SEASON'S BASE BALL

Wilmington Now a Full Fledged Member of the Virginia-Carolina League.

THE MEETING LAST NIGHT.

Organization Perfected by Election of Officers and Manager—Team Will Be Quickly Signed for Season Opening April 15th.

Plans are complete and practically all the money has been subscribed for the maintenance of a team by Wilmington in the Virginia-North Carolina Base Ball League, and all that now remains is a collection of the funds and the signing of a team, which work will be pushed with the utmost possible dispatch within the next few days.

The final step was taken last night at an enthusiastic meeting of local base ball enthusiasts at the Elks' Temple, at which there were more than a hundred present, including Secretary Doran, of the League, who has worked persistently in Wilmington's interest since the possibility of her entering the organization was first suggested.

The officers and members of the executive committee, who were decided upon and elected at the meeting, are as follows:

President—Mr. W. A. Dick.
Secretary and Treasurer—Mr. Jno. D. Bellamy, Jr. 3rd.
Manager—Mr. Henry B. Peschau.
Executive Committee—Messrs. W. A. Dick, A. B. Skelding, J. A. Arringdale, Jno. D. Bellamy, Jr. 3rd, and S. H. Fishblate.

The Executive Committee arrived at its elections after the meeting of subscribers as above and each member of the committee and officers promised his individual best endeavor for the promotion of the sport. Manager Peschau will at once begin the signing of a team and it is safe to predict that it will be a "winner." The stars on last season's Wilmington nine will all likely be signed for this year and a very strong reinforcement will be had from other sources with which Manager Peschau is already in correspondence.

The meeting upon motion of Col. Walker Taylor was called to order by Mr. W. F. Robertson and Mr. R. C. D-Rosset was chosen secretary.

Secretary E. J. Doran, who was present by invitation addressed the meeting in much the same manner as the night previous at the conference of a number of enthusiasts at the Elks' Club. He explained each detail of the plans for the League, all of which was highly satisfactory to all present. Upon the close of his remarks and answers to questions by different members of the assembly, Col. Walker Taylor suggested that the meeting of subscribers proceed to organize by the election of an executive committee of five to be proposed by a nominating committee of three to be named by the chairman. Wm. J. Bellamy, Esq., amended the motion after some discussion to the effect that in consideration of the liberal donation of the Wilmington Street Railway Company that Mr. A. B. Skelding, general manager of the company, be made one director and that the others be nominated upon the floor by those present, each one being allowed to vote regardless of the stock owned. After much further discussion, the amendment prevailed and nominations were made as follows: Messrs. S. H. Fishblate, Walker Taylor, W. F. Robertson, C. H. White, Jack Bellamy, F. H. Stedman, W. A. Dick, J. A. Arringdale, E. S. Battle and George L. Peschau. Of this number, Messrs. Robertson, White, Taylor, Battle, Stedman and Peschau declined to serve, and the following were chosen, each having received the voted designated: Mr. A. B. Skelding, unanimous; Mr. W. A. Dick, 39; Mr. J. A. Arringdale, 24; Mr. Jack Bellamy, 23; Mr. S. H. Fishblate, 22.

Each one of the newly elected officers responded in speeches pledging their best efforts toward the maintenance of a winning team, after which a unanimous vote of thanks was tendered Mr. Doran for his courtesy in visiting Wilmington and for his kind sentiment toward the city expressed. Mr. Doran responded in his usual characteristic happy vein, complimenting Wilmington upon the showing made and pledging his gratuitous services to the team whenever needed. He was warmly applauded.

The general meeting then adjourned and a session of the executive committee and a session of the Wilmington team was held at which business was transacted as stated above.

Secretary Doran may leave to-day for Charlotte and will later visit Winston and Greensboro in an effort to organize teams. Durham has been dropped from the prospective list of cities that will make the League. Secretary Doran has made many friends during his brief stay in the city and Wilmington will welcome his coming again. He is a base ball man because he loves it and the League can have no more enthusiastic or capable officer.

THE POISONING CASE.

Jury Unable to Agree Upon Verdict As to the Death of Aiken Woman—An Analysis Wanted.

The coroner's jury in the case of Minnie Aiken, colored, supposed to have been poisoned to death by Arthur Cooper, colored, with whom she lived, met yesterday morning and returned the following verdict: "We the jury of inquest are unable to find how the deceased, Minnie Aiken, came to her death."

The verdict is signed by Coroner Stokes and the jury, composed as follows: Geo. M. Grant (foreman), J. D. Mote, Jordan Branch, W. G. Brinkley, R. E. Daniels and C. R. Anderson, (secretary).

Cooper is still being held at the county jail notwithstanding the verdict and it is likely that his case will be brought up at next week's Criminal Court. The circumstantial evidence is very strong against him but the jury did not feel disposed to place upon him the responsibility of the death unless an analysis of the contents of the woman's stomach exhibited signs of arsenical poisoning to bear out the statements of witnesses relative to the purchase and use of the dangerous compound which he claims was bought for the purpose of ridding his house of rats.

The stomach has been sent to Dr. Charles Baskerville at the State University for analysis, which it is said will cost upwards of \$300 and for which the County Commissioners have signified their unwillingness to pay. In the meantime the case appears to very much in a muddle and it is likely the negro will be discharged unless this further evidence is secured.

GENERAL ASSEMBLY.

Wilmington's City Charter Bill Passed Second Reading in the Senate.

WITH MORTON'S AMENDMENT

Bill Creating Sixteen Judicial Districts Passed—House Completed the Revenue Bill—Impachment Trial.

The Cotton Mill Men.

[Special Star Telegram.]

RALEIGH, N. C., March 8.—Morning, afternoon and night sessions in both branches of the Assembly to day characterized the great rush incident to finishing work of the session. The pay of members of the House stops to-morrow and they are anxious to dispose of all important business by to-morrow night, when many will leave for their homes. The work will not be finished up, however, before Wednesday.

The House completed consideration of the Revenue act which passed on final reading. Graham's amendment to section 86 for a tax on gross receipts of railroads was reconsidered and voted down, after another lengthy discussion.

The Wilson bill to prevent discrimination against independent manufacturers by requiring corporations to sell their products at a price to cover the cost of manufacture and ten per cent profit, came as the special order and was voted down. The object was to check the American Tobacco Company, but it would affect all manufacturers and close the cotton mills.

Along with the Wilson bill came the Ward-Robinson anti-trust bill, modeled after the Texas bill. It passed a final reading by a vote of 70 to 9.

Other bills passed the House: To repeal all laws granting exemptions from examinations for certificates as public school teachers to a student of any educational institution; to incorporate the Central Trust Co.; to rescind appointing a committee of three to investigate expenses of the steamer *Lilly* and the shell fish department for the past four years.

The session of the Court of Impeachment was the principal feature of the Senate to day. The court convened at noon to hear replication on the part of managers and counsel for the House to the answer of the defendant judges to the articles of impeachment.

The replication was a general reaffirmation of the articles of impeachment, a denial of statements in defendant's answer, a declaration that the House is ready to prove each and every allegation. The court took recess until Monday noon when the trial will begin.

The following bills passed the Senate: To amend the charter of Dunn; to authorize Richmond county to issue bonds; to provide a stock law in parts of Craven county; to incorporate the Kenansville Air Line Railroad; to incorporate Pinehurst; to repeal all laws granting any person immunity from examination for certificate as public school teacher.

The bill revising and consolidating the charter of Wilmington came up to a vote of the people, but had to give place to the bill for sixteen judicial districts. While the charter was under discussion Broughton called attention to the protest against the amendment for a vote by the people, signed by the Mayor, Aldermen and others. Morton said there was a large petition on the other side, and two of three newspapers asked for the amendment. That 75 per cent of the property of the city was against adopting the charter without submitting it to the people. He read extracts from the Star, and declared every president of a bank in Wilmington asked for the amendment. He was simply asking the Senate to stand by him and do what he believed a majority of the people and the business interests of the city wanted.

During the night session of the Senate Morton finished his speech in advocacy of his amendment for a popular vote on the Wilmington charter and secured unanimous adoption of the amendment. The bill then passed second reading as amended.

The Senate passed the bill creating sixteen judicial districts as it came from the House, except slight changes of dates of certain courts.

The House bill requiring that street cars be provided with vestibules and fenders passed, with an amendment that the Corporation Commission exempt such systems as in their judgment climatic and other conditions make it unnecessary.

The House passed the educational bill to-night, appropriating \$300,000 for education. Also, the general road law and the omnibus liquor bill; to amend the charter of Goldsboro; to authorize Goldsboro to issue bonds; to establish the stock law in Warsaw township, Duplin county; to authorize commissioners of New Hanover to make annual appropriations to the Wilmington Light Infantry and Naval Reserves.

The Judiciary Committee of the House will report an agreement with cotton mill owners regulating child labor which will be spread on the records of the General Assembly in lieu of any legislation on the subject. The features of the agreement are: One week's work not to exceed sixty-six hours; no child less than twelve years of age to work in a cotton mill during the term of an available public school; provided that this is not to apply to children of widows or physically disabled parents; and that ten years shall be the lowest limit at which children may be worked under any circumstances. Cotton mill owners bind themselves to co-operate with any feasible plan to promote the education of working people in the State and cheerfully submit to their part of the burden and labor to advance the cause of general education. The agreement is signed by practically all the mill owners of the State.

REGULATORS AT FAISON.

A correspondent of the STAR writing from Faison, N. C., under date of March 7th, says that on the night previous a body of twelve "Regulators" visited the house of one John Darden, a bumpkin colored resident, and administered to him a "tonic," the day and date of which he will long remember. He resisted the crowd at first, and called for his gun, but was later brought to terms and properly "regulated."

A FIRE AT KELTH, N. C.

Flames reached the city of the burning Tuesday morning at about 11 o'clock of the residence and smoke house of Mr. G. W. Corbett, one of the largest farmers in the Keith section of Pender county. The fire originated from a defective flue and the residence and smokehouse with entire contents were burned, entailing a loss of more than \$1,500 upon which there was not a cent of insurance. The barn and stables on the plantation were saved with difficulty by employes on the adjoining farm of Mr. B. F. Keith, of this city. Mr. Corbett and family have been munificently offered the dwelling on Mr. Keith's plantation until they can rebuild.

THE HABES CORPUS CASE.

Before leaving for his home at Lincolnton yesterday Judge Hoke rendered his decision in the habes corpus proceedings of P. W. Young, reference to which has been made several times recently in these columns. By the decision the defendant will have to answer the charges preferred against him in the two warrants at next week's term of the Criminal Court. The decision was not construed as wholly in favor of the position taken by Mr. McClammy, of counsel for Young, but was sufficiently in favor of the prosecution to admit of his being bound over.
