill to appropriate \$13,000 a year and \$4,000 for improvements at the Soldiers' Home, passed without a dissenting vote. London made a great speech in tribute to the old soldiers, on the conclusion of which a party of ladies came on the floor and presented him with a magnificent bouquet in the name of the Confederate Memorial Association.

Other bills passed: To fix the salary of State librarian at \$1,000, and allow \$300 for an assistant; to incorporate the Southport & Western Railroad Company; for relief of taxpayers of Harnett county; to establish a State's prison parole commission.

Passed second reading: To establish a dispensary at Winton; to amend the charter of Scotland Neck; to establish the stock law in Wayne county. Bills introduced: By Glenn, to reg-

ulate employment of counsel for State

nstitutions. By Travis, to change the time for holding the Spring term of Halifax court. Stubbs' bill to amend section 2, article 9, of the Constitution, to allow either race to levy a special school tax for exclusive use, was considered at length and re-referred to the Judi-

The Revenue Bill.

In accordance with the special order the House resolved itself into commitmitte of the whole at one clock to consider the Revenue bill. Sections one and two were adopted without offer of an amendment. A motion to amend section three and change the school tax to 20 cents instead of 18 was

lost. The section was adopted. Rountree offered an amendment to section four by exempting undivided profits of banks. It was voted down

The principal business transacted in the House in the afternoon was the passage of local bills. Among them were to incorporate the Bank of Benson, Harnett county; to improve publi roads of Charlotte township; to authorize commissioners of Duplin to sell the home for the aged and infirm and other public grounds; to authorize commissioners of Harnett to build a bridge across the Cape Fear and issue bonds; to authorize Scotland county to issue bonds to pay its part of the debt owed by Richmond county. The Pilotage Bill.

New Hanover's Representatives in the Assembly and delegations here for and against the pending Pilotage bill held a conference this afternoon, and so "nearly reached a compromise" understanding that the delegations will return home to morrow and if possible draft the agreed upon compromise bill, which will be substituted for the present bill. The compromise is along the line of the Georgia law, to allow a ship to pay entrance fees to secure a license for a year.

If the compromise fails at Wilmingon, the delegation will return Monday to fight it out before the committee. Judicial Districts.

The Committee on Court Districts had another lively session this afternoon, and finally agreed upon judicial districts, which will be reported to the Assembly to-morrow: First District-Currituck, Camden,

It is stated in the complaint that upon reaching Monroe over defendant's line a conductor employed by the company misdirected him to the proper train and that later he was put off the cars between Monroe and Charlotte and was unable to walk back to Monroe in time to catch his which route he had purchased a ticket. ABOUT CITY REGISTRATION.

Election Will Be Held Under Old Charter or New One Changed.

It was the concensus of opinion in local political circles yesterday that if the regular municipal election is to be held on March 28th, this year, it will have to be held under the provisions of the old charter, which requires appointment of registrars only 15 days in advance of the day of election, or else the new charter will have to be amended in that provision which requires the appointment of the registrars by the Board of Aldermen 30 days

previous to the election, In the event of the holding of the election under the old charter, which appears probable, election officers cannot be named later than March 13th and registration will begin ten days prior to March 28th. A new registration is required by both the old and new charter.

THE PILOTAGE MATTER AGAIN.

EDITOR STAR-We think it more than probable that Mr. Parsley's witness means well, but he evidently does not know the extent of the pilotage grounds at Savannah, but we are happy in his effort to assist Mr. Parsley. Yes, there are forty-four pilots at Cape Fear, all of whom hold full branches under the law, in consideration of each having served nine years apprenticeship. We admit that half the number are all that are required for the service, and that the other half ought to be murdered or starved; but as each one has equal right, we are at a loss to know whom to decapitate. We beg that Mr. Parsley will kindly

Peculiar Circumstances Surrounding Death of Colored Woman in Brooklyn.

HER PARAMOUR ARRESTED

It is Charged That He Gave Her Rough

on Rats from Which She Died-The

Coroner Summoned and an

Autopsy Held. Archie Cooper, colored, aged about 35 years and employed as a laborer by the Cape Fear Lumber Company, was arrested yesterday afternoon about 2 o'clock and lodged at the police station charged with the murder of Minnie Aiken, a young negro wo

man with whom he lived in a house

women on Third between Bladen and Harnett streets The specific charge against Cooper is that he poisoned the woman with rough on rats on account of his jealousy of another negro named Richard Lawrence, who is also employed at intervals about the log-yards of the Cape Fear Lumber Company, and the arrest was by Policeman I. F. Huggins at the instance of Coroner W. F. Stokes, who was called to the scene of the death by Alex Davis, the colored undertaker in "Brooklyn," who had been summoned to prepare the body for burial. Cooper is being held to await the result of the coroner's in quest which will be held this morning. As soon as Coroner Stokes received

notice from the colored undertaker yesterday, he visited the woman's house and found many suspicious circumstances, upon which he based his order to have Cooper arrested by the police officer. Upon gathering all the evidence possible from a view of the corpse, he gave orders for the summoning of about a dozen witnesses, who will testify at the inquest to day. Cooper is said to have made violent threats toward the woman on account of the attentions paid her by Lawrence, went to the drug store of Mr. B. C. Moore and purchased one or more packages of rough on rats, which were charged to him.

being able to reach Rock Hill when the Tae body was taken to the City Hospital last night and an autopsy was performed by Drs. Stokes, W. D. McMillan and Asa Love, but no indi cations of poison were looked for, but the contents of the samach were prepared for shipment to the State Chemist for analysis. It is not probable that a verdict will be rendered by the jury to day until the result of the

analysis is received from the chemist. The colored people in the section of the city where the death occurred are much exercised over it and appear satisfied of Cooper's guilt. The Aiken woman is about 23 years of age, is a native of Whiteville, N. C., and had been employed in Wilmington for some time as a cook in several well known families. She is also said to have taught school for a while. She died on Wednesday afternoon after an illness since Sunday, which was said to have been characterized by rather extraordinary symptoms. About three months ago a child of hers was given to a colored family living near to be raised.

A STAR representative this morning talked to Cooper in his cell at the police station. He said that his arrest was a persecution of him by the friends of Lawrence. He was very much composed and said that he had had no quarrel with the woman and had always treated her well; that he was frequently annoyed by Lawrence, but did all he could for the woman while she was sick. He admitted having purchased the poison, but said that it was at her solicitation to rid the house of rats, and that he supposed she had used it all up before her death. He said that his home was in Norfolk, but that he came to Wilmington about ten or twelve years ago to work on the Onslow railroad. He has been

here ever since. The coroner's jury will meet at 10 o'clock this morning at the City Hos-

THE SOUTHPORT RAILROAD.

Aims and Purposes of the Latest Project Said to Be Practical.

[Raleigh News and Observer.] The Committee on Railroads, Senator London, chairman, decided yes terday to report favorably the bill to incorporate the Southport & Western Railroad Company. Mr. W. E. Worth, of Wilmington, and Mr. Trigg, of Virginia, appeared before the committee for the bill. The company proposes to make Southport a great coaling sta tion, and the plan is to run the road from that place to the coal fields of Virginia or Tennessee. The committee amended the bill so that the proposed route shall be from Southport to some point on the Virginia or Tennessee line, between the counties of Rock-

ingham and Madison. Favorable action was also taken on the Atlantic & North Carolina Railway and Mining Company, to be built from some point in Craven or adjacent counties on the coast to the Norfolk & Western railroad.
